NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Astro Shapes, LLC 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all non-union employees of Astro Shapes, LLC (the Company) who are at least 18 years of age and have completed six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute to the Plan up to 50% of their pre-tax annual compensation, as defined in the Plan, subject to the maximum permitted by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company may contribute matching contributions to the Plan at the discretion of the Company's Board of Directors. The Company also may contribute a discretionary non-matching contribution established annually at the discretion of the Board of Directors. Eligible participants must work 500 hours during the Plan year to receive the discretionary non-matching contribution. For the year ended December 31, 2014, discretionary non-matching contributions of \$220,243 were authorized. There were no discretionary matching contributions authorized for the year ended December 31, 2014. Contributions are subject to certain IRS limitations.

Participant Accounts

A separate account is maintained for each participant. Each participant's account is credited with the participant's contribution, rollover contributions, allocations of the employer discretionary contributions, and plan earnings or losses as defined by the Plan agreement. Allocation of the Company's discretionary non-matching contributions is based on the participant's compensation for the Plan year, subject to applicable limitations. Plan earnings or losses are allocated daily based on each participant's balance. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined.

Vesting

Participants are immediately vested in all contributions and investment earnings and losses.

Notes Receivable from Participants

The Plan allows participants to borrow money within certain limits from their individual accounts. The loans are secured by the balance in the participant's account. Such loans bear interest at a reasonable rate commensurate with current interest rates charged for loans made under similar circumstances by persons in the business of lending money. Principal and interest are paid ratably through payroll deductions.

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant receives a lump-sum distribution equal to his or her account balance. For termination of service due to other reasons, a participant may elect to receive the value of his or her account balance as a lump-sum distribution or have the funds remain in the Plan. If the participant's account balance is less than \$1,000, the plan administrator directs the trustees to make a lump-sum distribution. If the participant's account balance is between \$1,000 and \$5,000, the plan administrator may make an automatic rollover of the account balance to a qualified individual retirement account. In-service withdrawals are available for participants over age 59½. Participants terminated for reasons other than death, disability, or retirement, are entitled to receive their benefits as soon as administratively feasible. Distributions of a participant's 401(k) account balance may be authorized at any time by the plan administrator under certain hardship conditions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Adoption of ASU 2015-12

The Plan has elected to early adopt Financial Accounting Standards Board ASU 2015-12 for 2014. As such, the Plan has changed the presentation and disclosure of fully benefit-responsive investment contracts to contract value and has eliminated certain disclosures related to investments. The statement of net assets available for benefits and certain related disclosures at December 31, 2013, have been retroactively adjusted to conform to the new standard.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amount of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value as reported by FASCore, LLC (FASCore) as agent of JPMorgan Chase Bank, N.A. (JPMorgan) and Reliance Trust Company (Reliance), the trustees of the Plan (except for fully benefit-responsive investment contracts which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustees. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Assets of the Plan are held in separate accounts of a trust administered by Reliance as of December 31, 2014, and JPMorgan as of December 31, 2013, representing investments in mutual funds and a common/collective trust fund.

Investments of participants' contributions and the Company's contributions into these investments are at the discretion of each participant.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at December 31, 2014 and 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The Plan's administrative expenses are paid either by the Plan or the Company as provided by the Plan agreement. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes

The Plan recognizes and discloses uncertain tax positions in accordance with GAAP. As of December 31, 2014 and 2013, and for the year ended December 31, 2014, the Plan did not have a liability for unrecognized tax benefits. The Plan is no longer subject to examination by federal and state taxing authorities prior to 2011.

Subsequent Events

Plan management has evaluated subsequent events through September 29, 2015, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE TRUSTEES

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by FASCore as agent of JPMorgan, and Reliance, the trustees.

Reliance has certified as to the completeness and accuracy of the investments it holds, changes in net asset arising from investment activity, and the schedule of assets held at end of year as of December 31, 2014, and for the period October 18, 2014, to December 31, 2014. FASCore has certified as to the completeness and accuracy of the investments JPMorgan holds and changes in net assets arising from investment activity, as of December 31, 2013, and for the period January 1, 2014, to October 17, 2014.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level 2 Other significant observable inputs including: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 Inputs are significant and unobservable (including the Plan's own assumptions used to determine value)

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at December 31, 2014:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	<u>\$ 5,578,622</u>	<u>\$</u>	<u>\$</u>

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at December 31, 2013:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	<u>\$ 6,149,482</u>	<u>\$</u>	<u>\$</u>

The Plan did not hold any Level 3 assets during the year.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by JPMorgan and Reliance. JPMorgan and Reliance are the trustees, as defined by the Plan and, therefore, such transactions qualify as party-in-interest transactions.

From December 31, 2013, through October 17, 2014, JPMorgan provided certain administrative services to the Plan pursuant to a Master Services Agreement between the Company and JPMorgan. JPMorgan received revenue from mutual fund and collective trust fund service providers for services JPMorgan provided to the funds. This revenue was used to offset certain amounts owed to JPMorgan for its administrative services to the Plan.

NOTES TO THE FINANCIAL STATEMENTS

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. TAX STATUS

The Plan has adopted a prototype plan provided by Great-West Trust Company. Great-West Trust Company has received an opinion letter dated March 31, 2014, from the IRS stating that the prototype plan is acceptable under Section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' balances and the amounts reported in the statement of net assets available for benefits.
