REPORT ON THE FINANCIAL STATEMENTS

We were engaged to audit the accompanying financial statements of Univar USA Inc. Valued Investment Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplementary information, as listed in the accompanying table of contents, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. The supplementary information is the responsibility of management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplementary information.

REPORT ON FORM AND CONTENT IN COMPLIANCE WITH DOL RULES AND REGULATIONS

The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Plan Description

The following description of Univar USA Inc. Valued Investment Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a contributory, defined-contribution 401(k) investment plan available to all eligible full-time and part-time employees of Univar USA Inc. (Univar). Union employees are eligible only if coverage under this Plan is specified in their collective bargaining agreement. Employees are eligible to participate in the Plan following one full calendar month of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is designed as an ERISA Section 404(c) plan. Accordingly, the participants and not the plan fiduciaries are responsible for investment decisions relating to their individual investment assets in the Plan.

Plan Merger - Magnablend, Inc. became an affiliate of Univar on December 11, 2012 and became a participating employer in the Plan effective July 1, 2014. The Magnablend, Inc. 401(k) Plan was merged into the Plan effective August 1, 2014. Total assets (including participant loans) of approximately $6,900,000 were transferred into the Plan as a result of the merger.

Contributions - Employees may contribute from 1% to 75% of their compensation to the Plan as pre-tax and/or Roth contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Effective January 1, 2013, participants subject to tax under the Puerto Rico Internal Revenue Code (PRIRC) are eligible to make catch-up contribution. Participants may also contribute amounts representing distributions from other eligible plans.

Employees hired or rehired on or after October 1, 2003, are automatically enrolled in the Plan following 75 days of employment, unless they have already enrolled in the Plan or have declined enrollment in the Plan prior to that time. The automatic enrollment feature sets the employee's deferral rate at 6% of eligible compensation.

Each pay period, Univar makes matching contributions equal to 100% of participants' salary deferrals up to 4% of eligible compensation. Univar also makes a "true-up" matching contribution if, on the last day of the plan year, the amount of matching contributions made on behalf of a participant is less than the amount that would have been received if the matching contribution was made on an annual basis. Employees covered by collective bargaining units may have different matching formulas as negotiated and outlined in their respective collective bargaining agreements. The Plan satisfies nondiscrimination safe harbor rules for all participants whose terms of employment are not covered by a collective bargaining agreement.

Univar also makes a nonelective retirement contribution equal to 4% of eligible compensation. Employees covered by collective bargaining units may or may not be eligible to receive nonelective retirement contributions based on terms specified in their respective agreements.

Contributions are subject to limitations under the United States Internal Revenue Code (IRC) or PRIRC.

Participant Accounts - Participant contributions to the Plan are voluntary. Participants are allowed to direct the investment of all contributions into various investment options that offer a diversity of investment risk and return. Each participant's account is credited with any contributions made to the account as well as increases or decreases in the market value of investments, and is charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Continued

Allocation Provisions - Dividend income, interest income, and net realized and unrealized investment gain or loss of each fund shall be allocated to the accounts of each participant based on the participant's proportionate share of the various investment funds held in their investment account.

Vesting - Any participant employed with Univar on or after January 1, 2003, shall be 100% vested in all employer contributions other than nonelective retirement contributions. Nonelective retirement contributions are subject to a three year cliff vesting schedule. The vesting schedule of participants in plans that were merged into the Plan may be subject to extended vesting schedules not to exceed five years.

Payment of Benefits - Upon retirement, death, disability, attainment of age 59 1/2, or termination of service, a participant or beneficiary may elect to receive benefit payments via a lump sum payment, leave the funds invested in the Plan, or roll the funds into another qualified plan. The Plan requires automatic lump sum distributions for accounts of terminated participants with a balance greater than $1,000 but less than or equal to $5,000. The automatic distribution amount will be deposited into an individual retirement account unless the participant elects a cash payment or rollover to another qualified retirement plan.

Hardship Withdrawals - Under certain conditions, participants, while still employed by Univar, are permitted to withdraw, in a single sum, the employee contribution portion of their account balance. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of postsecondary education tuition, preventing the eviction or foreclosure from the participant's principal residence, payment of burial or funeral expenses, and expenses for the repair of damage to the participant's principal residence. A participant's right to make deferrals to the Plan will be suspended for six months after the receipt of a hardship withdrawal.

Forfeitures - Participants are entitled to their vested benefits upon termination from the Plan. Unvested contributions are forfeited for all terminated employees and are used to reduce future employer contributions, reinstate previously forfeited balances when employees are rehired, provided the employee's break in service does not exceed five years, or pay plan expenses. During 2014, no forfeitures were used for the payment of plan expenses, and approximately $976,000 of forfeitures was used to reduce employer contributions. As of December 31, 2014 and 2013, forfeited nonvested account balances totaled $105,452 and $156,795, respectively.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. Unless a loan is rolled into the Plan from an acquired company's plan, all loans have maximum repayment terms of five years and loans bear interest at the prime rate plus 1% as established on the first day of the month the loan was originated. Principal and interest are paid ratably through payroll deductions.

Note 2 - Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan have been prepared on the accrual basis of accounting. Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust fund. Contract value for this collective trust fund is based on the net asset value of the fund as reported by the fund's trustee. The statements of net assets available for benefits presents the fair value of the investment in the collective trust fund as well as the adjustment from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are reported on a trade date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the Plan's financial statements. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits paid to participants are recognized when they are paid.

Administrative Expenses - Administrative costs for investment consulting, auditing, and legal services are paid by the Plan. Loan set up and maintenance fees are charged directly to the accounts of participants with outstanding loans. If Univar decides to pay any plan expenses, it may, at its discretion, pay a lower portion of the fees and expenses allocable to the accounts of participants who are no longer employees or who are not beneficiaries, unless doing so would violate applicable nondiscrimination rules. The Plan will reimburse Univar for any plan expenses which Univar has paid but which Univar has previously informed the trustee are expenses to be paid by the Plan. To the extent permitted under ERISA, the Plan may reimburse Univar for certain services provided by Univar to the Plan, including, without limitation, the compensation of Univar employees who provide services to the Plan. No expenses were reimbursed to Univar for the year ended December 31, 2014.

During 2013, a suspense account was established within the Plan to capture excess revenue sharing based on a change in the fee arrangement between Fidelity Management Trust Company (Fidelity) and Univar. Revenue sharing is used to pay Fidelity for recordkeeping and administrative services provided to the Plan based on a formula set by Univar and Fidelity.

Note 2 - Continued

At Univar's direction, funds in the revenue sharing account may be used to reimburse Univar for eligible administrative expenses or may be used to pay for such expenses directly. Periodically, Univar may allocate remaining excess dollars to participants. During 2014, the Plan received $180,000 in revenue sharing and paid approximately $85,000 from the revenue sharing account for eligible administrative expenses and allocated approximately $247,000 in revenue sharing to participants. Revenue sharing dollars received have been netted against administrative expenses in the statement of changes in net assets available for benefits. The balance in the revenue sharing account was $127 and $150,203 as of December 31, 2014 and 2013, respectively.

Subsequent Events - The plan sponsor has evaluated subsequent events through September 30, 2015, the date on which the financial statements were available to be issued.

Note 3 - Fair Value Measurements

U.S. GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Unadjusted quoted prices available in active markets for identical assets or liabilities;

Level 2 - Quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, valuations in which all significant inputs are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3 - Valuations in which one or more significant inputs to the fair value measurement are unobservable.

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013:

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 3 - Continued

Collective Trust Fund - Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The valuation methodologies used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014 and 2013:

	Fair Value Measurements as of December 31, 2014			
	Level 1	Level 2	Level 3	Total

	$ 489,250,464	**$ 42,630,240**	**$ -**	**$ 531,880,704**

The following sets forth additional disclosures of the Plan's investments, whose fair value is estimated using NAV per share (or its equivalent), as of December 31:

	2014 Fair Value	2013 Fair Value	Redemption Frequency	Redemption Notice Period
Fidelity Managed Income Portfolio II (a)	$ 40,759,066	$ 42,630,240	Daily	None

(a) The fund seeks to preserve the principal investment while earning a level of interest income that is consistent with principal preservation. The fund seeks to maintain a stable NAV of $1 per share, but it cannot guarantee that it will be able to do so. The yield of the fund will fluctuate. Withdrawals made in order to accommodate a participant-directed exchange to another investment option within the Plan may be made on any business day, provided that the exchange is not directed into a competing fund (money market funds, short term bond funds, certain asset allocation/lifecycle funds). Withdrawals prompted by certain events (e.g. layoffs, sale of a division, plan terminations, partial plan terminations) may be paid at the market value of the fund's securities which may be less than the contract value. There were no unfunded commitments at December 31, 2014 or 2013.

Note 4 - Investments

The following presents investments that represent 5% or more of the Plan's net assets at December 31:

	2014	2013

Fidelity Diversified International	*	27,338,198
Collective trust fund-		
Fidelity Managed Income Portfolio II	40,759,066	42,630,240

* Does not represent 5% or more of the Plan's net assets at year end.

Note 5 - Information Prepared and Certified by Fidelity

The Plan's management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Under this provision of ERISA, certain information certified by a trust or insurance company need not be subjected to independent audits. The Plan's management has obtained a certification from Fidelity that the following information provided by Fidelity and included in the Plan's financial statements and supplementary information is complete and accurate:

- Fair value and, if applicable, contract value of investments as of December 31, 2014 and 2013;
- Investment income earned and losses incurred for the year ended December 31, 2014; and
- Investment transactions for the year ended December 31, 2014.

Note 6 - Party-in-Interest Transactions

Certain plan investments are shares of mutual funds and units of a collective trust fund managed by Fidelity and its affiliates. Fidelity is the trustee of the Plan and, therefore, transactions with such investments and fees charged by Fidelity and its affiliates for managing the investments, qualify as party-in-interest transactions, which are exempt from prohibited transaction rules.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, Univar has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become, if they are not already, 100% vested in their account balances.

Note 8 - Income Tax Status

The Plan obtained its latest determination letter on August 22, 2014, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Note 9 - Risks and Uncertainties

The Plan provides for various investment fund options, which in turn invest in a combination of investment securities such as stocks, bonds, and others. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 - Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	2014	2013
Net assets available for benefits per the financial statements	$ 568,229,172	$ 539,686,170
