Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Lee & Mason Financial Services, Inc. 401(k) Plan as of December 31, 2014 and 2013, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

DESCRIPTION OF PLAN

The following description of the Lee & Mason Financial Services, Inc. 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Lee & Mason Financial Services, Inc., the "Company", who are age twenty-one or older and are employed by the Company on the last day of the Plan year. There is no service requirement for employee 401(k) deferral contributions, but there is a requirement of one year of service, that is greater than 1,000 hours of service, for employer safe harbor and discretionary contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to a statutory limit of $17,500 of pretax annual compensation in 2014 and 2013. Participants who have attained the age of 50 before the end of the Plan years are eligible to make additional catch-up contributions of up to $5,000 each. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 27 mutual funds as investment options for participants. The Company is required under the plan agreement to make annual safe harbor nonelective contributions of 3% of participants' base compensation. The Company may also make an additional discretionary contribution at the option of the Company's board of directors. Both of these contributions, if made, are invested in a portfolio of investments as directed by each participant.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's safe harbor and discretionary contributions and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and company safe harbor contributions plus actual earnings thereon. For discretionary employer contributions and earnings, participants are vested according to a six-year vesting schedule.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates equal to regional bank rates for similar loans. Principal and interest is paid ratably through payroll deductions. The maximum term of the loan is 5 years.

Payment of Benefits

On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. The normal form of distribution under the plan is a single lump sum payment.

DESCRIPTION OF PLAN (continued)

Forfeited Accounts

At December 31, 2014 and 2013, forfeited non-vested accounts totaled $2,193 and $849, respectively. These accounts are reallocated to the remaining participants during the following plan year in the same manner as employer contributions, and are included with the Federated Government Obligations Fund balance in the schedule of assets (held at end of year) accompanying the respective Forms 5500 for 2014 and 2013.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at the quoted net asset values, or closing market prices, of the shares held by the Plan at year-end. This is known as Level 1 fair value measurement. Participant loans are valued at their outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Presentation of Financial Statements

The financial statements for December 31, 2013 have been presented in conformity with the December 31, 2014 format.

Subsequent Events

Subsequent events were evaluated through September 11, 2015, the date the financial statements were available to be issued. No subsequent events have been recognized or disclosed.

FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The Plan generally uses quoted market prices to determine the fair value of investment securities on a recurring basis.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. Observable inputs are inputs that market participants would use in pricing the asset or liability, based on the best information available in the circumstances. The hierarchy consists of three broad levels based on the reliability of inputs as follows:

- Level 1 - Valuations based on quoted prices in active markets for identical assets that the Plan has the ability to access. Valuation adjustments are not applied to Level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these investments does not entail a significant degree of judgment.

The Plan's investments in mutual funds are valued utilizing Level 1 inputs.

- Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.

The Plan's participant loans are valued utilizing Level 2 inputs.

- Level 3 – Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The Plan currently has no assets using Level 3 inputs.

The fair value measurements and levels within the fair value hierarchy of those measurements for the assets reported at fair value on a recurring basis at December 31, 2014 are as follows:

Description	Fair value	Quoted prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
Mutual funds	$ 7,174,426	$ 7,174,426	$ -0-
Money market	468,609	468,609	-0-
Charles Schwab Bank PCRA brokerage account	962,001	962,001	-0-

Participant loans	120,823	-0-	120,823
TOTALS	$ 8,725,927	$ 8,605,104	$ 120,823

FAIR VALUE MEASUREMENTS (continued)

The fair value measurements and levels within the fair value hierarchy of those measurements for the assets reported at fair value on a recurring basis at December 31, 2013 are as follows:

Description	Fair value	Quoted prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
Mutual funds	$ 5,942,493	$ 5,942,493	$ -0-

Charles Schwab Bank PCRA brokerage account	414,170	414,170	-0-
Participant loans	148,463	-0-	148,463
TOTALS	$ 7,320,126	$ 7,171,663	$ 148,463

INVESTMENTS

Investments that represent 5% or more of the Plan's net assets at December 31, 2014 and 2013 consisted of the following:

	2014	2013
Federated Government Obligations Fund	$ 468,609	$ 815,000

Charles Schwab Bank PCRA Brokerage Account	962,001	414,170
Dodge & Cox International Stock	481,785	less than 5%

During 2014 and 2013, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value $162,951 and $953,335, respectively.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

TAX STATUS

The Internal Revenue Service has determined and informed the prototype sponsor by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the determination letter, the Plan sponsor and administrators believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits.
