REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Administrative Committee
Empire Today, LLC
401(k) Profit Sharing Plan

Report on the financial statements

We were engaged to audit the accompanying financial statements of the Empire Today, LLC 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information described in note E, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entities meet the requirements of 29 CFR 2520.103-8. The Plan administrator obtained certifications from these entities as of December 31, 2014 and 2013,

and for the year ended December 31, 2014, stating that the certified information provided to the Plan administrator is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplementary information

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2014, and assets (held at end of year) as of December 31, 2014, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on form and content in compliance with DOL rules and regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the certified information described in note E, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF PLAN

The following description of the Empire Today, LLC 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Empire Today, LLC (the Company) who have 90 days of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

The Company contributes a safe harbor match of 100%, up to 4% of compensation that a participant contributes to the Plan. Profit-sharing amounts may be contributed at the option of the Company's board of managers and are invested as directed by the participants into the various investment options offered by the Plan. Participants who have one year of service and are age 21 or older are eligible to receive profit-sharing contributions. No profit-sharing contribution was made by the Company during the year ended December 31, 2014.

Participants direct the investment of their contributions and account balances into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, Company safe harbor match contribution, and allocations of the Company's profit-sharing contribution, if any, and Plan earnings. Allocations are based on participant earnings or account balances, as defined. Participant accounts are also charged with withdrawals and applicable administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants in the Plan are 100% vested in their salary reduction and rollover contributions and the related earnings. Participants are also immediately 100% vested in Company safe harbor match contributions. Vesting in any Company profit-sharing contributions is based on years of service. A participant is 20% vested after two years, with a 20% increase each succeeding year until becoming fully vested after the sixth year of service. Each participant is 100% vested in his or her share of Company profit-sharing contributions upon death or disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. A participant may only have one loan outstanding from the Plan at any time. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly by the Plan administrator, is commensurate with local prevailing rates (ranging from 5.25% to 9.25% for loans outstanding as of December 31, 2014). Principal and interest are paid ratably through payroll deductions or paid directly by the participant.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Minimum required distributions may be received in annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2014 and 2013, forfeited non-vested accounts totaled $19,980 and $7,679, respectively. Forfeitures can be used first to pay Plan expenses and then to reduce Company contributions. In 2014, expenses were reduced by $1,236 and Company contributions were reduced by $1,864 due to forfeited non-vested accounts.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Adoption of New Accounting Rules

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share (or Its Equivalent),* which exempts investments measured using the net asset value (NAV) practical expedient in Accounting Standards Codification 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard. Accordingly, the amendment was retrospectively applied resulting in the removal of the Plan's investment for which fair value is measured using the NAV per share practical expedient from the fair value hierarchy. The amount of investments measured at NAV (or its equivalent) is disclosed so that total investments in the fair value hierarchy can be reconciled to total investments measured at fair value on the statement of net assets available for benefits.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient.* This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Part I and Part II are effective for fiscal years beginning after December 15, 2015, and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015, and should be applied prospectively, with early application permitted.

Part III is not applicable to the Plan, but management has elected to adopt Part I and Part II early. Accordingly, the amendments were retrospectively applied, resulting in the Plan's stable value investment (note D) being reported only at contract value in the accompanying statements of net assets available for benefits and the removal of certain fair value disclosures related to this investment. The disclosures of individual investments that represent 5% or more of net assets available for benefits, the net appreciation or depreciation in fair value of investments by general type and the investment strategy for the Plan's investment measured at NAV have been removed, and the level of disaggregation of investments that are measured at fair value has been simplified by disaggregating investments by general type versus disaggregating by nature, characteristics and risks.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Except for the Plan's stable value investment option (see note D), the Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based on the terms of the Plan agreement. No allowance for credit losses has been recorded as of December 31, 2014 or 2013.

Administrative Expenses

Certain Plan expenses (such as investment-related fees and record-keeping fees) are recorded as an offset to investment income. Certain expenses associated with specific participant activity (such as participant loan fees) are charged directly to the participant's account and are included in administrative expenses. Unless otherwise paid by the Plan, certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

NOTE C - FAIR VALUE MEASUREMENTS

Except for the Plan's stable value investment option, the Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The accounting framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

In accordance with the framework, the Company groups Plan assets and liabilities measured at fair value into three levels based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies and inputs used for assets and liabilities measured at fair value, as well as the general classification pursuant to the valuation hierarchy:

Mutual funds - Valued based on the daily quoted NAV of the shares held by the Plan at year-end.

Pooled separate account - Valued at the NAV of units held by the pooled separate account. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV for the pooled separate account is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$11,943,680	$ -	$ -	$11,943,680
Total assets in the fair value hierarchy	$11,943,680	$ -	$ -	11,943,680
Investment measured at NAV (a)				2,294,380
Investments at fair value				$14,238,060

	2013			
	Level 1	Level 2	Level 3	Total
Mutual funds	$11,139,936	$ -	$ -	$11,139,936
Total assets in the fair value hierarchy	$11,139,936	$ -	$ -	11,139,936
Investment measured at NAV (a)				2,081,042
Investments at fair value				$13,220,978

(a) Redemption of the pooled separate account is generally permitted daily and there are no unfunded commitments.

NOTE D - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan provides a stable value investment option issued by Prudential Retirement Insurance and Annuity Company (PRIAC) that simulates the performance of a guaranteed investment contract. PRIAC maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a semiannual basis for resetting. The crediting interest rate for the guaranteed investment contract cannot be less than 1.5%. The average yield and crediting interest rate was approximately 1.35% for 2014.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include (1) transfers of assets from the fund into a competing investment option and (2) when total distributions and transfers in the fund exceed certain levels. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

NOTE E - CERTIFIED INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Prudential Bank and Trust, F.S.B. (Prudential), a trustee of the Plan, and PRIAC, an insurance entity, have certified that the following information included in the accompanying financial statements and supplemental schedules, except as noted below, is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2014.

- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2014.

- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2014.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE F - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by affiliates of Prudential. Prudential is a trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Company profit-sharing portion of their accounts.

NOTE H- TAX STATUS

The Plan has adopted a Prototype Non-standardized Profit Sharing Plan with a cash or deferral arrangement (Prototype Plan) sponsored by Prudential Insurance Company. The Prototype Plan obtained its latest opinion letter on April 29, 2014, in which the IRS has determined and informed the Plan trustee that the Prototype Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J - OPERATIONAL ERRORS

During 2014, the Company determined that it failed to remit certain employee contributions (totaling $606,261 for the 2011 through 2014 Plan years) within the period prescribed by the Department of Labor regulations. All such contributions have been remitted to the Plan and the Company made interest payments in 2014 to compensate the Plan for lost income due to the delays. The Department of Labor has indicated that it will take no further action on this matter due to the corrective actions taken by the Company.

NOTE K - SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2014, financial statements for subsequent events through October 8, 2015, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events that would require recognition or disclosure in the financial statements.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Administrative Committee
Empire Today, LLC
401(k) Profit Sharing Plan

Report on the financial statements

We were engaged to audit the accompanying financial statements of the Empire Today, LLC 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information described in note E, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entities meet the requirements of 29 CFR 2520.103-8. The Plan administrator obtained certifications from these entities as of December 31, 2014 and 2013,

and for the year ended December 31, 2014, stating that the certified information provided to the Plan administrator is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplementary information

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2014, and assets (held at end of year) as of December 31, 2014, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on form and content in compliance with DOL rules and regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the certified information described in note E, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF PLAN

The following description of the Empire Today, LLC 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Empire Today, LLC (the Company) who have 90 days of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

The Company contributes a safe harbor match of 100%, up to 4% of compensation that a participant contributes to the Plan. Profit-sharing amounts may be contributed at the option of the Company's board of managers and are invested as directed by the participants into the various investment options offered by the Plan. Participants who have one year of service and are age 21 or older are eligible to receive profit-sharing contributions. No profit-sharing contribution was made by the Company during the year ended December 31, 2014.

Participants direct the investment of their contributions and account balances into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, Company safe harbor match contribution, and allocations of the Company's profit-sharing contribution, if any, and Plan earnings. Allocations are based on participant earnings or account balances, as defined. Participant accounts are also charged with withdrawals and applicable administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants in the Plan are 100% vested in their salary reduction and rollover contributions and the related earnings. Participants are also immediately 100% vested in Company safe harbor match contributions. Vesting in any Company profit-sharing contributions is based on years of service. A participant is 20% vested after two years, with a 20% increase each succeeding year until becoming fully vested after the sixth year of service. Each participant is 100% vested in his or her share of Company profit-sharing contributions upon death or disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. A participant may only have one loan outstanding from the Plan at any time. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly by the Plan administrator, is commensurate with local prevailing rates (ranging from 5.25% to 9.25% for loans outstanding as of December 31, 2014). Principal and interest are paid ratably through payroll deductions or paid directly by the participant.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Minimum required distributions may be received in annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2014 and 2013, forfeited non-vested accounts totaled $19,980 and $7,679, respectively. Forfeitures can be used first to pay Plan expenses and then to reduce Company contributions. In 2014, expenses were reduced by $1,236 and Company contributions were reduced by $1,864 due to forfeited non-vested accounts.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Adoption of New Accounting Rules

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share (or Its Equivalent),* which exempts investments measured using the net asset value (NAV) practical expedient in Accounting Standards Codification 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard. Accordingly, the amendment was retrospectively applied resulting in the removal of the Plan's investment for which fair value is measured using the NAV per share practical expedient from the fair value hierarchy. The amount of investments measured at NAV (or its equivalent) is disclosed so that total investments in the fair value hierarchy can be reconciled to total investments measured at fair value on the statement of net assets available for benefits.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient.* This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Part I and Part II are effective for fiscal years beginning after December 15, 2015, and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015, and should be applied prospectively, with early application permitted.

Part III is not applicable to the Plan, but management has elected to adopt Part I and Part II early. Accordingly, the amendments were retrospectively applied, resulting in the Plan's stable value investment (note D) being reported only at contract value in the accompanying statements of net assets available for benefits and the removal of certain fair value disclosures related to this investment. The disclosures of individual investments that represent 5% or more of net assets available for benefits, the net appreciation or depreciation in fair value of investments by general type and the investment strategy for the Plan's investment measured at NAV have been removed, and the level of disaggregation of investments that are measured at fair value has been simplified by disaggregating investments by general type versus disaggregating by nature, characteristics and risks.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Except for the Plan's stable value investment option (see note D), the Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based on the terms of the Plan agreement. No allowance for credit losses has been recorded as of December 31, 2014 or 2013.

Administrative Expenses

Certain Plan expenses (such as investment-related fees and record-keeping fees) are recorded as an offset to investment income. Certain expenses associated with specific participant activity (such as participant loan fees) are charged directly to the participant's account and are included in administrative expenses. Unless otherwise paid by the Plan, certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

NOTE C - FAIR VALUE MEASUREMENTS

Except for the Plan's stable value investment option, the Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The accounting framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

In accordance with the framework, the Company groups Plan assets and liabilities measured at fair value into three levels based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies and inputs used for assets and liabilities measured at fair value, as well as the general classification pursuant to the valuation hierarchy:

Mutual funds - Valued based on the daily quoted NAV of the shares held by the Plan at year-end.

Pooled separate account - Valued at the NAV of units held by the pooled separate account. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV for the pooled separate account is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$11,943,680	$ -	$ -	$11,943,680
Total assets in the fair value hierarchy	$11,943,680	$ -	$ -	11,943,680
Investment measured at NAV (a)				2,294,380
Investments at fair value				$14,238,060

	2013			
	Level 1	Level 2	Level 3	Total
Mutual funds	$11,139,936	$ -	$ -	$11,139,936
Total assets in the fair value hierarchy	$11,139,936	$ -	$ -	11,139,936
Investment measured at NAV (a)				2,081,042
Investments at fair value				$13,220,978

(a) Redemption of the pooled separate account is generally permitted daily and there are no unfunded commitments.

NOTE D - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan provides a stable value investment option issued by Prudential Retirement Insurance and Annuity Company (PRIAC) that simulates the performance of a guaranteed investment contract. PRIAC maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a semiannual basis for resetting. The crediting interest rate for the guaranteed investment contract cannot be less than 1.5%. The average yield and crediting interest rate was approximately 1.35% for 2014.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include (1) transfers of assets from the fund into a competing investment option and (2) when total distributions and transfers in the fund exceed certain levels. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

NOTE E - CERTIFIED INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Prudential Bank and Trust, F.S.B. (Prudential), a trustee of the Plan, and PRIAC, an insurance entity, have certified that the following information included in the accompanying financial statements and supplemental schedules, except as noted below, is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2014.

- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2014.

- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2014.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE F - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by affiliates of Prudential. Prudential is a trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Company profit-sharing portion of their accounts.

NOTE H- TAX STATUS

The Plan has adopted a Prototype Non-standardized Profit Sharing Plan with a cash or deferral arrangement (Prototype Plan) sponsored by Prudential Insurance Company. The Prototype Plan obtained its latest opinion letter on April 29, 2014, in which the IRS has determined and informed the Plan trustee that the Prototype Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J - OPERATIONAL ERRORS

During 2014, the Company determined that it failed to remit certain employee contributions (totaling $606,261 for the 2011 through 2014 Plan years) within the period prescribed by the Department of Labor regulations. All such contributions have been remitted to the Plan and the Company made interest payments in 2014 to compensate the Plan for lost income due to the delays. The Department of Labor has indicated that it will take no further action on this matter due to the corrective actions taken by the Company.

NOTE K - SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2014, financial statements for subsequent events through October 8, 2015, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events that would require recognition or disclosure in the financial statements.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Administrative Committee
Empire Today, LLC
401(k) Profit Sharing Plan

Report on the financial statements

We were engaged to audit the accompanying financial statements of the Empire Today, LLC 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information described in note E, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entities meet the requirements of 29 CFR 2520.103-8. The Plan administrator obtained certifications from these entities as of December 31, 2014 and 2013,

and for the year ended December 31, 2014, stating that the certified information provided to the Plan administrator is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplementary information

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2014, and assets (held at end of year) as of December 31, 2014, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on form and content in compliance with DOL rules and regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the certified information described in note E, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF PLAN

The following description of the Empire Today, LLC 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Empire Today, LLC (the Company) who have 90 days of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

The Company contributes a safe harbor match of 100%, up to 4% of compensation that a participant contributes to the Plan. Profit-sharing amounts may be contributed at the option of the Company's board of managers and are invested as directed by the participants into the various investment options offered by the Plan. Participants who have one year of service and are age 21 or older are eligible to receive profit-sharing contributions. No profit-sharing contribution was made by the Company during the year ended December 31, 2014.

Participants direct the investment of their contributions and account balances into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, Company safe harbor match contribution, and allocations of the Company's profit-sharing contribution, if any, and Plan earnings. Allocations are based on participant earnings or account balances, as defined. Participant accounts are also charged with withdrawals and applicable administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants in the Plan are 100% vested in their salary reduction and rollover contributions and the related earnings. Participants are also immediately 100% vested in Company safe harbor match contributions. Vesting in any Company profit-sharing contributions is based on years of service. A participant is 20% vested after two years, with a 20% increase each succeeding year until becoming fully vested after the sixth year of service. Each participant is 100% vested in his or her share of Company profit-sharing contributions upon death or disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. A participant may only have one loan outstanding from the Plan at any time. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly by the Plan administrator, is commensurate with local prevailing rates (ranging from 5.25% to 9.25% for loans outstanding as of December 31, 2014). Principal and interest are paid ratably through payroll deductions or paid directly by the participant.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Minimum required distributions may be received in annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2014 and 2013, forfeited non-vested accounts totaled $19,980 and $7,679, respectively. Forfeitures can be used first to pay Plan expenses and then to reduce Company contributions. In 2014, expenses were reduced by $1,236 and Company contributions were reduced by $1,864 due to forfeited non-vested accounts.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Adoption of New Accounting Rules

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share (or Its Equivalent),* which exempts investments measured using the net asset value (NAV) practical expedient in Accounting Standards Codification 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard. Accordingly, the amendment was retrospectively applied resulting in the removal of the Plan's investment for which fair value is measured using the NAV per share practical expedient from the fair value hierarchy. The amount of investments measured at NAV (or its equivalent) is disclosed so that total investments in the fair value hierarchy can be reconciled to total investments measured at fair value on the statement of net assets available for benefits.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient.* This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Part I and Part II are effective for fiscal years beginning after December 15, 2015, and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015, and should be applied prospectively, with early application permitted.

Part III is not applicable to the Plan, but management has elected to adopt Part I and Part II early. Accordingly, the amendments were retrospectively applied, resulting in the Plan's stable value investment (note D) being reported only at contract value in the accompanying statements of net assets available for benefits and the removal of certain fair value disclosures related to this investment. The disclosures of individual investments that represent 5% or more of net assets available for benefits, the net appreciation or depreciation in fair value of investments by general type and the investment strategy for the Plan's investment measured at NAV have been removed, and the level of disaggregation of investments that are measured at fair value has been simplified by disaggregating investments by general type versus disaggregating by nature, characteristics and risks.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Except for the Plan's stable value investment option (see note D), the Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based on the terms of the Plan agreement. No allowance for credit losses has been recorded as of December 31, 2014 or 2013.

Administrative Expenses

Certain Plan expenses (such as investment-related fees and record-keeping fees) are recorded as an offset to investment income. Certain expenses associated with specific participant activity (such as participant loan fees) are charged directly to the participant's account and are included in administrative expenses. Unless otherwise paid by the Plan, certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

NOTE C - FAIR VALUE MEASUREMENTS

Except for the Plan's stable value investment option, the Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The accounting framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

In accordance with the framework, the Company groups Plan assets and liabilities measured at fair value into three levels based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies and inputs used for assets and liabilities measured at fair value, as well as the general classification pursuant to the valuation hierarchy:

Mutual funds - Valued based on the daily quoted NAV of the shares held by the Plan at year-end.

Pooled separate account - Valued at the NAV of units held by the pooled separate account. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV for the pooled separate account is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$11,943,680	$ -	$ -	$11,943,680
Total assets in the fair value hierarchy	$11,943,680	$ -	$ -	11,943,680
Investment measured at NAV (a)				2,294,380
Investments at fair value				$14,238,060

	2013			
	Level 1	Level 2	Level 3	Total
Mutual funds	$11,139,936	$ -	$ -	$11,139,936
Total assets in the fair value hierarchy	$11,139,936	$ -	$ -	11,139,936
Investment measured at NAV (a)				2,081,042
Investments at fair value				$13,220,978

(a) Redemption of the pooled separate account is generally permitted daily and there are no unfunded commitments.

NOTE D - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan provides a stable value investment option issued by Prudential Retirement Insurance and Annuity Company (PRIAC) that simulates the performance of a guaranteed investment contract. PRIAC maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a semiannual basis for resetting. The crediting interest rate for the guaranteed investment contract cannot be less than 1.5%. The average yield and crediting interest rate was approximately 1.35% for 2014.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include (1) transfers of assets from the fund into a competing investment option and (2) when total distributions and transfers in the fund exceed certain levels. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

NOTE E - CERTIFIED INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Prudential Bank and Trust, F.S.B. (Prudential), a trustee of the Plan, and PRIAC, an insurance entity, have certified that the following information included in the accompanying financial statements and supplemental schedules, except as noted below, is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2014.

- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2014.

- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2014.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE F - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by affiliates of Prudential. Prudential is a trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Company profit-sharing portion of their accounts.

NOTE H- TAX STATUS

The Plan has adopted a Prototype Non-standardized Profit Sharing Plan with a cash or deferral arrangement (Prototype Plan) sponsored by Prudential Insurance Company. The Prototype Plan obtained its latest opinion letter on April 29, 2014, in which the IRS has determined and informed the Plan trustee that the Prototype Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J - OPERATIONAL ERRORS

During 2014, the Company determined that it failed to remit certain employee contributions (totaling $606,261 for the 2011 through 2014 Plan years) within the period prescribed by the Department of Labor regulations. All such contributions have been remitted to the Plan and the Company made interest payments in 2014 to compensate the Plan for lost income due to the delays. The Department of Labor has indicated that it will take no further action on this matter due to the corrective actions taken by the Company.

NOTE K - SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2014, financial statements for subsequent events through October 8, 2015, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events that would require recognition or disclosure in the financial statements.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Administrative Committee
Empire Today, LLC
401(k) Profit Sharing Plan

Report on the financial statements

We were engaged to audit the accompanying financial statements of the Empire Today, LLC 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information described in note E, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entities meet the requirements of 29 CFR 2520.103-8. The Plan administrator obtained certifications from these entities as of December 31, 2014 and 2013,

and for the year ended December 31, 2014, stating that the certified information provided to the Plan administrator is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplementary information

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2014, and assets (held at end of year) as of December 31, 2014, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on form and content in compliance with DOL rules and regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the certified information described in note E, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF PLAN

The following description of the Empire Today, LLC 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Empire Today, LLC (the Company) who have 90 days of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

The Company contributes a safe harbor match of 100%, up to 4% of compensation that a participant contributes to the Plan. Profit-sharing amounts may be contributed at the option of the Company's board of managers and are invested as directed by the participants into the various investment options offered by the Plan. Participants who have one year of service and are age 21 or older are eligible to receive profit-sharing contributions. No profit-sharing contribution was made by the Company during the year ended December 31, 2014.

Participants direct the investment of their contributions and account balances into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, Company safe harbor match contribution, and allocations of the Company's profit-sharing contribution, if any, and Plan earnings. Allocations are based on participant earnings or account balances, as defined. Participant accounts are also charged with withdrawals and applicable administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants in the Plan are 100% vested in their salary reduction and rollover contributions and the related earnings. Participants are also immediately 100% vested in Company safe harbor match contributions. Vesting in any Company profit-sharing contributions is based on years of service. A participant is 20% vested after two years, with a 20% increase each succeeding year until becoming fully vested after the sixth year of service. Each participant is 100% vested in his or her share of Company profit-sharing contributions upon death or disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. A participant may only have one loan outstanding from the Plan at any time. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly by the Plan administrator, is commensurate with local prevailing rates (ranging from 5.25% to 9.25% for loans outstanding as of December 31, 2014). Principal and interest are paid ratably through payroll deductions or paid directly by the participant.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Minimum required distributions may be received in annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2014 and 2013, forfeited non-vested accounts totaled $19,980 and $7,679, respectively. Forfeitures can be used first to pay Plan expenses and then to reduce Company contributions. In 2014, expenses were reduced by $1,236 and Company contributions were reduced by $1,864 due to forfeited non-vested accounts.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Adoption of New Accounting Rules

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share (or Its Equivalent),* which exempts investments measured using the net asset value (NAV) practical expedient in Accounting Standards Codification 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard. Accordingly, the amendment was retrospectively applied resulting in the removal of the Plan's investment for which fair value is measured using the NAV per share practical expedient from the fair value hierarchy. The amount of investments measured at NAV (or its equivalent) is disclosed so that total investments in the fair value hierarchy can be reconciled to total investments measured at fair value on the statement of net assets available for benefits.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient.* This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Part I and Part II are effective for fiscal years beginning after December 15, 2015, and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015, and should be applied prospectively, with early application permitted.

Part III is not applicable to the Plan, but management has elected to adopt Part I and Part II early. Accordingly, the amendments were retrospectively applied, resulting in the Plan's stable value investment (note D) being reported only at contract value in the accompanying statements of net assets available for benefits and the removal of certain fair value disclosures related to this investment. The disclosures of individual investments that represent 5% or more of net assets available for benefits, the net appreciation or depreciation in fair value of investments by general type and the investment strategy for the Plan's investment measured at NAV have been removed, and the level of disaggregation of investments that are measured at fair value has been simplified by disaggregating investments by general type versus disaggregating by nature, characteristics and risks.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Except for the Plan's stable value investment option (see note D), the Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based on the terms of the Plan agreement. No allowance for credit losses has been recorded as of December 31, 2014 or 2013.

Administrative Expenses

Certain Plan expenses (such as investment-related fees and record-keeping fees) are recorded as an offset to investment income. Certain expenses associated with specific participant activity (such as participant loan fees) are charged directly to the participant's account and are included in administrative expenses. Unless otherwise paid by the Plan, certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

NOTE C - FAIR VALUE MEASUREMENTS

Except for the Plan's stable value investment option, the Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The accounting framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

In accordance with the framework, the Company groups Plan assets and liabilities measured at fair value into three levels based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies and inputs used for assets and liabilities measured at fair value, as well as the general classification pursuant to the valuation hierarchy:

Mutual funds - Valued based on the daily quoted NAV of the shares held by the Plan at year-end.

Pooled separate account - Valued at the NAV of units held by the pooled separate account. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV for the pooled separate account is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$11,943,680	$ -	$ -	$11,943,680
Total assets in the fair value hierarchy	$11,943,680	$ -	$ -	11,943,680
Investment measured at NAV (a)				2,294,380
Investments at fair value				$14,238,060

	2013			
	Level 1	Level 2	Level 3	Total
Mutual funds	$11,139,936	$ -	$ -	$11,139,936
Total assets in the fair value hierarchy	$11,139,936	$ -	$ -	11,139,936
Investment measured at NAV (a)				2,081,042
Investments at fair value				$13,220,978

(a) Redemption of the pooled separate account is generally permitted daily and there are no unfunded commitments.

NOTE D - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan provides a stable value investment option issued by Prudential Retirement Insurance and Annuity Company (PRIAC) that simulates the performance of a guaranteed investment contract. PRIAC maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a semiannual basis for resetting. The crediting interest rate for the guaranteed investment contract cannot be less than 1.5%. The average yield and crediting interest rate was approximately 1.35% for 2014.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include (1) transfers of assets from the fund into a competing investment option and (2) when total distributions and transfers in the fund exceed certain levels. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

NOTE E - CERTIFIED INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Prudential Bank and Trust, F.S.B. (Prudential), a trustee of the Plan, and PRIAC, an insurance entity, have certified that the following information included in the accompanying financial statements and supplemental schedules, except as noted below, is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2014.

- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2014.

- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2014.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE F - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by affiliates of Prudential. Prudential is a trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Company profit-sharing portion of their accounts.

NOTE H- TAX STATUS

The Plan has adopted a Prototype Non-standardized Profit Sharing Plan with a cash or deferral arrangement (Prototype Plan) sponsored by Prudential Insurance Company. The Prototype Plan obtained its latest opinion letter on April 29, 2014, in which the IRS has determined and informed the Plan trustee that the Prototype Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J - OPERATIONAL ERRORS

During 2014, the Company determined that it failed to remit certain employee contributions (totaling $606,261 for the 2011 through 2014 Plan years) within the period prescribed by the Department of Labor regulations. All such contributions have been remitted to the Plan and the Company made interest payments in 2014 to compensate the Plan for lost income due to the delays. The Department of Labor has indicated that it will take no further action on this matter due to the corrective actions taken by the Company.

NOTE K - SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2014, financial statements for subsequent events through October 8, 2015, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events that would require recognition or disclosure in the financial statements.
