1. DESCRIPTION OF THE PLAN

The following description of the Craig Zinn Automotive Group 401(k) Retirement Plan (the "Plan") provides only general information. Reference to the Plan agreement should be made for a more complete description of the Plan's provisions.

General

Craig Zinn Automotive Group (the "Group") is a group of related companies under common ownership. The Group established the Plan effective January 1, 1994. The Plan's sponsor is Triangle Auto Center, Inc. (the "Sponsor"), one of the entities in the Group. Contributions to the Plan are made by the participants and the Group. Participants may elect to defer up to 100% of their annual compensation, subject to Internal Revenue Service ("IRS") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Additionally, participants may rollover or transfer to the Plan any portion or all of the property received from another qualified employee benefit trust (rollover contribution). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Each year, the Group may make discretionary matching and/or profit sharing contributions to the Plan. During 2014 and 2013, the Group made a matching contribution of approximately $139,000 and $116,000 respectively, to the Plan. The matching contribution is calculated as the first 25% of participant deferrals up to 4% of employee compensation with a maximum of $800. There were no profit sharing contributions to the Plan for the years ended December 31, 2014 and 2013. Participants may contribute on a pre-tax basis up to 20% of their compensation subject to the annual limitation deferral amount established by the IRS.

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of earnings of the Group's matching contributions, if any, and the Plan's earnings. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Investment Options

Participants are permitted to direct their investments into guaranteed interest accounts or among various investments in pooled mutual funds and pooled money market funds, which include investment options that range from conservative to aggressive. Participants are permitted to change their investment options and/or allocations at their discretion.

1. DESCRIPTION OF THE PLAN (CONTINUED)

Vesting

Participants are immediately vested in their elective deferrals plus actual earnings thereon. Vesting in the Group's contribution portion of their accounts is based on years of continuous service. Vesting in non-elective contributions and matching contribution is based on years of service in accordance with the following:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Generally, the maximum loan term is 5 years. However, if the loan is for the purchase of a principal residence, the administrator may permit a longer term of 10 years. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 7.00%, which are commensurate with local prevailing rates as determined periodically by the custodian. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump-sum or direct rollover amount equal to the value of his or her account or periodic installments over a designated period. A hardship withdrawal may also be taken to satisfy an immediate and heavy financial need that cannot be satisfied from other financial resources. Hardship withdrawals may be taken for reasons as defined in the Plan agreement.

Forfeitures

If and when the Sponsor elects to make profit sharing or matching contributions, that portion of the participant's account balance that is not fully vested will be forfeited upon participant termination. Forfeitures will be used to reduce future Group contributions, if applicable. The forfeited portion is allocated to all participants eligible to share in the allocations in the same proportion that each participant's compensation (as defined) for the year bears to the compensation of all participants for such year.

Plan Expenses

Investment transaction costs are charged to the Plan and allocated among the participants based on their respective account value to total Plan assets. The Plan's sponsor absorbs certain costs incurred in the administration of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. The Plan's group annuity contract with John Hancock Life Insurance Company ("John Hancock") is not "fully benefit-responsive." Therefore, for financial statement purposes, this contract must be carried at fair value. Fair value also means market value. John Hancock pooled separate investment accounts are reported at fair value. John Hancock Guaranteed Interest Accounts are reported at contract value. The 2014 and 2013 John Hancock Guaranteed Interest Accounts contract value of $49,907 and $92,553 approximates the fair value of $49,619 and $92,022, respectively. Due to the immateriality of the difference, John Hancock Guaranteed Interest Accounts' portion of the contract is included in the financial statements at contract value, which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See NOTE 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment Management Fees and Operating Expenses

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned and are reflected as a component of net appreciation in fair value of investments.

Payment of Benefits

Benefits paid to participants are recorded when paid.

Tax Status

The Plan adopted its latest Prototype Non-standardized Profit Sharing Plan with a cash or deferral arrangement developed by Sentinel Benefits Group, Inc., effective January 31, 2006, which obtained a favorable IRS opinion letter on March 31, 2008 in which the IRS stated that the form of the underlying prototype plan was acceptable under provisions of the Internal Revenue Code (the "Code") and that any employer adopting this form of the plan will be considered to have a plan qualified under the Code. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code, and therefore, believes that the Plan is qualified and the related trust is tax-exempt.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Adoption of Accounting Pronouncement

In July 2013, the Financial Accounting Standards Board ("FASB") issued an accounting standard update which defers indefinitely the effective date of certain required disclosures in Accounting Standards Update No. 2011-04 of quantitative information regarding the significant unobservable inputs used in Level 3 fair value measurements of investments held by a plan not subject to the Securities and Exchange Commission's Filing requirements ("nonpublic employee benefit plan") in its plan sponsor's own nonpublic entity equity securities as well as equity securities of its plan sponsor's nonpublic affiliated entities. The update does not defer the effective date for certain quantitative disclosures for other nonpublic entity equity securities held in the nonpublic employee benefit plan or any qualitative disclosures. The update is effective upon issuance for any financial statements that have not been issued. The implementation of this update did not have a material effect on the financial statements.

Recent Accounting Pronouncement

In May 2015, the FASB issued an accounting standard update which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The update also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The update is effective for fiscal years beginning after December 15, 2016, and interim periods within those fiscal years. A reporting entity should apply the update retrospectively to all periods presented. Early adoption is permitted. The Plan is currently evaluating the effect the update will have on its financial statements.

Subsequent Events

The Plan has evaluated subsequent events through October 6, 2015, which is the date the financial statements were available to be issued.

3. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a group annuity investment contract with John Hancock, which receives the contributions and deposits them into either guaranteed interest accounts or into pooled separate investment accounts according to the participant's election. John Hancock pooled separate investment accounts are reported at fair value. John Hancock Guaranteed Interest Accounts are reported at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Contributions allocated to the guaranteed interest accounts are held in the John Hancock general account. Guaranteed interest accounts guarantee the return of principal plus interest earned over a defined 3, 5, or 10 year term – provided all contributions remain in the account until the end of the guarantee period.

3. INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

The Plan's group annuity contract with John Hancock is not "fully benefit-responsive." Therefore, for financial statement purposes, this contract must be carried at fair value. The contract is included in the financial statements at contract value, which approximates fair value, as reported by John Hancock. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at fair value.

4. INVESTMENTS

The following presents investments that represent 5 percent or more of the Plan's net assets available for benefits as of December 31:

	2014	2013
JH Lifestyle Growth	$ 2,588,944	$ 2,210,996
JH Lifestyle Aggressive	1,574,927	1,547,020
JH Lifestyle Balanced	1,775,938	1,508,115
Money Market Fund	*	569,917
Blue Chip Growth Fund	1,019,466	893,343

* Investment did not represent more than 5% of the Plan's net assets at year end.

During the years ended December 31, 2014 and 2013, the Plan's investments in pooled separate investment accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $532,836 and $1,725,150, respectively.

5. FAIR VALUE MEASUREMENTS

The FASB Accounting Standards Codification ("ASC"), *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the FASB ASC are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
  - quoted prices for similar assets or liabilities in active markets;
  - quoted prices for identical or similar assets or liabilities in inactive markets;
  - inputs other than quoted prices that are observable for the asset or liability;
  - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

5. FAIR VALUE MEASURMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013:

Insurance company guaranteed interest accounts: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer (NOTE 3).

Pooled separate investment accounts: Valued at fair value. Fair value of shares of an underlying fund equals the number of shares of the respective underlying fund multiplied by the closing net asset value per share quoted by that fund and held by the Plan at year end (NOTE 3).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

		Fair Value Measurements at Reporting Date Using:

6. INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian of the Plan, John Hancock, has certified that the following data included in the accompanying 2014 and 2013 financial statements and supplemental schedules is complete and accurate.

	December 31, 2014	December 31, 2013

Other income	111	4
Total investment income	**$ 557,860**	**$ 1,746,961**

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Group has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Group contributions, if applicable.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments include units of participation in pooled separate investment accounts managed by John Hancock from which it earns management fees. John Hancock is the custodian as defined in the Plan, and therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for the recordkeeping and administrative services amounted to $17,163 and $16,701, for the years ended December 31, 2014 and 2013, respectively, and are included within the net appreciation in fair value of investments.
