Independent Auditor's Report

To the Plan Administrative Committee
Unigen Corporation 401(k) Profit Sharing Plan:

Report on the Financial Statements
I was engaged to audit the accompanying financial statements of the Unigen Corporation 401(k) Profit Sharing Plan (the "Plan") which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
My responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis of Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

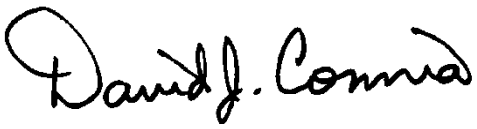

Basis of Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information referred to in Note 3, which was certified by Great-West Life & Annuity Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. I have been informed by the plan administrator that the custodian holds the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the custodian as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental schedule of assets held for investment purposes as of or for the year ended December 31, 2014 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis of Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Other Matter – December 31, 2013
The financial statements of the Plan as of December 31, 2013 were audited by a predecessor auditor. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the predecessor auditor not to perform and they did not perform any auditing procedures with respect to the information certified by State Street. Their report, dated October 13, 2014, indicated that (a) because of the significance of the information that he did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, he did not express an opinion on the financial statements (b) the form and content of the information included in the financial statements other than that derived from the information certified by State Street, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by trustee, has been audited by me in accordance with auditing standards generally accepted in the United States of America and, and in my opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Unigen Corporation 401(k) Profit Sharing Plan
Notes to the Financial Statements

1. DESCRIPTION OF PLAN

The following description of the Unigen Corporation 401(k) Profit Sharing Plan ("the Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1995 as a defined contribution plan established to provide eligible employees of Unigen Corporation ("the Company") with retirement, death and disability benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), and Section 401(k) of the Internal Revenue Code (the IRC).

Participant Eligibility, Contribution, and Vesting

The Plan is a defined contribution plan covering substantially all employees. Participants may begin deferring a portion of their compensation into the Plan on the first day of the month following eligibility. Contributions to the Plan are limited to the maximum amount allowable under the provisions of the IRC and to an annual limitation of $17,500 ($23,500 for those participants age 50 or older).

The Company may make discretionary matching contributions and/or discretionary profit sharing contributions under the Plan subject to certain eligibility requirements. In 2014 and 2013, the Company's matched 50% of a participant's deferral up to a 6% deferral rate, with an annual maximum of $3,000 per participant. For 2014 and 2013, the Company's discretionary matching contribution was approximately $309,000 and $238,000, respectively. In addition, the Company made a discretionary profit sharing contribution in 2014 and 2013 in the amount of approximately $195,000 and $164,000, respectively.

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting of Company contributions is based on the following schedule:

Years of Service	Vesting Percentage
Less than 3	0%
3 years	100%

In addition, the Company's contribution is fully vested when a participant reaches the age of 59-1/2, becomes totally disabled, or dies.

Participant Loans

With the Plan trustee's approval, and subject to IRS regulations and limitations, participants may borrow up to the lesser of $50,000 or 50% of their vested account balance with a minimum loan amount of $1,000. Loans are subject to approval by the Plan administrator, bear interest at prime as published in the Wall Street Journal on the 14th of each month, plus two (2) percentage points. Loans are generally repayable in terms of up to 5 years, except home mortgage loans for which the maximum maturity is 15 years. All loans are secured by the participants' account balances and must be fully repaid through payroll deductions.

Participant Accounts
Each participant's account is credited or charged with the participant's contribution, the Company's discretionary matching contribution, the Company's discretionary profit sharing contribution, plan earnings or losses, and charged with an allocation of plan expenses as applicable. Allocations of plan earnings and losses are based on investment selections. Allocations of the Company's discretionary profit sharing contribution to eligible participants are computed as follows:

1. The two primary owners were allocated the maximum allowed by Internal Revenue Code ("IRC") section 415.
2. Each non-highly compensated employee constitutes his or her own allocation group. Each non-highly compensated employee who earned a benefit in the Unigen Corporation Defined Benefit Pension Plan ("DBPP") received an allocation sufficient to allow both plans to pass the IRC section 401(a)(4) nondiscrimination test on a combined plans basis.
3. Each employee who did not earn a benefit in the DBPP did not receive an allocation in this Plan.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All contributions/investments to the Plan are participant directed except the discretionary profit-sharing contributions/investments which are trustee directed. Participants may elect to have their accounts professionally managed by a managed accounts service firm for a fee as detailed in the Plan's enrollment form. Certain investment and fund fees are charged to the funds and included in investment income and losses and charged to participant accounts. Participants should refer to the funds' prospectuses for further information on these fees.

Each participant's account is credited with the employee's payroll contributions; the employer's matching and profit sharing contributions, and Plan earnings and losses. Allocations to participants' accounts are based on participant compensation or account balances in accordance with the provisions of the Plan.

Investment Options
Participants exercise control over the types of investments made on their behalf, provided that such accounts are invested in investment funds designated by the Plan. Participants may invest in any one or more investment funds and change their investment options at any time.

Payment of Benefits
In the case of normal retirement (age 59-1/2), early retirement, retirement due to permanent disability, or termination of employment, participants may elect to receive the value of their vested individual account balances, in accordance with the provisions of the Plan, either in lump-sum distribution or in an alternative manner available under the Plan. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

Participants who separate from service and have vested account balances of $1,000 or less are subject to an administrative lump sum distribution at the discretion of the plan administrator. Mandatory distributions of separated participants' vested balances between $1,000 and $5,000 are subject to a direct rollover of their balance into an Individual Retirement Account (IRA) designated by the plan administrator in the name of the separated participant.

Forfeited accounts

At December 31, 2014 and 2013 forfeited non-vested accounts totaled $10,041 and $3,600 respectively. These forfeited balances will be used to reduce future employer contributions or Plan administrative expenses.

Administration

The Company is the plan administrator. The Plan's assets are managed by Great-West Life & Annuity Life Insurance Company (the Custodian). The Custodian, appointed by the Company, executes investment transactions and holds Plan investment assets. The plan administrator reviews the performance of the various available investments and decides on the addition or deletion of an investment fund.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the plan are prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Valuation of Investments
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events
The Plan has evaluated subsequent events through September 15, 2015, the date that the financial statements were available to be issued. Management has determined that there were no subsequent events or transactions that would have a material impact on the current year financial statements.

3. INVESTMENTS

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, information certified by State Street Bank and Trust Company regarding the current value of assets held at December 31, 2014, and transactions entered into during the year then ended, was used in the preparation of the accompanying financial statements and supplemental schedule. The following table includes the fair values of investment funds at December 31, 2014 and 2013:

	2014	2013
Common/Collective trust	$ 394,407	$ 303,351
Mutual funds	6,158,917	4,459,294
Total investments	$ 6,553,324	$ 4,762,645

The following investments exceeded 5% of net plan assets:

	2014	2013
Key guranteed portfolio fund	394,407	303,350
BlackRock Health Sciences Opps Inv A	393,367	-
Great-West Lifetime 2025 Fund II T1	523,848	353,943
Great-West Lifetime 2035 Fund II T1	424,926	344,540
Great-West S&P 500 Index Fund I	606,426	403,651
PIMCO Total Return Admin	654,004	571,945

During the year ended December 31, 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year), appreciated by $327,365 as follows.

Common/Collective trusts	$ 977
Mutual funds	326,388
Total	$ 327,365

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means • If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2014.

Common/Collective trust funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2014 and 2013:

	Assets at Fair Value as of December 31, 2014

5. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the Trustee of the Plan, Great West Life & Annuity Insurance Company, and therefore, these transactions qualify as party-in-interest transactions as defined by ERISA.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate or amend the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, all non-vested employer contributions would become 100% vested.

7. TAX STATUS

The plan adopted a prototype non-standardized profit sharing plan with cash or deferral arrangement has received a favorable opinion letter from the IRS, which states that the Plan is designed in compliance with the applicable sections of the IRC. The plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and Franchise Tax Board. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

8. RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
