HEA CLINIC, P.A. 401(K) PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF THE PLAN

The following brief description of the HEA Clinic, P.A. 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers substantially all employees of HEA Clinic, P.A., operating as Houston Eye Associates (Employer) who have completed six months of service and have attained the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan consists of various investments under contract with Bank of America, N.A. (the Trustee) who serves as the trustee of the Plan and has provided certification statements as to the completeness and accuracy of the information provided to the Plan's sponsor. Accordingly, the Plan has elected to instruct the auditors not to perform any auditing procedures with respect to the information prepared and certified by the Trustee, pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. This limited scope exemption applies only to the Plan's investment assets, participant loans, income thereon and related transactions, and supplemental schedule of assets. All investments in the Plan are participant-directed.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan, subject to the annual deferral limitations as specified in section 402(g) of the Internal Revenue Code (IRC). For 2014, the deferral limitation was $17,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan was amended effective December 1, 2006 to allow participants to make Roth 401(k) deferrals as elected by the participants.

The Economic Growth and Tax Relief Reconciliation Act of 2001 includes a "catch up" provision for employee benefit plans. This provision became effective as of January 1, 2002, and permits employees who are 50 years old or older and who contributed the maximum amount allowed by law to contribute an additional $5,500 for the year ended December 31, 2014.

Effective January 1, 2012, the Plan was revised to include an automatic deferral provision of 1% of the participant's compensation unless the participant makes a contrary election. Effective January 1, 2014, the automatic deferral provision was increased to 2%.

NOTE 1. DESCRIPTION OF THE PLAN – CONTINUED

Contributions – Continued

Employer contributions are determined annually by the board of directors of the Employer and shall not exceed the maximum amount deductible by the Employer for federal income tax purposes. The Employer contribution can take the form of a discretionary match of a percentage of the employee's contribution, or can be a discretionary contribution amount allocated to the account of each active participant who is employed as of the last day of the Plan year, including any such participants who did not make any salary deferral contributions for the Plan year, or both. Employer contributions vest ratably over a six year period, beginning at year two.

Salary deferrals up to 6 percent of the participant's compensation will be matched as a discretionary matching contribution equal to a uniform percentage of each participant's deferred compensation, the exact percentage, if any, to be determined each year by the Employer. For the year ended December 31, 2014, the Employer made matching contributions to the Plan of $590,086 and a discretionary profit sharing contribution to the Plan of $1,816,152, net of applied forfeitures of $145,081. The employer contribution receivable of $2,261,157 was funded to the Plan subsequent to December 31, 2014.

Participant Accounts

A Plan participant's account is credited with the employee's contribution and an allocation of (a) the Employer's contribution, if any, and (b) Plan earnings and expenses. Allocations are based on participant compensation, account balance, as defined, or actual contribution. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. A Plan participant whose employment is terminated for any reason is entitled to the full value of his or her vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant vests ratably beginning at year two of service and is 100 percent vested after six years of credited service.

Forfeited Accounts

Nonvested benefits of terminated employees are forfeited. At December 31, 2014 and 2013, forfeited nonvested accounts totaled $0 after available nonvested were used to reduce 2014 and 2013 Employer contributions. Employer contributions for the year ended December 31, 2014 and 2013 were reduced by $145,081 and $53,780, respectively from forfeited nonvested accounts.

NOTE 1. DESCRIPTION OF THE PLAN – CONTINUED

Payment of Benefits

On termination of service due to death, disability or retirement, a participant, or beneficiary in case of death, may elect to receive payment either as a lump sum or in installments in the amount equal to the value of the participant's vested interest in his or her account, if the vested balance exceeds $5,000. If the vested balance is less than $5,000, the benefit will be paid in a single lump-sum. The Plan provides for an automatic rollover into an individual retirement account of amounts greater than $1,000 but less than $5,000 if the participant does not elect to have such distributions paid directly into another eligible retirement plan or account, or to receive the distribution directly.

Participant Loans

Participants may borrow from their fund accounts up to a maximum amount of one-half the participant's vested account balance or $50,000 reduced by the excess, if any, of the highest outstanding loan balance in the account during the one-year period ending on the day before the date of the new loan over the current outstanding balance of loans as of the date of the new loan. The loans are secured by the balance of the participant's account and bear a reasonable interest rate as determined by the Plan administrator based on the prevailing interest rates charged for similar types of loans by other lenders. The interest rate shall remain fixed throughout the duration of the loan.

Participant loans must be payable within a period not exceeding five years from the date the participant received the loan, unless the loan is for the purchase of the participant's principal residence, in which case the loan must be payable within a reasonable period of time that may exceed five years from the date of the loan. Loan repayments, including principal and interest, must be made through payroll deductions on at least a quarterly basis.

Administrative Expenses

The Plan's administrative expenses are paid by the Plan, unless otherwise elected to be paid by the Employer. To date, the Employer has paid certain expenses of the Plan.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded when paid. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in the Federated Capital Preservation Fund (the Fund), a common collective trust. The Statement of Net Assets Available for Benefits as of December 31, 2014, presents the fair value of the investment in the common collective trust as well as the adjustment of the investment in the common collective trust from fair value to contract value. The adjustment from fair value to contract value as of December 31, 2014 and 2013 was ($9,230) and ($7,635), respectively.

Participant Loans

Participant loans represent notes receivable from participants and are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant loans is recorded when earned. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

New Accounting Pronouncements

On July 31, 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part 1) Fully Benefit Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient (consensuses of the Emerging Issues Task Force), (FASB ASU 2015-12). The new ASU simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts, plan investment disclosures, and measurement date practical expedient. The amendments are effective for all plan years beginning after December 15, 2015. Earlier application of any or all of the three parts is permitted. This ASU should not change total net assets available for benefits; however, it may affect the presentation of the financial statements and the information contained in the disclosures. The Plan does not believe that the adoption of this guidance will have a material impact on its financial statements.

NOTE 3. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 3. FAIR VALUE MEASUREMENTS – CONTINUED

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Below is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Common collective trust: Valued based on the fair value of underlying investments as determined by the audited financial statements of the trust for units held by the Plan.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Mutual funds	$ (52,307)

NOTE 7. INCOME TAX STATUS

The Employer has retroactively adopted and followed the terms of a prototype plan, as submitted to the Internal Revenue Service (IRS). The Employer has relied on the favorable opinion letter issued by the IRS on March 31, 2008 regarding the acceptability of the Plan under section 401(a) of the IRC as not subject to tax under present income tax laws. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan management believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Employer contributions.

NOTE 10. PARTY-IN-INTEREST

Certain Plan investments are units of a money market account managed by the Trustee and record-keeper of the Plan and, therefore, these transactions qualify as party-in-interest transactions. These transactions are covered by an exemption from the "prohibited transactions" provisions of ERISA.

NOTE 11. SUBSEQUENT EVENTS

The Plan has evaluated all events or transactions that occurred after December 31, 2014 and through October 8, 2015, the date the financial statements were available to be issued. The Plan had no material recognizable subsequent events.
