Independent Auditor's Report

To the Trustee and Plan Sponsor Board of Directors
Alliance Consulting 401(k) Plan
Conshohocken, Pennsylvania

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Alliance Consulting 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 2 to the financial statements, the entity adopted new accounting guidance related to presentation of fair value of certain investments and disclosure of investments. Certain investments are now shown at contract value rather than fair value on the statements of net assets available for benefits. Prior year disclosures have also been revised to reflect the retrospective application of adopting these changes in accounting. Our disclaimer of opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2014, is required by the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Alliance Consulting 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of Alliance Consulting 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Alliance Consulting Holdings, Inc. and its affiliated companies, Alliance Life Sciences Consulting Group, Inc., Adjility Consulting LLC, and Alliance Global Services LLC (collectively, the Company or Plan Sponsor). Employees are generally eligible to participate in the Plan upon the first day of the month following their date of hire. The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Sponsor's Board of Directors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants are permitted to make pretax contributions and/or after tax (Roth) contributions in an amount up to 75% of their annual eligible compensation (salary deferrals), as defined in the Plan document, subject to Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Company may make a discretionary matching contribution determined at year-end by management. In addition, discretionary nonelective contributions are permitted on behalf of participants who are employed on the last day of the Plan year; however, the year of service and the last day rule shall not apply in the case of retirement, disability, or death. The Company did not make discretionary matching or non-elective contributions for 2014. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of the Company's discretionary matching or nonelective contributions, if any, and Plan earnings/losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their salary deferral and rollover contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of service, as follows:

<u>Years of Service*</u>	<u>Vested</u>
At least 1 years, but less than 2	20%
At least 2 years, but less than 3	40%
At least 3 years, but less than 4	60%
At least 4 years, but less than 5	80%
5 years or more	100%

* Participants are credited one year of service for each service period (one-year period ending on December 31) in which they have 1,000 or more hours of service.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions into various investment options offered by the Plan and may change their investment options daily, subject to the terms of the funding vehicles. Plan investment earnings (losses) are allocated to participants' accounts on a daily basis according to the type of funding vehicle in which balances are invested.

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Forfeitures: At December 31, 2014 and 2013, forfeited non-vested accounts totaled \$174,181 and \$160,227, respectively. Forfeitures may be used to pay administrative expenses or reduce employer contributions. The amount of non-vested forfeited amounts shall be restored to a terminating participant's account upon resuming employment with the Company, as defined by the Plan. During 2014, no forfeitures were used to pay administrative expenses.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years unless the loan is used for the purchase of a participant's primary residence, for which the term can be up to 30 years. Loans are secured by the vested balance in the participant's account and bear interest at the prime rate plus 2% at the time of the loan origination. As of December 31, 2014, interest rates on participant loans outstanding are 5.25%, and mature through 2019. Principal and interest are paid ratably through payroll deductions. Upon termination of employment, the outstanding principal and interest balance is payable within 60 days.

Benefits paid to participants: Participants withdrawing from the Plan may receive their balance by (1) a transfer to another qualified plan, (2) a transfer to an individual retirement account or (3) a lump-sum distribution. In addition, participants may elect in-service withdrawals from their elective deferral account balances after reaching age 59-1/2. Participants are also permitted to make hardship withdrawals from their elective deferral account balances in certain cases of immediate and heavy financial need. Participants' deferral contributions must be suspended for a period of six months following hardship withdrawal. Rollover account balances may be withdrawn at any time. Minimum required distributions for participants who (1) have reached age 70-1/2 and are no longer employed by the Company, or (2) have reached age 70-1/2, are active employees and are a 5% or greater owner of the Company apply per IRS regulations.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully-benefit responsive contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Alliance Consulting 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions: Contributions from Plan participants are recorded in the year in which the participant contributions are withheld from amounts paid. Discretionary matching contributions and discretionary non-elective contributions from the Plan Sponsor, if any, are recognized upon authorization as the underlying compensation is recognized. All participant and employer contributions are participant-directed.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable from participants that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation in fair value of investments.

Income taxes: GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that, more likely than not, would not be sustained upon examination by a tax authority. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan Administrator believes the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2011.

Note 2. Summary of Significant Accounting Policies (Continued)

Accounting pronouncements adopted: In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan adopted the update for the 2014 Plan year and the update was retroactively applied to December 31, 2013. Prior year disclosures in Note 4 have been revised to reflect the retrospective application. The impact of adopting this update is reflected in the financial statements.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. The purpose of this update is to simplify plan accounting. The amendments in Part I of this update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements. The amendments in Part II of this update will eliminate the requirements for plans to disclose (1) individual investments that represent 5% or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. The amendments in Part II of this update will also require that investments (both participant-directed and nonparticipant-directed investments) of employee benefit plans be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan*, as a direct filing entity, disclosure of that investment's strategy will no longer be required. The amendments in Part III of this update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The update may be adopted in whole or by part (I, II, and III), as applicable. The amendments in this update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted amendments in Part I and Part II of this update for the 2014 Plan year, and the amendments Part I and II were retrospectively applied to December 31, 2013. Prior year disclosures in Note 4 have been revised to reflect the retrospective application. The impact of adopting this update is reflected in the financial statements.

Note 3. Information Certified or Provided by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2014 and 2013, and for the year ended December 31, 2014, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31,	
	2014	2013
Investments at fair value		
Registered investment companies	\$ 13,378,046	\$ 12,777,059
Common collective trust	736,173	769,575
	<u>\$ 14,114,219</u>	<u>\$ 13,546,634</u>
Notes receivable from participants	<u>\$ 105,845</u>	<u>\$ 51,999</u>

Principal Trust Company also certified to the completeness and accuracy of \$740,596 of net appreciation in fair value of investments, \$152,989 of dividends related to the aforementioned Plan assets, and \$5,341 of interest related to notes receivable from participants for the year ended December 31, 2014.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets.
 - Quoted prices for identical or similar assets or liabilities in inactive markets.
 - Inputs other than quoted prices that are observable for the asset or liability.
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Alliance Consulting 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued based on the NAV of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013.

Description	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 13,378,046	\$ -	\$ -	\$ 13,378,046
Investments measured at NAV (a)				736,173
				<u>\$ 14,114,219</u>

Description	Assets at Fair Value as of December 31, 2013 (As Revised)			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 12,777,059	\$ -	\$ -	\$ 12,777,059
Investments measured at NAV (a)				769,575
				<u>\$ 13,546,634</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Alliance Consulting 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following tables set forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2014 and 2013.

Investment	Fair Value Estimated Using NAV Per Share		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	December 31, 2014	2013			
Common collective trust					
Principal Stable Value Fund	\$ 736,173	\$ 769,575	None	Daily	None

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2014, there were no significant transfers in or out of Levels 1, 2, or 3.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

Note 6. Income Tax Status

Effective July 13, 2012, the Plan adopted a non-standardized form of a prototype plan sponsored by Principal Financial Group. The prototype plan has received an opinion letter from the IRS dated March 31, 2014 as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Note 7. Party-In-Interest Transactions

Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company is the trustee of the Plan; therefore, transactions with the trustee qualify as party-in-interest transactions. Certain Plan investments are invested in funds managed by Principal Financial Group, an affiliate of the Plan's trustee. Fees paid by the Plan to the trustee totaled \$5,915 for the year ended December 31, 2014. In addition, the Plan permits notes receivable from participants, which are secured by the participant's account balances. These transactions qualify as party-in interest transactions which are exempt from the prohibited transaction rules.

Note 8. Excess Contributions Refundable

For the Plan year ended December 31, 2014, the Plan failed its annual IRS required compliance (discrimination) testing. To correct the failure, excess contributions, adjusted for earnings and losses, were refunded to certain participants in the subsequent year as corrective distributions. At December 31, 2014 and 2013, the excess contributions refundable totaling \$8,404 and \$22,231, respectively, were accrued.

Note 10. Subsequent Events

The Plan has evaluated subsequent events (events occurring after December 31, 2014) through October 5, 2015, the date the financial statements were available to be issued and determined the following event should be disclosed:

Effective January 1, 2015, the Plan was amended and restated to have automatic enrollment into the Plan with deferral rate at 6%. In addition, the Plan also includes an automatic salary deferral increase by 1% on January 1 of year each, up to 12%.
