INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Woodruff-Sawyer & Co. Profit Sharing and Pre-tax Savings Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Woodruff-Sawyer & Co. Profit Sharing and Pre-tax Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis of Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B., the custodian and the trustee, respectively, of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian and trustee hold the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian and the trustee as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the plan administrator by the custodian and the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis of Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2014 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian and the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of Woodruff-Sawyer & Co. Profit Sharing and Pre-tax Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established under Section 401(b) of the Internal Revenue Code ("IRC"). Woodruff-Sawyer & Co. (the "Company") originally established the Plan in 1970 and was most recently restated on January 1, 2009, for the purpose of rewarding long and loyal service to the company by providing to employees additional security at retirement. All salaried employees are eligible for participation in the Plan, excluding independent contractors, nonresident aliens, and self-employed individuals. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the IRC.

Plan Administration

The Plan is administered by the Administrative Committee of the Plan (the "Committee"), which consists of employees of the Company. As administrator, the Committee has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan (including the authority and responsibility to invest, manage, and control the assets of the Plan specifically allocated to the custodian). Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust F.S.B. were the appointed custodian and trustee, respectively, for the Plan in 2014 and 2013, and acted at the direction of the plan administrator. The Company paid the majority of all necessary and proper expenses incurred in the administration of the Plan. Such expenses primarily comprise legal fees, auditing fees, and expenses relating to the maintenance of the Plan's records.

Contributions

Participants may contribute to the Plan from 1% to 25% of their annual eligible compensation, up to the Internal Revenue Code Section 402(g) limit of $17,500 for 2014. Participants who are age 50 or older may elect to defer additional amounts (called "catch-up contributions") to the Plan, limited to $5,500 for 2014. Participants may also contribute amounts rolled over from other qualified plans. Participants in the Plan may also elect to make after-tax salary deferral contributions to Roth accounts.

On behalf of each participant who is eligible to share in discretionary matching contributions for the Plan year, the Company provides a discretionary matching contribution equal to 3% of the participant's contribution up to $7,800 per participant. The match is paid annually, and to be eligible for the match, the participant must be employed on the first and last day of the contribution period.

In addition to the discretionary matching contribution, a discretionary profit sharing contribution is allocated in the amount of $1,000 per participant for the Plan year. To be eligible for an allocation, the participant must be employed during the full year for which the contribution is calculated. The participant must be employed on the first and last day of the contribution period to be eligible to receive discretionary matching contributions, and discretionary profit sharing contributions.

1. Description of Plan, continued

Contributions, continued

Contributions are limited under Section 415(c) of the Internal Revenue Code. Contributions to this Plan and the Woodruff-Sawyer & Co. Employee Stock Ownership Plan are combined for purposes of the limitation test. In the event there are excess contributions, the 401(k) deferrals will be returned to the participants through this Plan, the Woodruff-Sawyer & Co. Profit Sharing and Pre-tax Savings Plan, as a taxable distribution to the extent needed to pass the limitation test.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, and an allocation of (1) the Company's discretionary matching contribution, (2) the Company's discretionary profit-sharing contribution and (3) plan earnings. Company discretionary matching and profit-sharing contributions are allocated based on each participant's eligible compensation. Plan earnings are allocated based upon each participant's investment election and the investment performance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000, or 50% of their vested account balance. A maximum of one note receivable may be outstanding at any time. Note receivable terms are established for five years and may be extended to a maximum of ten years for the purpose of purchasing the participant's principal residence. Notes receivable balances may be paid off earlier with no penalty. The notes receivables are secured by the vested balances in the participant's account and bear interest at rates commensurate with local prevailing rates, which range from 6.25% to 10.25% per annum as of December 31, 2014. In the event of participant termination or discontinuance of the Plan before a note receivable is fully repaid, the unpaid note receivable balance will be due and payable and the administrative committee will first satisfy any unpaid balances before making any payment to the participant or the participant's beneficiary, if applicable. Principal and interest are paid in equal installments through payroll deductions.

Vesting

Participant contributions, rollovers and earnings on these contributions are fully vested when made or earned. A participant's vested interest in the profit sharing contribution and the matching contributions shall be determined in accordance with the following schedule:

Years of Credited Service	Vested Percentage
Less than 1	0%
1, but less than 2	20%
2, but less than 3	40%
3, but less than 4	60%
4, but less than 5	80%
5 or more	100%

Continued

1. Description of Plan, continued

Vesting, continued

In the event of termination of a participant's service on or after attaining the normal retirement age, or by reason of death or disability, the full value of the participant's account shall become vested and nonforfeitable.

Forfeitures

If participants terminate employment for any reason other than retirement, death, or disability, they will be entitled to a distribution of the vested value of their participant account, and will forfeit the value of any nonvested participant account balance as of the last day of the Plan year in which termination of employment from the Company occurs. Forfeited amounts are used to meet the Employer's contribution obligations to the Plan or to pay Plan expenses, as directed by the Administrator. If a participant is reemployed prior to the occurrence of a five-consecutive-year break in service, the portion of his or her account that was forfeited shall be restored as if there had been no forfeiture. Such restoration shall be made out of forfeitures occurring in the Plan year of reemployment.

Forfeitures that occur during a plan year will be used to reduce employer contributions and administrative expenses. As of December 31, 2014 and 2013, forfeited non-vested accounts totaled $52,192 and $30,627, respectively. During the year 2014, forfeited funds in the amount of $8,621 were used to decrease employer contributions.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in percentage increments among various investment options, including self-directed brokerage accounts. Participants may change their investment options at any time.

Payment of Benefits

When participants leave the Company, upon retirement or for any other reason, those participants (or their beneficiaries) may receive the full value of their vested account balance determined as of the Anniversary Date immediately preceding the date of distribution.

Participants with account balances greater than $1,000 may elect to receive the value of their accumulated Plan benefits in accordance with the provisions of the Plan in a lump-sum distribution or in an alternative manner mutually agreed upon by the participant and the plan administrator.

Participants with account balances below $1,000 will receive the value of their account in a lump-sum distribution or by direct rollover to an IRA or other eligible retirement plan as soon as administratively feasible.

In order to receive this distribution, participants are required to file the appropriate forms with the plan administrator.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Method of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Recognition of Benefit Payments

Benefit payments are recorded when paid.

Information Certified by the Custodian and the Trustee

Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B., the custodian and the trustee, respectively, of the Plan, have prepared and certified as complete and accurate the Plan's schedule of investment assets, notes receivable from participants, transactions, and income, which was used to prepare the accompanying financial statements and supplemental schedule.

Investment Valuation and Income Recognition

All investments are recorded at fair value as required under ERISA regulations. Investments in securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the valuation period. In accordance with the policy of stating investments at fair value, net realized and unrealized appreciation (depreciation) for the year is reflected in the statement of changes in net assets available for benefits. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date.

2. Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition, continued

Investment contracts held by a defined-contribution plan are required to be at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits presents the fair value of investment contracts, which also approximates the contract value of the investment contracts. As such, there is no adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Investment Contract with Insurance Company

The Plan has an investment option, which is a benefit-responsive investment contract, the Guaranteed Income Fund, with Prudential Retirement Insurance and Annuity Company ("Prudential"). Prudential maintains the contributions in a general ledger account. The account is credited with earnings and charged for participant withdrawals and administrative expenses. There are not any specific securities in the general account that back the liabilities of this annuity contract. The Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specific period of time as outlined in the group annuity contract. The contract is included in the statements of net assets available for benefits at fair value. There is no significant difference between fair market value and contract value for this investment (see Note 3). Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The fair value of the investment contract as of December 31, 2014 and 2013 was $10,390,282 and $9,953,609, respectively. The average yield and crediting interest rates was approximately 1.95% and 2.05% for 2014 and 2013, respectively. The crediting interest rate is based on several factors, including current economic factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within Prudential's general account. The minimum crediting rate under the contract is 1.50%.

Generally, there are not any events that could limit the ability of the Plan to transact at contract value paid within ninety days or in rare circumstances, contract value paid over time. There are not any events that allow Prudential to terminate the contract and which require settlement at an amount different than contract value paid either within ninety days or over time.

2. Summary of Significant Accounting Policies, continued

Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans* (Topic 960), *Defined Contribution Pension Plans* (Topic 962), *Health and Welfare Benefit Plans* (Topic 965): (Part I) *Fully Benefit-Responsive Investment Contracts*, (Part II) *Plan Investment Disclosures*, and (Part III) *Measurement Date Practical Expedient* (consensuses of the FASB Emerging Issues Task Force). Under Part I of the new ASU, fully benefit-responsive investment contracts are to be measured, presented, and disclosed at contract value only. Part II of the ASU eliminates the disclosure requirements for 1) individual investments that represent 5 percent or more of net assets available for benefits and 2) the net appreciation or depreciation for investment by general type (disclosure in the aggregate is still required), for both participant-directed investments and nonparticipant-directed investments. Part III of the ASU permits the election of a practical expedient to measure investments and investment-related accounts as of a month-end date that is closest to the Plan's fiscal year-end, when the fiscal period does not coincide with the month-end. Any significant contribution, distribution, or other event that occurs between these two measurement dates is required to be disclosed. The amendments in all three parts of the Accounting Standards Update take effect for fiscal years beginning after December 15, 2015, with earlier application permitted. Parts I and II are required to be presented retrospectively for all periods presented, while Part III is to be applied prospectively. The Plan is currently evaluating the impact of this new guidance on its financial statements and related disclosures.

3. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability ("exit price") in an orderly transaction between market participants at the measurement date. ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that distinguishes between (1) market participant assumptions developed based on market data obtained from independent sources (observable inputs) and (2) an entity's own assumptions about market participant assumptions developed based on the best information available in the circumstances (unobservable inputs). The fair value hierarchy consists of three broad levels, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 – Directly or indirectly observable inputs as of the reporting date through correlation with market data, including quoted prices for similar assets and liabilities in active markets and quoted prices in markets that are not active. Level 2 also includes assets and liabilities that are valued using models or other pricing methodologies that do not require significant judgment since the input assumptions used in the models, such as interest rates and volatility factors, are corroborated by readily observable data from actively quoted markets for substantially the full term of the financial instrument.

Level 3 – Unobservable inputs that are supported by little or no market data and require the use of significant management judgment. These values are generally determined using pricing models for which the assumptions utilize management's estimates of market participant assumptions.

Continued

3. Fair Value Measurements, continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2014 and 2013.

Cash and cash equivalents: Valued at fair value.

Mutual funds and pooled separate accounts: Valued at the net asset value ("NAV") of shares held by the Plan at year-end.

Guaranteed income fund: Valued at fair value. The fund is not a traditional guaranteed income contract and therefore there are not any known cash flows that could be discounted. As a result, the fair value amount shown is equal to the contract value (see Note 2).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth by level, within the fair value hierarchy, the Plan's assets measured and recorded at fair value on a recurring basis as of December 31, 2014 and 2013:

4. Investments, continued

The Plan's investments in mutual funds and pooled separate accounts, including investments bought, sold, and held during the year, appreciated in value as follows:

	2014
Mutual funds	$ 260,897
Pooled separate accounts	2,443,949
Total	$ 2,704,846

5. Information Prepared and Certified by the Custodian and the Trustee (unaudited)

The following information included in the accompanying financial statements and supplemental schedule as of December 31, 2014 and 2013 and for the year ended December 31, 2014 was obtained from data that has been prepared and certified as complete and accurate by the custodian and the trustee.

	2014	2013
Investments, at fair value	$ 66,491,309	$ 61,320,301
Notes receivable from participants	$ 779,601	$ 843,556
Interest and dividend income	$ 248,630	N/A
Interest on notes receivable from participants	$ 50,791	N/A
Net appreciation in fair value of investments	$ 2,704,846	N/A

6. Party-in-Interest Transactions

Certain Plan investments in pooled separate accounts, mutual funds, and a guaranteed income fund are managed by Prudential Retirement Insurance and Annuity Company and by Prudential Bank & Trust, F.S.B., the custodian and the trustee, respectively, of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7. Tax Status

The Plan obtained its latest determination letter effective July 8, 2010, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax have been included in the Plan's financial statements.

8. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants will become fully vested in their accounts and distributions will be made as described in the Plan agreement.

9. Risks and Uncertainties

The Plan provides for various investment options in any combination of pooled separate accounts and mutual funds offered by the Plan. Such investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and statement of changes in net assets available for benefits.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for Plan benefits per the financial statements to the Form 5500 as of December 31, 2014 and 2013:

	2014	2013
Net assets available for benefits per the financial statements	$ 68,685,209	$ 63,461,462
Receivable - employer contributions	(1,339,707)	(1,231,347)
Receivable - employee contributions	(74,592)	(66,258)
Net assets per Form 5500	$ 67,270,910	$ 62,163,857

The following is a reconciliation of net increase in net assets per the financial statements to the Form 5500 for the year ended December 31, 2014:

Net increase in net assets per financial statements	$ 5,223,747
Net change in receivable - employer	(108,360)
Net change in receivable - employee	(8,334)
Net increase in net assets per Form 5500	$ 5,107,053

Continued

11. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through September 30, 2015, the date which these financial statements were available to be issued. Subsequent to year end the Plan was restated, incorporating the following changes into the Plan. The deferral maximum was increased to 75% of compensation, participants no longer need to be employed on the first day of the Plan year to participate in the allocation of the employer contributions, and the Plan will now allow the withdrawal of rollovers at any time. Also subsequent to year end assets of an acquired Plan were transferred into the Plan. Management concluded that no other material subsequent events have occurred since December 31, 2014 that requires recognition or disclosure in such financial statements.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Woodruff-Sawyer & Co. Profit Sharing and Pre-tax Savings Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Woodruff-Sawyer & Co. Profit Sharing and Pre-tax Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis of Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B., the custodian and the trustee, respectively, of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian and trustee hold the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian and the trustee as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the plan administrator by the custodian and the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis of Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2014 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian and the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of Woodruff-Sawyer & Co. Profit Sharing and Pre-tax Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established under Section 401(b) of the Internal Revenue Code ("IRC"). Woodruff-Sawyer & Co. (the "Company") originally established the Plan in 1970 and was most recently restated on January 1, 2009, for the purpose of rewarding long and loyal service to the company by providing to employees additional security at retirement. All salaried employees are eligible for participation in the Plan, excluding independent contractors, nonresident aliens, and self-employed individuals. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the IRC.

Plan Administration

The Plan is administered by the Administrative Committee of the Plan (the "Committee"), which consists of employees of the Company. As administrator, the Committee has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan (including the authority and responsibility to invest, manage, and control the assets of the Plan specifically allocated to the custodian). Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust F.S.B. were the appointed custodian and trustee, respectively, for the Plan in 2014 and 2013, and acted at the direction of the plan administrator. The Company paid the majority of all necessary and proper expenses incurred in the administration of the Plan. Such expenses primarily comprise legal fees, auditing fees, and expenses relating to the maintenance of the Plan's records.

Contributions

Participants may contribute to the Plan from 1% to 25% of their annual eligible compensation, up to the Internal Revenue Code Section 402(g) limit of $17,500 for 2014. Participants who are age 50 or older may elect to defer additional amounts (called "catch-up contributions") to the Plan, limited to $5,500 for 2014. Participants may also contribute amounts rolled over from other qualified plans. Participants in the Plan may also elect to make after-tax salary deferral contributions to Roth accounts.

On behalf of each participant who is eligible to share in discretionary matching contributions for the Plan year, the Company provides a discretionary matching contribution equal to 3% of the participant's contribution up to $7,800 per participant. The match is paid annually, and to be eligible for the match, the participant must be employed on the first and last day of the contribution period.

In addition to the discretionary matching contribution, a discretionary profit sharing contribution is allocated in the amount of $1,000 per participant for the Plan year. To be eligible for an allocation, the participant must be employed during the full year for which the contribution is calculated. The participant must be employed on the first and last day of the contribution period to be eligible to receive discretionary matching contributions, and discretionary profit sharing contributions.

1. Description of Plan, continued

Contributions, continued

Contributions are limited under Section 415(c) of the Internal Revenue Code. Contributions to this Plan and the Woodruff-Sawyer & Co. Employee Stock Ownership Plan are combined for purposes of the limitation test. In the event there are excess contributions, the 401(k) deferrals will be returned to the participants through this Plan, the Woodruff-Sawyer & Co. Profit Sharing and Pre-tax Savings Plan, as a taxable distribution to the extent needed to pass the limitation test.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, and an allocation of (1) the Company's discretionary matching contribution, (2) the Company's discretionary profit-sharing contribution and (3) plan earnings. Company discretionary matching and profit-sharing contributions are allocated based on each participant's eligible compensation. Plan earnings are allocated based upon each participant's investment election and the investment performance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000, or 50% of their vested account balance. A maximum of one note receivable may be outstanding at any time. Note receivable terms are established for five years and may be extended to a maximum of ten years for the purpose of purchasing the participant's principal residence. Notes receivable balances may be paid off earlier with no penalty. The notes receivables are secured by the vested balances in the participant's account and bear interest at rates commensurate with local prevailing rates, which range from 6.25% to 10.25% per annum as of December 31, 2014. In the event of participant termination or discontinuance of the Plan before a note receivable is fully repaid, the unpaid note receivable balance will be due and payable and the administrative committee will first satisfy any unpaid balances before making any payment to the participant or the participant's beneficiary, if applicable. Principal and interest are paid in equal installments through payroll deductions.

Vesting

Participant contributions, rollovers and earnings on these contributions are fully vested when made or earned. A participant's vested interest in the profit sharing contribution and the matching contributions shall be determined in accordance with the following schedule:

Years of Credited Service	Vested Percentage
Less than 1	0%
1, but less than 2	20%
2, but less than 3	40%
3, but less than 4	60%
4, but less than 5	80%
5 or more	100%

Continued

1. Description of Plan, continued

Vesting, continued

In the event of termination of a participant's service on or after attaining the normal retirement age, or by reason of death or disability, the full value of the participant's account shall become vested and nonforfeitable.

Forfeitures

If participants terminate employment for any reason other than retirement, death, or disability, they will be entitled to a distribution of the vested value of their participant account, and will forfeit the value of any nonvested participant account balance as of the last day of the Plan year in which termination of employment from the Company occurs. Forfeited amounts are used to meet the Employer's contribution obligations to the Plan or to pay Plan expenses, as directed by the Administrator. If a participant is reemployed prior to the occurrence of a five-consecutive-year break in service, the portion of his or her account that was forfeited shall be restored as if there had been no forfeiture. Such restoration shall be made out of forfeitures occurring in the Plan year of reemployment.

Forfeitures that occur during a plan year will be used to reduce employer contributions and administrative expenses. As of December 31, 2014 and 2013, forfeited non-vested accounts totaled $52,192 and $30,627, respectively. During the year 2014, forfeited funds in the amount of $8,621 were used to decrease employer contributions.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in percentage increments among various investment options, including self-directed brokerage accounts. Participants may change their investment options at any time.

Payment of Benefits

When participants leave the Company, upon retirement or for any other reason, those participants (or their beneficiaries) may receive the full value of their vested account balance determined as of the Anniversary Date immediately preceding the date of distribution.

Participants with account balances greater than $1,000 may elect to receive the value of their accumulated Plan benefits in accordance with the provisions of the Plan in a lump-sum distribution or in an alternative manner mutually agreed upon by the participant and the plan administrator.

Participants with account balances below $1,000 will receive the value of their account in a lump-sum distribution or by direct rollover to an IRA or other eligible retirement plan as soon as administratively feasible.

In order to receive this distribution, participants are required to file the appropriate forms with the plan administrator.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Method of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Recognition of Benefit Payments

Benefit payments are recorded when paid.

Information Certified by the Custodian and the Trustee

Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B., the custodian and the trustee, respectively, of the Plan, have prepared and certified as complete and accurate the Plan's schedule of investment assets, notes receivable from participants, transactions, and income, which was used to prepare the accompanying financial statements and supplemental schedule.

Investment Valuation and Income Recognition

All investments are recorded at fair value as required under ERISA regulations. Investments in securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the valuation period. In accordance with the policy of stating investments at fair value, net realized and unrealized appreciation (depreciation) for the year is reflected in the statement of changes in net assets available for benefits. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date.

Continued

2. Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition, continued

Investment contracts held by a defined-contribution plan are required to be at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits presents the fair value of investment contracts, which also approximates the contract value of the investment contracts. As such, there is no adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Investment Contract with Insurance Company

The Plan has an investment option, which is a benefit-responsive investment contract, the Guaranteed Income Fund, with Prudential Retirement Insurance and Annuity Company ("Prudential"). Prudential maintains the contributions in a general ledger account. The account is credited with earnings and charged for participant withdrawals and administrative expenses. There are not any specific securities in the general account that back the liabilities of this annuity contract. The Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specific period of time as outlined in the group annuity contract. The contract is included in the statements of net assets available for benefits at fair value. There is no significant difference between fair market value and contract value for this investment (see Note 3). Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The fair value of the investment contract as of December 31, 2014 and 2013 was $10,390,282 and $9,953,609, respectively. The average yield and crediting interest rates was approximately 1.95% and 2.05% for 2014 and 2013, respectively. The crediting interest rate is based on several factors, including current economic factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within Prudential's general account. The minimum crediting rate under the contract is 1.50%.

Generally, there are not any events that could limit the ability of the Plan to transact at contract value paid within ninety days or in rare circumstances, contract value paid over time. There are not any events that allow Prudential to terminate the contract and which require settlement at an amount different than contract value paid either within ninety days or over time.

2. Summary of Significant Accounting Policies, continued

Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans* (Topic 960), *Defined Contribution Pension Plans* (Topic 962), *Health and Welfare Benefit Plans* (Topic 965): (Part I) *Fully Benefit-Responsive Investment Contracts*, (Part II) *Plan Investment Disclosures*, and (Part III) *Measurement Date Practical Expedient* (consensuses of the FASB Emerging Issues Task Force). Under Part I of the new ASU, fully benefit-responsive investment contracts are to be measured, presented, and disclosed at contract value only. Part II of the ASU eliminates the disclosure requirements for 1) individual investments that represent 5 percent or more of net assets available for benefits and 2) the net appreciation or depreciation for investment by general type (disclosure in the aggregate is still required), for both participant-directed investments and nonparticipant-directed investments. Part III of the ASU permits the election of a practical expedient to measure investments and investment-related accounts as of a month-end date that is closest to the Plan's fiscal year-end, when the fiscal period does not coincide with the month-end. Any significant contribution, distribution, or other event that occurs between these two measurement dates is required to be disclosed. The amendments in all three parts of the Accounting Standards Update take effect for fiscal years beginning after December 15, 2015, with earlier application permitted. Parts I and II are required to be presented retrospectively for all periods presented, while Part III is to be applied prospectively. The Plan is currently evaluating the impact of this new guidance on its financial statements and related disclosures.

3. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability ("exit price") in an orderly transaction between market participants at the measurement date. ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that distinguishes between (1) market participant assumptions developed based on market data obtained from independent sources (observable inputs) and (2) an entity's own assumptions about market participant assumptions developed based on the best information available in the circumstances (unobservable inputs). The fair value hierarchy consists of three broad levels, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 – Directly or indirectly observable inputs as of the reporting date through correlation with market data, including quoted prices for similar assets and liabilities in active markets and quoted prices in markets that are not active. Level 2 also includes assets and liabilities that are valued using models or other pricing methodologies that do not require significant judgment since the input assumptions used in the models, such as interest rates and volatility factors, are corroborated by readily observable data from actively quoted markets for substantially the full term of the financial instrument.

Level 3 – Unobservable inputs that are supported by little or no market data and require the use of significant management judgment. These values are generally determined using pricing models for which the assumptions utilize management's estimates of market participant assumptions.

Continued

3. Fair Value Measurements, continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2014 and 2013.

Cash and cash equivalents: Valued at fair value.

Mutual funds and pooled separate accounts: Valued at the net asset value ("NAV") of shares held by the Plan at year-end.

Guaranteed income fund: Valued at fair value. The fund is not a traditional guaranteed income contract and therefore there are not any known cash flows that could be discounted. As a result, the fair value amount shown is equal to the contract value (see Note 2).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth by level, within the fair value hierarchy, the Plan's assets measured and recorded at fair value on a recurring basis as of December 31, 2014 and 2013:

	Assets at Fair Value as of December 31, 2014

Interest on notes receivable from participants	$ 50,791	N/A
Net appreciation in fair value of investments	$ 2,704,846	N/A

6. Party-in-Interest Transactions

Certain Plan investments in pooled separate accounts, mutual funds, and a guaranteed income fund are managed by Prudential Retirement Insurance and Annuity Company and by Prudential Bank & Trust, F.S.B., the custodian and the trustee, respectively, of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7. Tax Status

The Plan obtained its latest determination letter effective July 8, 2010, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax have been included in the Plan's financial statements.

8. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants will become fully vested in their accounts and distributions will be made as described in the Plan agreement.

9. Risks and Uncertainties

The Plan provides for various investment options in any combination of pooled separate accounts and mutual funds offered by the Plan. Such investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and statement of changes in net assets available for benefits.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for Plan benefits per the financial statements to the Form 5500 as of December 31, 2014 and 2013:

11. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through September 30, 2015, the date which these financial statements were available to be issued. Subsequent to year end the Plan was restated, incorporating the following changes into the Plan. The deferral maximum was increased to 75% of compensation, participants no longer need to be employed on the first day of the Plan year to participate in the allocation of the employer contributions, and the Plan will now allow the withdrawal of rollovers at any time. Also subsequent to year end assets of an acquired Plan were transferred into the Plan. Management concluded that no other material subsequent events have occurred since December 31, 2014 that requires recognition or disclosure in such financial statements.
