Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Columbus Museum of Art Tax Deferred Annuity Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years ended December 31, 2014 and 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform any auditing procedures with respect to the information summarized in Note 5, which was certified by Nationwide Financial Services, Inc., as issuer of certain investments and as custodian of certain other investments or which was certified by Teacher's Insurance and Annuity Association - College Retirement Equities Fund (TIAA-CREF), as issuer for certain investments and as agent for JPMorgan Chase Bank, N.A., a custodian of certain other investments, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the issuer or custodian holds the Plan's assets and executes transactions. The plan administrator has obtained certifications from the issuer/custodian and issuer/agent as of and for the years ended December 31, 2014 and 2013, that the information provided to the plan administrator by the issuer/custodian and issuer/agent is complete and accurate.

In addition, because certain prior year records were not available, we were unable to perform auditing procedures with respect to individual participant account balances accumulated from inception of the Plan or to satisfy ourselves as to the basis on which participants' equity is stated as of December 31, 2014 and 2013, or the propriety of the distributions to participants who terminated and withdrew from the Plan during the years then ended.

Disclaimer of Opinion

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

The supplemental schedules of assets held for investment purposes as of December 31, 2014 and 2013, are presented for the purposes of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraphs we do not express an opinion on the supplemental schedules.

COLUMBUS MUSEUM OF ART TAX DEFERRED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2014

Note 1 - DESCRIPTION OF PLAN:

The following description of the Columbus Museum of Art Tax Deferred Annuity Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Columbus Museum of Art (the Museum). Participants are eligible to participate on their date of employment with the Museum. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to contribute up to 100% of their total compensation, subject to certain limits as detailed in the plan agreement, to the Plan on a pre-tax basis through payroll deduction. The Museum may, in its sole discretion, make a matching contribution on the participant's behalf in an amount determined by the Museum. Additionally, the Museum may, in its sole discretion, make an annual contribution equal to 2% of participant's annual compensation.

Participants who are at least age 50 or who will reach age 50 during any calendar year will have the option to make additional pre-tax contributions. Such participants are permitted to make additional pre-tax contributions of up to \$5,500 in 2014.

Participants who have completed 15 or more years of service will have the option to make additional pre-tax contributions. Such participants are permitted to make additional pre-tax contributions of up to \$3,000 in 2014 with a lifetime cap of \$15,000.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Museum's contribution and an allocation of plan earnings (net of administrative expenses). The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

All amounts credited to a participant's accumulation account shall be fully vested and nonforfeitable at all times.

Forfeitures

Because participants are immediately vested in their accounts, the Plan has no forfeitures.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment. Additionally employees of the Museum may take an in-service distribution after attainment of age 59.5. A participant may receive the value of his or her account in a lump sum payment.

Plan Termination

Although it has not expressed any intent to do so, the Museum has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

COLUMBUS MUSEUM OF ART TAX DEFERRED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2014

Note 1 - DESCRIPTION OF PLAN (continued):

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. Plan investments are not insured by FDIC or similar coverage.

Notes Receivable from Participants

Participants may borrow from their fund accounts held at Nationwide Financial Services, Inc. (Nationwide). The minimum loan is \$1,000 and may be up to the lesser of \$50,000 or 50 percent of their account balance. The loans currently bear interest at a rate of 4.25%, which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions.

Participants may borrow from Teacher's Insurance and Annuity Association - College Retirement Equities Fund (TIAA-CREF) using a portion of their TIAA-CREF account as security for the loan. The minimum loan is \$1,000 and may be up to the lesser of \$50,000 or 45 percent of their account balance. The loans bear interest at rates which are commensurate with local prevailing rates as determined periodically by TIAA-CREF. Principal and interest is paid ratably through monthly or quarterly ACH transfers by the participant to TIAA-CREF. The Plan Administrator has concluded that these loans with TIAA-CREF are not plan assets and that such arrangements are exempt transactions. Participant loan balances totaled \$-0- and \$8,135 as of December 31, 2014 and 2013, respectively. Under the borrowing terms \$-0- and \$8,135 of plan assets serve as collateral to these loans as of December 31, 2014 and 2013, respectively. Interest paid by participants on such loans during the year ended December 31, 2014, was \$-0-. In the event of default, such loans are reportable to plan participants as taxable income but remain outstanding and continue to accrue interest until repaid by the participant or the participant becomes eligible to receive a distribution under the terms of the Plan. During the years ended December 31, 2014 and 2013, \$-0- of loans went into default. As of December 31, 2014 and 2013, loans in default amounted to \$-0- and \$8,135, respectively. Such amount includes the principal and accumulated interest.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

COLUMBUS MUSEUM OF ART TAX DEFERRED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2014

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Investment Valuation and Income Recognition

The Plan's mutual fund and variable annuity investments are valued at fair value using quoted market prices. The Plan's fixed annuity contract investments are valued at contract value, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the plan document.

Note 3 - FEDERAL INCOME TAX STATUS:

The Internal Revenue Service (IRS) has provided 403(b) plans relief from obtaining a determination letter until the revenue procedures are finalized and the IRS announces the date that it will start accepting applications. A written 403(b) plan adopted prior to December 31, 2009, that is intended to satisfy the requirements of Section 403(b) and the regulations, will have a remedial amendment period in which to amend the Plan to correct any form defects retroactive to January 1, 2010.

The Museum is not aware of any events that have occurred that might adversely affect the Plan from obtaining a qualified status. The Plan is required to operate in conformity with Section 403(b) of the Internal Revenue Code to obtain its qualification.

Note 4 - ACCOUNTING FOR UNCERTAINTY IN INCOME TAXES:

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by U.S. federal or state and local tax authorities. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 8 - RELATED-PARTY TRANSACTIONS:

Certain plan investments are fixed annuity contracts and shares of mutual funds issued by Nationwide. Nationwide is the issuer of certain investments and custodian of certain other investments as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Certain plan investments are fixed and variable annuity contracts issued by TIAA-CREF or held by JPMorgan Chase Bank, N.A. TIAA-CREF is the issuer of certain investments and agent for JPMorgan Chase Bank, N.A., a custodian for certain other investments as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services and other administration amounted to \$7,480 and \$7,336 for the years ended December 31, 2014 and 2013. These fees are netted against investment income.

Note 9 - ASSETS AND LIABILITIES – FAIR VALUE INFORMATION:

In accordance with the Fair Value Measurements and Disclosures Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC), all financial instruments that are being measured and reported on a fair value basis must be classified and disclosed in one of the following three categories:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means, and if the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value:

Fixed Annuity:

Best of America Fixed Annuity - The Best of America Fixed Annuity is a fixed rate annuity contract that is fully and unconditionally guaranteed by Nationwide. Participants receive a guaranteed interest rate for a specific time period. After the guaranteed rate period expires, participants receive an annual renewal interest rate which is guaranteed not to be less than a certain percentage.

The Best of America Fixed Annuity is reported at contract value which approximates fair value (see Note 10). The contract value of the Best of America Fixed Annuity equals the accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals.

Note 9 - ASSETS AND LIABILITIES – FAIR VALUE INFORMATION (continued):

Fixed Annuity (continued):

TIAA Traditional Annuity - The TIAA Traditional Annuity is a fixed rate annuity contract that is fully and unconditionally guaranteed by Teachers Insurance and Annuity Association of America (TIAA), a New York domiciled non-profit legal reserve life insurance company. During the accumulation phase, the TIAA Traditional Annuity provides a guarantee of principal, a guaranteed minimum rate of interest (generally 3%, but in some recent contracts between 1% and 3%), and the potential for additional interest if declared by TIAA. Additional interest, when declared, remains in effect for the “declaration year” which begins each March 1. Additional interest is not guaranteed in future years. When the accumulation in TIAA Traditional is converted to an annuity based on life expectancy, the present value of the stream of payments is equal to the accumulation.

The TIAA Traditional Annuity is reported at contract value which approximates fair value (see Note 10). The contract value of the TIAA Traditional Annuity equals the accumulated cash contributions and interest credited to the Plan’s contracts, less any withdrawals.

Variable Annuities:

TIAA Real Estate Account (REA) – The TIAA Real Estate Account is an insurance company separate account of TIAA investing mainly in real estate and real estate-related investments. This is a variable annuity. Audited financial statements are available. The REA’s value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional’s opinion. The REA sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources.

CREF Accounts – College Retirement Equities Fund (CREF) is registered with the Securities and Exchange Commission under the Investment Company Act of 1940 as an open-end management investment company. It consists of eight investment portfolios: the Stock, Global Equities, Growth, Equity Index, Bond Market, Inflation-Linked Bond, Social Choice and Money Market Accounts (individually referred to as the “Account” or collectively referred to as the “Accounts”). These are variable annuities. Audited financial statements are available. The Accounts invest principally in equity securities, fixed-income instruments and short-term investments in accordance with each portfolio’s investment objectives. Account investments are primarily valued using market quotations or prices obtained from independent pricing sources who may employ various pricing methods to value the investments including matrix pricing. CREF Money Market Account holdings are generally at amortized cost. Each Account determines its unit value each day.

Mutual Funds:

The Plan holds various mutual funds. Fund holdings are generally valued using market quotations or prices obtained from independent pricing services. Each fund determines its share price or net asset value (NAV) each day calculated generally as of 4 p.m. (ET).

Note 10 - INVESTMENT CONTRACTS:

The Plan has investment contracts. Under these contracts are sub-contracts. Issuers of the contracts maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Each premium allocated to the investment contract buys a guaranteed minimum amount of lifetime income based on the rate schedule in effect at the time the premium is credited.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on an annual basis for resetting.

Investment contracts that are not fully benefit responsive are included in the financial statements at contract value as reported by contract issuers. The contract issuers have reported to the Plan that contract value approximates fair value for these investments at December 31, 2014 and 2013.

Note 11 - SUBSEQUENT EVENTS:

Subsequent events have been evaluated through October 7, 2015, which is the date the financial statements were available to be issued.
