INDEPENDENT AUDITORS' REPORT

To the administrative Committee of
Swaner Hardwood Co., Inc.
Profit Sharing/401(k) Plan
Burbank, California

We have audited the accompany financial statements of Swaner Hardwood Co., Inc. Profit Sharing/401(k) Plan (the Plan), which comprise the statements of net assets available for benefits of as of December 31, 2014 and 2013, the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimated made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for Qualified Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by State Street Bank & Trust Company for 2014 and 2013, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Qualified Opinion

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, the financial statements referred to in the first paragraph present fairly, in all material respects, the financial status of Swaner Hardwood Co., Inc. Profit Sharing/401(k) Plan as of December 31, 2014 and 2013, and the changes in its financial status for the year ended December 31, 2014, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audit is conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and related directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, except for the effects of the matter described in the basis for Qualified Opinion paragraph, the information is fairly stated in all material respects in relation to the financial statements as whole.

SWANER HARDWOOD CO., INC.
PROFIT SHARING/401(K) PLAN
Notes to Financial Statements
For the Year Ended December 31, 2014

NOTE A – DESCRIPTION OF THE PLAN

The following description of the Swaner Hardwood Profit Sharing/401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Swaner Hardwood Company, Inc., Mt. Baker Products, Inc., and Goodyear Nelson Hardwood Lumber Co., Inc. (the Company) who have completed twelve months of service with one thousand hours of service within that year and are age twenty-one or older. The Plan provides for monthly entry dates for those employees having satisfied the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may defer tax free, 1% to 90% of their qualified annual compensation to the Plan, limited to a maximum annual amount as set by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan provides for a discretionary matching contribution. Although this contribution is at the discretion of the Board of Directors, it is company policy to match 25% of the participants' deferral subject to a maximum of 5% of the participant's compensation. The Company's matching contributions to the Plan totaled $48,157 for the year ended December 31, 2014.

In addition, the Plan provides for discretionary profit sharing contributions as determined by the board of directors. Such contributions to the Plan are allocated among eligible participants in the proportion of their compensation to total compensation of all participants. No profit sharing contributions were made for the year ended December 31, 2014.

Participant Account

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution, plan earnings or losses and is charged with actual expenses incurred by the participant such as loan fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A – DESCRIPTION OF THE PLAN (continued)

Vesting

Participants immediately vest in their tax deferred contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contributions plus actual earnings thereon is based on years of service. Participants become 100% vested after six years of credited service except in the case of retirement, death, or disability in which case, participants will immediately vest in their entire account balance.

Notes Receivable from Participants

The Plan allows for participants to borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of 4.25%, which is commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through bi-monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants are also allowed to begin receiving distributions from their accounts upon reaching the age of 59 ½.

Forfeited Accounts

At December 31, 2014 and 2013, there were $1,103 and $2,544 forfeited non-vested accounts. Forfeited accounts may be used to reduce future employer contributions. During the year ended December 31, 2014, employer contributions were reduced by $551 from prior forfeited nonvested accounts.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

The Company has evaluated subsequent events through October 1, 2015, the date in which these financial statements were available to be issued. As of this date, there have been no significant events that occurred for which the Company has deemed such disclosure necessary.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investments

Guaranteed Investment Contract. The Plan holds a guaranteed investment contract in common/collective trusts. The plan reports this investment at fair value as determined by the net asset value (NAV) of shares held by the Plan at year end and adjusts it to contract value. This investment represents more than 5% of net assets. See Note C for further fair value disclosures.

Registered Investment Companies. The Plan has invested in registered investment companies. These investments consist of mutual funds and are recorded at fair market value as published in market listings and represent more than 5% of net assets. See Note C for further fair value disclosures.

Notes Receivable from Participants

The trustee of the Plan notifies the Company of past due or delinquent loans. If a note receivable becomes uncollectible, it is Plan policy to deem the defaulted loan a distribution, which according to the Plan document may be taxable to the participant. The Plan's management expects that all outstanding loans will be collected by the Plan. There is no allowance for doubtful accounts as of December 31, 2014.

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Benefits Paid to Participants

Benefits paid to participants are recorded when paid.

Operating Expenses

The Company paid all of the Plan's investment fees except for $24,804 for the year ended December 31, 2014, which were paid by the Plan.

NOTE C – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the report date.

The fair value measurement accounting literature established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2014, there were no significant transfers into or out of Level 3.

The following table presents by level, within the fair value hierarchy, the plans assets measured at fair value on a recurring basis as of December 31, 2014 and 2013.

	Fair Value	Level 1	Level 2
December 31, 2014			
Common/collective trusts	$ 2,778,262	$ 2,778,262	-
Registered investment companies	6,951,004	6,951,004	$ -
Total investments at fair value	$ 9,729,266	$ 9,729,266	$ -
December 31, 2013			
Common/collective trusts	$ 2,699,135	$ 2,699,135	-
Registered investment companies	6,376,334	6,376,334	-
Total investments at fair value	$ 9,075,469	$ 9,075,469	$ -

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2014 are reported in net gain on registered investment companies and common/collective trusts.

NOTE D - INFORMATION CERTIFIED BY THE DELAWARE CHARTER GUARANTEE & TRUST COMPANY AND STATE STREET BANK & TRUST COMPANY

During the year ended December 31, 2014, participants of the Plan directed the investment allocation of their individual accounts. Total investments allocated to participant accounts are $9,729,266 at December 31, 2014. State Street Bank & Trust Company certified the following information included in these financial statements:

Description	Value at 12/31/14	Value at 12/31/13	Net Change In Value
Common/collective trusts	$ 2,778,262	$ 2,699,135	79,127
Registered investment companies	6,951,004	6,376,334	574,670
Total	$ 9,729,266	$ 9,075,469	$ 653,797

The amounts invested in common/collective trusts and registered investment companies are both in excess of 5% of total Plan investments.

The net increase in asset value of $653,797 was the result of Plan activity. Increases in value include participant and employer contributions, interest earnings, realized and unrealized gains on investments, rollovers of participant account balances into the Plan, and participant directed transfers between investment options. Decreases in value include benefit payments, administrative expenses, realized and unrealized losses on investments, and participant directed transfers between investment options. More information and detail on the above increases and decreases can be obtained from management of the Plan.

NOTE E – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE F – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	December 31, 2014	December 31, 2013
Net assets available for benefits per the financial statements	$ 9,819,886	$ 9,148,283
Net assets available for benefits per Sch. H to the Form 5500	$ 9,819,886	$ 9,148,283

NOTE G - INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated July 22, 2003, that the Plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by tax authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that for the year ended December 31, 2014, and for all previous tax years subject to investigation by the relevant taxing authorities, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is no longer subject to investigation by the relevant taxing authorities for tax years before 2011.

NOTE H – RELATED PARTY TRANSACTIONS

Certain Plan investments are in shares of mutual funds managed by ADP. ADP is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amount to $24,804 for the year ended December 31, 2014.

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Schedule C, Line 2(h) Formula Description

For those service providers listed on Line 2 for which Line 2(h) has been checked "yes":

For a description of indirect compensation received by service providers listed on Line 2 that was disclosed as a formula, please see Line 3(e). Please note: If indirect compensation disclosed as a formula was received by a service provider from more than one source, there will be multiple Lines 3(e) for that service provider.
