NOTE 1 DESCRIPTION OF THE PLAN

Organization

The Vesta Property Services LLC 401(K) Plan (the "Plan") is a defined contribution plan covering all eligible employees of Vesta Property Services, Inc. and any participating Affiliates (the "Company" or the "Employer"). The Plan was established on January 1, 2014, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The following brief description of the Plan provides only general information. Participants should refer to the Summary Plan Description or Plan Document for a more complete description of the Plan's provisions.

General

The Plan covers all eligible employees, as defined by the Plan Document. Employees are eligible to become a participant after completing six months of service, as defined in the Plan Document.

Contributions

Participants in the Plan may make a pre-tax elective deferral up to 90% of their annual pretax compensation, not to exceed $17,500, the maximum allowed by the Internal Revenue Code (the "Code") for 2014. The Plan also allows for post-tax elective deferrals to a Roth 401(k). In addition, the Plan permits participants age 50 or over during the Plan year to make additional catch-up contributions to the Plan of up to $5,500 for 2014. Participants may also contribute amounts representing distributions from other qualified retirement plans.

The Employer may, in its sole discretion, contribute and allocate to each eligible participant's account, a percentage of the participant's elective deferrals as of the end of the Plan year. For the year ended December 31, 2014, the Employer made no such contributions.

Investment Options

Upon enrollment, participants may direct their contributions to any of the Plan's fund options. Participants may also redirect their contributions or exchange their existing fund account balances on any business day, effective on the following business day.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of Employer contributions, if any, and Plan investment results. Allocations are based on compensation or a ratio of the participant's specific account balance to the total of all participants' account balances, as specified in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided by the participant's account.

Notes Receivable From Participants

Participants may borrow from their account balances a minimum of $500 to a maximum of the lesser of one half of their account balance or $50,000. The note must be repaid through payroll deductions, and amortized over a term of no more than five years, unless the note is for the purchase of a primary residence, in which case no more than

30 years. A participant may not have more than one loan outstanding at any point in time. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus two percentage points, which is commensurate with The Wall Street Journal published rate at the inception of the loan, as required by the Plan Document. The Plan provides for a single, lump-sum repayment at any time.

Vesting
All contributions into the Plan from any source, and actual earnings thereon, are immediately vested at 100%.

Payment of Benefits
Upon death, disability, retirement, or termination of service, participants or their designated beneficiaries may receive a lump-sum payment amount equal to their account balance.

Plan Termination
Although it has not expressed any intent to do so, the Company has the right to amend or discontinue the Plan at any time subject to the provisions of ERISA.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements are prepared on the accrual basis of accounting and in conformity with generally accepted accounting principles in the United States ("GAAP").

Use of Estimates
The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments
The Plan's investments, composed of mutual funds and a common/collective trust, are stated at fair value as reported by State Street Bank and Trust Company (the "Trustee"), on the last business day of the Plan year. Investments in mutual funds are valued at quoted market prices, which represent the Net Asset Value (the "NAV") of shares held by the Plan at yearend. The NAV, as provided by the administrator of the funds, is used as a practical expedient to estimate fair value.

The common/collective trust funds are investment funds valued at the NAV of units managed by State Street Global Advisors, the investment management division of the Trustee. See fair value measurements footnote at Note 4.

Purchases and sales of securities are recorded on a trade-date basis. Gain or loss on sales of securities is based on average cost. Dividend income is recorded on the ex-dividend date. Interest income is recognized as earned on the accrual basis.

In the statement of changes in net assets available for benefits, the Plan presents the net appreciation in the fair value of its investments. This consists of the realized gains or losses and the unrealized appreciation / (depreciation) on those investments.

Benefit Payments
Benefits are recorded when paid.

Forfeitures
All contributions into the Plan from any source, and actual earnings thereon, are immediately vested at 100%. Therefore, the Plan does not include forfeitures.

Plan Expenses
Record-keeping fees and audit fees are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in the fair value of investments.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document.

New Accounting Pronouncement
In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurements (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* The ASU removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient and removes the requirement to make certain disclosures on these investments. The ASU requires retrospective adoption and is effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. The Plan adopted the new accounting pronouncement for the year ended December 31, 2014.

Subsequent Events
In accordance with FASB ASC Topic 855, *Subsequent Events,* the Plan evaluated subsequent events through September 30, 2015; the date the financial statements were available for issue.

NOTE 3 INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance as permitted by Section 29 CFR 2520.109(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified to the completeness and accuracy of the funds held by them in the reflected statements of net assets available for benefits as of December 31, 2014, the investment income in the

reflected statement of changes in net assets for the year then ended, and the schedule of assets held for investment purposes as of December 31, 2014.

NOTE 4 FAIR VALUE MEASUREMENTS

In accordance with FASB ASC 820, *Fair Value Measurements and Disclosures*, the Plan assessed the guidelines for measuring fair value. These guidelines provide a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. FASB ASC 820 establishes three levels of fair value hierarchy that are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in inactive markets. Inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data are also included. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following methods and assumptions were used to estimate fair value of each class of assets that are recognized at fair value.

Mutual Funds
The investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus the liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Common/Collective Trust
These investments are investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within Level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

As of December 31, 2014, the Plan's participant-directed investments measured at fair value on a recurring basis by the fair value hierarchy levels described above are as follows:

	December 31, 2014			
	Fair Value Hierarchy			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 741,063	$ -	$ -	$ 741,063
Common/collective trust	-	65,129	-	65,129
	$ 741,063	$ 65,129	$ -	$ 806,192

NOTE 5 INCOME TAX STATUS

The Department of the Treasury has determined and informed the Plan administrator by a letter dated July 8, 2014, that the form of the Plan is acceptable under section 401 of the Code for use by employers for the benefit of their employees. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is subject to income tax examinations for up to three years after tax returns are filed.

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 PARTIES IN INTEREST

Certain Plan investments are funds managed by the Trustee. Transactions involving these investments are considered to be party-in-interest transactions. Fees incurred by

the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.
