Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Wausau Homes Incorporated 401(k) Savings Plan (the "plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by Principal Life Insurance Company, the trustee of the plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee hold the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee, as of December 31, 2014 and 2013 and for the year ended December 31, 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements as a whole.

Other Matter - Report on Supplemental Information

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2014, which is the responsibility of plan management, is required by the DOL Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2014 and 2013 and for the Year Ended December 31, 2014

NOTE 1 - Description of the Plan

The following description of the Wausau Homes Incorporated 401(k) Savings Plan (the "plan") provides only general information. Participants should refer to the plan's summary plan description for a more complete description of the plan's provisions.

General

The plan is a defined contribution plan covering employees of Wausau Homes Incorporated (the "company"), and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The assets of the plan are held for the exclusive benefit of the eligible employees and their beneficiaries. An eligible employee is defined as any non-union employee who has attained the age of eighteen and has completed 90 days of service. Unless modified by the participant, the company will automatically enroll participants in the plan on their eligibility date (the first day of the month upon satisfying plan eligibility requirements) at a 3% salary deferral rate and deposit the amounts into funds selected by the company.

Contributions

Participating employees may make voluntary pre-tax and after-tax contributions up to the maximum amount allowable under federal tax law (adjusted annually). A participant may revoke his or her voluntary contribution ("salary deferral") election at any time. Any other modification to a salary deferral election may be made monthly. Participants direct the investment of their contributions into various investment options offered by the plan.

The company makes a safe harbor matching contributions to eligible participant accounts, calculated as 100% of salary deferrals on the first 3% of each eligible participant's eligible compensation and 50% of salary deferrals on the next 2% of each participant's eligible compensation. The company may also contribute to the plan a discretionary profit sharing amount on an annual basis, which shall be determined by the company's directors as a uniform dollar amount or as a pro-rata allocation based on the participant's compensation. Employees must have worked at least 1,000 hours during the plan year and be employed as of the last day of the plan year to receive an allocation of the company's profit sharing contributions. There were no discretionary profit sharing contributions for 2014. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions).

Contributions from employees and any company safe harbor contributions are recorded in the period the company makes payroll deductions from the plan participants. Any discretionary profit sharing contributions are recorded in the period in which the employees earn the underlying eligible compensation upon which the contribution amount is calculated.

Participant Accounts

Each participant's account is credited with allocations of the participant's salary reduction contributions, rollover contributions, and an allocation of the company's contributions and plan earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the plan. Plan earnings and plan expenses are determined and posted to each participant's account on a daily basis in accordance with the proportion of a participant's account to all participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

WAUSAU HOMES INCORPORATED 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2014 and 2013 and for the Year Ended December 31, 2014

NOTE 1 - Description of the Plan (cont.)

Vesting

Participants are immediately vested in safe harbor, rollover, and salary deferral contributions plus earnings thereon. Participants who leave the plan because of death, normal retirement, or disability retirement, as defined in the plan, are considered 100% vested in their entire account balances. Profit sharing employer contributions and earnings thereon vest in accordance with provisions of the plan as follows:

<u>Vesting Years of Service</u>	<u>Percentage Vested</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Forfeited Accounts

Plan forfeitures arise as a result of participants who terminate service with the company before becoming 100% vested in the company's profit sharing contributions. These forfeitures can be used to reduce company contributions or to pay administrative expenses of the plan. As of December 31, 2014 and 2013, forfeited nonvested accounts totaled \$8,966 and \$23,506, respectively. During the 2014 plan year, there were \$19,400 of forfeitures applied against plan administrative expenses.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the plan agreement. The plan provides for normal retirement at age 55. The plan allows for the benefits to be paid to active participants who have attained age 59 1/2. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment or installments. Participants experiencing financial hardship may withdraw a portion of their account balance as defined in the plan.

Plan Termination

Although it has not expressed any intent to do so, the company has the right under the plan to terminate the plan at any time subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1-5 years or up to 15 years for the purchase of a primary residence. These loans are secured by the balance in the participant's account. The loans bear interest at rates that range from 3.25% to 4.25%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through payroll deductions.

NOTE 1 - Description of the Plan (cont.)

Notes Receivable from Participants (cont.)

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Administrative Expenses

The plan's administrative expenses are paid either by the plan or the plan sponsor, as provided by the plan document. Loan fees, distribution fees, and certain other fees are charged directly to the participant's account.

Subsequent Events

The company has evaluated subsequent events through October 5, 2015, the date that the financial statements were approved and available to be issued, for events requiring recording or disclosure in the plan's financial statements.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared on the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for details on inputs, valuation techniques and fair value measurement level within the fair value hierarchy.

Net appreciation or depreciation of investments included in the accompanying statement of changes in net assets available for benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in the fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represents the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

The plan invests in mutual funds that are valued at fair value using quoted market prices. The plan invests in a collective trust fund that determines its fair value using the net asset value (NAV) of the funds. The NAV is determined by the fund's trustee using the fair value of the underlying securities within the fund at year end. The primary investments in the collective trust fund are fully benefit responsive and are valued at contract value.

During the year ended December 31, 2014, the plan's investments (including gains and losses on investments bought, sold, and held during the year) appreciated (depreciated) in value as follows:

Mutual funds	\$ (255,228)
Collective trust fund	<u>8,203</u>
Net Change in Fair Value	(247,025)
Interest and dividends	<u>613,911</u>
Net Investment Return Certified by Trustee	<u>\$ 366,886</u>

Investments, in general, are subject to various risks, including credit, interest, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 4 - Fair Value of Financial Instruments

The plan follows accounting principles generally accepted in the United States of America for measuring, reporting, and disclosing fair value. These standards apply to all assets and liabilities that are measured, reported, and/or disclosed on a fair value basis.

As defined in the accounting standards, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Assets and liabilities measured, reported and/or disclosed at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- > quoted prices for similar assets or liabilities in active markets;
- > quoted prices for identical or similar assets in inactive markets;
- > inputs other than quoted prices that are observable for the asset or liability;
- > inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- > If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2014 and 2013 and for the Year Ended December 31, 2014

NOTE 4 - Fair Value of Financial Instruments (cont.)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There has been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual Funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Collective Trust Fund: Valued at the net asset value (NAV) of shares held by the plan at year end. This fund invests in guaranteed investment contracts valued at contract value as described in Note 5.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The use of net asset value as fair value is deemed appropriate as the collective trust fund does not have a finite life, unfunded commitments related to the investment, or significant restrictions on redemptions.

The plan sponsor is responsible for the determination of fair value and has not historically adjusted the prices obtained from the pricing services.

The table below presents the balances of assets measured at fair value on a recurring basis by level within the hierarchy.

Strategies for Investments Valued Using Net Asset Value (NAV)

The Principal Stable Value Preferred Fund seeks to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit-responsive payments. The fund seeks to achieve this objective by investment primarily in a variety of high quality stable value investment contracts (minimum weighted average credit quality rating of A or better), as well as cash and cash equivalents.

NOTE 5 - Stable Value Fund

At December 31, 2014 and 2013, the plan held an investment in the Principal Stable Value Preferred Fund, which invests in traditional guaranteed investment contracts (GICs), synthetic GICs and cash equivalents. Traditional GICs are contracts issued by a financial institution to provide a stated rate of return to the buyer of the contract for specified period of time for which the plan owns the investment contract (not the assets), which provides the plan with a call on the contract issuer's assets in the event of default. A synthetic GIC has similar characteristics as a traditional GIC, with two key differences: First, the plan owns the assets; and second, there is a contract value guarantee (wrapper) provided by a third party. Wrappers provide contract value payments for certain participant initiated withdrawals and transfers, a floor crediting rate, and return of fully accrued contract value at maturity.

In determining the net assets available for benefits, the GICs are recorded at their contract values, which are equal to the principal balance plus accrued interest. As provided in the accounting standards, an investment contract is generally valued at contract value, rather than fair value, to the extent it is fully benefit responsive.

The stable value fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

As of December 31, 2014 and 2013 and for the Year Ended December 31, 2014

NOTE 5 - Stable Value Fund (cont.)

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events included the following: (i) material plan amendments (including partial or complete termination or merger of the plan with another plan; (ii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; (iii) changes to plan's prohibition on competing investment options; (iv) the closing of a plant, facility or other business unit of the plan sponsor or bankruptcy of the plan sponsor. The plan administrator does not believe that the occurrence of any such event, which would limit the plan's ability to transact at contract value with participants, is probable.

The GIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The average yield of the stable value fund based on actual earnings was approximately 1.41% and 1.44% at December 31, 2014 and 2013, respectively. The average yield of the stable value fund based on interest rate credited to participants was approximately 1.86% and 1.50% at December 31, 2014 and 2013, respectively.

NOTE 6 - Amounts Owed to Participants Withdrawing From the Plan

There were no amounts owed to participants who have withdrawn from the plan as of December 31, 2014 and 2013.

NOTE 7 - Parties In Interest

Certain plan investments are shares of funds managed by a wholly-owned subsidiary of the trustee as defined by the plan and, therefore, these transactions qualify as party in interest transactions. Fees paid by the plan for investment management services are with the trustee and are party in interest transactions. These fees are netted against investment income.

The plan allows for loans to be taken out by participants, which are considered party-in-interest transactions.

NOTE 8 - Tax Status

The plan is operating under a non-standardized adoption agreement sponsored by Verisight, Inc., a third party contracted by Principal Life Insurance Company, for which the prototype plan has received an opinion letter dated July 17, 2012 from the Internal Revenue Service as to the plan's qualified status. The plan has been amended since receiving the determination letter. The plan administrator believes that the plan, as amended, is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the plan administrator believes that the plan was qualified and the related trust was tax-exempt at the financial statement date.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2014 and 2013 and for the Year Ended December 31, 2014

NOTE 8 - Tax Status (cont.)

Plan management is required to evaluate tax positions taken by the plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2014 and 2013, there were no uncertain positions taken or expected to be taken. The plan has recognized no interest or penalties related to uncertain tax positions. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the plan is no longer subject to income tax examinations for years prior to 2011.

NOTE 9 - New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* ("ASU 2015-07"). ASU 2015-07 removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value per share practical expedient under Accounting Standards Codification 820. ASU 2015-07 is effective for the plan for years beginning after December 15, 2016 with early adoption permitted. Management is currently evaluating the impact of the pending adoption of ASU 2015-07 on the plan's financial statements.

In July 2015, the FASB issued Accounting Standards Update No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient* ("ASU 2015-12"). Part I of the accounting standards update requires fully-benefit responsive investment contracts to be measured, presented, and disclosed only at contract value. Part II of this update requires that investments (both participant-directed and nonparticipant-directed investments) be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways. Part II also eliminates the disclosure of individual investments that represent 5 percent or more of net assets available for benefits and the disclosure of net appreciation or depreciation for investments by general type, requiring only presentation of net appreciation (depreciation) in investments in the aggregate. Additionally, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is a fund that files a U.S. Department of Labor Form 5500, as a direct filing entity, disclosure of that investment's strategy is no longer required. Part III of the update permits plans to measure investments and investment-related accounts (e.g., a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015, with early application permitted. The amendments within Parts I and II require retrospective application; whereas, the amendments within Part III should be applied prospectively. Management is currently evaluating the impact of the pending adoption of ASU 2015-12 on the Plan's financial statements.
