MINTED, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2014

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the MINTED, LLC 401(k) PLAN (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General – The Plan was established on January 1, 2012 to provide retirement benefits for employees of Minted, LLC (the "Company"). The Plan is a defined contribution plan covering all eligible employees who have attained eighteen years of age and whose regularly scheduled service is greater than 1,000 hours in the relevant eligibility computation period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the Internal Revenue Code (the "IRC"). The Company is responsible for the oversight of the Plan. The Company also determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan provides for a Plan administrator who is responsible for keeping accurate and complete records with regard to the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and government regulations, and providing participants with any reports and documents required by law.

Participant Contributions – Participants may voluntarily contribute up to 100% of their annual compensation, with maximum contributions of $17,500 for 2014. Additionally, participants who have attained fifty years of age before the end of the Plan year are eligible to make catch up contributions of up to $5,500 for 2014. Participants may make either pre-tax or after-tax contributions and may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer Contributions – The Company may, at its discretion, elect to make employer matching contributions to the Plan up to 4% of eligible compensation as defined in the Plan Document and subject to limitations imposed by applicable provisions of the IRC. Participants are required to be 18 years of age and have completed 1 year of service (at least 1,000 hours of service) to be eligible for any matching contributions. No such employer contributions were made for the year ended December 31, 2014.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Accounts – Each participant's account is credited with the participant's contributions and employer matching contributions and allocations of investment earnings or losses and administrative expenses. Allocations are based on participant contributions, account balances or specific participant transactions, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that may be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's matching contributions and earnings thereon is based on the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Investment Options – The participants may direct the investment of their account balance into various mutual funds available through the Plan.

Notes Receivable from Participants – Participants may borrow from their vested account balances provided they meet the Plan's eligibility requirements. The minimum loan amount is $1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance or $50,000. The duration of the loan is not to exceed five years, except for loans used to finance the purchase of a primary residence. Interest rates are based on the prime rate as listed in the Wall Street Journal Money Rate Table plus 1.00% and remain fixed throughout the life of the loan. Principal and interest are paid ratably through payroll deductions or ACH payment and are due immediately upon termination of employment. At December 31, 2014, the interest rate on the outstanding loan was 4.25% and with maturity date of November 2015.

Payment of Benefits – Upon termination of service, death, disability or retirement, a participant may elect to receive a distribution in a lump-sum payment or a rollover distribution. A participant may also elect to receive a pre-retirement distribution if the participant is 100% vested in the amount being distributed and has reached 59½ years of age. Benefit payments to the participant generally must begin no later than April 1st following the later of the end of the year after the participant attains age 70½ or the year in which the participant terminates employment. If the vested balance of a terminated participant's account is $5,000 or less, the balance will be directly rolled over into an individual retirement account ("IRA") if no distribution instructions are received.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Forfeited Accounts – A participant's non-vested account may be forfeited upon severance of employment. Forfeitures may be used to pay Plan fees, and/or reduce future employer matching contributions. As of December 31, 2014, there were no forfeited non-vested accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction in contributions. The Plan distributed the 2014 excess contributions to the applicable participants in September 2015.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Payments of Benefits – Benefits are recorded when paid.

New Accounting Pronouncements – In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820), Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* Under the guidance in ASU 2015-07, investments for which fair value is measured using the net asset value per share practical expedient will no longer be categorized within the fair value hierarchy levels, but will be presented as a reconciling item. Investments that calculate net asset value per share (or its equivalent), but for which the practical expedient is not applied, will continue to be included in the fair value hierarchy. ASU 2015-07 also eliminates the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value practical expedient by limiting those disclosure requirements to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-07 is effective for annual periods beginning after December 15, 2016 for nonpublic entities. Early adoption is permitted. The Plan is currently evaluating the impact of adopting this guidance on its financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* (consensuses of the FASB Emerging Issues Task Force). The overall objective of this ASU is to reduce complexity in employee benefit plan accounting. Some of its key provisions include the designation of contract value as the only required measure for fully benefit-responsive investment contracts and the elimination of certain disclosure requirements for investments. The amendments in all three parts of ASU 2015-12 take effect for fiscal years beginning after December 15, 2015. Earlier application is permitted. The amendments in parts I and II should be applied retrospectively for all financial statements presented. The amendments in Part III should be applied prospectively. The Plan is currently evaluating the impact of adopting this guidance on its financial statements.

NOTE 3 – FAIR VALUE MEASUREMENTS

The FASB's Accounting Standards Codification ("ASC") *Fair Value Measurements and Disclosures* topic defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level l) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2014			
	Level 1	Level 2	Level 3	Total

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank & Trust, the trustee of the Plan, has certified to the completeness and accuracy of all investments and note receivable from participant information reflected on the statements of net assets available for benefits as of December 31, 2014 and 2013, the supplemental Schedule H, line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2014, and the related investment and note receivable from participant activity reflected in the statements of changes in net assets available for benefits for the year ended December 31, 2014.

The following is a summary of the certified information prepared by Capital Bank & Trust, furnished to the plan administrator and included in the Plan's financial statements and supplemental schedule at December 31, 2014 and 2013. Assets representing greater than 5% of net assets are individually identified.

* Individual asset less than 5% of net assets is included for comparative purposes.

The following is a summary of investment income and interest income on note receivable from participant certified by Capital Bank & Trust for the year ended December 31, 2014:

Net Depreciation in Fair Value of Mutual Funds	$ (6,489)
Total Interest and Dividend Income	$ 31,635
Interest Income on Note Receivable from Participant	$ 7

NOTE 5 – TAX STATUS

The Plan is a defined contribution plan designed to qualify as a tax-exempt plan under the IRC. A favorable opinion letter from the IRS was received on March 31, 2008 regarding the qualified status of the prototype plan on which the terms of the Plan are based. Management believes the Plan is currently designed and being operated in a manner that is in compliance with the applicable requirements of the IRC. Accordingly, no provision for federal or state income taxes has been made.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE 6 – PLAN TERMINATION

The Company has established the Plan with the expressed intention and expectation that it will continue the Plan. However, if circumstances make it impossible or inadvisable to continue the Plan, the Company reserves the right to terminate it at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Benefits will be held in the trust fund which will remain in existence until the Company requests the discontinuance of the trust agreement.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination from among the funds offered through the Plan. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by American Funds. American Funds is the recordkeeper, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are netted against net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

NOTE 9 – DELINQUENT PARTICIPANT CONTRIBUTIONS

In 2014 and 2013, there were unintentional delays by the Company in remitting certain employee deferrals amounting to $749 and $800, respectively, to the trustee. These transactions constitute prohibited transactions as defined by ERISA. The Company corrected the 2014 and 2013 late remittances in September 2015.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per these financial statements to Form 5500 as of December 31, 2014 and 2013:
