Independent Auditor's Report

To the Board of Trustees
Rulon Company 401(k) Plan
St Augustine, Florida

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Rulon Company 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by State Street Bank and Trust Company, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that State Street Bank and Trust Company holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from State Street Bank and Trust Company as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the plan administrator by the State Street Bank and Trust Company is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental schedule of assets (held at end of year) as of December 31, 2014, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by State Street Bank and Trust Company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for more complete information of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 2001, and covers employees of Rulon Company who have two months of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants may contribute up to 90 percent of pretax annual compensation, as defined in the Plan, subject to limitations imposed by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct their accounts into various investment options offered by the Plan. The Plan currently offers seven common/collective trust funds and 13 mutual funds as investment options for participants. Contributions are subject to certain limitations.

The Company may decide to make a matching contribution to the plan, although they are not required to make this contribution. If a matching contribution is made, an employee must make elective deferrals in order to receive this matching contribution. The percentage of elective deferrals to be matched will be determined by the Company and allocated to participants at the end of the plan year. For the years ended December 31, 2014 and 2013, the Company did not make a matching contribution.

In addition to the employer's matching contribution, the Company each year may elect to make a non-elective contribution to the Plan's profit sharing feature at the option of the Company's Board of Directors. For eligible participants, this non-elective contribution would be based on the percentage of compensation. For the years ended December 31, 2014 and 2013, the Company did not elect to make a non-elective contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) Plan earnings. Allocations are based on participant earnings, participant contributions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. **Description of Plan** (Continued)

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution or the Company's non-elective contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is fully vested after three years of credited service. Participants are fully vested upon retirement, disability, death or termination of the Plan.

Notes Receivable from Participants
Participants may borrow from the vested portion of their fund accounts a minimum of $500 up to a maximum of $50,000 or 50 percent of their account balance, whichever is less. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Interest rates of the remaining loans are 5.25 - 9.25%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits
The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. For termination of service due to death, disability or retirement (age 65), a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If a participant terminates employment and the participant's account balance was never greater than $1,000, the plan administrator can authorize the benefit payment without the participant's consent. Participants may receive in-service distributions of their salary deferral account once they attain age 59½ and of their employer contribution account once they attain age 65. The Plan provides for hardship withdrawals under the provisions of the Internal Revenue Code.

Forfeitures
The non-vested portion of accounts of participants who terminate employment are applied to reduce the employer's matching contribution, if match is approved by management. The amount of unallocated forfeitures as of December 31, 2014 and 2013, was $0.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Rulon Company 401(k) Plan (the Plan) are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in all of the funds, except the fully benefit investment contracted, are presented at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. The stable value fund is fully-benefit-responsive and is reported at fair value and adjusted to contract value. Contract value represents the accumulated contributions plus accrued net earnings less distributions. Fair value of the investment in the fully benefit-responsive investment contract, is estimated using discounted cash flows.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain dividends are reported as dividends. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

2. **Summary of Significant Accounting Policies** (Continued)

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
The Company pays the administrative expenses on behalf of the Plan.

Income Taxes
The Plan's federal Form 5500, *Annual Report of Employee Benefit Plan*, for the years ended December 31, 2011 through present, remains subject to examination by the Internal Revenue Code.

3. **Investments**

The following presents investments that represent five percent or more of net assets available for benefits as of December 31:

	2014	2013
Invesco Stable Asset	$265,615	$280,839
SSGA S&P 500 Index	$169,513	$140,541

SSGA Cash Series US Govt	$85,155	$100,878
SSGA S&P Mid Cap Index NL J	$78,910	$69,999
SSGA ACT US Large Cap BL NL Ser J	$84,483	$71,099
Allianczgi NFJ Small Cap Value	$82,130	$67,822
American Century Inc & Gr – A	$81,371	*

* Did not represent 5% or more of net assets available for benefits.

4. Fair Value Measurements

Accounting standards provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under accounting standards are described below.

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

On the next page is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

4. **Fair Value Measurements** (Continued)

Common/Collective Trust: Valued using unadjusted quotes in active markets or quoted prices for similar assets or other observable inputs.

Interest-Bearing Cash: Valued using unadjusted quoted prices in active markets.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Stable Value Fund/Fully Benefit-Responsive Investment Contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer (see Note 5). Since the participants transact at contract value, fair value is determined annually for financial statement purposes only. In determining the reasonableness of the methodology, management evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Management also relies on the third party administrator to advise them of the appropriate methodology to use. Certain unobservable inputs are assessed through review of contract terms while others are substantiated utilizing available market data.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. **Fair Value Measurements** (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013.

Income	76,928	0	0	76,928
Total Assets at Fair Value	$ 663,505	$ 654,683	$ 0	$ 1,318,188

5. Investment Contracts

During 2014 and 2013, the Plan invested in a common/collective fixed income investment fund, the Invesco Stable Asset Fund (the "Fund"), which holds fully benefit-responsive investment contracts. The Fund maintains the contributions in a general account, which is credited with earnings on underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at fair value and then adjusted to contract value as reported to the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract has certain restrictions that impact the ability to collect the full contract value. Plan management believes that the occurrence of events that would cause the plan transact at less than contract value is not probable.

The Plan reflected the Fund at fair value and recognized an adjustment from fair value to contract value for the fully benefit-responsive investment contract of $(3,822) and $(2,753) as of December 31, 2014 and 2013, respectively, in the accompanying statements of net assets available for benefits. The fair value of the Fund as of December 31, 2014 and 2013, was $265,615 and $280,839, respectively.

	2014
Average Yields	
Based on Actual Earnings	1.57%
Based on Interest Rate Credited to Participants	1.45%

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

7. Tax Status

The Internal Revenue Service has determined and informed the Plan by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Certification by Plan Trustee (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, State Street Bank and Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2014 and 2013, the schedule of assets (held at end of year) as of December 31, 2014, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2014.

8. Certification by Plan Trustee (Unaudited) (Continued)

The fair value of investments at December 31, 2014 and 2013, as reported by the trustee is summarized as follows:

	2014	2013
Interest-Bearing Cash	$ 85,155	$ 100,878
Mutual Funds	666,591	562,627
Common/Collective Trust	706,489	654,683
	$ 1,458,235	$ 1,318,188

For details of common/collective trusts and mutual funds, see Note 4.

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) increased in value by $81,705 as follows:

	Total
Net Appreciation (Depreciation) in Fair Value of Investments	
Aggressive Growth Funds	$ (18,601)
Growth Funds	20,063
Growth and Income Funds	9,491
Income Funds	2,374
Stable Value Fund	1,557
Total Appreciation in Fair Value of Investments	14,884
Dividends	66,821
Total Investment Income	$ 81,705

9. Related Party Transactions

Certain Plan investments are units of common/collective trusts managed by State Street Bank and Trust Company. State Street Bank and Trust Company is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest which are exempt from the prohibited transaction rules.

10. Reconciliation of Financial Statements to Federal Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the federal Form 5500:
