NOTE A - DESCRIPTION OF PLAN

The following description of Multilink, Inc. 401K Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Multilink, Inc. (the Company and Plan Sponsor) who have completed six months of service, are at least 21 years old, and who are not represented by a collective bargaining unit. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is sponsored and administered by the Company.

Contributions

Participants may elect to defer up to 86% of their eligible pre-tax or after-tax annual compensation as defined by the Plan, or the maximum contribution amounts allowed by law. The Plan provides for a safe harbor employer matching contribution for each participant of 100% of the first 3%, plus 50% of the next 2% of the participant's compensation deferred. Participants may elect to enroll in a feature which increases the participants' pre-tax contribution by 1%, 2%, or 3% annually on the date chosen by the participant. The Plan also provides for a discretionary employer nonelective contribution which was $-0- for the year ended December 31, 2014. The Plan provides for the acceptance of rollover contributions from other plans qualified under the Internal Revenue Code (the Code). The Plan also provides for catch up contributions for participants who reach the age of 50 by the end of the plan year.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions and (b) Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant account earnings, account balances, participant compensation, or specific participant transactions, as defined. The benefit to which a participant is entitled to receive is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their deferral, rollover, and employer matching contributions plus actual earnings thereon. Vesting in the discretionary employer nonelective contributions is based on years of credited service at a rate of 20% per year after one year of credited service. A participant is fully vested after six years of credited service.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, subject to Plan provisions and certain Department of Labor and Internal Revenue Service requirements. Notes receivable terms range from 1 - 5 years or up to 30 years for the purchase of a primary residence. Notes receivable are secured by the balances in the participants' accounts. Interest rates on notes receivable ranged from 4.25% to 6.00% at December 31, 2014. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Upon retirement, termination, disability, or death, a participant or a participant's beneficiary upon the participant's death may elect to receive a lump-sum amount equal to the value of the participant's vested account, or periodic payments based upon the terms of the Plan document. If the value of the vested benefits credited to a participant's account is $1,000 or less at the time of termination, the entire amount will automatically be distributed to a participant without the participant's consent. In the event of a mandatory distribution of amounts greater than $1,000 but not exceeding $5,000, the entire amount will be distributed in the form of a direct rollover to an individual retirement account as designated by the Plan administrator.

Active participants may make hardship withdrawals of their account balance, subject to Plan provisions. A participant who receives a distribution on account of hardship is prohibited from making deferrals for six months after receipt of the distribution.

Forfeited Accounts

Forfeitures are used to reduce future employer contributions or to pay Plan expenses. Unallocated forfeiture balances were $10 at both December 31, 2014 and 2013. No forfeitures were used to reduce employer contributions for the year ended December 31, 2014.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the plan are prepared using the accrual basis of accounting.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting (Continued)
Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's investments in common collective trusts are considered to be fully benefit-responsive.

The contract values of the Plan's investments in SSgA Russell Small Cap Index Securities Lending Series Fund and SSgA S&P MidCap Index Non-Lending Series Fund J approximate their fair values and therefore, the accompanying statements of net assets available for benefits do not reflect an adjustment from the investments' fair values to their to contract values.

The statements of net assets available for benefits present the fair value of the investment contract in the MetLife Stable Value Fund L as well as the adjustment from fair value to contract value.

The statement of changes in net assets available for benefits is prepared using the contract value basis for these fully benefit-responsive investment contracts.

Investment Valuation
The Plan's investments are recorded at fair value, based upon the last traded or current bid prices in active markets. Where there are no readily available last traded or current bid prices, fair value is determined as discussed in Note D.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. If a participant ceases to make repayments on a note receivable and the Plan administrator deems the note receivable to be in default, the balance on the note receivable from the participant is reclassified to benefits paid to participants.

Other Receivable
Other receivable at December 31, 2013 represents a distribution paid to a participant in error during December 2013. The distribution was returned to the Plan in January 2014.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue Sharing
Revenue sharing income represents the portion of investment management fees provided to the Plan from the investment fund manager to offset the cost of services provided to the Plan. Revenue sharing, which is included as a component of investment income on the statement of changes in net assets available for benefits, was $6,722 for the year ended December 31, 2014.

Investment Income Recognition
Purchases and sales of securities are recorded on a trade date basis. Gains and losses on securities transactions are determined using the average cost method. Dividends are recorded on the ex-dividend date.

Contributions
Participant contributions are recorded and credited to each participant's account as received by the trustee from the Company. Any contributions attributable to the plan year but not received by the trust by the last day of the plan year are recorded as a receivable.

Payment of Benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in investment income.

Income Taxes
The Plan adopted a prototype 401(k) and profit sharing plan agreement which received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008 stating that the written form of the prototype plan document, as then designed, was in compliance with the applicable requirements of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan Sponsor believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code, and therefore believes that the plan is qualified and the related trust is tax exempt.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes (Continued)
Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes the Plan is no longer subject to income tax examinations for years prior to 2011.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent Events
The Plan has evaluated subsequent events through October 7, 2015, the date which the financial statements were available to be issued.

NOTE C - CERTIFICATION AND SUMMARY OF INVESTMENTS

Notes receivable from participants and investment information disclosed in the accompanying financial statements and supplemental schedule including notes receivable from participants and investments held at December 31, 2014 and 2013, and net appreciation in the fair value of investments, interest, and dividends for the year ended December 31, 2014 were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustee.

NOTE C - CERTIFICATION AND SUMMARY OF INVESTMENTS (CONTINUED)

The Plan's investments are 100% participant-directed and are held by the trustee. The fair values of investments that represent 5% or more of the Plan's net assets are as follows:

	December 31,	
	2014	2013
Mutual Funds:		
T. Rowe Price Retirement 2025 R	$200,500

PIMCO Total Return Fund R		168,584
Common Collective Trust:		
MetLife Stable Value Fund L	275,642	160,575

During 2014, the Plan's investments, including investments bought, sold, and held during the year appreciated in value as follows:

Mutual Funds	$ 33,568
Common Collective Trust	4,580
	$ 38,148

NOTE D - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The three levels of the fair value hierarchy, which are based upon the inputs used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities (for example, exchange quoted prices).

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 - Inputs to the valuation methodology are observable inputs, other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not sufficiently active to qualify as Level 1, other observable inputs, or inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are significant to the fair value measurement and unobservable (for example, supported by little or no market activity).

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

The Plan's investments accounted for at fair value as of December 31, 2014 are summarized below:

	Level 1	Level 2	Total
Mutual funds:			
Income	$ 411,915		$ 411,915
Growth and income	1,851,458		1,851,458
Growth	459,532		459,532
Aggressive growth	318,256		318,256

Growth		9,482	9,482
Total common collective trusts		291,259	291,259
	$3,041,161	$ 291,259	$3,332,420

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The Plan's investments accounted for at fair value as of December 31, 2013 are summarized below.

	Level 1	Level 2	Total
Mutual funds:			
Income	$ 390,320		$ 390,320
Growth and income	1,571,214		1,571,214
Growth	382,999		382,999
Aggressive growth	462,939		462,939
Total mutual funds	2,807,472		2,807,472
Common collective trusts:			
Income		$ 160,575	160,575
Aggressive growth		7,577	7,577
Growth		6,413	6,413
Total common collective trusts		174,565	174,565
	$2,807,472	$ 174,565	$2,982,037

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2014 and 2013.

Mutual funds are valued at the net asset value of shares held by the Plan at year end as reported on the active markets in which the investments are traded.

Common collective trusts are valued at the net asset values of shares held by the Plan at year end. The net asset values, as provided by the trustee, are used as a practical expedient to estimate fair value. Net asset values are based on the fair value of the trusts' underlying investments, which are further described in Note E, less their liabilities. This practical expedient is not used when it is determined to be probable that a fund will sell the investments for amounts different than the reported net asset value. Because the participants transact at the funds' contract values, their fair values are determined annually for financial statement reporting purposes only.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

NOTE E - INVESTMENT IN COMMON COLLECTIVE TRUSTS

The Plan's investments in the MetLife Stable Value Fund, the SSgA S&P MidCap Index Non-Lending Series Fund and the SSgA Russell Small Cap Index Securities Lending Series Fund are common collective trusts.

The primary investment objectives and methods of achieving these objectives are summarized below:

Fund Name	Investment Objective	Primary Investments
MetLife Stable Value Fund L	Provide a fixed rate of income with stability of principal	100% invested in MetLife Group Annuity Contract No. 25554, which invests in principally cash equivalents, stable value funds, guaranteed investment contracts, and alternative investment contracts
SSgA S&P MidCap Index Non-Lending Series Fund J	Provide investment return that closely approximates the performance of the S&P MidCap 400 Index over the long term	Principally securities
SSgA Russell Small Cap Index Securities Lending Series Fund VII	Provide investment return that closely approximates the performance of the Russell 2000 Index over the long term	Principally securities

Participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their account balance in the MetLife Stable Value Fund L without restriction. Participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their account balance in the SSgA S&P MidCap Index Non-Lending Series Fund J and the SSgA Russell Small Cap Index Securities Lending Series Fund VII pursuant to notice period of at least 15 days, or such lesser period as may be determined by the trustees of the investments.

Contract value of the common collective trust funds represents deposits made to the contracts plus earnings (at guaranteed crediting rates for the MetLife Stable Value Fund L), less withdrawals and fees. There are no reserves against the contract values for credit risk of the contract issuers or otherwise.

NOTE F - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31, 2014	December 31, 2013

Add: Adjustment from contract value to fair value for fully benefit-responsive investment contracts	7,586	2,155
Net assets available for benefits per the Form 5500	$3,602,974	$3,182,240

The following is a reconciliation of the net increase per the financial statements to the net income per the Form 5500 for the year ended December 31, 2014:

Less: 2013 adjustment from contract value to fair value for fully benefit-responsive investment contracts	(2,155)
Net income per the Form 5500	$ 420,734

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their total participant account balance.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and amounts reported in the statement of net assets available for benefits.

NOTE I - TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest transactions include investments in the funds of the trustee and the related dividend income, interest, and the payment of administrative expenses by the Plan. Such transactions are exempt from being prohibited transactions.
