LEWARE CONSTRUCTION COMPANY OF FLORIDA, INC.
401(K) PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2014 AND 2013

NOTE 1 DESCRIPTION OF PLAN

The following description of Leware Construction Company of Florida, Inc. (Company) 401(k) Plan & Trust (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A) General - The Plan is a defined contribution plan covering all employees of the Company who have completed one hour of Service within the ninety day time period following the Employee's Employment Commencement Date and have attained the age 18. If an Employee does not complete the stated Hours of Service during the specified time period, the Employee is subject to the One Year of Service Requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and was established January 1, 2003.

B) Contributions - Each year, participants may contribute a percentage of pretax annual compensation, as allowed by the Plan and provisions of the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans. Participants direct the investments of their contributions into various investment options offered by the Plan. Additional profit sharing amounts may be contributed at the option of the Company's board of directors.

C) Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution (b) Plan earnings, and (c) forfeitures of terminated participant's nonvested accounts, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

D) Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

E) Payment of Benefits - On termination of service, if the vested benefit is less than $5,000, a distribution will be made as soon as administratively practicable, after thirty days following separation from service. If the vested benefit exceeds $5,000, an election must be made in order to receive the benefit. A distribution will then be made as soon as administratively practicable, after thirty days following separation from service.

At December 31, 2014, there were no participants that were no longer active in the Plan that were due benefits. Upon attainment of normal retirement age, participants who continue employment with the Company may elect to receive all or any portion of his or her vested account balance.

F) In-Service Distributions – Participants are entitled to receive hardship distributions, as defined by the Plan, prior to the termination of employment if certain conditions are met. These distributions reduce benefits available upon retirement, can only be made from the participants elective deferrals and are limited to two per plan year.

G) Trustee - The employer has appointed SunTrust Bank as trustee for the Plan. Under agreement, the trustee holds all amounts contributed to the Plan and upon direction, makes benefit payments and distributions to participants and beneficiaries.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

H) Forfeited Accounts – At December 31, 2014, the Plan had no forfeited nonvested accounts. Forfeitures of matching contributions can be used to reduce the amount the Company contributes for match and forfeitures of profit sharing contributions can be used to reduce any profit sharing contributions the Company elects to make.

I) Participant Loans – Plan provisions prohibit participants from borrowing from their fund accounts.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Subsequent events were evaluated through October 6, 2015, which is the date the financial statements were available to be issued.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's assets are reported at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gain and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating and Administrative Expenses

The Company absorbs the Plan's audit expense and does not charge the Plan for administrative functions performed by employees of the Company on behalf of the Plan.

NOTE 3 FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of new realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the

fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or Level 3 inputs were available to the Plan.

*Level 1 Fair Value Measurements*

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stock, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the securities are traded.

NOTE 7 TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated April 8, 2004, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
