Independent Auditor's Report

To the Administrative Committee
Malco Products, Inc. Incentive Savings Plan and Trust
Barberton, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Malco Products, Inc. Incentive Savings Plan and Trust (the Plan), which comprise the statement of net assets available for benefits – modified cash basis as of December 31, 2014, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wilmington Trust, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2014, and for the year ended December 31, 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2014 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

The 2013 financial statements of the Plan were audited by SS&G, Inc. (SS&G) whose directors and professional staff joined BDO USA, LLP effective January 1, 2015 and has subsequently ceased operations. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed SS&G not to perform, and they did not perform, any auditing procedures with respect to the information certified by Wilmington Trust, the trustee of the Plan. SS&G's report, dated September 30, 2014, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules were prepared on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Malco Products, Inc. Incentive Savings Plan and Trust

Notes to Financial Statements

1. Description of the Plan

The following description of the Malco Products, Inc. Incentive Savings Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Malco Products, Inc. (the Company) who are not leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective, January 1, 2013 the Malco Products, Inc. Independent Union Employees' Incentive Savings Plan and Trust (Union Plan) was merged into the Plan. Assets of \$2,419,187 were transferred into the Plan as a result of this merger. This merger did not impact participant benefits as the benefit provisions of these plans will be incorporated into the merged plan.

Effective January 1, 2013 Wilmington Trust became the trustee of the Plan.

Effective January 1, 2015 the Plan was amended to include an automatic contribution arrangement. Unless a new participant elects not to make deferrals or elects to defer a different amount, the initial automatic deferral amount of 3% of compensation will be withheld for each pay period. The automatic deferral amount will increase by 1% of compensation at the beginning of each subsequent plan year up to a maximum of 5% of compensation.

Contributions

Participants can elect to have from 1% to 50% of their pre-tax and/or post-tax annual compensation contributed to the Plan, subject to limits set by the Internal Revenue Service (IRS). The Company currently makes a discretionary matching contribution equal to 50% of a participant's contribution, up to 7% of the participant's base compensation. The Company may, at the discretion of its board of directors, make additional voluntary profit sharing contributions.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings. Allocations are based on provisions of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants

Participants may borrow from their fund accounts up to the lesser of \$50,000 or 50% of their vested account balance. Note transactions are treated as a transfer between the investment fund and the note account. Note terms range from one to five years or more for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear

Notes to Financial Statements

interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of service as follows:

Years of Service	Vesting Percentage
Less than 2 years	0%
2 but less than 3 years	20%
3 but less than 4 years	40%
4 but less than 5 years	60%
5 but less than 6 years	80%
6 years or more	100%

Payment of benefits

Upon death, disability, retirement or termination of services, a participant or beneficiary may receive a lump-sum amount equal to the vested value of the participant's account, or receive installment payments.

Forfeited accounts

Forfeitures relating to employer matching contributions remain within the Plan and are used to reduce future employer contributions and administrative expenses. Total amounts forfeited during the years ended December 31, 2014 and 2013, amounted to \$17,348 and \$2,622, respectively. At December 31, 2014 and 2013, forfeited non-vested accounts totaled \$5,519 and \$35,715 and were reallocated to participants' accounts during 2015 and 2014, respectively.

Plan expenses

Substantially all Plan expenses are paid by the Company.

2. Summary of significant accounting policies

Basis of presentation

The accompanying financial statements have been prepared using the modified cash basis of accounting. The modified cash basis of accounting reports financial information on a cash basis, except that investments are adjusted to fair value. The modified cash basis of accounting, which is permitted under the Department of Labor's Rules and Regulations, is a comprehensive basis of accounting other than accounting principles generally accepted in the United States.

Malco Products, Inc. Incentive Savings Plan and Trust

Notes to Financial Statements

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received.

Investment contracts held by a defined-contribution plan are required to be reported at fair market value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the Reliance Met Life Stable Value Fund, a common collective trust that invests in contracts deemed to be fully-benefit responsive, as well as the adjustment of the Reliance Met Life Stable Value Fund from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Events occurring after reporting date

The Company has evaluated subsequent events through September 23, 2015, the date the financial statements were available to be issued. In compliance with applicable accounting standards, all material subsequent events have been either recognized in the financial statements or disclosed in the notes to the financial statements.

3. Investments (unaudited)

receivable held at December 31, 2014 and 2013, net appreciation in fair value of investments, and interest and dividend income for the years then ended, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Wilmington Trust, the trustee. As elected by the Plan administrator, no auditing procedures have been performed on this information except to compare such information to the information included in the accompanying financial statements.

During 2014 and 2013, the Plan's investments (including investments bought, sold and held during the year) appreciated in value as follows:

Shares of registered investment companies	\$ 196,498	\$ 1,316,447
Common collective trust	64,296	69,963

	\$ 260,794	\$ 2,083,442

4. Fair value measurements

Accounting Standards Codification (ASC) 820 Fair Value Measurement and Disclosures establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobserved inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Malco Products, Inc. Incentive Savings Plan and Trust

Notes to Financial Statements

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Shares of registered investment companies: Valued at the net asset value of shares held by the Plan at year-end.

Common collective trust: Valued at the net assets value (NAV) of the units held by the Plan at year-end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The investment objective of the underlying investments is to simulate the performance of a guaranteed investment contract through the guarantee of a specific interest rate and a portfolio of financial instruments. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

In determining the reasonableness of the methodology, the Investment Committee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review

Malco Products, Inc. Incentive Savings Plan and Trust

Notes to Financial Statements

of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014:

5. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

6. Income tax status

The Internal Revenue Service ruled on March 31, 2008, that the Plan, as then designed, qualified under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the related trust was not subject to tax. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The modified cash basis of accounting requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that

Malco Products, Inc. Incentive Savings Plan and Trust

Notes to Financial Statements

more likely than not would not be sustained upon examination by the tax authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

7. Prohibited transactions

During 2014 and 2013, the Plan Sponsor failed to deposit participant contributions totaling \$184,241 and \$169,235, respectively, within the required time frame stated by the United States Department of Labor (the DOL). The DOL considers late deposits to be prohibited transactions. The late contributions were remitted to the Plan during the year they were withheld. As noted in the 2014 Schedule of Delinquent Participant Contributions, the Plan Sponsor will file a Form 5330, pay applicable excise tax and remit interest on the late contributions to the Plan as soon as practicable. The Form 5330 relating to the 2013 late contributions was filed in 2014 along with the applicable excise tax. In addition, the Plan Sponsor remitted interest on the 2013 late contributions to the Plan in 2014.

8. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Reconciliation of financial statement to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2014 to the Form 5500:

<i>December 31,</i>	2014
