Full-time employees become eligible to participate in the Plan on the first day of the month coinciding with or immediately following the completion of one continuous month of employment. Part-time employees become eligible to participate in the Plan on the first day of the month coinciding with or immediately following the completion of 1,000 hours of service in a twelve-month period. Full-time employees become eligible to participate in the profit sharing portion of the Plan coinciding with the fiscal year end following the completion of two continuous years of employment.

Contributions

Eligible employees may elect to participate in the Plan and have the Company make before tax contributions on their behalf up to 80% of their total compensation, excluding amounts received as bonus during the year, subject to Internal Revenue prescribed limits.

The Company may make a discretionary 401(k) matching contribution to all participants. For the year ended December 31, 2014, the Company's discretionary 401(k) match was 3.7% of eligible compensation (base pay) not to exceed Internal Revenue Code limit and totalled $1,606,058 to participants.

The Company can also make a discretionary profit-sharing contribution, which may be determined as either a uniform percentage of eligible compensation or as a uniform dollar amount. For the year ended December 31, 2014, the Company's discretionary profit-sharing contribution was $5,100,000.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions and an allocation of Plan earnings (losses) and charged with an allocation of administrative expenses.

Participants self-direct the investments of the 401(k) portion of their account into registered investment company funds or collective trust funds offered by the Plan and are allowed to change their investment elections on a daily basis. The profit-sharing portion of participant accounts are nonparticipant directed and are invested at the discretion of the Plan's investment managers. During 2014, the profit-sharing portions of participant accounts have primarily been invested in a portfolio of publicly traded equity securities.

Vesting

Participants are immediately vested in their voluntary 401(k) contributions, the Company matching 401(k) and profit-sharing contributions, and actual earnings or losses thereon. As such there are no forfeitures associated with the Plan.

Administration
The Plan is administered by a committee of three individuals appointed by the Company's Board of Directors. Functions of the committee include oversight of the investment allocation of the Company's contributions to the Plan in accordance with the Plan document. BMO Harris Bank N.A. ("BMO") is the trustee and recordkeeper for the Plan.

Notes Receivable from Participants
The Plan provides for participant loans of up to the lesser of 50% of the participant's account balance or $25,000. Participant loans are permitted from profit sharing contributions only. The participant loans are secured by the participant's vested interest in the Plan and by such other collateral, if any, which the employer deems necessary to adequately secure the loan. Such loans bear interest at rates ranging from 3.13% to 3.98% and 3.25% to 3.98% at December 31, 2014 and 2013, respectively. These rates are commensurate with current consumer lending interest rates at the time the loan is made. Loan repayment periods generally range from one to sixty months.

Benefit Payments
Upon termination of service by reason of retirement (normal retirement age of 65), early retirement (retirement on or after age 55), death, disability, resignation or dismissal, the distributable interest of such participant shall be 100 percent of the balance of the value of his/her account. A participant may elect to receive an amount equal to the value of the participant's account in a lump-sum amount. If a participant's account balance is $5,000 or less, the participant will receive a lump-sum distribution. Participants may withdraw all or a portion of their participant contributions without penalty upon attainment of age 59-1/2. Participants may withdraw all or a portion of the balance of their accounts without penalty upon attainment of age 70-1/2.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Valuation of Investments
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan invests in investment contracts through collective trust funds. The Statements of Net Assets Available for Benefits presents the fair value of the investment in the collective trust fund as well as the adjustment of the investment in the collective trust fund from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Security Transactions and Investment Income
Gains or losses on sales of securities are recorded as the difference between proceeds received and cost. Dividend income is recorded on the ex-dividend date. Income from other investments is recorded as earned on the accrual basis. Net realized and unrealized appreciation, which includes gains and losses on investments bought and sold, as well as held during the year, is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation in investments.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Expenses of the Plan
All direct expenses incurred in the administration of the Plan are charged to and paid by the Plan.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions by management that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

Payment of Benefits
Benefits are recorded when paid.

Recently Adopted and Issued Accounting Pronouncements
In May 2015, FASB issued ASC Update 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which removes the requirement to include investments measured using the net asset value ("NAV") practical expedient in the fair value hierarchy. The retrospective application of this guidance is effective for annual periods beginning in 2017. Plan management does not believe the adoption of this guidance will have an effect on the Plan's financial statements.

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update 2015-12, *(Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment disclosures, (Part III) Measurement Date Practical Expedient*, which requires 1.) fully benefit-responsive investment contracts be measured only at contract value, 2.) disaggregation of plan assets only by general type of investment and 3.) measurement of plan assets on the closest month-end date to the plan's fiscal year-end. The application of this guidance is effective for annual periods after December 15, 2015. Plan management is currently evaluating the impact this guidance will have on the Plan financial statements.

4. Fair Value Measurement

Financial Accounting Standards Board's (FASB) Accounting Standards Codification (ASC) Topic 820 – Fair Value Measurements and Disclosures established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy assigns the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in markets that are not active;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used in December 31, 2014 and 2013.

Mutual funds: Valued at the net asset value ("NAV") per share using available inputs to measure fair value by such companies or funds as of the valuation dates held by the Plan at year end. Generally, mutual funds have a quoted market price in an active market.

Mondrian Emerging Markets Equity Fund, L.P.: This limited partnership fund is not traded on a national securities exchange or in the over-the-counter market. The fair market value has been determined using Net Asset Value ("NAV") and is used for expedience purposes. For the years ended December 31, 2014 and 2013, all of the limited partnership investments are in emerging market equities and the limited partnership had no unfunded commitments. Were the Plan to initiate a full redemption of the limited partnership, a withdrawal notice must be presented to the General Partner on or before the fifteenth day of the prior month. The General Partner reserves the right to temporarily delay withdrawal to the extent that it is determined such actions would disrupt management of the fund.

Collective trust funds: The fair market value of the Plan's interest in the collective trust fund has been determined using NAV and is used for expedience purposes. The NAV is based on the value of the underlying assets owned by the common collective trust fund. Generally, under ordinary market conditions, all common collective trust fund positions provide daily market liquidity to Plan participants and the Plan. The Plan invests in BMO Employee Benefit Stable Principal Fund in which participant transactions (issuances and redemptions) may occur daily. Were the Plan to initiate a full redemption of the common collective trust fund, the investment advisor reserves the right to temporarily delay withdrawal from the common collective trust fund in order to ensure that securities liquidations will be carried out in an orderly business manner.

Cash and short-term investments: Valued at cost, which approximated fair value at December 31, 2014 and 2013.

The authority for monitoring the valuation process of all investments and selection of the investment advisors is delegated by the Board of Directors to the Spraying Systems Investment Committee ("Investment Committee"). The Investment Committee meets with investment advisers and performs quarterly reviews of the funds' fair value measurements with investment advisers comparing those valuations to similar funds' valuations outside of the Plan. Any changes in the fair value measurements are discussed between the investment advisors and the Investment Committee at their quarterly meetings.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. There were no significant transfers between levels in 2014 or 2013.

Level 3 Gains and Losses
The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2014:

	Limited Partnership
2014	
Balance, beginning of year	$ 12,527,659
Unrealized gain relating to instruments still held at the reporting date	(805,171)
Realized gains	889,650

5. Plan Termination

Although the Company has reserved the right to amend or terminate the Plan, it was established with the intention that the Plan and the payment of contributions will be indefinite. Upon termination of the Plan, the interest of each participant or beneficiary in the Plan will be determined and such amount will be distributed to participants as directed by the Plan administrator. Currently, management has no intentions of terminating the Plan.

6. Income Tax Status of the Plan

The Internal Revenue Service (IRS) has determined and informed the Company by letter dated February 7, 2012, that the Plan is qualified in accordance with the applicable sections of the Internal Revenue Code. The Plan has been amended subsequent to the receipt of the most recent determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the Plan and the IRS.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

7. Information Certified By the Plan's Trustee

As of December 31, 2014 and 2013 and for the year ended December 31, 2014, the Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the financial statements, notes to the financial statements and supplemental schedules is complete and accurate:

- Investments, at fair market value and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2014 and 2013 (except for the BMO Employee Benefit Stable Principal Fund and the Mondrian Emerging Markets Equity Fund).
- Interest and dividends receivable, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2014 and 2013 (except for the Mondrian Emerging Markets Equity Fund).
- Interest and dividend income, as shown in the Statement of Changes in Net Assets Available for Benefits (except for the Mondrian Emerging Markets Equity Fund).
- Interest on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits.
- Net appreciation in fair value of the investments, as shown in the Statement of Changes in Net Assets Available for Benefits (except for the Mondrian Emerging Markets Equity Fund).
- Investments detailed on Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2014 (except for the Mondrian Emerging Markets Equity Fund).
- Investment information detailed on Schedule H, Line 4j – Schedule of Reportable Transactions for the Year Ended December 31, 2014.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

The BMO Employee Benefit Stable Principal Fund was certified at its contract value of $20,797,219 and $18,552,448 as of December 31, 2014 and December 31, 2013, respectively. The adjustment from fair value to contract value under the FSP for the Plan's interest in the BMO Employee Benefit Stable Principal Fund of $(178,695) and ($45,958) as of December 31, 2014 and 2013, respectively, was not certified.

8. Risks and Uncertainties

The Plan provides for investments in a money market fund, a limited partnership, collective trust funds and various mutual funds. Such investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with such investments and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in investment value in the near term will materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

9. Party-In-Interest Transactions

Certain Plan investments are managed by BMO. BMO acts as trustee for investments of the Plan and therefore these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest.

10. Subsequent Events

The Plan has evaluated subsequent events through October 7, 2015, the date the financial statements were available to be issued.
