NOTES TO FINANCIAL STATEMENTS
December 31, 2014

NOTE A -- Description of the plan and significant accounting policies

The following description of the BizLab, Inc. 401(k) Plan ("the plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General

The plan is a defined-contribution plan covering employees of BizLab, Inc., Sterling Commerce Group, Inc., Sterling Law Offices, S.C. and Marketing Miracles, Inc. ("the company") who have two consecutive months of service. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees is responsible for oversight of the plan, determining the appropriateness of the plan's investment offerings, and monitoring investment performance.

Contributions

Each year, participants may contribute up to 100% of annual compensation, as defined in the plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans (rollover). Participants are permitted to direct the investment of their contributions into various investment options offered by the plan. The company contributes 100% of the first 4% of base compensation that a participant contributes to the plan as a discretionary safe harbor matching contribution. Additional profit sharing amounts may be contributed at the option of the company's board of directors. In 2014, the company made no profit sharing contributions. Annual contributions from all sources are subject to certain limitations defined by the Internal Revenue Service ("IRS").

Forfeited accounts

At December 31, 2014 and 2013, forfeited nonvested accounts totaled \$0 and \$380, respectively. These accounts will be used to reduce employer contributions.

Participant accounts

Each participant's account is credited with the participant's contribution and company Safe Harbor matching contributions as well as allocations of the company's profit sharing contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the plan. Allocations are based on participant earnings, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and company safe harbor matching contributions plus actual earnings thereon. Vesting in the company's other profit sharing contributions portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

BIZLAB, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2014

NOTE A -- Description of the plan and significant accounting policies (Continued)

Distributions

On termination of service due to death, disability, retirement or other reasons, a participant with an account valued at less than \$5,000 shall receive a lump-sum distribution. For accounts exceeding \$5,000 the participant may elect a lump-sum distribution or may elect to defer such distribution to any valuation date subsequent to his/her termination date, but no later than the valuation date of his/her normal retirement date; or the participant may elect to rollover the distribution to another qualified plan. The plan permits in-service distributions at age 59 ½. The plan permits hardship distributions if certain criteria are met.

Notes receivable from participants

Participants may not borrow from their fund accounts.

A summary of significant accounting policies follows:

Basis of accounting

The financial statements of the plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan's Trustee determines the plan's valuation policies utilizing information provided by the investment advisors and custodians. See NOTE C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the plan are paid directly by the company and are excluded from the financial statements. Investment related expenses are included in net appreciation of fair value of investments.

U.S. GAAP provides a framework for measuring fair value, which establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

Level 1 Fair Value Measurements

The fair value of registered investment companies are based on quoted net asset values of the shares held by the plan at year end.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2014 are reported in net appreciation in fair value of investments.

BIZLAB, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2014

NOTE D -- Party-in-interest transactions

Capital Bank and Trust Company is the trustee of the plan and is therefore designated as a fiduciary and party-in-interest. Party-in-interest transactions occur in the course of ordinary business and are exempt transactions.

Fees paid during the year for accounting and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

NOTE E -- Concentration of market risks

The plan invests in various investments securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE F -- Tax status

The IRS has determined and informed the company by a letter dated March 31, 2008 that the plan and related trust are designed in accordance with applicable sections of the IRC. Although the plan has been amended since receiving the determination letter, the plan administrator and the plan's tax counsel believe that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE G -- Plan termination

Although it has not expressed any intent to do so, the company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their allocated company contributions.

NOTE H -- Prohibited transactions

During 2014, the company failed to remit certain employee contributions to the plan/trustee within a timely basis, which are prohibited transactions under ERISA. (See supplemental Schedule H, Line 4a for details)
