Veolia Water Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Veolia Water Retirement Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

The Plan's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Plan Merger

As described in Notes 1 and 9 to the financial statements, the Board of Directors of Veolia North America, LLC and the ERISA Fiduciary Committee of the Veolia North America Employee Benefits Plans approved a resolution to merge the Plan into newly created employee benefit plans as part of a restructuring and consolidation of the employee benefit plans sponsored by the Veolia North American family of companies, effective January 1, 2015.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

VEOLIA WATER RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Veolia Water Retirement Savings Plan (the Plan) provides only general information. Plan participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan was organized effective October 1, 1991, as a defined contribution retirement savings plan covering all eligible employees of Veolia Water North America Operating Services, LLC (the Employer) who are age 18 or older, or any employee who is a union member subject to a collective bargaining agreement (CBA) if the Employer has agreed in the CBA to have such union members covered by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors of the Employer is responsible for oversight of the Plan. ERISA Fiduciary Committee of the Veolia North America Employee Benefit Plans determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors of the Employer.

Plan Merger: The Board of Directors of the Employer approved the merger and spinoff of assets and liabilities of the Plan into and with newly created employee benefit plans of the Employer, effective January 1, 2015. Substantially all Plan assets were liquidated prior to December 31, 2014, and the proceeds totaling \$196,343,574 were transferred to the new plans in January 2015 to complete the Plan's merger. See Note 9.

Contributions: Each year, participants may authorize the Employer to contribute to the Plan up to 50% of their eligible annual compensation, subject to the maximum annual amount permitted under the Internal Revenue Code (IRC). Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from amounts representing distributions from other qualified plans.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless an affirmative election not to participate in the Plan is executed. Automatically enrolled participants have their contribution rate set at 4% of eligible compensation and their contributions are invested in a designated fund until changed by the participant.

The Employer makes matching contributions to the Plan. In 2014, the Employer made matching contributions equal to 50% of the first 7% of compensation that each participant contributed to the Plan. The Employer may elect to make discretionary contributions to the Plan. No Employer discretionary contributions were made to the Plan in 2014.

Participants direct the investment of their contributions, as well as those made by the Employer, into various investment options offered by the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions and Employer matching contributions, as well as allocations of the Employer's discretionary contributions and Plan earnings. Participant accounts may also be charged with an allocation of certain administrative expenses of the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Vesting and Forfeitures: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their account is based on years of service. A participant becomes 34% vested after one year of service, increasing by 33% per additional year, with full vesting after three years of credited service.

At December 31, 2014 and 2013, forfeited nonvested accounts of terminated participants totaled \$373,038 and \$196,657, respectively. These accounts will be used to reduce future Employer contributions. In 2014, forfeited nonvested accounts of \$373,038 were used to reduce Employer contributions.

Notes Receivable from Participants: Participants may borrow from their account a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The repayment terms of the notes cannot exceed five years except for the purchase of the participant's principal residence, for which the terms may exceed five years per the Plan Agreement. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through regular payroll deductions.

Benefits: Upon the occurrence of a distributable event due to separation from service by termination, death, disability, or retirement, as defined by the Plan Agreement, a participant may elect to receive a lump-sum cash distribution equal to the value of the participant's vested interest in his or her account. Hardship and in-service withdrawals, as defined in the Plan Agreement, are also permitted from a participant's account.

Plan Termination: Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants will become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The ERISA Fiduciary Committee of the Veolia North America Employee Benefits Plans determines the Plan's valuation policies utilizing information provided by the Plan's trustee. See Note 3 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As discussed in Note 5, the Plan invests in a collective trust fund which is a fully benefit-responsive investment. The Plan's statements of net assets available for benefits presents the fair value of this investment, as well as the adjustment of this investment from fair value to contract value as of December 31, 2013. The Plan's statement of changes in net assets available for benefits is prepared on a contract value basis for fully benefit-responsive investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make repayments and the Plan Administrator deems the note receivable from the participant to be in default, the balance of the note receivable from the participant is reduced and a benefit payment is recorded per the Plan Agreement.

Payment of Benefits: Benefits are recorded when paid.

Plan Expenses: Administrative expenses for maintaining the Plan may be paid by the Employer or the Plan, at the Employer's discretion. Certain administration fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Tax Status: The Internal Revenue Service (IRS) has determined and informed the Employer by a letter dated May 3, 2013, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed in compliance with the applicable requirements of the IRC. The Plan Administrator intends to correct insignificant operational errors utilizing the self-correction program available under the Employee Plans Compliance Resolution System (EPCRS). Therefore, the Plan Administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require the Plan's management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other taxing authorities.

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in process. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

Subsequent Events: The Plan Administrator has evaluated the financial statements for subsequent events occurring through October 7, 2015, the date the financial statements were available to be issued. See Note 9.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan has categorized its assets and liabilities that are measured at fair value into a three-level fair value hierarchy. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement. In situations where there is little or no market activity for the asset or liability, the Plan makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Following is a description of the valuation methodologies used by the Plan for assets that are measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual Fund Shares and Money Market Fund Shares: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. These funds held by the Plan are deemed to be actively traded.

Collective Trust Funds: Valued at the unit price reported by the sponsoring trust company. The underlying investments owned by the fund can include publicly quoted mutual fund shares and common stocks and corporate bonds quoted at closing price or quoted using pricing models of securities, and other collective trust funds, quoted at net asset value of the units. The unit price is based on quoted market prices of these underlying investments owned, less any accrual of fees and expenses borne by the account, and divided by the number of units outstanding. The unit price is quoted on the active private market on which participants can transact daily with no redemption restrictions on these investments.

Common Stocks, Exchange-Traded Funds and Warrants: Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain assets could result in a different fair value measurement at the reporting date.

Following is a summary, by major nature and risks class within each level of the fair value hierarchy, of the Plan's assets that are measured at fair value on a recurring basis as of December 31, 2014 and 2013:

NOTE 5 - COLLECTIVE TRUST FUND

The Plan had an investment in the Wells Fargo Stable Return Fund N35, which is a benefit-responsive fund. As described in Note 2, because this investment contract was fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits attributable to this investment. Contract value, as reported to the Plan by Wells Fargo Bank, N.A., represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. All shares of the collective trust fund were sold and no shares were held by the Plan at December 31, 2014. In 2013, the average yield rate based on actual earnings of the fund was approximately 1.36%, and the average interest rate credited to participants was approximately 1.52%.

Certain events limited the ability of the Plan to transact at contract value with the issuer. Such events included the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events limited the participant's ability to transact at contract value through the date of sale of this investment during 2014.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments are managed by an affiliate of Wells Fargo Bank, N.A., the trustee of the Plan; therefore, transactions in these investments qualify as exempt party-in-interest transactions under ERISA. The Trustee also receives indirect fees from investments which are deducted from investment returns. Direct fees paid by the Plan to the Trustee and/or its affiliate totaled \$316,033 in 2014.

The Employer provides certain accounting, administrative and investment management services to the Plan for which it receives no compensation.

Notes receivable from participants are permitted party-in-interest transactions.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per Form 5500 at December 31, 2014 and 2013:

	2014	2013
Net assets available for benefits per the financial statements	\$ 196,343,574	\$216,174,978

Net assets per Form 5500	<u>\$</u>	<u>\$216,292,691</u>

The following is a reconciliation of net decrease per the financial statements to net loss and transfers of assets to other plans per Form 5500 for the year ended December 31, 2014:

Net decrease per the financial statements	\$ (19,831,404)
Change in adjustment from contract value to fair value for fully benefit-responsive contract	(117,713)
Transfers of assets from the Plan	<u>(196,343,574)</u>
Net loss and transfers of assets to other plans per Form 5500	<u>\$(216,292,691)</u>

NOTE 9 - SUBSEQUENT EVENTS

The Board of Directors of Veolia North America, LLC and the ERISA Fiduciary Committee of the Veolia North America Employee Benefit Plans approved a resolution to merge and spinoff assets and liabilities of the Plan into newly created employee benefit plans as part of a restructuring and consolidation of the employee benefit plans sponsored by the Veolia North America family of companies, effective January 1, 2015. All Plan participants were immediately eligible to participate in one of the newly created plans.

Substantially all Plan assets were liquidated prior to December 31, 2014, and the proceeds totaling \$196,343,574 were transferred immediately to the new plans in January 2015 to complete the Plan's merger and spinoff of assets and liabilities. The Plan assets of the non-union participants were merged into the Veolia North America 401(k) Savings Plan; whereas, the Plan assets and liabilities of the union participants were merged and spun off into the Veolia North America 401(k) Savings Plan for Collectively Bargained Employees. The Veolia North America 401(k) Savings Plan and Veolia North America 401(k) Savings Plan for Collectively Bargained Employees will be the surviving plans, and the Plan ceased to exist upon completion of the Plan's asset transfers.

As a result of the Plan merger and spinoff of assets and liabilities, the Employer has elected to file a final Form 5500 for the 2014 Plan year as all of the Plan's assets and liabilities were transferred effective immediately on January 1, 2015.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Veolia Water Retirement Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

The Plan's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Plan Merger

As described in Notes 1 and 9 to the financial statements, the Board of Directors of Veolia North America, LLC and the ERISA Fiduciary Committee of the Veolia North America Employee Benefits Plans approved a resolution to merge the Plan into newly created employee benefit plans as part of a restructuring and consolidation of the employee benefit plans sponsored by the Veolia North American family of companies, effective January 1, 2015.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

VEOLIA WATER RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Veolia Water Retirement Savings Plan (the Plan) provides only general information. Plan participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan was organized effective October 1, 1991, as a defined contribution retirement savings plan covering all eligible employees of Veolia Water North America Operating Services, LLC (the Employer) who are age 18 or older, or any employee who is a union member subject to a collective bargaining agreement (CBA) if the Employer has agreed in the CBA to have such union members covered by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors of the Employer is responsible for oversight of the Plan. ERISA Fiduciary Committee of the Veolia North America Employee Benefit Plans determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors of the Employer.

Plan Merger: The Board of Directors of the Employer approved the merger and spinoff of assets and liabilities of the Plan into and with newly created employee benefit plans of the Employer, effective January 1, 2015. Substantially all Plan assets were liquidated prior to December 31, 2014, and the proceeds totaling \$196,343,574 were transferred to the new plans in January 2015 to complete the Plan's merger. See Note 9.

Contributions: Each year, participants may authorize the Employer to contribute to the Plan up to 50% of their eligible annual compensation, subject to the maximum annual amount permitted under the Internal Revenue Code (IRC). Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from amounts representing distributions from other qualified plans.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless an affirmative election not to participate in the Plan is executed. Automatically enrolled participants have their contribution rate set at 4% of eligible compensation and their contributions are invested in a designated fund until changed by the participant.

The Employer makes matching contributions to the Plan. In 2014, the Employer made matching contributions equal to 50% of the first 7% of compensation that each participant contributed to the Plan. The Employer may elect to make discretionary contributions to the Plan. No Employer discretionary contributions were made to the Plan in 2014.

Participants direct the investment of their contributions, as well as those made by the Employer, into various investment options offered by the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions and Employer matching contributions, as well as allocations of the Employer's discretionary contributions and Plan earnings. Participant accounts may also be charged with an allocation of certain administrative expenses of the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Vesting and Forfeitures: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their account is based on years of service. A participant becomes 34% vested after one year of service, increasing by 33% per additional year, with full vesting after three years of credited service.

At December 31, 2014 and 2013, forfeited nonvested accounts of terminated participants totaled \$373,038 and \$196,657, respectively. These accounts will be used to reduce future Employer contributions. In 2014, forfeited nonvested accounts of \$373,038 were used to reduce Employer contributions.

Notes Receivable from Participants: Participants may borrow from their account a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The repayment terms of the notes cannot exceed five years except for the purchase of the participant's principal residence, for which the terms may exceed five years per the Plan Agreement. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through regular payroll deductions.

Benefits: Upon the occurrence of a distributable event due to separation from service by termination, death, disability, or retirement, as defined by the Plan Agreement, a participant may elect to receive a lump-sum cash distribution equal to the value of the participant's vested interest in his or her account. Hardship and in-service withdrawals, as defined in the Plan Agreement, are also permitted from a participant's account.

Plan Termination: Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants will become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The ERISA Fiduciary Committee of the Veolia North America Employee Benefits Plans determines the Plan's valuation policies utilizing information provided by the Plan's trustee. See Note 3 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As discussed in Note 5, the Plan invests in a collective trust fund which is a fully benefit-responsive investment. The Plan's statements of net assets available for benefits presents the fair value of this investment, as well as the adjustment of this investment from fair value to contract value as of December 31, 2013. The Plan's statement of changes in net assets available for benefits is prepared on a contract value basis for fully benefit-responsive investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make repayments and the Plan Administrator deems the note receivable from the participant to be in default, the balance of the note receivable from the participant is reduced and a benefit payment is recorded per the Plan Agreement.

Payment of Benefits: Benefits are recorded when paid.

Plan Expenses: Administrative expenses for maintaining the Plan may be paid by the Employer or the Plan, at the Employer's discretion. Certain administration fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Tax Status: The Internal Revenue Service (IRS) has determined and informed the Employer by a letter dated May 3, 2013, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed in compliance with the applicable requirements of the IRC. The Plan Administrator intends to correct insignificant operational errors utilizing the self-correction program available under the Employee Plans Compliance Resolution System (EPCRS). Therefore, the Plan Administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require the Plan's management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other taxing authorities.

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in process. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

Subsequent Events: The Plan Administrator has evaluated the financial statements for subsequent events occurring through October 7, 2015, the date the financial statements were available to be issued. See Note 9.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan has categorized its assets and liabilities that are measured at fair value into a three-level fair value hierarchy. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement. In situations where there is little or no market activity for the asset or liability, the Plan makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Following is a description of the valuation methodologies used by the Plan for assets that are measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual Fund Shares and Money Market Fund Shares: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. These funds held by the Plan are deemed to be actively traded.

Collective Trust Funds: Valued at the unit price reported by the sponsoring trust company. The underlying investments owned by the fund can include publicly quoted mutual fund shares and common stocks and corporate bonds quoted at closing price or quoted using pricing models of securities, and other collective trust funds, quoted at net asset value of the units. The unit price is based on quoted market prices of these underlying investments owned, less any accrual of fees and expenses borne by the account, and divided by the number of units outstanding. The unit price is quoted on the active private market on which participants can transact daily with no redemption restrictions on these investments.

Common Stocks, Exchange-Traded Funds and Warrants: Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain assets could result in a different fair value measurement at the reporting date.

Following is a summary, by major nature and risks class within each level of the fair value hierarchy, of the Plan's assets that are measured at fair value on a recurring basis as of December 31, 2014 and 2013:

NOTE 5 - COLLECTIVE TRUST FUND

The Plan had an investment in the Wells Fargo Stable Return Fund N35, which is a benefit-responsive fund. As described in Note 2, because this investment contract was fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits attributable to this investment. Contract value, as reported to the Plan by Wells Fargo Bank, N.A., represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. All shares of the collective trust fund were sold and no shares were held by the Plan at December 31, 2014. In 2013, the average yield rate based on actual earnings of the fund was approximately 1.36%, and the average interest rate credited to participants was approximately 1.52%.

Certain events limited the ability of the Plan to transact at contract value with the issuer. Such events included the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events limited the participant's ability to transact at contract value through the date of sale of this investment during 2014.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments are managed by an affiliate of Wells Fargo Bank, N.A., the trustee of the Plan; therefore, transactions in these investments qualify as exempt party-in-interest transactions under ERISA. The Trustee also receives indirect fees from investments which are deducted from investment returns. Direct fees paid by the Plan to the Trustee and/or its affiliate totaled \$316,033 in 2014.

The Employer provides certain accounting, administrative and investment management services to the Plan for which it receives no compensation.

Notes receivable from participants are permitted party-in-interest transactions.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per Form 5500 at December 31, 2014 and 2013:

	2014	2013
Net assets available for benefits per the financial statements	\$ 196,343,574	\$216,174,978
Transfers of assets from the Plan	(196,343,574)	
Adjustment from contract value to fair value for fully benefit-responsive investment contract		<u>117,713</u>
Net assets per Form 5500	<u>\$</u>	<u>\$216,292,691</u>

The following is a reconciliation of net decrease per the financial statements to net loss and transfers of assets to other plans per Form 5500 for the year ended December 31, 2014:

Net decrease per the financial statements	\$ (19,831,404)
Change in adjustment from contract value to fair value for fully benefit-responsive contract	(117,713)
Transfers of assets from the Plan	<u>(196,343,574)</u>
Net loss and transfers of assets to other plans per Form 5500	<u>\$(216,292,691)</u>

NOTE 9 - SUBSEQUENT EVENTS

The Board of Directors of Veolia North America, LLC and the ERISA Fiduciary Committee of the Veolia North America Employee Benefit Plans approved a resolution to merge and spinoff assets and liabilities of the Plan into newly created employee benefit plans as part of a restructuring and consolidation of the employee benefit plans sponsored by the Veolia North America family of companies, effective January 1, 2015. All Plan participants were immediately eligible to participate in one of the newly created plans.

Substantially all Plan assets were liquidated prior to December 31, 2014, and the proceeds totaling \$196,343,574 were transferred immediately to the new plans in January 2015 to complete the Plan's merger and spinoff of assets and liabilities. The Plan assets of the non-union participants were merged into the Veolia North America 401(k) Savings Plan; whereas, the Plan assets and liabilities of the union participants were merged and spun off into the Veolia North America 401(k) Savings Plan for Collectively Bargained Employees. The Veolia North America 401(k) Savings Plan and Veolia North America 401(k) Savings Plan for Collectively Bargained Employees will be the surviving plans, and the Plan ceased to exist upon completion of the Plan's asset transfers.

As a result of the Plan merger and spinoff of assets and liabilities, the Employer has elected to file a final Form 5500 for the 2014 Plan year as all of the Plan's assets and liabilities were transferred effective immediately on January 1, 2015.
