Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by SunTrust Bank, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2014 and 2013 and for the year ended December 31, 2014, that the information provided to the plan administrator by the custodian is complete and accurate.

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Leonard's 401(k) Benefit Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Rekcut Photographic, Inc. (the Company) who have one year of service, a minimum of 1,000 hours, and who are age 21 and older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participant contributions are limited to dollar amounts specified by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. Participants direct the investment of their contributions into various investment options. The Plan currently offers 22 mutual funds and 2 collective trusts as investment options for participants. The Company previously suspended employer contributions and made no contribution for the year ended December 31, 2014. However, the Company has reinstated a safe-harbor matching contribution effective January 1, 2015.

Participant Accounts

Each participant's account is credited with participant contributions and an allocation of investment earnings calculated on each investment. The allocation is based on each participant's account balance by investment, as defined by Plan provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Effective January 1, 2004, employer contributions made under the safe-harbor non-elective contributions of 3% of compensation are also immediately vested plus actual earnings thereon. Prior to January 1, 2004, employer non-elective matching contributions and actual earnings thereon are subject to a vesting schedule as follows:

Years of Service	Vesting Percentage
< 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their accounts. The minimum loan is $1,000 up to the lesser of one-half of their vested account balance or $50,000. A maximum of one loan may be outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1% at the loan date. At December 31, 2014 and 2013, outstanding loans had interest rates at 4.25%. Principal and interest is paid ratably by payroll deduction over the term of the loan.

Payment of Benefits

Upon retirement, death, disability, or termination, the participant or beneficiary may receive the vested value of his account, in either a lump sum payout or partial withdrawals if certain conditions are met. Hardship distributions that meet certain specified criteria are permitted from all vested accounts. If account balances are below $5,000, distribution occurs as a single lump sum. Benefits are recorded when paid.

Forfeited Accounts

Forfeited non-vested accounts may be used to pay administrative expenses or allocated as an additional discretionary non-elective employer contribution. During the year ended December 31, 2014, no forfeitures were used to pay administrative expenses. At December 31, 2014, forfeited non-vested accounts totaled $58.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan uses the accrual method of accounting. Under this method of accounting, contributions to the Plan are recognized when due. Revenues are recognized when earned and expensed when incurred.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could vary from the estimates that were used.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest, and net of an allowance for doubtful accounts, if any. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Excess Contributions

The Plan records a liability for contributions that have been determined excessive after antidiscrimination tests. The excess contributions reduce the current-year contributions total.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Company pays for certain administrative expenses on behalf of the Plan, which were $10,236 for the year ended December 31, 2014.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through September 28, 2015, the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS (UNAUDITED) (CONTINUED)

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated/(depreciated) in value as follows (cash basis):

Dividends	$ 252,244
Net gain (loss) from investments	$ 45,645
Interest	$ 5,173

NOTE 4 – FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board has established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation method include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

Common/Collective trusts: Valued at the net asset value of the shares held by the Plan at year-end.

Common/collective trusts that hold portfolios of equity securities and/or debt securities base their net asset value on quoted market prices or on values obtained by an independent pricing service. Pricing services use valuation matrixes that incorporate both dealer-supplied valuations and valuation models.

Trusts that invest in guaranteed investment contracts (GICs) have holdings that include traditional GICs (issued by an insurance company and relying on credit worthiness of the general account) and separate account GICs (issued by an insurance company and relying on the credit worthiness of the separate account). It also holds synthetic GICs that are a combination of a portfolio of securities plus a wrapper contract issued by a financial institution.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,415,098	$ -	$ -	$ 3,415,098
Collective trusts	-	1,037,243	-	1,037,243
Total assets at fair value	$ 3,415,098	$ 1,037,243	$ -	$ 4,452,341

	Assets at Fair Value as of December 31, 2013			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,201,823	$ -	$ -	$ 3,201,823
Collective trusts	-	959,829	-	959,829
Total assets at fair value	$ 3,201,823	$ 959,829	$ -	$ 4,161,652

NOTE 5 – RELATED-PARTY TRANSACTIONS

Certain Plan investments are shares of collective trusts and mutual funds managed by SunTrust Bank. SunTrust Bank is the custodian of the Plan's assets and, therefore these transactions qualify as party-in-interest transactions. The value of these investments was $557,010 and $903,551 at December 31, 2014 and 2013, respectively.

As discussed in Note 2, the Plan sponsor (the Company) absorbs certain administrative costs of operating the Plan.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to permanently discontinue its contributions to the Plan or to partially or completely terminate the Plan. If that occurs, all participants become fully vested in all contributions and earnings credited to their accounts and are not thereafter subject to forfeiture. The Plan administrator may continue the Plan or direct that all assets be distributed to the participants, and the Plan administrator's decision is binding on all participants.

NOTE 7 – TAX STATUS

The Internal Revenue Service has opined and informed SunTrust Bank by a letter dated March 31, 2008 that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan Administrator believes the Plan is no longer subject to income tax examination for the years prior to 2011.

The Plan follows the requirements associated with uncertainty in income taxes under the provisions of the Financial Accounting Standards Board (FASB) Accounting Standards Codification Topic 740, *Income Taxes*. Using that guidance, tax positions initially need to be recognized in the financial statements when it is more-likely-than-not the positions will not be sustained upon examination by the tax authorities. It also provides guidance for derecognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition. As of December 31, 2014, the Plan has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
