To the Administrative Committee of
Consolidated Engineering Laboratories Union 401(k) Retirement Plan
San Ramon, California

We were engaged to audit the accompanying financial statements of Consolidated Engineering Laboratories Union 401(k) Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Wystar Global Retirement Solutions, a division of Wells Fargo Bank, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2014 and 2013 and for the year ended December 31, 2014, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

1. Description of the Plan

The following description of the Consolidated Engineering Laboratories Union 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Consolidated Engineering Laboratories (the Company) who are covered by a collective bargaining agreement and are at least 21 years of age. They become eligible the first day of the month following their hire date. The Plan was restated on January 1, 2009, to comply with the requirements of the Employee Retirement Income Security Act (ERISA) of 1974 and the Internal Revenue Code (IRC) of 1986, as amended by subsequent legislation.

Administration

The Company is the sponsor of the Plan. The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees. The trustees of the Plan are Gary Cappa and Charlie Brice. A third-party record-keeper Pension Dynamics Corporation processes and maintains the records of the Plan. Wystar Retirement Solutions a division of Wells Fargo Bank, serves as custodian of the Plan's participant directed investments.

Contributions

Eligible participants may defer up to 100% of pretax annual compensation, up to the maximum allowed by law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into the various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. The Company may also make discretionary matching contributions to the Plan, but is not required to contribute to the Plan. Contributions are subject to IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions, Plan earnings and administrative fees. Allocations of fees are based on participant earnings, account balances, employment status, or specific participant transactions, as defined. Investment income allocations are based on participant account balances on a daily valuation basis. Allocation among the available funds is at the participant's discretion. Participants may change their investment options at any time. The benefit to which a participant is entitled is limited to the amount of the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contributions is based on years of continuous service. A participant is fully vested after six years of credited service. To earn a year of service for vesting purposes, a participant must be credited with at least 1,000 hours of service during the plan year.

Break in Service

A participant will incur a break in service during any plan year in which participant works less than 501 hours.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear an interest rate of prime plus one percentage point. Notes must be repaid within five years unless used to purchase a primary residence, in which case, the term of the note will be determined by the Plan Administrator considering maturity dates quoted by representative commercial banks in the local area for a similar note. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of Benefits
Participant contributions can be distributed prior to termination or retirement age for hardship claims, death or disability as defined in the Plan agreement. On termination of service due to death, disability or retirement, a participant will receive a lump sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may also receive the value of the vested interest in his or her account as a lump sum distribution. On termination of service for account balances less than $5,000, a lump-sum distribution may be made at the employer's discretion. For account balances greater than $5,000, written consent by the employee is required before distribution can be made.

The normal retirement age under the Plan is 65 years of age.

Forfeitures
When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, is forfeited. Forfeitures may be used to pay administrative expenses as directed by the Company and/or to restore previously forfeited account balances as stated in the Plan document. Any remaining forfeitures will then be used to reduce Company contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the principal loan balance is reduced and a benefit payment is recorded.

Payment of Benefits
Benefits are recorded when paid.

Expenses
Fees related to administration of specific transactions such as distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Expenses for annual administration and plan audit are allocated to participant accounts. Expenses of the Plan totaled $30,267 for the year ended December 31, 2014.

Subsequent Events
The Plan has evaluated subsequent events to the statements of net assets available for benefits date of December 31, 2014 through October 2, 2015, which represents the date these financial statements are available to be issued.

3. Investments

The following investments represent 5% or more of the Plan's net assets as of December 31:

	2014	2013
Vanguard Lifestrategy Conservative Growth	$ 614,174	$ 404,842
Vanguard Prime Money Market	205,318	308,667
Vanguard S-T Bond	-	134,838
Vanguard S-T Bond IXD Adm	144,992	-
Oakmark Equity & Income	133,880	117,455
T. Rowe Price Health Sciences	127,289	-

During 2014, the Plan's mutual fund investments (including gains and losses on investments bought, sold, as well as held during the year) appreciated in value by $86,178.

4. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are as described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual Funds
Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014:

	Level 1	Level 2	Level 3	Total
Investments in mutual funds:				
Money market funds	$ 205,318	$ -	$ -	$ 205,318

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts, and all unallocated amounts shall be allocated to the accounts of all participants.

6. Related Party Transactions and Party-in-Interest Transactions

The Plan made direct payment to the third-party administrator for administration of the Plan in the amount of $17,917 and audit fees in the amount of $12,350 during the year ended December 31, 2014.

7. Amounts Allocated to Participants Who Have Withdrawn

At December 31, 2014, eight participants with account balances totaling $204,149 had withdrawn from participation upon termination, yet had not elected to receive their distribution of their vested account balances.

8. Information Certified by the Plan's Custodian

The Plan's investments are currently held in safekeeping with Wystar Global Retirement Solutions, a division of Wells Fargo Bank, the Plan's custodian. Investments are in accordance with the policy set by the Plan's Administrator or by subsequent policy amendments.

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wystar Global Retirement Solutions, a division of Wells Fargo Bank, the directed trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2014 and 2013 and the related investment activity reflected in the schedule of changes in net assets available for benefits for the year ended December 31, 2014.

9. Income Tax Status

The Internal Revenue Service has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan was amended and restated January 1, 2009, and received a volume submitter favorable determination letter for the prototype used. The Plan Administrator and tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.
