INDEPENDENT AUDITOR'S REPORT

Plan Administrator

Harlow-HRK Sales & Marketing, Inc. Employee Stock Ownership Plan:

Report on the Financial Statements

We have audited the accompanying financial statements of Harlow-HRK Sales & Marketing, Inc. Employee Stock Ownership Plan, which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making these risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Harlow-HRK Sales & Marketing, Inc. Employee Stock Ownership Plan as of December 31, 2014, and the changes in net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held for investment purposes and reportable transactions at end of year are presented for the purpose of additional analysis and are not a required part of the financial statements, but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

HARLOW-HRK SALES & MARKETING, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014

1. DESCRIPTION OF PLAN

The following description of Harlow-HRK Sales & Marketing, Inc. Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - Harlow-HRK Sales and Marketing, Inc. (the Company) established the Plan effective as of January 1, 2014. The Plan operates, in relevant part, as a leveraged employee stock ownership plan (ESOP) and is designed to comply with Sections 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 as amended (IRC), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by an Administrative Committee consisting of H. Pat Hobby and uses Crowe Horwath, LLP, as an independent third party administrator. First Bankers Trust Services, a corporate independent third party, is the Plan's trustee.

On June 30, 2014, the Plan purchased 1,000,000 shares of the Company's common stock with a loan to the Plan Sponsor (see note 5) and holds the common stock in a trust established under the Plan. Following the ESOP transaction, the Company is 100% owned by the Plan. The stock was purchased at a price of \$3.00 per share, for an aggregate purchase price of \$3,000,000.

The borrowing is collateralized by the unallocated shares of common stock. The Plan Sponsor has no rights against shares of common stock once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2014 and for the year then ended, present separately the assets and liabilities and changes therein pertaining to:

- a. The accounts of employees with rights in allocated common stock (allocated), and
- b. Common stock not yet allocated to employees (unallocated)

Eligibility - An eligible employee is any person employed by Harlow-HRK Sales & Marketing, Inc. and subsidiaries who has completed one year of continuous service, is age 21 or older and is employed on the next entry date. A year of service, for eligibility purposes, means a consecutive 12-month period in which the employee is credited with at least 1,000 hours of service. Provided however, that, any employee who on December 31, 2014, has attained age 21, and is employed by the employer, and who completed 1,000 hours or more of service during 2014, became a participant in the plan effective as of the effective date. Participants who do not have at least 1,000 hours of service during such Plan year or are not employed on December 31 of the Plan year are generally not eligible for an allocation of Company contributions for such year, unless they cease employment due to death, permanent disability, or retirement.

Employer Contributions - The Company is obligated to make cash contributions to the Plan in the amount sufficient to cover any loan obligation and other liabilities of the Plan as due. Additional cash or Company stock contributions may be made at the discretion of the Board of Directors. Employer contributions were \$197,487 in 2014.

Payment of Benefits - Distributions on account of death, disability, or retirement are made in the Plan year following the event. Distributions for other separations from service commence in the sixth Plan year following the separation from service. Distributions are made in the form of cash, stock, or any combination thereof at the discretion of the Plan Administrator. Shares of stock which are distributions shall, immediately following the distribution, be repurchased by the Plan Sponsor. The Plan Sponsor may elect to pay the purchase price in a lump or in five substantially equal annual installments and must pay a reasonable rate of interest on the installments. The amount to be distributed is based upon the immediately preceding valuation date.

Voting Rights - Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interests of Plan participants and beneficiaries.

Participants' Accounts - The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's accounts is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated accounts and forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to the total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance.

Vesting - If a participant's employment with the Company ends for any reason other than retirement, permanent disability, or death, he or she will vest in the balances in his or her account based on total years of service with the Company. Participants' vested interests increase from 20% after the second year of service to 100% after the sixth year. For purposes of determining a participant's vested interest in their Plan account, a participant shall receive credit for one year of service for each five years of service earned prior to the effective date of the plan.

Put Option - Under federal income tax regulations, the employer stock that is held by the Plan and its participants is not readily tradable on an established market, or is subject to trading limitations, and includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the previous year share price. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Forfeiture - Plan forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the Plan year. There were no forfeitures allocated in 2014. There were no forfeited nonvested accounts to be allocated to participant accounts in future years as of December 31, 2014.

Tax Status - The Plan has received a determination letter from the IRS dated February 18, 2015, stating that the Plan is qualified under the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the

Plan administrator believes that the Plan is qualified, and the related trust is tax-exempt at of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

The Plan has evaluated subsequent events through October 5, 2015, the date the financial statements were approved and authorized by the Plan administrator.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures of net assets available for benefits as of the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Allocations - The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees ("allocated"), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Diversification – Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan, may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of shares allocated to his or her accounts, less any shares previously diversified. In the sixth year, the percentage increases to 50 percent. Participants who elect to diversify will have the elected portion of their account transferred to a separate Directed Investment Account and invested in investment options made available by the Plan Administrator.

Investment Valuation and Income Recognition - The shares of Company common stock are valued at fair value. See note 4 for a discussion of the fair value measurements. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Expenses of the Plan - The Sponsor has elected to pay certain administrative expenses of the Plan and provides administrative services at no cost to the Plan. If not paid by the Sponsor, administrative expenses become a liability and are paid out of the Plan.

3. INVESTMENTS

The plan's investments, at December 31, are presented in the following table:

	2014	
	Allocated	Unallocated
Harlow-HRK Sales and Marketing, Inc Common Stock:		
Number of Shares	50,093.2854	949,906.7146
Cost	<u>\$ 150,280</u>	<u>\$ 2,849,720</u>
Estimated fair value of investments	<u>\$ 445,830</u>	<u>\$ 8,454,170</u>

4. FAIR VALUE MEASUREMENTS

The Plan's measurement of fair value for assets and liabilities is based on the framework established in the fair value accounting guidance. The framework is based on the inputs used in valuation, gives the highest priority to quoted prices in active markets, and requires that observable inputs be used in the valuations when available. The three levels of the hierarchy are as follows:

- Level 1: observable inputs such as unadjusted quoted prices in active markets for identical assets or liabilities
- Level 2: inputs other than quoted prices included in active markets that are observable either directly or indirectly
- Level 3: unobservable inputs in which there is little or no market data, which requires the Plan to develop its own assumptions

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2014:

Assets at Fair Value as of December 31 2014		
	Level 3	Total
Investment in Harlow-HRK Sales and Marketing, Inc. Common Stock	<u>\$ 8,900,000</u>	<u>\$ 8,900,000</u>
Total investment assets at fair value	<u>\$ 8,900,000</u>	<u>\$ 8,900,000</u>

Liabilities at Fair Value as of December 31 2014		
	Level 2	Total
Note payable	<u>\$ 2,850,000</u>	<u>\$ 2,850,000</u>
Total liabilities at fair value	<u>\$ 2,850,000</u>	<u>\$ 2,850,000</u>

Changes in Fair value of Level 3 Assets and Related Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2014.

	Level 3 Assets Year Ended December 31, 2014
Balance, beginning of year	\$
Purchases	3,000,000
Unrealized appreciation in estimated fair value	<u>5,900,000</u>
Balance, end of year	<u>\$ 8,900,000</u>

The amount of total gains or losses for the period included in changes in net assets attributable to the change in unrealized gains or losses relating to assets still held at the reporting date	<u>\$ 5,900,000</u>
---	---------------------

Unrealized gains and losses included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the Statement of Changes in net Assets Available for Benefits.

The Harlow-HRK Sales and Marketing, Inc. common stock held by the Plan is valued at fair value based upon an independent appraisal. The valuation process involved the selection of an independent appraiser by the trustee. Plan management accumulates the data for the appraiser from historical and projected financial information of the Company. The appraiser prepares a preliminary report that plan management, along with the ESOP trustee, reviews in detail, discusses, and approves.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different valuation methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. LOAN PAYABLE

In 2014, the Plan entered into a \$3,000,000 term loan agreement with the Plan Sponsor. The proceeds of the loan were used to purchase Company common stock. Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral, times the ratio of the current year payments divided by the total of this year's payments, plus all future years' principal and interest payments. This resulted in 50,093.854 shares being released and allocated for the plan year ended December 31, 2014.

The agreement provides for the loan to be repaid over 20 annual payments through December 31, 2033 with a fixed interest rate of 3.14%. The fair value of the note payable as of December 31, 2014 was \$2,850,000. Future minimum payments are \$150,000 annually, though 2019, and \$1,950,000 thereafter.

6. RELATED PARTY AND PARTY-IN-INTEREST

The Plan invests in Company common stock and has indebtedness to the Company. These are related party and party-in-interest transactions. As described in Note 2, the Company paid all plan expenses. The Plan has a number of service providers. Such providers are parties in interest under ERISA.

7. RISKS AND UNCERTAINTIES

The Plan investments consist primarily of the Company's common stock, which is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

8. PLAN TERMINATION

Although it has not expressed any intention to do so, the Sponsor has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC. Upon termination of the Plan, the plan administrator should direct the Trustee to pay all liabilities and expenses of the trust fund and to sell shares of financed common stock held as collateral to the extent it determines such sale to be necessary in order to repay the loan.
