Note 1 - Description of Plan

The following description of Marders, the Landscape Store 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, which became effective January 1, 1996, is a defined contribution plan covering all full-time employees of Marders, the Landscape Store (the "Sponsor") who have three months of service and are age 21 or older. The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 ("ERISA.").

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan, not to exceed limitations set forth by applicable law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Each year, the Sponsor will contribute to the Plan, a Safe Harbor Matching Contribution equal to 3% of the eligible participant's compensation. The Sponsor may also, at its discretion, make a profit sharing and/or matching contribution to eligible participants' accounts. The Sponsor made matching contributions of 50% of the employee contribution, not to exceed $2,000 for the year ended December 31, 2014. Profit sharing contributions are allocated to participants based on compensation. For the year ended December 31, 2014, the Sponsor contributed $339,287 to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of Plan (cont'd.)

Vesting

Participants are immediately vested in employee contributions and employer contributions up to Safe Harbor limitations plus actual earnings thereon. Participants have a vested percentage in their employer contribution accounts, in excess of Safe Harbor limitations, based on a graded vesting schedule and years of service. Vesting in the Sponsor's contributions portion of their accounts is based on the years of service as follows:

Years of Service	Vesting Percentage
At least 1 but less than 2	20%
At least 2 but less than 3	40%
At least 3 but less than 4	60%
At least 4 but less than 5	80%
Five or more years	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to the lesser of 50% of their vested account balance or $50,000. The loans are secured by the balance in the participant's accounts and bear interest at rates ranging from 4.25% to 6.25%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions over five years, except those used to acquire a principal residence of a participant. Such loans must be repaid over a period not in excess of fifteen years.

Payment of Benefits

Participants are eligible to receive benefit payments when they terminate service or reach age 59 ½. On termination of service, a participant will receive a lump sum equal to the 100% vested amount of the participant's account. Benefit payments are also permitted for death, disability and hardship.

Forfeited Accounts

At December 31, 2014 and 2013, forfeited nonvested accounts totaled $11,185 and $11,079, respectively. Forfeitures of employer matching contributions will be used to reduce the employer contributions for the succeeding Plan year. Forfeitures of employer profit sharing contributions will be reallocated among remaining participants in the succeeding Plan year. There were no forfeitures of employer contributions for the year ended December 31, 2014.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance of credit losses has been recorded as of December 31, 2014 and 2013.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 3 - Information Prepared and Certified By Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2014 and 2013, and net appreciation in fair value of investments, and interest and dividends for the year ended December 31, 2014 was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Voya Retirement Insurance and Annuity Company ("Voya") (the trustee of the Plan). This information has not been audited by the independent auditors.

	2014	2013
Investments:		
Pooled separate accounts	$ 3,865,326	$ 3,386,714

Interest and dividend income	$ 16,911

Net appreciation in fair value of investments	$ 326,925	

Note 4 - Investments

At December 31, 2014 and 2013, investments that represent 5% or more of the Plan's net assets consisted of the following:

	2014	2013
Pooled Separate Accounts:		
Clarion Real Estate Portfolio - Service Class	$ 426,695	$ 314,351
Franklin Growth Fund - Class R	793,890	719,280
Franklin Rising Dividends Fund - Class R	974,124	919,498

T. Rowe Price Capital Appreciation Portfolio - Service	555,000	397,281
Life Insurance Cash Surrender Value	*	303,779

* Less than 5% of the Plan's net assets.

Note 5 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2014 and 2013.

Level 2 inputs relate to pooled separate accounts that invest in mutual funds. The fair value of the underlying mutual funds are publicly quoted pricing inputs and are used in determining the net asset value of the pooled separate accounts, which is not publicly quoted.

Level 2 inputs also relate to the cash surrender value of the life insurance policies, which is valued at the amount the Plan would receive should the policies be terminated or surrendered.

Level 2 inputs for December 31, 2014 relate to the Voya Fixed Account, which is an annuity contract issued by Voya Retirement Insurance and Annuity Company. This contract is not fully benefit responsive and is therefore presented at fair value.

Level 3 inputs for December 31, 2013 relate to the ING Fixed Account which is valued at contract value including deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Note 5 - Fair Value Measurements (cont'd.)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2014 and 2013:

Note 6 - Voya Fixed Account

The Plan has an investment with Voya Retirement Insurance and Annuity Company ("Voya"), formerly known as ING Life Insurance and Annuity Company. Under the terms of the contract, Voya maintains contributions in a general account. The account is credited with earnings on the underlying investments and is charged for Plan withdrawals and administrative expenses. The investment is recorded at fair value and because it is not fully benefit responsive, no adjustment from fair value to current value is necessary. The average yield earned by the Plan and credited to participants was 1.2% for the year ended December 31, 2014. Withdrawals from the investment for other than the payment of benefits to participants may be subject to a Market Value Adjustment and a surrender charge. The contract includes provisions for surrender charges that would have been incurred in the approximate amount of $35,000 had the contract been discontinued at December 31, 2014.

Note 7 - Related Party Transactions

Certain Plan investments are pooled separate accounts and shares of mutual funds managed by Voya, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment services amounted to $7,702 for the year ended December 31, 2014.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 9 - Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Sponsor by a letter dated March 16, 2010, that based on its initial filing as a Prototype Plan, the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 10 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11 - Subsequent Events

The Plan has evaluated subsequent events through the date of these financial statements, which is the date the financial statements were available to be issued. During this period, there were no material subsequent events requiring disclosure.
