Hadley 401(k) Plan

Notes to Financial Statements

December 31, 2014 and 2013

Note 1: Description of the Plan

The following description of the Hadley 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

General

The Plan is a defined contribution plan covering all full-time employees of Fort Smith 3, Inc. (Company) who have at least one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). James K. Hadley is the trustee of the Plan. Great-West Life and Annuity Insurance Company serves as the Plan custodian.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to 25% of eligible compensation. Employee rollover contributions are also permitted. The Company makes matching contributions of 25% of employees' salary deferral amounts up to 4% of employees' compensation. Contributions are subject to certain limitations.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his contributions into any of the separate investment accounts and may change the allocation daily.

The Plan Document also includes an automatic deferral feature whereby a participant is treated as electing to defer a certain percentage of eligible compensation unless the participant made an affirmative election otherwise. The automatic deferral feature also provides for an annual increase in the percentage deferred and is ultimately capped at 6%.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is fully vested after 5 years of continuous service. The nonvested balance is forfeited upon termination of service. Forfeitures are used to reduce Company contributions and pay plan expenses.

Hadley 401(k) Plan

Notes to Financial Statements

December 31, 2014 and 2013

Payment of Benefits

Upon termination of service, an employee may elect to receive either a lump-sum amount equal to the value of his account or a joint and survivor annuity.

Forfeited Accounts

At December 31, 2014 and 2013, forfeited nonvested accounts totaled \$3,250 and \$2,131, respectively. These accounts will be used to reduce future employer contributions/reallocated to participants in the same manner as employer contributions. In 2014, \$588 of forfeited nonvested accounts was allocated to participants. There was no allocation of forfeited nonvested accounts during 2013.

Notes Receivable from Participants

The Plan document includes provisions authorizing notes receivable from the Plan to active eligible participants. The maximum amount of a participant's notes receivable is determined by the available note receivable balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. All notes receivable are covered by demand notes and are repayable over a period not to exceed five years (except for notes receivable for the purchase of a principal residence) through payroll withholdings unless the participant is paying the note receivable in full. Loans will bear a fixed rate of interest based on the fixed interest rates currently being charged by commercial lenders for loans of similar circumstances as determined by the loan administrator.

Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Hadley 401(k) Plan

Notes to Financial Statements

December 31, 2014 and 2013

Investment Valuation and Income Recognition

Pooled separate accounts are valued at estimated fair value as provided by Great-West Life and Annuity Insurance Company.

The guaranteed investment contract is valued at contract value which does not vary significantly from fair market value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 3: Certification of Plan Custodian

The Company has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company, LLC, the custodian of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2014 and 2013
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2014 and 2013
- Investment information included in the accompanying schedule of assets (held at year end) as of December 31, 2014

Hadley 401(k) Plan

Notes to Financial Statements

December 31, 2014 and 2013

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Investments

The following presents investments that represented 5% or more of the Plan's net assets available for benefits:

	2014	2013
* Guaranteed Portfolio Fund	\$ 372,978	\$ 295,105
* Great-West Lifetime 2015 Fund II T1	121,907	140,425

	<u>\$ 1,181,300</u>	<u>\$ 1,067,526</u>

*Denotes a party-in-interest

The Plan's investments (including investments bought, sold and held during the year) appreciated in fair value as follows:

	2014	2013
Pooled separate accounts	<u>\$ 59,416</u>	<u>\$ 139,843</u>

Note 5: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan invests in certain funds of the Plan custodian. The Plan paid \$6,585 and \$5,121 of recordkeeping fees to the Plan custodian during 2014 and 2013, respectively. Individually nonmaterial expenses paid to parties-in-interest aggregated \$1,231 for 2014 and \$1,107 for 2013. The Company provides certain administrative services at no cost to the Plan.

Hadley 401(k) Plan
Notes to Financial Statements
December 31, 2014 and 2013

Certain plan investments are units of pooled separate accounts and a guaranteed portfolio account managed by Great-West Retirement Services, which is the custodian as defined by the Plan agreement. Therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Note 6: Disclosures about Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2014 and 2013:

Notes to Financial Statements

December 31, 2014 and 2013

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2014. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. There were no Level 1 securities. If quoted market prices are not available, then fair values are estimated by using pricing models and quoted prices of securities with similar characteristics. Level 2 securities include the pooled separate accounts, which are valued at estimated fair value as provided by Great-West Life and Annuity Insurance Company, and the guaranteed investment contract, which is valued at contract value which does not vary significantly from fair market value. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. There were no Level 3 securities.

Note 7: Reconciliation of Financial Statements to Form 5500

Hadley 401(k) Plan

Notes to Financial Statements

December 31, 2014 and 2013

Note 8: Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 9: Tax Status

The Plan operates under a standardized adoption agreement in connection with a prototype 401(k) profit-sharing plan and trust sponsored by Orchard Trust Company. This prototype plan document has been filed with the appropriate agency and has obtained a determination letter from the Internal Revenue Service stating that the prototype constitutes a qualified plan under Section 401 of the Internal Revenue Code and that the related trust was tax exempt as of the financial statement date. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal government. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 10: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.
