NEW JERSEY PODIATRIC & SURGEONS GROUP, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF PLAN:

The following description of New Jersey Podiatric Physicians & Surgeons Group, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of New Jersey Podiatric Physicians & Surgeons Group, LLC (collectively, the "Company") who have attained age 21 and have completed six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Upon meeting eligibility requirements participants may contribute up to 100% of their plan compensation on a pre-tax or after-tax Roth basis, subject to Internal Revenue Code ("IRC") limitations. Participants who are at least age 50 may make an additional "catch-up" contribution subject to IRC limitations. Participants may also contribute funds from another qualified plan ("rollover contributions"), subject to certain requirements.

Prior to April 1, 2014, the Company made a Safe Harbor non-elective contribution equal to 3% of participants' compensation. The Company may also provide a discretionary non-elective contribution. During 2014, the Company did not make a discretionary non-elective contributions. Effective April 1, 2014, the Company no longer made Safe Harbor non-elective contributions. Effective April 1, 2014, participant contributions may be matched by the Company at a percentage of the participants' contributions, as determined by the Company.

Participant Accounts

Each participant's account is credited or charged with the participant's contributions, the participant's allocation of Company contributions (including allocated forfeitures) and the participant's proportional allocation of the Plan's earnings, including realized and unrealized gains and losses. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document.

NEW JERSEY PODIATRIC & SURGEONS GROUP, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Vesting

Participants are fully vested in that portion of their account which represents their contributions, safe harbor contributions and the income earned thereon. Participants become 100% vested in the Company's contributions and earnings thereon upon death, total and permanent disability, or attainment of normal retirement age. Otherwise, a participant's interest in the Company's contributions (excluding safe harbor contributions) and earnings thereon vests according to the following schedule:

<u>Completed Years of Service</u>	<u>Percent Vested</u>
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account represents a forfeiture, as defined by the Plan. Forfeited balances are first used to restore re-employed participants' accounts. Any remaining forfeitures may be used to pay plan expenses or to reduce Company contributions. During 2014, \$433 of forfeitures were used to reduce Company contributions and \$1,505 of forfeitures were used to reduce plan expenses. There were no unallocated forfeitures at December 31, 2014.

Distribution of Benefits

The benefit to which a participant is entitled is equal to the value of the participant's vested interest in their account. Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Participants may elect to take a distribution in the form of a lump sum or installment payments.

A participant may also request an in-service withdrawal upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the Internal Revenue Code or standards established by the Secretary of the Treasury or his delegate.

NEW JERSEY PODIATRIC & SURGEONS GROUP, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Notes Receivable from Participants

A participant may request a loan in an amount not less than \$1,000. The loan amount is limited to the lesser of one-half of the participant's vested account balance or \$50,000. Loans must bear a reasonable rate of interest. All loans are collateralized by the participant's account and must be supported by a promissory note. All loans must be repaid within five years unless the proceeds are used to acquire a principal residence, in which case a longer repayment period is allowed. No more than one loan may be outstanding at any time. Participant loans are valued at the unpaid principal balance plus any accrued but unpaid interest and categorized as notes receivable from participants on the statements of net assets available for plan benefits. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for plan benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for plan benefits is prepared on a contract value basis.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NEW JERSEY PODIATRIC & SURGEONS GROUP, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Risks and Uncertainties

The Plan provides for various investment options in any combination of stocks, bonds, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Expenses of the Plan

Substantially all of the administrative expenses incurred by the Plan are paid by the Company. Certain participant transaction fees and administrative fees incurred by the Plan are paid by the Plan.

Payment of Benefits

Benefits are recorded when paid.

C. INVESTMENTS:

The following presents investments as of December 31, 2014 that represent 5% or more of the net assets available for plan benefits:

	<u>2014</u>
Principal Trust Target 2020 Fund	\$ 75,536 *
Principal Trust Target 2025 Fund	72,564 *
Principal Trust Target 2035 Fund	97,793 *
Principal Trust Target 2040 Fund	43,915 *
Principal Trust Target 2045 Fund	43,546 *

* Represents 5% or more of net assets available for plan benefits.

Net appreciation (depreciation) in fair value of investments for the year ended December 31, 2014, by investment type, is as follows:

Common collective trusts	\$ 11,801
Pooled separate accounts	1,736
Mutual funds	<u>(2,104)</u>
Total net appreciation in fair value of investments	<u>\$ 11,433</u>

D. FAIR VALUE MEASUREMENTS:

Accounting standards establish a framework for measuring fair value. That framework sets forth a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are unobservable and supported by little or no market activity and are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2014.

Guaranteed account – Valued at fair value by management by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (see Note E). Since the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the management evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, minimum crediting rate, duration or payout date) while others are substantiated utilizing available market data (for example, discount rate).

Common collective trusts – Valued at the net asset value of units of a collective trust. The net asset value, as provided by the fund manager, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities.

Pooled separate accounts - Valued at the net asset value of units of a pooled separate account. The net asset value, as provided by the contract issuer, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities.

NEW JERSEY PODIATRIC & SURGEONS GROUP, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Mutual funds – Valued at the net asset value of the shares held by the Plan at year end as determined by quoted market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level and by investment class, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2014

The income common collective trust held by the Plan seek current income and capital appreciation. The target date common collective trusts held by the Plan seek to provide total return consisting of long-term growth or capital and current income, consistent with the investment strategy of an investor who expects to retire at the selected retirement date. Redemptions are allowed daily for Plan and participants. There are no unfunded commitments.

NEW JERSEY PODIATRIC & SURGEONS GROUP, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Pooled separate accounts can be redeemed daily, but only one transfer is allowed from the account per 30 day period. They have no unfunded commitments. Investment strategies for the pooled separate accounts, by major investment class, are as follows:

- (a) Blend pooled separate accounts seek to provide long-term growth of capital investing primarily in equity securities of companies with any market capitalization.
- (b) Bond pooled separate accounts seek high current income by investing primarily in high yield bonds.
- (c) Growth pooled separate accounts seek long-term growth of capital investing primarily in equity securities of companies with large market capitalization.
- (d) Real estate pooled separate accounts seek to generate a total return by investing primarily in equity securities of companies operating in the real estate industry.

The table below sets forth a summary of changes in fair value of the Plan's level 3 investment asset for the year ended December 31, 2014:

NOTES TO FINANCIAL STATEMENTS

E. INVESTMENT CONTRACT WITH INSURANCE COMPANY:

The Plan has a benefit-responsive investment contract with Principal Life Insurance Company ("Principal"). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note B, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. If the plan sponsor provided at least twelve (12) months notice of its intent to terminate a Plan's interest and the cumulative transfer percentage for each of the 12 month periods preceding the month of termination did not exceed 20%, there will be no surrender charge. If the plan sponsor provided at least 12 months notice of its intent to terminate a Plan's interest but a cumulative transfer percentage did exceed 20% for the 12 month period preceding the month of termination, a surrender charge will be assessed. The surrender charge will equal 5% multiplied by the average of the month end balances for the Plan's interest for the 12 months immediately preceding the first month where the cumulative transfer percentage exceeded 20%. If the plan sponsor did not provide at least 12 months notice of its intent to terminate a Plan's interest, a surrender charge will be assessed. If the cumulative transfer percentage for the 12 month period preceding the month of termination did not exceed 20%, the surrender charge will equal 5% multiplied by the average of the month end balances for the Plan's interest for the 12 months immediately preceding final termination. If a cumulative transfer percentage did exceed 20% in the 12 month period preceding the termination, the surrender charge will equal 5% multiplied by the average of the month end balances for the Plan's interest for the 12 months immediately preceding the first month where the cumulative transfer percentage exceeded 20%. In the event that the Plan's interest was for fewer than 12 months, the average of the month end balances will be computed over the shorter time period.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a semi-annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any

NEW JERSEY PODIATRIC & SURGEONS GROUP, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

F. PARTIES-IN-INTEREST:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the custodians are considered party-in-interest transactions.

G. TAX STATUS:

The Internal Revenue Service ("IRS") has determined in its opinion letter dated March 31, 2014, that the Prime Pensions, Inc. Defined Contribution Volume Submitter Plan and Trust adopted by the Plan is designed in accordance with Section 401(a) of the Internal Revenue Code ("IRC") and the trust is therefore exempt from federal income taxes under the provisions of Section 501(a). The plan has been amended since the date of the letter. The plan administrator believes the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and is qualified as of the financial statement date. Additionally, the related trust is believed to be tax-exempt as of the financial statement date and, accordingly, no provision for income taxes has been recorded in the Plan's financial statements.

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements. The Plan did not recognize any interest or penalty expense for the year ended December 31, 2014. The Form 5500 remains subject to examination by the IRS for the year ended December 31, 2014.
