Timco Logistics Systems, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2014

Note 1. Description of the Plan

The following description of the Timco Logistics Systems, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan whereby eligible employees of Timco Logistics Systems, Inc. (the Company) are permitted to make pretax contributions that are tax-deferred under Section 401(k) of the Internal Revenue Code (IRC). The Plan became effective January 1, 2014. The Plan is intended to satisfy the requirements for a qualified retirement plan under the appropriate provisions of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees of the Company become eligible for participation upon completing one hour of service.

Contributions

Participants may contribute up to 100 percent of pre-tax annual compensation, as defined in the Plan document, not to exceed $17,500 in 2014 in accordance with IRS regulations. In addition, those participants, who are over age 50 or turning age 50 on or before December 31, 2014, are eligible for an additional catch-up contribution of $5,500 in 2014. Participants may also contribute Roth contributions on an after-tax basis. The sum of a participant's Roth contributions and pre-tax contributions may not exceed the annual IRS limits. Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated target date fund until changed by the participant. The Company may elect to contribute matching or profit sharing contributions to the Plan. No matching or profit sharing contributions were made for the year ended December 31, 2014.

Participant accounts

Each participant's account is credited with the participant's contributions and Company's matching contributions, if any, as well as allocations of the Company's profit sharing contribution, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings or losses thereon. Vesting in employer matching or profit sharing contributions plus actual earnings or losses thereon is based on years of service. Participants vest 20% per year after two years of service and are 100% vested after six years of service.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is determined by the Plan Administrator, as defined in the Plan document. Principal and interest is paid through payroll deductions. There were no notes receivable from participants outstanding at December 31, 2014.

Note 1. Description of the Plan, continued

Payment of benefits

On termination of service, a participant's account balance is payable, in cash, in one lump sum payment. Participants may elect to defer the payment of benefits until the participant attains the age of 70 ½. Participants may choose to receive in-service withdrawals after age 59 ½.

Forfeitures

Forfeited, nonvested accounts are retained in the Plan and may be used to restore forfeitures to participants, reduce Company contributions or to pay Plan expenses. There were no forfeitures for the year ended December 31, 2014.

Note 2. Summary of significant accounting policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits, changes therein, and disclosures. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation, or depreciation, includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits payments to participants are recorded when paid.

Administrative expenses

Certain of the Plan’s administrative expenses are paid by the Company, and certain Plan expenses are paid by the Plan. Expenses paid by the Plan are allocated to participants’ accounts. Certain Plan expenses, such as transaction fees for a withdrawal or distribution from the Plan, are deducted from individual participants’ accounts or investment income.

Income taxes

Management evaluated the Plan’s tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2014.

Note 2. Summary of significant accounting policies, continued

Subsequent events

The Plan Administrator has evaluated subsequent events through August 24, 2015, the date on which the financial statements were available to be issued.

Note 3. Information certified and provided by Capital Bank and Trust Company

The following is a summary of the Plan's asset information as of and for the year ended December 31, 2014, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Capital Bank and Trust Company (the trustee) and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31, 2014
Investments, at fair value:	
Mutual funds	$ 93,848

The trustee also certified to the completeness and accuracy of $1,966 of net depreciation in fair value of investments and $2,745 of dividends related to the aforementioned assets for the year ended December 31, 2014.

Note 4. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification 820 (ASC 820) are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note 4. Fair value measurements, continued

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Mutual funds are classified within Level 1 of the fair value hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014. The following table presents separately those assets that represent 5% or more of the Plan's net assets:

	Investments at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual funds:				
Target date funds*	$ 92,190	$ -	$ -	$ 92,190
Bond funds	248	-	-	248
Growth and income funds	1,161	-	-	1,161
Equity and income funds	249	-	-	249
Total mutual funds	93,848	-	-	93,848
Total investments at fair value	$ 93,848	$ -	$ -	$ 93,848

* Represents 5% or more of the Plan's net assets.

Note 5. Administration of Plan assets

Plan assets are held and managed by the trustee. The trustee invests cash received and interest and dividend income as directed by the participants of the Plan. The trustee also makes distributions to participants.

Certain administrative functions are performed by employees of the Company. However, no such employees receive compensation from the Plan. The Company and the Plan share in administrative expenses for the Plan.

Note 6. Party-in-interest transactions

Parties-in-interest are defined under DOL regulations as any fiduciary to the Plan or party rendering services to the Plan, the employer and certain others. As such, transactions conducted with the Company and the trustee qualify as party-in-interest transactions.

Note 7. Tax status

The Plan adopted a non-standardized profit sharing form of a prototype plan sponsored by Travis Wolff, LLP. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Note 8. Plan termination

While there is no intention to do so, the Company reserves the right to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, the participants become fully vested in their employer contribution balances, and the net assets of the Plan will be distributed to the participants of the Plan in accordance with the provisions of ERISA.

Note 9. Risks and uncertainties

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.
