REPORT OF INDEPENDENT AUDITORS

TO THE PLAN ADMINISTRATOR OF
QUAKER MFG 401(K) PLAN
SALEM, OHIO

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Quaker Mfg 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2014 and 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at end of year as of the year ended December 31, 2014 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Quaker Mfg 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE A – DESCRIPTION OF PLAN

The following description of the Quaker Mfg 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Quaker Mfg Corp (the “Company”) who have attained age 21 and at least two months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Participants may elect to contribute, on a salary-deferral basis, amounts ranging from 1% to 90% of their pretax annual compensation but not to exceed certain limitations. Roth elective deferrals, in which current income tax is paid on the deferral contribution, are also permitted. The Company may make a matching contribution, at its sole discretion, to eligible participants.

Effective September 1, 2013, the Plan added an automatic enrollment feature. Newly eligible participants with an entry date first occurring on or after September 1, 2013 will be automatically enrolled in the Plan as a participant. The percentage of compensation that will be deferred as a pre-tax elective deferral on the participant's behalf is 4%.

The Company may decide to make a non-elective contribution to the Plan, although the Company is not required to do so. The non-elective contribution will be allocated to all employees eligible to participate in the Plan. The participant's share of the non-elective contribution is in proportion to his or her eligible earnings compared to the eligible earnings of the other participants who will also share in the contribution. During the years ended December 31, 2014 and 2013, no non-elective contributions were made by the Company.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, and an allocation of the Company's non-elective contribution and the Plan earnings and losses and administrative expenses. Allocations of the Plan's earnings and losses are based on the proportion that each participant's account bears to the total of all participant accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

For the year ended December 31, 2014, the Company elected to make a discretionary matching contribution of 10% of participant elective deferrals up to 4% of compensation, totaling \$15,899. For the year ended December 31, 2013, the Company elected to make a discretionary matching contribution of 25% of participant elective deferrals up to 4% of compensation, totaling \$32,107.

Vesting

Participants are immediately fully vested in their voluntary contributions plus actual earnings thereon. A participant becomes vested in employer matching and discretionary contributions as follows:

Years of Service	Vested Percentage of Employer Contributions
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE A – DESCRIPTION OF PLAN (continued)

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account. These receivables are secured by the balance in the participant's account and must bear interest at the prime rate plus 2%. During 2014 and 2013, all of the notes had fixed rates of 5.25% for the term of the note. Principal and interest may be paid through payroll deductions or by check.

Payment of Benefits

Benefits are payable in an amount equal to the value of the participant's vested interest in his or her account, either in a lump-sum payment, installment payments, or in a direct rollover to an IRA or other employer plan. Any portion of a vested benefit that is attributable to Roth Elective Deferrals or Roth Rollover Contributions may only be rolled over to a Roth IRA or other 401(k) plan or 403(b) plan that provides for Roth contributions.

Employees who terminate and have a vested balance of \$5,000 or less can have their entire vested account balance cashed out of the Plan by the Company in either an IRA rollover or a lump-sum distribution.

Forfeitures

If a participant is not vested upon termination, the nonvested portion of their account balance contributed by the employer and the earnings thereon are forfeited. Forfeited amounts are used to reduce Company contributions or to pay administrative expenses of the Plan. Forfeited amounts totaled \$1,839 and \$1,465 for 2014 and 2013, respectively.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested in their accounts.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note E for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the plan document.

Accounting standards require that participant loans be classified as notes receivable from participants in the accompanying financial statements; however, the Department of Labor requires these to be classified as investments on the Form 5500 and on the schedule of assets (held at end of year).

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Substantially all administrative and recordkeeping fees of the Plan are paid by the Plan Sponsor.

NOTE C – INVESTMENTS

All investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2014 and 2013 and net change in investment income and expenses for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Plan's trustee.

The following presents investments that represent 5 percent or more of the Plan's net assets.

Total	\$ (452)	\$ 63,910

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE D – INVESTMENT CONTRACTS

The Plan, through the Invesco Stable Asset ADP 85 collective trust investment (the “Fund”), holds investments in common/collective trust funds (the “Trust Funds”). Investments in the Fund were originated with the purchase of individual units; with each individual unit having a net asset value of USD \$1. To mitigate the risk of market losses on the unit investments, the Trust Fund entered into synthetic guaranteed investment contracts (“Synthetic GIC’s”). Synthetic GIC’s are portfolios of securities (debt securities and units of collective trusts) owned by the Trust Fund and associates. The Synthetic GIC’s and associated derivative instruments (“Wrapper Contracts”) are designed to minimize the risk of investment losses on a portfolio of securities. Synthetic GIC’s enable Participants, such as the Plan, to transact at an investments’ contract value by protecting the principal amount invested over a specified period of time by utilizing a Wrapper Contract designed to minimize the risk of investment loss and maintain a constant net asset value per share or unit. The assets underlying the investment contracts are owned by the Trust Fund with the Plan owning units of the Trust Fund. These investment contracts are fully benefit-responsive and any adjustment of these investments’ contract value is captured in the Statements of Net Assets Available for Benefits. Contract value represents the original cost of the contract, plus interest (based upon the underlying contract crediting rates of the underlying contracts) and deposits, reduced by administrative fees, transfers out, and withdrawals.

The Plan’s investments covered by Synthetic GIC’s earn interest at interest crediting rates that typically reset on a monthly or quarterly basis in accordance with the terms of each contract. These interest crediting rates are based on the characteristics of the underlying fixed income portfolio. The minimum interest crediting rate for an investment contract is zero percent. Factors that influence the future average crediting rates include (i) the level of market interest rates; (ii) the amount and timing of Participant contributions, transfers and withdrawals into or out of the investment (Wrapper Contract); (iii) the investment return generated by the fixed income investments that underlie the investment (Wrapper Contracts); and (iv) the duration of the underlying fixed income investments backing the investment (Wrapper Contracts).

The crediting rate formula, in effect, amortizes the market value inclusive of realized and unrealized gains and losses on the underlying investments over the duration of the underlying investments through adjustments to the future contract interest crediting rate (the rate earned by Participants or the Plan on the underlying investments). The resulting gains and losses in the fair value of the underlying investments relative to the contract value are captured in the Statements of Net Assets Available for Benefits as an adjustment from fair value to contract value for fully benefit responsive investment contracts. If the adjustment from fair value to contract value is positive, this indicates that the investment (Wrapper Contract) value is greater than the market value of the underlying investments. The embedded market value losses are amortized into the value of the underlying investment in future periods through a lower interest crediting rate. If the adjustment from fair value to contract value is negative, this indicates that the Wrapper Contract value is less than the market value of the underlying investments. The amortization of the embedded market value gains are amortized into the value of the underlying investment in future periods through an increase in the interest crediting rate.

Plan investments covered by Synthetic GIC’s average yield earned by the Plan and the average yield earned by the Plan adjusted for actual interest credited to Participants at December 31, 2014 and 2013 as follows:

Average yields:	2014	2013
Based on actual earnings	1.45%	1.22%
Based on interest rate credited to participants	1.55%	1.30%

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE D – INVESTMENT CONTRACTS (continued)

Under certain circumstances, amounts withdrawn from investments (Wrapper Contracts) could be payable at fair value rather than contract value. These events include (i) termination of the Trust Fund, (ii) a material adverse change to the provisions of the Trust Fund, (iii) if the investment participants elect to withdraw from an investment contract in order to switch to a different provider, or (iv) if terms of a successor Trust Fund do not meet the contract issuer's criteria for the issuance of a similar contract. In some cases, an investment (Wrapper Contract) issuer may terminate a contract with the Trust Fund and settle at an amount different than the contract value.

While it is possible other parties contracting with the Trust Fund could cause or suffer events that would trigger fair value payouts under the Trust Fund's investment (Wrapper Contracts), based on prior experience, the Trust Fund's management believe it is not probable that such events would be of sufficient magnitude to limit the ability of the Trust Fund to transact at contract value with all remaining Participants in the Trust Fund. Given such events are beyond the control of the Trust Fund and Plan management, there can be no guarantee that this will be the case.

Additionally, certain circumstances or events would permit an investment (Wrapper Contract) issuer to terminate an investment (Wrapper Contract) upon short notice to include (i) the Trust Fund's loss of its qualified status, (ii) material breaches by the Trust Fund of its responsibilities that are not cured, or (iii) material and adverse changes to the provisions of the Trust Fund. If one of these events were to occur, the investment (Wrapper Contract) issuer could terminate the wrapper contract at the market value of the underlying investments (or in the case of a traditional Synthetic GIC, at the hypothetical market value based upon a contractual formula).

NOTE E – FAIR VALUE MEASUREMENTS

Financial accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 fair values are based on unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2 fair values are based on inputs other than quoted prices within Level 1 that are observable for the asset, either directly or indirectly.

Level 3 fair values are based on at least one significant unobservable input for the asset.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at quoted market prices which represent the net asset value (NAV) of shares held by the Plan at year end.

Common/collective trusts: Units held in collective investment trusts are valued using the NAV of the fund. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV of a collective investment fund is calculated based on a compilation of primarily observable market information. The number of units of the fund that are outstanding on the calculation date is derived from observable purchase and redemption activity in the fund. Accordingly, the unit value for a collective investment fund is classified within level 2 of the valuation hierarchy.

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE E – FAIR VALUE MEASUREMENTS (continued)

The estimated fair value of the collective trust fund is net asset value. The use of net asset value as fair value is deemed appropriate as the collective trust funds do not have finite lives, unfunded commitments relating to these types of investments, or significant restrictions on redemptions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013.

NOTE F – TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2008 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE G – PARTY-IN-INTEREST

The Plan allows participants to borrow funds against their account balances. These transactions qualify as party-in-interest transactions.

The Plan invests in shares of common/collective trusts managed by an affiliate of State Street Bank and Trust Company, who acts as trustee of the Plan. Transactions in such investments qualify as party-in-interest transactions.

NOTE H – RISKS AND UNCERTAINTIES

The Plan provides various investment options which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits between the financial statements and the Form 5500 as of December 31, 2014 and 2013:

	2014	2013
Net assets available for benefits per financial statements	\$ 1,050,519	\$ 820,907

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE J – SUBSEQUENT EVENTS

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 5, 2015, which is the date the financial statements were available to be issued.
