PROFIT SHARING/401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2014 and 2013

1. Description of Plan

The following description of Canteen Service Company of Owensboro, Inc. (Company) Profit-Sharing/401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company, and its related companies Canteen Service Company of Kentuckiana, Inc., Derringer Food Group, Inc., and John Conti Coffee Co., who have one year of service and are age 21 or older. The plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA) of 1974.

Contributions

Each year, participants may contribute up to 75 percent of pretax annual compensation, as defined by the plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants are permitted to make Roth elective deferrals. Participants may also contribute amounts representing distributions from other qualified plans. The Company contributes 50 percent of the first six percent of eligible compensation that a participant contributes to the Plan. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with participant's contributions, an allocation of the Company's matching contributions, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based upon participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Years Ended December 31, 2014 and 2013

1. Description of Plan, Continued

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$500, up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loans are secured by the balance in the participant's account. Loans bear interest at rates ranging from 3.25 percent to 4.25 percent, which are commensurate with local prevailing rates as determined by the Plan administrator. Loan terms may not exceed five years, unless for the purchase of a home. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive either a lump sum amount, equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service due to other reasons a participant may receive the value of the vested interest in his or her account as a lump sum distribution. In-service distributions are also permitted upon meeting certain requirements as defined by the Plan.

Forfeitures

Forfeited non-vested accounts were \$580 and \$702 at December 31, 2014 and 2013, respectively. These accounts will be used to reduce future Company contributions. Employer contributions were reduced by \$10,402 and \$8,826 from forfeited nonvested accounts during the years ended December 31, 2014 and 2013, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

2. Summary of Significant Accounting Policies

Change in Accounting Policy

To reduce the complexity of Plan investment accounting and disclosures, management of the Plan has elected to apply the early adoption provisions of FASB ASU 2015-12, *Plan Accounting: (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient – consensuses of the Emerging Issues Task Force (“ASU 2015 – 12”)*. As required by these provisions, management of the Plan has retroactively restated the December 31, 2013 presentation of certain investments on the Statements of Net Assets Available for Benefits to reflect fair value using the Net Asset Value practical expedient, and eliminating the related fully-benefit responsive footnote disclosures. As a result, the fair value of the common collective trust has been reduced by \$33,093, and the \$33,093 reduction previously presented to reflect these investments at contract value has been eliminated. Early adoption of ASU 2015 -12 also allows the retroactive simplification of investment note disclosures.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan’s investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by investment advisors and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan’s gains and losses on investments bought and sold, as well as held during the year.

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2014 and 2013

2. Summary of Significant Accounting Policies, Continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. Delinquent notes receivable are recorded as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributes excess contributions to the applicable participants prior to March 15 of the following year.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Fees related to the administration of participant loans and distributions of benefits are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Revenue Sharing

Certain expenses are paid using a revenue sharing arrangement with the custodian. Total custodial and recordkeeping fees paid out of this revenue sharing arrangement and included in other income on the statements of changes in net assets available for benefits were \$14,186 and \$9,751 for the years ended December 31, 2014 and 2013, respectively.

3. Information Prepared and Certified by Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Charles Schwab Bank, the custodian has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, as such:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

4. Fair Value Measurements, Continued

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust funds: A stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 60 days notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

4. Fair Value Measurements, Continued

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets.

For the year ended December 31, 2014, there were no significant transfers between Level 1 and 2 and no transfers in or out of Level 3. As discussed in Note 2, with the adoption of ASU 2015 – 12, investments reflected with a Level 3 fair value of \$1,506,024 at December 31, 2013 have been presented as investments measured at net asset value in the fair value table above.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2014 and 2013. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
December 31, 2014	\$1,734,591	N/A	Daily	60 Days
December 31, 2013	\$1,506,024	N/A	Daily	60 Days

5. Tax Status

The Plan is a prototype plan sponsored by McKay Hochman Co., Inc. The IRS has determined and informed McKay Hochman Co., Inc. by a letter dated March 31, 2008 that the prototype plan is designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt.

U.S GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. Plan management believes the Plan has no uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Subsequent Events

The Plan's management evaluated subsequent events through October 1, 2015, the date the financial statements were available to be issued.
