Independent Auditors' Report

Participants and Plan Administrator
West Virginia University Dental Corporation 403(b) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the West Virginia University Dental Corporation 403(b) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 11, which was certified by Teachers Insurance and Annuity Association - College Retirement Equities Fund, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2014, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

West Virginia University Dental Corporation 403(b) Plan

Notes to Financial Statements

December 31, 2014 and 2013

1. Description of the Plan

The following description of the West Virginia University Dental Corporation 403(b) Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all non-student dental physicians of West Virginia University Dental Corporation (the "Company") that work at least 20 hours per week. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Investment Options

The custodian of the Plan is the Teachers Insurance Annuity Association and College Retirement Equity Fund ("TIAA-CREF"), referred to as "the Custodian." TIAA-CREF maintains the investments and provide record-keeping functions for the Plan. Each participant's account, at the direction of the participant, may be invested in any of several investment options offered by the Custodian.

Contributions

Participants are required to make mandatory employee pre-tax contributions in the amount of 6 percent of eligible compensation, as defined by the Plan and may elect to make additional pre-tax contributions, up to the maximum limits of the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participant contributions to the Plan are recorded in the period that payroll deductions are made from participants.

Participants that have attained age eighteen are eligible to receive matching Company contributions equal to 100 percent of the first 6 percent of eligible compensation that participants contribute to the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) the Plan's earnings, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Company's contributions plus actual earnings thereon.

West Virginia University Dental Corporation 403(b) Plan

Notes to Financial Statements

December 31, 2014 and 2013

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum, partial, or annual installment payment amounts equal to the value of the participant's vested interest in their account. The amount, form, and timing of distributions available to a participant may also be limited by the investment options that comprise their vested account balance.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the contract value of the guaranteed annuity contract, as contract value approximates fair value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis for fully benefit-responsive investment contracts.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Custodian. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements
December 31, 2014 and 2013

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* ("ASU 2015-07"). ASU 2015-07 removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value per share practical expedient under Accounting Standards Codification 820. ASU 2015-07 is effective for the Plan for years beginning after December 15, 2016 with early adoption permitted. Management is currently evaluating the impact of the pending adoption of ASU 2015-07 on the Plan's financial statements.

In July 2015, the FASB issued Accounting Standards Update No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient* ("ASU 2015-12"). Part I of the accounting standards update requires fully-benefit responsive investment contracts to be measured, presented, and disclosed only at contract value. Part II of this update requires that investments (both participant-directed and nonparticipant-directed investments) be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways. Part II also eliminates the disclosure of individual investments that represent 5 percent or more of net assets available for benefits and the disclosure of net appreciation or depreciation for investments by general type, requiring only presentation of net appreciation (depreciation) in investments in the aggregate. Additionally, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is a fund that files a U.S. Department of Labor Form 5500, as a direct filing entity, disclosure of that investment's strategy is no longer required. Part III of the update permits plans to measure investments and investment-related accounts (e.g., a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015, with early application permitted. The amendments within Parts I and II require retrospective application; whereas, the amendments within Part III should be applied prospectively. Management is currently evaluating the impact of the pending adoption of ASU 2015-12 on the Plan's financial statements.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 6, 2015, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

The CREF separate accounts are valued based on net asset value ("NAV") per unit of participation in the fund and have no unfunded commitments or significant redemption restrictions. NAV is valued based on the fair value of the underlying assets of the fund derived from or corroborated by observable market data by correlation or other means, although not based upon quoted market prices in an active market. The funds invest principally in equity securities, fixed income instruments, and short-term instruments in accordance with each fund's investment objectives as follows:

The equity funds' objectives are for long-term rates of return from a diversified portfolio of common stock. The funds invest in domestic industries common stock linked to public indexes or provide for exceptional growth; comprised of technology, consumer products and services, manufacturing and materials, healthcare, financial, energy, utilities, and short-term investments.

West Virginia University Dental Corporation 403(b) Plan

Notes to Financial Statements

December 31, 2014 and 2013

The balanced funds' objectives are for long-term rates of return and stable income through diversification. The funds invest in equities, long-term bonds and short-term investments.

The international equity funds' objectives are for favorable long-term rates of return from a diversified portfolio of common stock. The funds invest in domestic and foreign industries; comprised of technology, consumer products and services, manufacturing and materials, healthcare, financial, energy, utilities, and short-term investments.

The fixed income funds' objectives are for long-term rates of return consistent with preserving capital. The funds invest in mortgage-backed securities, corporate bonds, U.S. treasury securities, foreign government and corporate, bonds denominated in U.S. dollars, U.S. agency securities, commercial mortgage-backed securities, asset-backed securities and short-term investments.

The money market fund's objective is for stable income consistent with maintaining liquidity and preserving capital. The fund is not insured by the Federal Deposit Insurance Corporation or any other government agency. The fund invests in commercial paper, U.S. government and government agency obligations, certificates of deposits, floating-rate securities, U.S. agency, bankers' acceptances, and medium-term bonds and notes.

The TIAA real estate fund is valued based on NAV per unit of participation in the fund and has no unfunded commitments or significant redemption restrictions. The fund objective is for long-term returns through rental income and appreciation of real estate investments owned in the fund. The fund invests in real property and short-term high quality investments to maintain liquidity to guarantee redemption requests. The real properties consist of office, industrial, retail, and multi-family residential properties. The account is permitted to invest in foreign real estate investments. The values of the properties held in the fund are based on professional opinions and appraisals which incorporate valuation methodologies to determine fair value including cash flows models, market models and other similar techniques.

The guaranteed annuity contracts consist of the TIAA Traditional Annuity Account ("TIAA Account"). The TIAA Account is reported at contract value, which approximates fair value, based on TIAA-CREF's ability to pay the guaranteed claims in accordance with the terms of the contract. As of December 31, 2014, TIAA-CREF's credit ratings were as follows: A++ by A.M. Best Company, AAA by Fitch Ratings, Aa1, by Moody's Investors Service, and AA+ by Standard & Poor's. Management believes the credit ratings of TIAA-CREF as of the measurement date uphold the TIAA Account's ability to meet obligations set forth in the contracts.

Contract value is the aggregation of contributions, plus interest, less withdrawals, if any. Crediting rates are a combination of a guaranteed rate and an annually established discretionary rate. Additionally, the discretionary rate applied to contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end of the prior reporting period. Contract value approximates a discounted cash flow value calculated using an appropriate risk-adjusted market discount rate which correlates closely with the TIAA Account's historical crediting rates.

West Virginia University Dental Corporation 403(b) Plan

Notes to Financial Statements
December 31, 2014 and 2013

The TIAA Account has redemption restrictions based on the terms of the underlying contract selected by the participant (see Note 5), and is an unfunded commitment as claims against the contracts are solely supported by TIAA-CREF's ability to pay on such claims. The redemption restrictions do not have a material impact on the contract value of the TIAA Account.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

4. Investments

The following presents investments that represent 5 percent or more of the Plan's net assets available for benefits at December 31, 2014 and 2013:

	<u>2014</u>	<u>2013</u>
TIAA Traditional Annuity Account	\$ 1,554,943	\$ 1,517,874
CREF Stock	1,005,210	1,017,930
CREF Social Choice	*	236,317

* Investment did not represent 5 percent or more of the Plan's net assets.

During 2014, the Plan's investments (including gains and losses on investments bought, sold, as well as held during the year) appreciated in value as follows:

Separate accounts - CREF	\$ 138,065
Real estate fund - TIAA	2,715
Guaranteed annuity contracts - TIAA Account	<u>55,387</u>
Net appreciation in fair value of investments	<u>\$ 196,167</u>

5. Guaranteed Annuity Contracts with Insurance Company

The Plan offers the option to invest in guaranteed annuity contracts in the TIAA Account, with TIAA-CREF, an insurance company. Contributions are maintained in a general account which is credited with earnings based on a guaranteed rate of return determined by TIAA-CREF. The guaranteed annuity contract of the issuer is a contractual obligation to repay the principal and a specified interest rate that is guaranteed to the Plan.

Plan participants entered into these contractual agreements with TIAA-CREF through the Plan by selecting a TIAA Account. Participants of the Plan may invest in the following transitional accounts offered by TIAA-CREF: Retirement Annuity ("RA"), Group Retirement Annuity ("GRA"), Supplemental Retirement Annuity ("SRA"), and Group Supplemental Retirement Annuity ("GSRA") which have varying withdrawal options and distributions.

As described in Note 2, because the SRA and GSRA annuity contracts are fully-benefit responsive guaranteed annuity contracts, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed annuity contract. Contract value, as reported to the Plan by TIAA-CREF, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The RA and GRA contracts are non-benefit responsive guaranteed annuity contracts and are valued based upon TIAA-CREF's quoted redemption value of contracts owned by plan participants at year end. As such, fair value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed annuity contracts. Fair value, as reported to the Plan by TIAA-CREF, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses with market value adjustment, if significant.

West Virginia University Dental Corporation 403(b) Plan

Notes to Financial Statements

December 31, 2014 and 2013

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon by the issuer, which will not be less than zero percent. Such interest rates are reviewed on an annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants, is probable.

The TIAA Account is a single group annuity contract with a fixed rate of interest. Interest is credited to the TIAA Account and accumulations include a guaranteed rate, plus discretionary additional amounts determined annually by the TIAA-CREF Board of Trustees. The additional amounts, when declared, remain in effect through the "declaration year," which begins each March 1. The guaranteed annual interest rate is 3 percent for all premiums remitted since 1979 under all TIAA Account accumulating contracts. It is not a portfolio of contracts whose yields is based on changes in fair value of underlying assets, therefore the average yield earned by the Plan is the interest earned on the guaranteed annuity contracts. The TIAA Account does not permit TIAA-CREF to terminate the agreement prior to the scheduled maturity date. The following table summarizes the ranges of crediting interest rates at December 31, 2014 and 2013, depending on the period in which the contribution was made:

	2014	2013
Retirement Annuity (RA)	3.50% - 4.75%	3.25% - 5.00%
Group Retirement Annuity (GRA)	3.50% - 4.75%	3.25% - 5.00%
Supplemental Retirement Annuity (SRA)	3.00% - 4.00%	3.00% - 4.25%
Group Supplemental Retirement Annuity (GSRA)	3.00% - 4.00%	3.00% - 4.25%

6. Related Party and Party In Interest Transactions

Certain of the Plan's investments are managed by the Custodian, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

West Virginia University Dental Corporation 403(b) Plan

Notes to Financial Statements

December 31, 2014 and 2013

8. Tax Status

The Plan has been designed to qualify under Section 403(b) of the IRC. Effective April 2013, the IRS implemented a program for Section 403(b) plans; the Plan will comply accordingly. The plan administrator believes the Plan is operating in accordance with the applicable requirements of Section 403(b) of the IRC and therefore believes the Plan is qualified and the related custodial accounts are tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

10. Administration of Plan Assets

The Plan's assets are administered under a contract with TIAA-CREF, the Custodian of the Plan. The Custodian invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants. Certain administrative expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements.

11. Information Certified by Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2014 and 2013. Accordingly, TIAA-CREF, the Custodian of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2014 and 2013 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2014, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2014.
