The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is designed to comply with the provisions of Section 401(k) of the Internal Revenue Code ("IRC").

The Plan was amended on November 26, 2013, with an effective date of January 1, 2014, which changed the employer non-discretionary match of 100% of elective participant deferrals from 4% to 6% of the participant's annual eligible compensation. Effective January 1, 2014, the Plan Sponsor will no longer offer a money purchase pension contribution and any employer profit-sharing contribution will be the sole decision of the Plan Sponsor's board of directors.

Plan Administration

The Pension/Profit Sharing Committee (the "Committee") shall control the management, operation and general administration of the Plan. The Committee is governed by the Board of Directors (the "Board"). The Board as well as the Plan Sponsors' Chief Executive Officer has the authority to appoint and remove Committee members and amend or terminate the Plan.

Eligibility

All individuals employed by the Company or a participating subsidiary are eligible upon employment and are auto-enrolled in the Plan within two months of becoming eligible, unless electing to waive participation, except for interns or individuals of expected short-term employment; persons covered under a collective bargaining agreement or persons who are non-resident aliens who receive no United States source income from the Company. Auto-enrollment deferral percentage originates at 3% of eligible compensation and increases 1% annually, up to 6% of eligible compensation.

Contributions

The Plan has three contribution types:

- (1) 401(k) Contribution - A feature which allows employees to contribute on a tax-deferred basis a percentage of their compensation to the Plan, subject to a maximum (\$17,500 for 2014) with additional "catch up contributions" for participants age 50 or older.

1. DESCRIPTION OF PLAN...continued

Contributions...continued

- (2) Employer Matching Contribution - A feature in which the Company will match a participant's deferral contribution up to 6% of the participant's annual compensation, for each payroll period, subject to Internal Revenue Service (IRS) limitations each year.
- (3) Profit-Sharing Contribution - A discretionary feature in which the Company normally contributes a part of its profits for each year. The Company's profit-sharing contribution is made at the discretion of the Board and is generally payable in the first quarter of the following plan year. A portion of the profit-sharing contribution is allocated to each eligible employee and is added to the employee's account in the Plan.

For the 2014 plan year, the Plan Sponsor made a profit sharing contribution of 0.2% of eligible compensation, up to Internal Revenue Service (the "IRS") limitations for plan participants. For the year ended December 31, 2014, the Plan Sponsor elected to have \$108,774 contributed on their behalf to the Plan.

Each participant who retires or dies during the year shall be allocated a portion of the annual profit-sharing contribution based upon a ratio of the participant's compensation to the total compensation.

Rollovers

With the consent of the Committee, amounts may be transferred directly or indirectly from other qualified plans by any participant, provided that the plan from which such funds are transferred permits the transfer to be made and, in the opinion of counsel for the Company, the transfer will not jeopardize the tax-exempt status of the Plan or Trust or create adverse tax consequences for the Company.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contribution, the Company's discretionary matching contribution, and an allocation of plan earnings, and charged with withdrawals and an allocation of plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

All active participants of Crane are 100% vested in their account balance at all times.

Notes Receivable from Participants

Participants are able to take loans on their accounts in accordance with ERISA regulations. The maximum amount a participant may borrow is the lesser of 50% of the participant's vested account, or \$50,000, reduced by the highest amount the participant owed during the previous 12 months with a balance of at least \$2,000. The period for repayment of a loan shall not exceed five years except in the case of a loan used to acquire a principal residence. Interest shall be charged on the loan at a rate determined by the Committee in accordance with prevailing market conditions at the date of the loan.

1. DESCRIPTION OF PLAN...continued

Notes Receivable from Participants...continued

A participant can only have one outstanding loan at any one time except for loans made prior to January 1, 1998. A new loan may not be taken sooner than 6 months after the previous loan has been repaid except in a case where funds are needed for medical expenses, tuition expenses or educational fees, as approved by the Committee.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive (a) a lump-sum distribution equal to the participant's vested account balance, (b) a qualified joint and survivor form of annuity, if married, (c) a direct rollover into an IRA or other qualified pension plans, or (d) an annuity, as defined. In addition, hardship distributions are permitted if certain criteria are met and distribution is approved by the plan administrator.

Forfeitures

Forfeitures represent the non-vested portion of terminated participants' account balances. Forfeitures will occur when a participant terminates employment. Forfeited accounts can be used to reduce future plan expenses. During the year ended December 31, 2014, \$10,992 of forfeitures were generated and \$358 of the available forfeited accounts were used to pay plan expenses. As of December 31, 2014 and 2013, forfeited accounts totaled \$32,487 and \$21,137, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates

The financial statements have been prepared in accordance with accounting standards set by the Financial Accounting Standards Board ("FASB"). The FASB sets generally accepted accounting principles ("GAAP") to ensure net assets available for benefits and changes in net assets available for benefits are consistently reported. References to GAAP issued by the FASB in these footnotes are to the FASB Accounting Standards Codification ("FASB ASC").

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common collective trust. The statements of net assets available for benefits present the fair value of the investment in the common collective trust as well as the adjustment of the investment in a common collective trust from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES...continued

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments

Benefits are recorded when paid to the participants.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment related expenses are included in net appreciation of fair value of investments.

Income Taxes

GAAP requires plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2011.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES...continued

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient under FASB 820. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. ASU 2015-07 is effective for the Plan retrospectively for the year ending December 31, 2016 with early adoption permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. Plan management is currently evaluating the effect that the provisions of ASU 2015-07 will have on the Plan's financial statements.

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. The purpose of this Update is to simplify plan accounting.

- The amendments in Part I of this Update designate contract value as the only required measurement for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements.
- The amendments in Part II of this Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan*, as a direct filing entity, disclosure of that investment's strategy will no longer be required.
- The amendments in Part III of this Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The Update may be adopted in whole or by part (I, II, III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. Plan management is currently evaluating the effect that the provisions of ASU 2015-12 will have on the Plan's financial statements.

3. INFORMATION CERTIFIED BY PLAN'S TRUSTEE

The following is a summary of the Plan's asset information as of December 31, 2014 and 2013, and for the year ended December 31, 2014, included in the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by Putnam Fiduciary Trust Company, the trustee, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that information provided to the plan administrator by the trustee related to the following assets is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedules related to the following assets:

	December 31,	
	2014	2013
Investments:		
Mutual funds	\$127,874,998	\$ 140,566,107
Common collective trust funds:

Notes receivable from participants	<u>\$ 2,451,699</u>	<u>\$ 2,950,510</u>

* Generally investments are certified at fair value; however, the value certified by Putnam Fiduciary Trust Company for the Morley Stable Value Fund as of December 31, 2014 and 2013, is the contract value of \$31,570,340 and \$37,431,126, respectively.

The trustees also certified to the completeness and accuracy of \$905,210 of net appreciation in fair value of investments, \$8,217,306 of interest and dividends related to the aforementioned plan investments and \$109,386 of interest earned on notes receivable from participants for the year ended December 31, 2014.

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

Mutual funds	\$ (1,097,497)

4. FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual Funds

Valued at quoted net asset value ("NAV"), based on quoted market prices in active markets, of shares held by the Plan at year end. These securities are categorized as Level 1 as they are actively traded and no valuation adjustments have been applied.

Common Collective Trust Funds

Valued at NAV per unit based on the underlying investments comprising the trust and based on audited financial statements. As the inputs are based on quoted prices for similar assets in active markets, the investment is categorized as Level 2.

4. FAIR VALUE MEASUREMENTS...continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

Assets measured at fair value on a recurring basis as of December 31, 2014 are as follows:

	<u>\$ 50,696,898</u>	<u>\$ -</u>		

(a) The Plan holds units of participation in the Putnam S&P 500 Index Fund ("S&P 500 Fund") and the value of those units is determined based on the net asset value of the Plan's ownership interest in this fund. The S&P 500 Fund invests primarily in the securities that constitute the S&P 500 Index either directly or through the purchase of shares of collective investment trusts having objectives similar to that of the S&P 500 Fund. The underlying securities of S&P 500 Fund are valued based on quoted market prices based on the last traded sales price or official closing price. The valuation of the units of participation is done daily. Issuances and redemptions of S&P 500 Fund units may be made daily, based upon the closing market value on the valuation date of the investments bought or sold and the net asset value per unit of the S&P 500 Fund.

(b) The objective of the Morley Stable Value Fund is to provide preservation of principal, maintain a stable interest rate, and provide daily liquidity at contract value for participant withdrawals and transfers.

(c) Withdrawals from the Morley Stable Value Fund which are due to the Plan's initiated events will be made within the twelve month period following receipt of the Plan's written withdrawal request. Participant-directed transfers from the Morley Stable Value Fund are permitted to non-competing funds with no redemption notice.

** Investment did not represent 5% or more of the Plan's net assets during the respective year.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. All participants will be notified of changes in or termination of the Plan. If the Plan terminates, each participant will receive the full value of his or her account balance, including all employee and employer contributions plus any gains or losses from investments.

7. INCOME TAX STATUS

The Plan has received a determination letter from the IRS dated December 15, 2011, stating that the Plan is designed in accordance with applicable sections of the IRC. Although, the Plan has been amended since receiving this determination letter, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and is tax exempt.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

* The Plan elected to show the fully benefit-responsive contract at fair value on Form 5500 in the prior year. As such for the Plan year ended December 31, 2014, there is no adjustment.

The following is a reconciliation of the net decrease per the financial statements to Form 5500 for the year ended December 31, 2014:

Net decrease per the financial statements	\$ (23,368,548)
Less current year contributions receivable	(108,774)
Change in adjustment from contract value to fair value for interest in a common collective trust relating to a fully benefit-responsive investment contract	(208,451)
Change in deemed distributions reported on Form 5500	<u>171,454</u>
Net decrease per Form 5500	<u>\$ (23,514,319)</u>

10. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Putnam Investments. Putnam Fiduciary Trust Company is the trustee as defined by the Plan and, therefore, investment transactions between the Plan and Putnam Investments qualify as party-in-interest transactions as defined by ERISA. The Plan issues loans to participants, which are secured by the balances in the participants' accounts, which also qualify as party-in-interest transactions.

11. PROHIBITED TRANSACTIONS

The DOL considers the late deposits to be a prohibited transaction. During the 2014, 2013 and 2012 plan years, the Plan Sponsor inadvertently failed to deposit \$4,176,345 of participant deferrals within the required time frame as stated by the United States Department of Labor (the "DOL"). \$1,591,870 of these late remittances were the result of a routine DOL audit. In 2015, the Plan Sponsor remitted \$371 of lost earnings to participant accounts and paid the applicable excise tax for 2013 and 2012 late remittances related to the DOL audit. The excise tax payments were made from the Plan Sponsor assets and not from the assets of the Plan. The Plan is in the process of calculating lost earnings related to 2014 late remittances. This non-exempt transaction did not affect the tax status determination of the Plan.

12. SUBSEQUENT EVENTS

The Plan Sponsor has evaluated all subsequent events through October 8, 2015, the date on which the financial statements were available to be issued. During this period, no subsequent events occurred, which require disclosure in the financial statements.
