Report of Independent Auditors

To the 401K Plans Committee and Participants of the NOG-E Hourly Employees' Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the NOG-E Hourly Employees' Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years ended December 31, 2014 and 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Vanguard Fiduciary Trust Company ("Vanguard" or the "trustee") the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee held the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from Vanguard as of December 31, 2014 and 2013 and for the years then ended that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The Plan has elected to early adopt the accounting and disclosure provisions of Accounting Standards Update 2015-12, with retroactive application to 2013, as described by the last paragraph of Note 2 to the financial statements.

We were engaged for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedule of Assets Held at Year End as of December 31, 2014, which is the responsibility of Plan management, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule.

Report on Form and Content In Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report of Independent Auditors

To the 401K Plans Committee and Participants of the NOG-E Hourly Employees' Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the NOG-E Hourly Employees' Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years ended December 31, 2014 and 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Vanguard Fiduciary Trust Company ("Vanguard" or the "trustee") the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee held the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from Vanguard as of December 31, 2014 and 2013 and for the years then ended that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The Plan has elected to early adopt the accounting and disclosure provisions of Accounting Standards Update 2015-12, with retroactive application to 2013, as described by the last paragraph of Note 2 to the financial statements.

We were engaged for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedule of Assets Held at Year End as of December 31, 2014, which is the responsibility of Plan management, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule.

Report on Form and Content In Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013**

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the NOG-E Hourly Employees' Savings Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for more detailed information or to the official plan documents for complete information.

General – The Plan is sponsored by Babcock and Wilcox Nuclear Operations Group, Inc. (the "Plan Sponsor" or "Company"). The plan was amended and restated effective January 1, 2013 to reflect a change in the plan sponsor, previously Marine Mechanical Corporation, a wholly owned subsidiary of the Plan Sponsor.

The Plan is a defined contribution plan administered by the 401(k) Plans Committee (the "Committee") as appointed by the Board of Directors of Babcock and Wilcox Investment Company ("BWICO"), a wholly owned subsidiary of The Babcock and Wilcox Company ("B&W"), the ultimate parent of the Plan Sponsor. Recordkeeping and investment management of certain investment funds (as selected by the Committee) is the responsibility of The Vanguard Group, Inc. ("Vanguard"). The Plan also offers investment funds managed by Scout Investments, Inc., Diamond Hill Capital Management, T. Rowe Price, Wells Fargo Funds Management, Dodge & Cox and AMG Funds LLC. Vanguard Fiduciary Trust Company (the "Trustee"), a wholly owned subsidiary of Vanguard, is the trustee of the trust that holds the assets of the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility – All hourly employees of the Plan Sponsor's Euclid, OH facility who are covered by a collective bargaining agreement with the UAW (the "Union") who have completed three months of continuous service are eligible to participate in the Plan.

Contribution – A participant may elect to make pretax contributions to the Plan in an amount ranging from 1% to 25% of the participant's compensation up to a maximum amount established annually by the Internal Revenue Service (IRS). Participants age 50 and older are allowed to make certain additional contributions above these normal limits. Employees who become eligible for participation in the Plan on or after January 1, 2009 will be automatically enrolled in the Plan at 3% of eligible compensation. Contribution percentages are automatically escalated on an annual basis thereafter up to a maximum deferral of 10%. These participation levels may be changed at the election of the participant. Rollover contributions from other plans are also accepted provided certain specified conditions are met.

Employees may make voluntary after tax contributions, of an additional 1% to 25%.

The Company offers a matching contribution equal to 100% of each dollar of pre-tax contributions up to 3% of a participant's eligible compensation.

Contributions are remitted to the Trustee shortly after each pay period.

Participants' Accounts – Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution, Plan earnings, and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings, account balances or transaction activity, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – All participants are 100% vested in elective deferrals and rollover contributions made to the Plan. Participants vest in Company contributions and earnings thereon at a rate of 20% for each year a participant works 1,000 hours.

Notes Receivable from Participants – Hardship loans are permitted under certain circumstances and are subject to limitations. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Hardship loans are repaid over a period not to exceed five years with exceptions for the purchase of a primary residence.

The loans are secured by the balance in the participants' accounts and bear interest at a prevailing interest rate determined by the Committee. Principal and interest are paid ratably through payroll deductions.

Forfeitures – Forfeitures due to termination from the Plan before a participant is 100% vested are used to reduce future employer contributions or to defray reasonable Plan expenses. Unallocated forfeited nonvested accounts totaled \$7,897 at December 31, 2014, and \$3,080 of forfeitures were used in 2014 to pay Plan administrative expenses.

Withdrawals and Distributions – Participants may elect in-service withdrawals of all or part of the value of the vested portion of their individual account attributable to Employer contributions. Rollover contributions and earnings thereon may be distributed at any time upon request. Withdrawals may subject the participant to certain suspension periods during which contributions may not be made. Withdrawals of pre-tax contributions and vested employer contributions may be requested on financial hardship or after attainment of age 59 ½.

Upon termination of service for any reason and including death, disability, or retirement, a participant may elect to receive the vested value of his or her account as a lump-sum distribution, to roll over the funds to an IRA or other qualified plan. After-tax withdrawals are permitted twice per calendar year.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right to amend, terminate or otherwise modify the Plan at any time, subject to the provisions of ERISA, solely at the discretion of the Board of Directors of the Company. In the event of plan termination, participants will immediately become 100% vested in their accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Such estimates include those regarding fair value. Actual results could differ from those estimates and those differences could be material.

Risks and Uncertainties – The Plan provides for various investment options, including mutual funds and collective trust funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan. The collective trust funds are stated at fair value as determined by the issuer of the collective trust funds based on the fair market value of the underlying investments. Collective trust funds with underlying investments in benefit-responsive investment contracts are valued at contract value because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

The Plan presents in the Statements of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation (depreciation) of those investments.

Purchases and sales of investments are recorded on the trade dates. Interest income is accrued as earned; dividends are recorded as income on the ex-dividend date. Capital gain distributions are included in dividend income.

Management fees and operating expenses charged for investments in the mutual funds and collective trust funds are embedded in their trading prices and are not separately reflected. Consequently, management fees and operating fees are reflected as a reduction of investment return for such investments within the line described as net appreciation in the fair value of investments.

Fully Benefit-Responsive Investment Contracts – As described in Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") *Reporting of Investment Contracts Held by Health and Welfare Benefit Plans and Defined-Contribution Pension Plans* ("ASC 962"), certain investment contracts held by a defined contribution plan are reported at contract value. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributed to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transaction under the terms of the plan. The participants in

the Plan invest in these investment contracts indirectly through the Vanguard Retirement Savings Trust II Fund. The investments of the Vanguard Retirement Savings Trust II Fund are held in the Vanguard Retirement Savings Master Trust (the “VRST Master Trust”), a collective investment trust of stable value investment funds. Contract value for this fund represents contributions made to the fund, plus earnings, less Plan withdrawals and administrative expenses.

Contributions – Employee contributions and Employer contributions are remitted to the Trustee semi-monthly. Contributions receivable as of December 31 represent contributions withheld from employees and due from the employer that were not remitted to the Trustee until shortly after December 31. As of December 31, 2014 and 2013, contributions receivable were \$51,872 and \$0, respectively.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest and are excluded from investments in the fair value tables in Note 3 as proscribed by Accounting Standards Update (ASU) 2010-25. Delinquent notes receivable are reclassified as benefits paid based upon the terms of the Plan document. Loans bear interest at a rate of 3.25%.

Payment of Benefits – Benefits are recorded when paid and are based on the fair value of the respective funds at the effective date of the withdrawal.

Administrative Fees and Investment Expenses – Administrative expenses of the Plan are paid by the Plan or the Plan Sponsor as provided in the Plan document. Administrative expenses reported in these statements reflect only those expenses paid by the Plan, and may include recordkeeping and other participant initiated transaction based fees.

Evaluation of Subsequent Events – The plan administrator has evaluated subsequent events through September 24, 2015, which is the date the financial statements were available to be issued, for their impact on amounts recorded and related disclosures, and has incorporated the related effects as appropriate. See Note 9 for further information regarding subsequent events.

Recent Accounting Pronouncements – On July 31, 2015 the Financial Accounting Standards Board (the FASB) issued ASU 2015-12 “Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965)” to simplify reporting for the financial statements of employee benefit plans. The ASU eliminates or reduces the scope of several financial statement disclosures required in financial statements and becomes effective for plan years beginning after December 15, 2015, with earlier application permitted. Among the simplifications included in the ASU are the elimination of fair value presentation of fully benefit-responsive investment contracts (using only contract value in the financial statements), elimination of separate disclosure of investments exceeding 5% of the net assets available for benefits, and elimination of the disaggregation of investments by nature, characteristics and risk, with presentation of fair value to be made only by investment type (such as mutual funds). The Plan has elected to early adopt the provisions of ASU 2015-12 in these financial statements, with retroactive presentation of comparative 2013 data.

NOTE 3 - FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* (“ASC 820”), defines fair value as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. ASC 820 also expands the disclosure requirements around fair value and establishes a hierarchy for valuation inputs that emphasizes the use of observable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Categorization of instruments within the fair level hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1	Inputs are based on unadjusted quoted prices for identical instruments traded in active markets.
Level 2	Inputs are based on unadjusted quoted prices for similar instruments in active markets or identical instruments in inactive markets and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the asset or liability.
Level 3	Inputs are generally unobservable and typically reflect estimates of assumptions that market participants would use in pricing the asset or liability. The fair values are usually determined using model-based techniques that include option pricing models, discounted cash flow models and similar valuation techniques.

Following is a description of the primary valuation methodologies used to measure the fair value of each class of Plan assets.

Registered investment companies (mutual funds): Valued at the net asset value (“NAV”) of shares held by the plan as evidenced on national trading exchanges.

Money market fund: Valued at the notional monetary amount held by the plan.

Common / collective trust funds: Valued at the NAV of units held by the fund on the day of valuation based upon the market value of the underlying investments. The fund has the ability to redeem its investment in the underlying fund at NAV per unit at the valuation date.

Stable value fund: Valued at contract value because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As this investment is carried at contract value, and not fair value, it has been excluded from the following tables in Note 3 as proscribed by ASU 2015-12.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Value Measurements

The following table sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2014:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Registered investment companies	\$ 3,712,713	\$ 3,712,713	\$ -	\$ -
Money market fund	7,897	7,897	-	-
Common / collective trust funds	2,806,051	2,806,051	-	-
	<u>\$ 6,526,661</u>	<u>\$ 6,526,661</u>	<u>\$ -</u>	<u>\$ -</u>

The following table sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2013 (condensed to conform with 2014 presentation):

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Registered investment companies	\$ 5,962,462	\$ 5,962,462	\$ -	\$ -
Money market fund	1,313	1,313	-	-
	<u>\$ 5,963,775</u>	<u>\$ 5,963,775</u>	<u>\$ -</u>	<u>\$ -</u>

There were no transfers of investments between levels in 2014 and 2013. There were no Level 3 assets held by the Plan during the periods presented.

NOTE 4 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Retirement Savings Trust II contains fully benefit-responsive investment contracts as defined by the American Institute of Certified Public Accountants. The Trust provides for the collective investment of assets of tax-exempt pension and profit-sharing plans. The Trust invests solely in VRST Master Trust. The underlying investments of VRST Master Trust are primarily in a pool of investment contracts that are issued by insurance companies and commercial banks and in contracts that are backed by bond trusts. The VRST Master Trust seeks to provide stable value primarily by investing in lower risk investments with insurance companies, other financial institutions and in other short-term instruments. The issuers’ ability to meet these obligations may be affected by economic developments in their respective companies and industries. Withdrawals may be made for the primary purposes of funding an authorized distribution, withdrawal, or loan disbursement by a participating pension or profit-sharing plan to an employee or beneficiary covered thereunder, or for the purpose of the participating plan making an employee-directed transfer to another investment election of the employee’s interest in the plan. Certain plan-directed withdrawals may be subject to market value adjustments calculated in accordance with the provisions of the investment contracts or restricted by a holding period. Such events would include premature termination of the contracts, certain levels of sponsor layoffs, Plan termination or merger, changes to the Plan’s prohibition on competing investment

options, bankruptcy of the Plan sponsor that significantly affect the Plan's normal operations. No events are probable of occurring that might limit the ability of the Plan to transact at contract value. As of December 31, 2014 and 2013, the contract value of the plan's investment in the Trust was \$1,819,082 and \$1,574,318, respectively. Additional information regarding this investment can be found in the financial statements of the Vanguard Retirement Savings Trust II.

NOTE 5 – FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE (Unaudited)

Pursuant to the provisions of 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan's administrator elected that independent auditors not perform any auditing procedures with respect to the information certified by the Trustee, except for comparing such information to the related financial statements. All financial data included in the financial statements and supplemental schedule and their accompanying notes relating to investments, income from investments, and net appreciation in fair value of investments was obtained from the information certified by the Trustee and is unaudited.

The following is a summary of the Plan's financial information and data certified by the Trustee as complete and accurate.

NOTE 6 - INCOME TAX STATUS

On March 31, 2008, the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been subsequently amended, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore, that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by the IRS. The Plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2014, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to December 31, 2011.

NOTE 7 - RELATED PARTY TRANSACTIONS

Participants in the Plan invest in shares of mutual funds managed by an affiliate of Vanguard Fiduciary Trust Company ("VFTC"). Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Participant loans also qualify as exempt party-in-interest transactions. The Company also provides administrative services to the Plan and may pay certain administrative expenses of the Plan with no reimbursement from the Plan.

NOTE 8 – RECONCILIATION TO FORM 5500

The following reconciles certain balances and transactions in the financial statements to amounts reflected in Form 5500.
