LIQUI-BOX CORPORATION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF THE PLAN

General

Liqui-Box Corporation 401(k) Plan (the "Plan") is a 401(k) plan which was formed for the purpose of providing retirement benefits to employees of Liqui-Box Corporation (the "Company"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

All employees of the Company, except employees covered under a collective bargaining agreement and temporary employees, become eligible to participate in the Plan and to receive employer matching contributions on their employment commencement date. The Plan is subject to the provisions of ERISA.

Contributions

Each year, participants may elect to contribute a portion of their annual compensation as pre-tax or Roth contributions, as defined in the Plan. The Company provides a safe harbor matching contribution of 100% of the first 6% of eligible compensation that a participant contributes to the plan. Contributions are subject to certain limitations pursuant to Section 401(k) of the Internal Revenue Code.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocations of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their accounts into various investment options offered by the Plan, primarily including a guaranteed income fund and mutual funds with varying fund objectives and degrees of investment risk.

Vesting

Participants are vested immediately in their elective deferral and safe harbor matching contributions, plus actual earnings thereon. Forfeitures, if any, are used to reduce future employer contributions or plan expenses.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Notes Receivable. Loan terms range from one to five years, or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's vested account and bear interest at a rate commensurate with the bank prime rate plus 1% as reported by the U.S. Federal Reserve. Interest rates currently range from 4.25% to 10.5%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeitures

At December 31, 2014 and 2013, there were no unallocated forfeited amounts. Therefore, no forfeited amounts were used during 2014 or 2013.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts. There was no adjustment of the fully benefit-responsive investment contracts from fair value to contract value, since contract value is the same as fair value. See Note 6.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses of maintaining the Plan, including participant recordkeeping and investment management fees, are paid by the Company and excluded from these financial statements. Certain administrative charges are paid by participants, including fees related to loans and distributions.

Subsequent Events

Subsequent events have been evaluated through September 30, 2015, which is the date the financial statements were available to be issued.

Recent Accounting Pronouncements

In October 2012, the FASB issued ASU 2012-04, Technical Corrections and Improvements. The amendments in this update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in this update were generally effective for fiscal periods beginning after December 15, 2013, for non-public entities, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financial statements. The adoption of ASU 2012-04 has not had and is not expected to have a material impact on subsequent periods.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recent Accounting Pronouncements (continued)

On July 31, 2015, in an effort to simplify plan accounting, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) - (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015. Earlier application is permitted. Retrospective application is required for Parts I and II on all periods presented. There is no anticipated effect on the value of the net assets available for benefits, as the main changes resulting from implementation of this ASU centers around certain disclosures in the notes to the financial statements. The adoption of ASU 2015-12 is expected to be adopted for the plan year beginning January 1, 2015 (and will be applied retrospectively as required).

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY PRUDENTIAL BANK & TRUST, F.S.B.

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2014 and 2013, and net appreciation in fair value of investments and interest and dividends for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Prudential Bank & Trust, F.S.B. (the trustee of the Plan).

NOTE 4: INVESTMENTS

The Plan's investments that represent five percent or more of Plan net assets available for plan benefits as of December 31, 2014 and 2013 are as follows:

	<u>2014</u>	<u>2013</u>
Prudential Guaranteed Income Fund	\$ 4,397,091	\$ 4,808,305
Prudential Total Return Bond	3,289,121	0*

American Funds American Mutual Fund R3	0*	1,365,350
Invesco Charter Fund A	752,036*	1,334,098

* Included for comparative purposes. Value does not represent five percent or more of the Plan net assets available for benefits for the applicable year.

NOTE 5: FAIR VALUE MEASUREMENTS

Generally accepted accounting principles include a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

LIQUI-BOX CORPORATION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 5: FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan at year end. NAV is based on the value of underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. NAV is a quoted price in an active market.

Guaranteed income fund: Valued at contract value which equals fair value as a fair value adjustment does not apply upon discontinuance. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. See Note 6.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

Ending balance	<u>\$ 4,397,091</u>	<u>\$ 4,808,305</u>

The fair value of the Guaranteed Income Fund is based on significant unobservable inputs, including the credit worthiness of the issuer, Prudential Retirement Insurance and Annuity Company and the terms of the investment contract. Significant fluctuations in any of the inputs in isolation could result in a significantly different fair value measurement.

LIQUI-BOX CORPORATION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 6: GUARANTEED INVESTMENT FUND WITH PRUDENTIAL LIFE INSURANCE COMPANY

In 2012, the plan entered into a benefit-responsive guaranteed annuity contract with Prudential Life Insurance Company ("Prudential"). Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

The contract is included in the financial statements at fair value, which is equal to contract value. The concept of a value other than contract value does not apply to this contract even upon discontinuance of the contract in which case contract value would be paid no later than 90 days from the date the Sponsor provides notice to discontinue. There are no specific securities in the general account that back the liabilities of this annuity contract and it would be inappropriate to look to the market value of the securities within the insurer's general account to determine a fair value. The insurer owns a promise to pay interest at crediting rates, which are announced in advance and guaranteed for a six-month period. This contract is not like a guaranteed investment contract (GIC) in that there are no cash flows that could be discounted. Contract value represents contributions made under the contract, plus transfers to the fund and credited interest, less participant withdrawals, transfers out of the fund and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2014 and 2013 was \$4,397,091 and \$4,808,305, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.50% and for 2014 and 2013. Such interest rates are reviewed on a monthly basis for resetting.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events, which would limit the Plan's ability to transact at contract value with participants, are probable of occurring.

Average yields:	<u>2014</u>	<u>2013</u>
Based on actual earnings	1.25%	1.45%
Based on interest rate credited to participants	1.25%	1.45%

NOTE 7: RELATED PARTY OF PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Prudential. Prudential Bank & Trust, F.S.B. is the nondiscretionary trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

LIQUI-BOX CORPORATION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 8: PLAN TERMINATION

Although the Plan Sponsor has not indicated any intent to do so, it has the right to terminate the Plan at any time. In the event the Plan Sponsor terminates the Plan, participants are entitled to receive the value of their account, including employer contributions and earnings thereon.

NOTE 9: TAX STATUS

The Plan has adopted a non-standardized form of a prototype plan sponsored by Prudential Insurance Company of America. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2011.

NOTE 10: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and all the amounts reported in the statement of net assets available for plan benefits.

LIQUI-BOX CORPORATION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF THE PLAN

General

Liqui-Box Corporation 401(k) Plan (the "Plan") is a 401(k) plan which was formed for the purpose of providing retirement benefits to employees of Liqui-Box Corporation (the "Company"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

All employees of the Company, except employees covered under a collective bargaining agreement and temporary employees, become eligible to participate in the Plan and to receive employer matching contributions on their employment commencement date. The Plan is subject to the provisions of ERISA.

Contributions

Each year, participants may elect to contribute a portion of their annual compensation as pre-tax or Roth contributions, as defined in the Plan. The Company provides a safe harbor matching contribution of 100% of the first 6% of eligible compensation that a participant contributes to the plan. Contributions are subject to certain limitations pursuant to Section 401(k) of the Internal Revenue Code.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocations of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their accounts into various investment options offered by the Plan, primarily including a guaranteed income fund and mutual funds with varying fund objectives and degrees of investment risk.

Vesting

Participants are vested immediately in their elective deferral and safe harbor matching contributions, plus actual earnings thereon. Forfeitures, if any, are used to reduce future employer contributions or plan expenses.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Notes Receivable. Loan terms range from one to five years, or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's vested account and bear interest at a rate commensurate with the bank prime rate plus 1% as reported by the U.S. Federal Reserve. Interest rates currently range from 4.25% to 10.5%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeitures

At December 31, 2014 and 2013, there were no unallocated forfeited amounts. Therefore, no forfeited amounts were used during 2014 or 2013.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts. There was no adjustment of the fully benefit-responsive investment contracts from fair value to contract value, since contract value is the same as fair value. See Note 6.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses of maintaining the Plan, including participant recordkeeping and investment management fees, are paid by the Company and excluded from these financial statements. Certain administrative charges are paid by participants, including fees related to loans and distributions.

Subsequent Events

Subsequent events have been evaluated through September 30, 2015, which is the date the financial statements were available to be issued.

Recent Accounting Pronouncements

In October 2012, the FASB issued ASU 2012-04, Technical Corrections and Improvements. The amendments in this update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in this update were generally effective for fiscal periods beginning after December 15, 2013, for non-public entities, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financial statements. The adoption of ASU 2012-04 has not had and is not expected to have a material impact on subsequent periods.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recent Accounting Pronouncements (continued)

On July 31, 2015, in an effort to simplify plan accounting, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) - (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015. Earlier application is permitted. Retrospective application is required for Parts I and II on all periods presented. There is no anticipated effect on the value of the net assets available for benefits, as the main changes resulting from implementation of this ASU centers around certain disclosures in the notes to the financial statements. The adoption of ASU 2015-12 is expected to be adopted for the plan year beginning January 1, 2015 (and will be applied retrospectively as required).

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY PRUDENTIAL BANK & TRUST, F.S.B.

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2014 and 2013, and net appreciation in fair value of investments and interest and dividends for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Prudential Bank & Trust, F.S.B. (the trustee of the Plan).

NOTE 4: INVESTMENTS

The Plan's investments that represent five percent or more of Plan net assets available for plan benefits as of December 31, 2014 and 2013 are as follows:

	<u>2014</u>	<u>2013</u>
Prudential Guaranteed Income Fund	\$ 4,397,091	\$ 4,808,305
Prudential Total Return Bond	3,289,121	0*

* Included for comparative purposes. Value does not represent five percent or more of the Plan net assets available for benefits for the applicable year.

NOTE 5: FAIR VALUE MEASUREMENTS

Generally accepted accounting principles include a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

LIQUI-BOX CORPORATION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 5: FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan at year end. NAV is based on the value of underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. NAV is a quoted price in an active market.

Guaranteed income fund: Valued at contract value which equals fair value as a fair value adjustment does not apply upon discontinuance. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. See Note 6.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

Ending balance	<u>\$ 4,397,091</u>	<u>\$ 4,808,305</u>

The fair value of the Guaranteed Income Fund is based on significant unobservable inputs, including the credit worthiness of the issuer, Prudential Retirement Insurance and Annuity Company and the terms of the investment contract. Significant fluctuations in any of the inputs in isolation could result in a significantly different fair value measurement.

LIQUI-BOX CORPORATION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 6: GUARANTEED INVESTMENT FUND WITH PRUDENTIAL LIFE INSURANCE COMPANY

In 2012, the plan entered into a benefit-responsive guaranteed annuity contract with Prudential Life Insurance Company ("Prudential"). Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

The contract is included in the financial statements at fair value, which is equal to contract value. The concept of a value other than contract value does not apply to this contract even upon discontinuance of the contract in which case contract value would be paid no later than 90 days from the date the Sponsor provides notice to discontinue. There are no specific securities in the general account that back the liabilities of this annuity contract and it would be inappropriate to look to the market value of the securities within the insurer's general account to determine a fair value. The insurer owns a promise to pay interest at crediting rates, which are announced in advance and guaranteed for a six-month period. This contract is not like a guaranteed investment contract (GIC) in that there are no cash flows that could be discounted. Contract value represents contributions made under the contract, plus transfers to the fund and credited interest, less participant withdrawals, transfers out of the fund and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2014 and 2013 was \$4,397,091 and \$4,808,305, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.50% and for 2014 and 2013. Such interest rates are reviewed on a monthly basis for resetting.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events, which would limit the Plan's ability to transact at contract value with participants, are probable of occurring.

Average yields:	<u>2014</u>	<u>2013</u>
Based on actual earnings	1.25%	1.45%
Based on interest rate credited to participants	1.25%	1.45%

NOTE 7: RELATED PARTY OF PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Prudential. Prudential Bank & Trust, F.S.B. is the nondiscretionary trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

LIQUI-BOX CORPORATION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 8: PLAN TERMINATION

Although the Plan Sponsor has not indicated any intent to do so, it has the right to terminate the Plan at any time. In the event the Plan Sponsor terminates the Plan, participants are entitled to receive the value of their account, including employer contributions and earnings thereon.

NOTE 9: TAX STATUS

The Plan has adopted a non-standardized form of a prototype plan sponsored by Prudential Insurance Company of America. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2011.

NOTE 10: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and all the amounts reported in the statement of net assets available for plan benefits.

LIQUI-BOX CORPORATION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF THE PLAN

General

Liqui-Box Corporation 401(k) Plan (the "Plan") is a 401(k) plan which was formed for the purpose of providing retirement benefits to employees of Liqui-Box Corporation (the "Company"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

All employees of the Company, except employees covered under a collective bargaining agreement and temporary employees, become eligible to participate in the Plan and to receive employer matching contributions on their employment commencement date. The Plan is subject to the provisions of ERISA.

Contributions

Each year, participants may elect to contribute a portion of their annual compensation as pre-tax or Roth contributions, as defined in the Plan. The Company provides a safe harbor matching contribution of 100% of the first 6% of eligible compensation that a participant contributes to the plan. Contributions are subject to certain limitations pursuant to Section 401(k) of the Internal Revenue Code.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocations of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their accounts into various investment options offered by the Plan, primarily including a guaranteed income fund and mutual funds with varying fund objectives and degrees of investment risk.

Vesting

Participants are vested immediately in their elective deferral and safe harbor matching contributions, plus actual earnings thereon. Forfeitures, if any, are used to reduce future employer contributions or plan expenses.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Notes Receivable. Loan terms range from one to five years, or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's vested account and bear interest at a rate commensurate with the bank prime rate plus 1% as reported by the U.S. Federal Reserve. Interest rates currently range from 4.25% to 10.5%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeitures

At December 31, 2014 and 2013, there were no unallocated forfeited amounts. Therefore, no forfeited amounts were used during 2014 or 2013.

LIQUI-BOX CORPORATION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts. There was no adjustment of the fully benefit-responsive investment contracts from fair value to contract value, since contract value is the same as fair value. See Note 6.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses of maintaining the Plan, including participant recordkeeping and investment management fees, are paid by the Company and excluded from these financial statements. Certain administrative charges are paid by participants, including fees related to loans and distributions.

Subsequent Events

Subsequent events have been evaluated through September 30, 2015, which is the date the financial statements were available to be issued.

Recent Accounting Pronouncements

In October 2012, the FASB issued ASU 2012-04, Technical Corrections and Improvements. The amendments in this update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in this update were generally effective for fiscal periods beginning after December 15, 2013, for non-public entities, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financial statements. The adoption of ASU 2012-04 has not had and is not expected to have a material impact on subsequent periods.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recent Accounting Pronouncements (continued)

On July 31, 2015, in an effort to simplify plan accounting, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) - (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015. Earlier application is permitted. Retrospective application is required for Parts I and II on all periods presented. There is no anticipated effect on the value of the net assets available for benefits, as the main changes resulting from implementation of this ASU centers around certain disclosures in the notes to the financial statements. The adoption of ASU 2015-12 is expected to be adopted for the plan year beginning January 1, 2015 (and will be applied retrospectively as required).

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY PRUDENTIAL BANK & TRUST, F.S.B.

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2014 and 2013, and net appreciation in fair value of investments and interest and dividends for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Prudential Bank & Trust, F.S.B. (the trustee of the Plan).

NOTE 4: INVESTMENTS

The Plan's investments that represent five percent or more of Plan net assets available for plan benefits as of December 31, 2014 and 2013 are as follows:

	<u>2014</u>	<u>2013</u>

NOTE 5: FAIR VALUE MEASUREMENTS

Generally accepted accounting principles include a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTES TO FINANCIAL STATEMENTS

NOTE 5: FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan at year end. NAV is based on the value of underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. NAV is a quoted price in an active market.

Guaranteed income fund: Valued at contract value which equals fair value as a fair value adjustment does not apply upon discontinuance. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. See Note 6.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

Sales, settlements net	(1,947,664)	(341,882)
Ending balance	<u>\$ 4,397,091</u>	<u>\$ 4,808,305</u>

The fair value of the Guaranteed Income Fund is based on significant unobservable inputs, including the credit worthiness of the issuer, Prudential Retirement Insurance and Annuity Company and the terms of the investment contract. Significant fluctuations in any of the inputs in isolation could result in a significantly different fair value measurement.

NOTES TO FINANCIAL STATEMENTS

NOTE 6: GUARANTEED INVESTMENT FUND WITH PRUDENTIAL LIFE INSURANCE COMPANY

In 2012, the plan entered into a benefit-responsive guaranteed annuity contract with Prudential Life Insurance Company ("Prudential"). Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

The contract is included in the financial statements at fair value, which is equal to contract value. The concept of a value other than contract value does not apply to this contract even upon discontinuance of the contract in which case contract value would be paid no later than 90 days from the date the Sponsor provides notice to discontinue. There are no specific securities in the general account that back the liabilities of this annuity contract and it would be inappropriate to look to the market value of the securities within the insurer's general account to determine a fair value. The insurer owns a promise to pay interest at crediting rates, which are announced in advance and guaranteed for a six-month period. This contract is not like a guaranteed investment contract (GIC) in that there are no cash flows that could be discounted. Contract value represents contributions made under the contract, plus transfers to the fund and credited interest, less participant withdrawals, transfers out of the fund and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2014 and 2013 was \$4,397,091 and \$4,808,305, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.50% and for 2014 and 2013. Such interest rates are reviewed on a monthly basis for resetting.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events, which would limit the Plan's ability to transact at contract value with participants, are probable of occurring.

Average yields:	<u>2014</u>	<u>2013</u>
Based on actual earnings	1.25%	1.45%
Based on interest rate credited to participants	1.25%	1.45%

NOTE 7: RELATED PARTY OF PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Prudential. Prudential Bank & Trust, F.S.B. is the nondiscretionary trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTES TO FINANCIAL STATEMENTS

NOTE 8: PLAN TERMINATION

Although the Plan Sponsor has not indicated any intent to do so, it has the right to terminate the Plan at any time. In the event the Plan Sponsor terminates the Plan, participants are entitled to receive the value of their account, including employer contributions and earnings thereon.

NOTE 9: TAX STATUS

The Plan has adopted a non-standardized form of a prototype plan sponsored by Prudential Insurance Company of America. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2011.

NOTE 10: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and all the amounts reported in the statement of net assets available for plan benefits.
