Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Yenman Enterprises 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note F, which was certified by Great-West Life & Annuity Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that Great-West Life & Annuity Insurance Company holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2014 financial statements. Accordingly, we do not express an opinion on the 2014 financial statements referred to in the first paragraph.

Other Matter—Supplemental Schedule

The supplemental schedule H, Line 4i – Schedule of Assets as of December 31, 2014, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter—2013 Financial Statements

The financial statements of the Plan as of December 31, 2013, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee of the Plan. Their report, dated September 20, 2014, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2014

The form and content of the information included in the 2014 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A – DESCRIPTION OF PLAN

The following description of the Yenman Enterprises (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

   The Plan is a defined contribution plan covering all full-time employees of the Company. An employee is eligible to participate in the Plan on the first day of the month following the completion of one year of service and having attained the age of 21. A participant is eligible to receive employer matching contributions if employed on the last day of the year. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

2. Contributions

   Participants may make voluntary 401(k) contribution up to 100% of their compensation subject to the limitations of the Internal Revenue Code (IRC) for the Plan year which was $17,500 for 2014 and is $18,000 for 2015. Participants who are age 50 or older may make catch-up contributions up to $5,500 in 2014 and $6,000 in 2015. The Company may make matching contribution and profit sharing contributions to the Plan solely at the discretion of the Company's Board of Directors. There were no discretionary matching contributions and profit sharing contributions authorized for 2014. All contributions are subject to the limitations imposed under IRC Section 404(a)(3)(A).

3. Participant Accounts

   Each participant's account is credited with the participant's voluntary 401(k) contributions, the Company's contributions, and the earnings thereon. Discretionary contributions are allocated to the participants employed on the last day of the Plan year based on the participant's percentage of total compensation. Plan earnings are allocated daily based on each participant's balance within each fund.

4. Vesting

   Plan participants are fully vested at all times with respect to their elective contributions plus earnings thereon. Company contributions are subject to a vesting schedule with the participant being fully vested after three years of credited service.

5. Payment of Benefits

   Upon termination of service, a participant is entitled to receive a lump-sum payment equal to his or her vested account balance. If the participant's account is less than $1,000, the plan administrator will make a direct rollover to an individual retirement plan designated by the administrator equal to his or her vested account balance. Participants terminated for reasons other that death, disability, or retirement are entitled to receive their benefits as soon as administratively feasible. In-service withdrawals are available for participants over the age of 59 ½. Withdrawals, while an employee of the Company, are also permitted in certain hardship circumstances, as defined.

NOTE A – DESCRIPTION OF PLAN (continued)

6. Forfeited Accounts

   Forfeitures are temporarily held in a suspense account maintained by the Plan and used to reduce employer contributions or administrative expenses. During 2014, there were no forfeitures transferred to the suspense account, no forfeitures were used to reduce employer contributions, and forfeitures of $2,333 were used to pay Plan expenses. At December 31, 2014, the unallocated forfeited account amounted to $3,166.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

   The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting.

2. Use of Accounting Estimates

   The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could vary from the estimates that were used.

3. Payment of Benefits

   Plan benefits are recorded when paid.

4. Plan Expenses

   Expenses of the Plan are paid either by the Plan or the Company, as provided by the Plan document.

5. Investment Valuation

   The Plan follows the fair value measurement requirements of Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, which defines fair value as the exchange price that would be received for the asset or paid to transfer a liability in an orderly transaction between market participants.

   Assets of the Plan are held in separate accounts of a trust administered by Great-West Life & Annuity Insurance Company (Great-West) during 2014, representing investment in pooled separate accounts and a guaranteed interest account. Pooled separate account values are generally determined based upon the market values of the securities included in the underlying funds. The fair value of the guaranteed interest account is calculated by discounting the related cash flows based on current yield of similar instruments with comparable durations. Investments of participants' voluntary contributions and any Company contributions into these funds are done at the discretion of each participant. The accounts are credited with actual earnings on the underlying investments and charged for Plan withdrawals and administrative expenses.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

5. Investment Valuation (continued)

   Investments contracts held by a defined contribution plan are required to be reported at fair value. The guaranteed interest account is a fully benefit-responsive investment contract, and contract value approximates fair value as of December 31, 2014.

   The Financial Accounting Standards Board recently issued ASU 2015-12, which requires among other things, that fully benefit-responsive investment contracts be measured, presented and disclosed at contract value, not at fair value. The new standard will be effective for 2016.

6. Subsequent Events

   The Plan has evaluated subsequent events through October 7, 2015, the date the financial statements were available to be issued.

NOTE C – FAIR VALUE MEASUREMENTS

FASB ASC 820-10-50, *Fair Value Measurements,* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets,
- Quoted prices for identical or similar assets or liabilities in inactive markets,
- Inputs other than quoted prices that are observable for the asset or liability,
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset and liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of the unobservable inputs. There have been no changes in valuation methodologies used at December 31, 2014 and 2013.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair as of December 31, 2014 and 2013:

NOTE C – FAIR VALUE MEASUREMENTS (continued)

Fair Value Measurements at December 31, 2014

Description	Level 1	Level 2	Level 3
Investment contract with insurance company	$ -	$ 418,164	$ -
Pooled separate accounts	-	2,011,972	-
Total	$ -	$ 2,430,136	$ -

Fair Value Measurements at December 31, 2013

Description	Level 1	Level 2	Level 3
Investment contract with insurance company	$ -	$ 453,560	$ -
Pooled separate accounts	-	1,734,950	-
Total	$ -	$ 2,188,510	$ -

Following is a reconciliation of activity for 2014 for the investment contract with insurance company measured at fair value:

Balance, beginning of year	$453,560
Purchases, sales, issuances, and settlements - Net	(35,396)
Balance, end of year	$418,164

NOTE D – INVESTMENT CONTRACT WITH INSURANCE COMPANY

During 2008, the Plan entered into a fully benefit-responsive investment contract with Great-West. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Fair value of the investment contract approximates contract value at December 31, 2014. The average yield earned by the Plan for the investment contract is 1.25% for 2014.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting.

NOTE D – INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestiture of spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE E – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes of risk associated with certain investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE F – INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Great-West, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets for benefits as of December 31, 2014 and 2013, the supplemental schedule of assets held at end of year as of December 31, 2014, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2014. As directed by the Plan administrator, this information is unaudited.

The information certified includes total investments of $2,430,136 and $2,188,510 at December 31, 2014 and 2013, respectively, and net related investment income and market value gains of $97,626 for the year ended December 31, 2014.

The fair value of investments, as reported by the trustee, includes the following investments which represent 5% or more of the Plan's net assets at December 31, 2014:

Key Guaranteed Portfolio Fund	$ 418,164
American Funds Europacific Growth R3	282,154
American Funds Growth Fund of Amer R3	185,310
Great- West S&P Small Cap 600 Index Fund I	183,224
Dreyfus Appreciation	152,843

NOTE G – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits at December 31, 2014 per the financial statements to Form 5500:

Net assets available for benefits, per the financial statements at fair value	$ 2,423,956
Contributions receivable at December 31, 2014	(4,918)
Corrective distributions at December 31, 2014	11,098
Net assets available for benefits, per the Form 5500	$ 2,430,136

The following is a reconciliation of contributions for 2014 per the financial statements to Form 5500:

Contributions, per the financial statements	$ 170,297
Contributions receivable - 2014	(4,918)
Contributions, per the Form 5500	$ 165,379

The following is a reconciliation of corrective distributions for 2014 per the financial statements to Form 5500:

Corrective distributions, per the financial statements	$ 20,554
Corrective distributions - 2014	(11,098)
Corrective distributions, per the Form 5500	$ 9,456

NOTE H – PARTY-IN-INTEREST

The investment contract with the insurance company is managed by Great-West. Great-West is a trustee as defined by the Plan and, therefore, those transactions qualify as party-in-interest.

NOTE I – TAX STATUS

The Plan obtained its initial determination letter on November 27, 2001 and its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has conclude that as of December 31, 2014 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.
