Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Sonnenalp Properties Profit Sharing Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2014, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we are not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by American United Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the 2014 financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2014, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2014 financial statements. Accordingly, we do not express an opinion on the 2014 financial statements.

Other Matter – Supplemental Schedule
The supplemental schedule H, line 4i-schedule of assets held at end of year as of December 31, 2014, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Other Matter – 2013 Financial Statements
The financial statements of the Plan as of December 31, 2013, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed the predecessor auditors not to perform, and they did not perform any auditing procedures with respect to the information certified by American United Life Insurance Company, the custodian of the Plan. Their report, dated September 10, 2014, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance with DOL Rules and Regulations 2014
The form and content of the information included in the 2014 financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of Plan

The following brief description of the Sonnenalp Properties Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering qualified employees of Sonnenalp Properties, Inc., SPI Golf, Inc., SPI Property Management Grille at Singletree LLC and Swiss Chalet LLC (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees are eligible to participate in the Plan if they have completed 1 year of service, are 21 years of age, and are not a member of the following classes of employees:

- Non-resident aliens
- Any citizen or resident of a foreign country, expect those who work in the United states under the following VISA or NAFTA categories:
    - All categories are excluded except as expressly required by United States Immigration Law

A year of service for purposes of eligibility is a consecutive 12-month period during which the employee has 1,000 or more hours of service.

Entry Date

Employees may enter the Plan on the first day of the quarter coinciding with or following the date they satisfy the Plan’s eligibility requirements.

Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan Document. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Company may make a discretionary matching contribution equal to a uniform percentage of each participant’s salary deferrals, with the discretionary percentage determined annually by the Company (not to exceed 4% of annual compensation). For 2014 and 2013, the Company matched participant contributions up to 2% of annual compensation. Additional profit sharing contributions may be made at the discretion of the Company. No such additional discretionary contributions were made for the year ended December 31, 2014.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and the Company’s matching contribution, as well as an allocation of the Company’s discretionary contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant’s earnings, account balances or specific participant transactions, as defined by the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Vesting is based on years of credited service as set forth in the following table:

Participant's Years of Service	Vested Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

At December 31, 2014 and 2013, forfeited non-vested accounts totaled $2,344 and $2,020, respectively. These accounts may be used to pay plan expenses or reduce future employer contributions. During the year ended December 31, 2014, employer contributions were reduced by $2,678 from forfeited non-vested accounts.

Payment of Benefits

Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or annual installments as defined in the Plan Document upon retirement, termination, death or disability. A terminated employee with a balance of less than $1,000 may be automatically paid out by the Plan upon termination. Distributions may be made at the participant’s election prior to termination upon attainment of age 59 ½ or hardship as defined in the Plan Document.

Death Benefits

The designated beneficiary is entitled to a death benefit distribution equal to the participant’s vested account balance.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 2 - Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount the participants would receive if they were to initiate permitted transactions under the terms of the Plan.

As of December 31, 2014 and 2013, the adjustment from fair value to contract value for fully benefit responsive investment contracts was insignificant, and accordingly, the fair value of the investment contracts approximates contract value in the accompanying statements of net assets available for benefits. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis for fully benefit-responsive investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the plan’s gains and losses on investments bought and sold as well as those held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

The Plan’s expenses are paid by either the Plan or the Company, as provided by the Plan Document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net asset available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Note 3 - Investments

The Plan's investments that represented 5% or more of the Plan's net assets available for benefits as of December 31, 2014 and 2013 are as follows:

	2014	2013
T. Rowe Price Retirement 2030 Fund	$ 1,247,409	$ 1,153,074
T. Rowe Price Retirement 2055 Fund	473,854	437,604
T. Rowe Price Retirement 2020 Fund	437,467	433,622
T. Rowe Price Retirement Balance Fund	307,587	281,930
AUL Stable Value Account	214,885	259,742

During the year ended December 31, 2014 the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Guaranteed investment contract	$ 3,651
Pooled separate accounts	186,459
Net appreciation in fair value of investments	$ 190,110

The classification of investment earnings reported above and in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2014 and 2013.

Pooled separate accounts: Valued at fair value based on the net asset value (NAV) of the observable market prices of the underlying assets within that account less liabilities.

Guaranteed investment contract: The Plan's valuation methodology used to measure the fair value of the guaranteed investment contract was derived using inputs from the related contracts and stated interest rates. The fixed interest account is included at its contract value in the Statements of Net Assets Available for Benefits, which approximated the fair value at December 31, 2014.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments that are measured at fair value as of December 31, 2014 and 2013:

	2014

Transfers Between Levels

The availability of observable market data is monitored to assess the appropriate classifications of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2014, there were no significant transfers in or out of levels 1, 2, or 3.

Fair Value Measurement and Disclosure (Topic 820): Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent) requires disclosures of certain attributes in entities that calculate a net asset value per share (or its equivalent) and do not have a readily determinable fair value. The following table sets forth the disclosure of the attributes at December 31, 2014 and 2013:

	2014			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Multi-strategy pooled separate accounts	$ 3,727,639	$ -	Daily	Daily

	2013			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Multi-strategy pooled separate accounts	$ 3,568,581	$ -	Daily	Daily

Multi-strategy pooled separate accounts consist of various investment options (i.e. common stock, mutual funds, short-term securities, real estate) and are valued based on the investments held. While the majority of the underlying asset values are quoted prices, the net asset value of the pooled separate accounts are not publically quoted.

The following is a brief description of the nature and significant investment strategies of the major categories of pooled separate accounts:

Managed asset allocation – The pooled separate accounts in this category are primarily "target date funds" that seek total returns consisting of long-term growth and current income. Selected funds within this category may invest in domestic and foreign equity, real assets and alternative investments, and fixed income funds.

Small/mid U.S. equity – The pooled separate accounts in this category seek long-term growth by primarily investing in U.S. equity securities of companies with small to mid-size market capitalization. Selected funds within this category may invest in stocks of foreign companies, U.S. and foreign preferred stocks, convertible debt securities, equity-equivalent securities, non-leveraged stock index futures contracts and options, notes, bonds and other debt securities.

Fixed income securities – The pooled separate accounts in this category primarily invest in intermediate-term, fixed-income investments, such as public and private corporate bonds, commercial and residential mortgages, asset-backed securities, and U.S. Government and agency-backed securities.

Large U.S. equity – The pooled separate accounts in this category primarily invest in equity securities of U.S. companies with large market capitalization. Selected funds within this category may invest in stocks of foreign companies, convertible debt securities, and real estate investments trusts.

International equity – The pooled separate accounts in this category seek long-term growth by investing in common stocks of non-U.S. companies. Funds within this category may invest in securities of companies with their principal place of business or principal office in emerging market countries or index futures and options and exchange traded funds.

U.S. real estate – The pooled separate accounts in this category invests the majority of its assets in U.S. commercial real estate holding including multifamily, office, warehouse, manufacturing, and retail properties. It focuses on properties that return both lease income and appreciation of the buildings' marketable value.

Note 5 - Information Certified by the Plan Custodian

The Plan Administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified by American United Life Insurance Company.

The Plan custodian has certified its statement of accounts as of December 31, 2014 and 2013 and for the year ended December 31, 2014. The statement of accounts includes beginning and ending balances of investments held, and detail of all transactions during the period, including investment earnings.

Note 6 - Tax Status

The Plan uses a prototype plan document sponsored by American United Life Insurance Company (AUL). AUL received an opinion letter from the IRS, dated March 31, 2008, stating that the prototype document satisfies the applicable provision of the IRC. The Plan itself has not received a determination letter from the IRS and the prototype has been amended since receiving the opinion letter. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 7 - Investment Contract with Insurance Company

The Plan has a benefit-responsive guaranteed investment contract with AUL. AUL maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. AUL is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There is no adjustment from fair value to contract value on the statement of net assets available for benefits as AUL believes that contract value is an appropriate determination of fair value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with the participants are probable of occurring.

	2014	2013
Average yields		
Based on annualized earnings	1.69%	1.64%
Based on interest rate credited to participants	1.56%	1.78%

Note 8 - Related Party and Party-in-Interest Transaction

Certain Plan investments are units of pooled separate accounts and a guaranteed investment contract managed by AUL, the custodian as defined by the Plan. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2014 and 2013 to Form 5500:

	2014	2013
Net Assets Available for Benefits per the Financial Statements	$ 3,942,524	$ 3,845,210
Accrual difference relating to contributions receivable	-	(10,377)
Net assets per the Form 5500	$ 3,942,524	$ 3,834,833

The following is a reconciliation of contributions per the financial statements for the year ended December 31, 2014 to Form 5500:

	2014
Total contributions per the financial statements	$ 252,697
Add contributions receivable - December 31, 2013	10,377
Total contributions per the Form 5500	$ 263,074

Note 11 - Subsequent Events

Effective January 1, 2015, the Plan was amended as follows:

- Automatic enrollment feature added for participants deemed eligible to participate in the Plan. Eligible employees will defer 2% and be enrolled within a default fund set up at the direction of the Plan Sponsor.

- Change the entry date for automatic enrollment of eligible employees from one year of service to six months of service.

The Plan sponsor has evaluated subsequent events through August 31, 2015, the date which the financial statements were available to be issued.
