LIMA MEMORIAL HOSPITAL 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF THE PLAN

The following brief description of the Lima Memorial Hospital (the Employer) 401(k) Retirement Plan (the Plan) provides general information only. Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Employer. Employees are eligible to participate in the Plan if they are at least 18 years of age and have completed 90 days of service for deferrals and one year of service for Employer contributions.

Contributions

The Employer contributes a discretionary contribution. For 2014 and 2013, this amount was 3% of eligible employees' annual compensation. Participants may contribute up to 100% of their annual compensation but not more than that allowed by the Internal Revenue Service. Participants may also contribute amounts representing qualified rollovers from other qualified plans. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's contributions, and an allocation of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant-Directed Investment Options

Upon enrollment in the Plan, a participant may direct contributions in whole percentages to any investment options available during the year.

Vesting

Participants are vested immediately in their contributions plus actual earnings therein. Participants become vested in the Employer's contribution over a five-year period at 20% per year.

Notes Receivable From Participants

The Plan allows participants to apply for and obtain loans, limited to 50% of the participant's vested account balance not to exceed \$50,000. All loans must be repaid within five years unless the loan is used to finance the participant's primary residence, in which case, the term of the loan is not to exceed ten years. Interest is charged at a rate equal to the prime rate plus 2%. Payments of principal and interest are paid directly by the participants to the trustee.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant's vested account balance, if under \$5,000, is distributed in a lump-sum payment. Participants with balances greater than \$5,000 may elect to receive a lump-sum distribution or a life annuity.

Forfeited Amounts

Upon termination of a participant's employment, the nonvested portions of Employer contributions and earnings thereon are forfeited. Forfeitures are used to reduce future Employer contributions. For 2014 and 2013, the Employer used forfeitures in the amount of \$0 and \$0, respectively, to reduce their contribution and as of December 31, 2014 and 2013, the Plan had unallocated forfeitures in the amount of \$212,851 and \$135,811, respectively.

NOTES TO FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Finance Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain plan administrative costs (such as audit fees) have been paid by the Employer and are excluded from these financial statements.

Subsequent Events

Subsequent events have been evaluated through September 22, 2015, which is the date the financial statements were available to be issued.

Recent Accounting Pronouncements

On July 31, 2015, in an effort to simplify plan accounting, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient*. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015. Earlier application is permitted. Retrospective application is required for Parts I and II on all periods presented. There is no anticipated effect on the value of the net assets available for benefits, as the main changes resulting from implementation of this ASU centers around certain disclosures in the notes to the financial statements. The adoption of ASU 2015-12 is expected to be adopted for the plan year beginning January 1, 2015 (and will be applied retrospectively as required).

NOTES TO FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

In October 2012, the FASB issued ASU 2012-04, Technical Corrections and Improvements. The amendments in this update cover a wide range of topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to periods beginning after December 15, 2013, for non-public entities, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments is included in Note 5. The adoption of ASU 2012-04 has not had and is not expected to have a material impact on subsequent periods.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY METROPOLITAN LIFE INSURANCE COMPANY

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2014 and 2013, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2014 and 2013, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Metropolitan Life Insurance Company (the trustee of the Plan).

NOTE 4: INVESTMENTS

The Plan's investments that represent five percent or more of the Plan net assets available for benefits as of December 31, 2014 and 2013 are as follows:

Goldman Sachs Growth Opportunities I Fund	0*	3,414,468

* Included for comparative purposes. Value does not represent five percent or more of the Plan net assets available for benefits for the applicable year.

NOTE 5: FAIR VALUE MEASUREMENTS

Generally accepted accounting principles include a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

LIMA MEMORIAL HOSPITAL 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 5: FAIR VALUE MEASUREMENTS (CONTINUED)

- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan at year end. NAV is based on the value of underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. NAV is a quoted price in an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

NOTE 6: RELATED PARTY OF PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. During 2014 and 2013, the Plan paid administrative fees of \$68,510 and \$57,103 to Met Life. Additionally, the Plan holds party-in-interest receivables of \$749,797 and \$738,717 at the end of December 31, 2014 and 2013, respectively, in the form of participant loans.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts and distribution would be made in the amounts of their respective account balances.

NOTE 8: INCOME TAX STATUS

The Company adopted a non-standardized 401(k) profit sharing prototype plan document, which received a favorable opinion letter from the Internal Revenue Service stating that the prototype document is acceptable under section 401 of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, the Plan qualifies under section 401(a) of the IRC and the related trust is tax-exempt.

U.S. GAAP require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan provides for various investment options in mutual funds. The underlying investment securities are exposed to various risks, such as interest rate, market and credit risks.
