Avalon Risk Management 401(k) Plan

Notes to Financial Statements

Note 1 - Description of Plan

The following description of Avalon Risk Management 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Copies of these documents are available from the Avalon Risk Management Insurance Agency LLC (Avalon or Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

General

The Plan is a defined contribution and profit sharing plan established January 15, 2010, sponsored and administrated by Avalon. Employees of Avalon who have met certain age and service requirements are eligible to participate in the Plan. All of the Plan's investments are held by Fidelity Management Trust Company (FTMC or Plan Trustee) and are participant directed.

There were no significant plan amendments in 2014 or 2013.

Contributions

Each year, participants may contribute a percentage of pre-tax annual eligible compensation to the Plan at rates specified in the Plan. The total pre-tax contribution, however, is subject to dollar limitations set forth by the Internal Revenue Code (IRC) ($17,500 in 2014 and 2013) and 90% of eligible compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions of not greater than $5,500 in 2014 and 2013. Additionally, Avalon may at its discretion contribute a supplemental contribution to the Plan. A participant's total contributions to the Plan are subject to dollar limitations set forth in the IRC.

Eligible participants who have not affirmatively elected otherwise will be automatically enrolled in the Plan at a 3% deferral rate. The automatic deferral rate will increase 1% annually not to exceed 8% in 2014 and 5% in 2013.

In 2014, employer non-discretionary match contributions were equal to 50% of the first 5% of employee deferrals. In 2013, employer contributions are made at the discretion of the Plan Sponsor and approved by the Board of Directors. The Plan Sponsor may also elect to make discretionary non-elective contributions, as approved by the Board of Directors. A participant must be employed on the last day of the plan year to be eligible for non-elective contributions. Discretionary non-elective contributions, if any, made to the Plan are allocated to the participant's account based on the participant's proportionate eligible compensation to total eligible compensation paid to all eligible participants for the plan year.

Note 1 - Description of Plan (Continued)

Participant Accounts
Participants are responsible for directing the investment of their individual account. Each participant's account is credited with his/her contributions, matching contributions, and an allocation of investment earnings (losses). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the company's contribution portion of their account is based on years of continuous service. Service with certain previous employers is included to determine the number of years of service for vesting purposes. A participant is 100% vested after five years of credited service. All participants will become immediately vested in their accounts when they reach age 55, the Plan is terminated, contributions to the Plan are discontinued, or a participant becomes disabled or dies. Non-vested portions of participants' accounts are forfeited and applied to first reduce administrative expenses and then future company contributions. At December 31, 2014 and 2013 forfeited non-vested accounts totaled $17,273 and $9,800, respectively. The Plan sponsor did not use forfeitures in 2014 and 2013 to reduce employer contibutions.

Plan Expenses
The Plan Administrator pays certain administrative expenses of the Plan, primarily audit, trustee, record keeping and regulatory compliance fees; all other administrative expenses are paid by the Plan.

Notes Receivable from Participants
Participants may borrow from their accounts up to 50% of their vested balance, with total borrowings not exceeding $50,000. Loan terms range from one to five years but can be extended to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at 4.25% which is commensurate with local prevailing rates as determined by the Plan Administrator. Loan repayments must be made at least quarterly through a payroll deduction.

Payment of Benefits
A participant may request a distribution under the following circumstances, (1) the participant becomes disabled, (2) the participant reaches normal retirement age, (3) termination of employment or (4) event of participant's death.

Terminated participants with individual account balances not greater than $5,000 and $1,000 in 2014 and 2013, respectively, will receive an automatic disbursement from the plan.

Note 1 - Description of Plan (Continued)

Participants 70½ are generally subject to yearly required minimum distributions based on their account value and life expectancy.

Prior to taking a hardship distribution, a participant must take all other distributions available under the Plan. Participants under age 59½, may be subject to a 10% penalty tax on hardship distribution amounts. Contributions eligible for hardship distribution are employee deferrals.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan by actions of the Designated Principal(s) subject to the provisions of ERISA. In the event of plan termination, participants would receive the value of their accounts.

Note 2 - Summary of Accounting Policies

The following accounting policies, which conform with accounting principles generally accepted in the United States of America (GAAP), have been used consistently in the preparation of the Plan's financial statements:

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. The Plan's interest in the collective trust is valued based on the net asset value reported by the investment advisor using the audited financial statements of the collective trust at December 31, 2014 and 2013. The Net Asset Value (NAV) is used as a practical expedient to estimate fair value and is based on the underlying investments held by the collective trust less its liabilities.

Note 2 - Summary of Accounting Policies (Continued)

GAAP establishes a three-level hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan invests in a fully benefit-responsive common collective trust with Fidelity Management Trust Company (FMTC). FMTC maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The statement of net assets available for Plan benefits presents the fair value of the common collective trust as well as the adjustment from fair value to contract value as certified by FMTC. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value. The guaranteed investment issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the issuer or otherwise.

The difference between net assets reflecting all Plan investments at fair value and net assets available for Plan benefits is presented on the face of the statement of net assets available for Plan benefits as a single amount, calculated as the sum of the amounts necessary to adjust the portion of net assets attributed to each fully benefit-responsive investment from fair value to contract value. The contract value of the Plan's benefit-responsive investment was less than fair value by $7,253 and $1,773 as of December 31, 2014 and 2013, respectively.

Note 2 - Summary of Accounting Policies (Continued)

The crediting interest rate was 1.07% and 0.89% at December 31, 2014 and 2013, respectively. Crediting interest rates are reviewed on an annual basis for resetting and there are no limitations on the contract guarantees. The average investment yield was 1.67% and 1.54% at December 31, 2014 and 2013, respectively.

In certain circumstances, the amount withdrawn from the fully benefit responsive investment would be payable at fair value rather than at contract value. These circumstances may include, but are not limited to, the following: mergers, mass layoffs, plan terminations, implementation of early retirement incentive programs or other events within the control of the investment contract or the Plan Sponsor resulting in a material and adverse financial impact on the investment. There are no unfunded commitments as of December 31, 2014 and 2013.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gains distributions are included in dividend income.

The Plan presents in the statement of changes in net assets available for Plan benefits the net appreciation (depreciation) of the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Participant Withdrawals

In accordance with GAAP, participant requests for benefit withdrawals are recorded in the Plan's financial statements as disbursed. There were no withdrawals requested but unpaid at December 31, 2014 and 2013.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for Plan benefits.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

Note 2 - Summary of Accounting Policies (Continued)

Recent Accounting Pronouncement

Fair Value Measurements (Subtopic 820), Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent) (ASU 2015-07) was issued in May 2015 and removed the requirement to categorize investments, within the fair value hierarchy, for which fair values are measured using the net asset value as a practical expedient. ASU 2015-07 is effective for non-public companies in 2017 with early adoption permitted. The Plan adopted the provisions of the pronouncement effective December 31, 2014 (see Note 7).

Subsequent Events

The Plan has performed an evaluation of subsequent events through October 2, 2015 which is the date the financial statements were available to be issued and has considered any relevant matters in the preparation of the financial statements and footnotes.

Note 3 - Investments

Investments representing 5% or more of the fair value of net assets available for benefits are as follows:

During 2014 and 2013 the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) (depreciated) appreciated as follows:

	December 31, 2014	December 31, 2013
Mutual Funds	$ (16,040)	$ 652,510

Note 4 - Parties-In-Interest Transactions

The Plan's investments include shares of registered investment companies (mutual funds) managed by Strategic Advisers, Inc., a Fidelity Investment Company. Due to the relationship between the Plan Trustee and Strategic Advisers, investment transactions in registered investment companies managed by Strategic Advisers qualify as party-in-interest transactions. Investments of the Plan in the Fidelity registered investment companies are exempt from the prohibited transaction rules of ERISA pursuant to a class exemption issued by the U.S. Department of Labor (DOL). The Plan also holds an interest in the Fidelity Managed Income Portfolio, a common/collective trust managed by FMTC. Investment fees paid to Strategic Advisers is calculated annually based on a percentage of the average daily balance of assets of enrolled participants and payable in quarterly installments.

Additionally, certain administrative functions related to the Plan are performed by employees of the Sponsor at no cost to the Plan. Loans to participants also represent party-in-interest transactions.

Note 5 - Tax Status

The Plan is exempt from taxation in accordance with the provisions of Section 501(a) of the Internal Revenue Service Code. Employer contributions and income earned from the Plan investments are not taxable to participants until disbursed.

The Plan Sponsor has adopted the Fidelity Defined Contribution Volume Submitter Plan. Fidelity has received a tax determination letter dated March 31, 2014 that the Plan was qualified under IRC Section 401(a). The Plan Administrator believes the Plan is currently designed and being operated in compliance with applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan Administrator has concluded that there are no uncertain tax positions as of December 31, 2014 in accordance with GAAP. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

Note 6 - Information Certified by the Plan's Trustees

As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, FMTC, the Plan Trustee, has certified the following information, which has not been subject to audit by independent auditors, to be accurate and complete:
