Participants may also contribute amounts representing distributions from other qualified retirement plans. Employees have the option to not participate in the Plan.

There are three types of employer contributions available in the Plan: Safe Harbor, employer matching, and profit sharing. The Company has made a Safe Harbor contribution each year equal to 100% of the first 3% of participant’s salary for the years ended December 31, 2014 and 2013. Employer matching contributions are discretionary and equal to a discretionary percentage of salary deferrals as determined each year by the Company. The Company did not make any matching contributions for December 31, 2014 and 2013. Profit sharing contributions are discretionary, and the amount, if any, is determined each year by the Company. The contribution is based on an allocation group as defined by the Plan agreement. The Company has elected to make a separate discretionary profit sharing contribution of $38,401 and $37,721 for the years ended December 31, 2014 and 2013, respectively.

DECEMBER 31, 2014 AND 2013

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Investment Options – Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds which includes a fully-benefit responsive stable value fund.

Participant Accounts – Each participant's account is credited with the participant's contribution, allocations of the Company's contributions, increases or decreases in the market value of investments, and charged with benefit payments, transaction fees related to loans, loan repayments and distributions, and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions, Safe Harbor contributions, plus actual earnings thereon. Vesting in the profit sharing contribution of their accounts plus actual earnings thereon is based on years of continuous service as shown in the table below:

Completed Years of Service	Percent Vested
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Notes Receivable from Participants - Participants may borrow from their fund accounts at a minimum of $1,000 up to a maximum equal to the lesser of $50,000 (reduced by the excess of a participant's highest outstanding balance of all loans made from the Plan during the one-year period ending on the day before the date on which the loan is made or the current outstanding balance of all loans from the Plan to that participant on the date on which the loan is made) or 50% of their vested account balance. The loans are secured by 50% of the account balance in the participant's account and bear interest at rates at prime plus 1%, with prime as published in the Wall Street Journal. At December 31, 2014 and 2013, outstanding loans bore interest rates at 4.25%. Participants may have two loans outstanding at any time. Principal and interest is paid ratably through bi-weekly payroll deductions within five years unless used to purchase a primary residence.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Transfers of Assets – Effective January 1, 2014, a realignment of employees within the Plan Sponsor's healthcare network was completed. Based upon the changes, certain eligible plan sponsor employees become active participants in the Plan. Total transfers of assets represents the total of qualified funds transferred into the Plan by those participating employees.

Payment of Benefits – On termination of service, a participant has the option of rolling over to an IRA or other qualified plan in addition to receiving a lump sum amount equal to the value of the participant's vested interest in their account.

If the participant terminates employment with a vested account balance at the date of termination that does not exceed $1,000 (including rollover contributions), a lump sum distribution of the vested account balance will be made, regardless of whether consent was received, and will be distributed as administratively feasible following termination of employment.

Upon termination due to death, a participant's designated beneficiary will be entitled to a lump sum distribution of 100% of the account value.

Withdrawals – Effective July 1, 2013, the Plan allows for in-service distributions. Participants may take an in-service distribution of their balances from salary deferrals for early retirement (participant must be at least age 59 1/2 at the time of the distribution). In-service withdrawals are limited to two per plan year.

On January 14, 2014, the plan was amended to allow for in-service distribution of employer contributions once a participant has reached age 50 and is 100% vested in amounts being withdrawn. In-service withdrawals are limited to two per plan year.

Forfeited Accounts – At December 31, 2014 and 2013 there were no forfeited non-vested account balances. These accounts would have been used to reduce profit sharing contributions.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

PROHEALTH MEDICAL, INC. EMPLOYEE SAVINGS PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Date of Management's Review - In preparing these financial statements, the Plan's administrator and trustee have evaluated events and transactions for potential recognition or disclosure through September 30, 2015, the date that the financial statements were available to be issued.

Investment Valuation and Income Recognition – Investments are stated at fair value. However, contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value.

The underlying securities in each mutual fund account are listed on national securities exchanges and valued on the basis of year-end closing prices. Securities traded in the over-the-counter market are valued at the closing price on the last business day of the year. Gain or loss on securities sold is based on average cost. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits – Benefits are recorded when paid.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

Administrative Expenses – The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (participant loans and distributions) are charged directly to the participant's account.

NOTE 3 – INVESTMENTS

The Plan has contracted with John Hancock Life Insurance Company ("John Hancock") to invest the assets of the Plan and maintain participant account records. Participants can direct which account(s) their contributions are to be invested in and may change investment vehicles at any time.

The investment information included in the accompanying financial statements and supplemental schedule has been certified by John Hancock as complete and accurate. Incorporation of their financial information in the accompanying financial statements and supplemental schedules is based solely on that certification.

Stable Value Fund – The Plan invests in the John Hancock Stable Value Fund which is a collective investment trust fund sponsored by John Hancock. The fund's primary investment objectives are to preserve principal, maintain a competitive interest rate, and provide daily liquidity at contract value for plan-permitted, participant-directed withdrawals. Contract value is generally equal to the principal amounts invested in the underlying investments, plus interest accrued at a crediting rate established under the contract, less any adjustment for withdrawals.

Under the terms of the contract, the crediting rate will not be less than 0%. Periodic resets of the crediting rate may be affected by, among other things, i) changes in the market value of assets, (ii) income, gains and losses with respect to assets, (iii) fees and expenses incurred in asset management and the operation of related accounts or contracts, (iv) the timing and amount of cash in-flows and withdrawals, and (v) the terms and conditions of relevant benefit responsive contracts.

NOTE 3 – INVESTMENTS (Continued)

Stable Value Fund (Continued) - For 2014, the average yield for the stable value fund was 1.81% and the crediting interest rate was 2.29%.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The stable value fund is expected to have a constant contract value of $1.00, although there is no assurance that it will remain constant at $1.00. The fund's trust agreement provides that withdrawals for purposes other than normal benefit payments or plan permitted investment option transfers are subject to either up to a 12-month hold or a market value adjustment, as elected by the Plan Sponsor.

At December 31, 2014, the Plan Sponsor believes the occurrence of an event that would limit the ability of the stable value fund to transact at contract value with the participants in the fund is not probable.

The following table presents investments that represent 5% or more of the Plan's net assets at December 31:

	2014	2013
Investments at fair value:		
Lifestyle Fund – Growth Portfolio	$ 2,121,237	$ 2,144,386
Lifestyle Fund – Balanced Portfolio	2,071,057	2,430,420
Stable Value Fund	1,606,279	1,597,325
Lifestyle Fund – Conservative Portfolio	548,116	212,517 *

*Fair value was below 5% of Plan net assets at December 31, 2013.

During the year ended December 31, 2014, the Plan's mutual funds and self-directed accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated $344,078.

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are summarized as follows:

PROHEALTH MEDICAL, INC. EMPLOYEE SAVINGS PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following valuation methodologies are used for the Plan's assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual Funds and Self-Directed Accounts - Level 1 investments are measured using publicly available quoted prices in active markets for identical assets. Level 1 investments include mutual funds, except for the stable value fund for which contract value is generally the amount participants would receive for plan-permitted, participant-directed withdrawals. The underlying investments in the stable value fund are valued using Level 1 and Level 2 pricing inputs, therefore the stable value fund is classified in Level 2 in the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 – UNAUDITED INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The accompanying financial statements and supplemental schedule include the following unaudited information as of December 31, 2014 and 2013 that was obtained from data prepared and certified as complete and accurate by the Plan trustee:

	2014	2013
Investments	$8,831,297	$8,402,480
Notes receivable from participants	$ 201,040	$ 131,130
Net appreciation in fair value of investments including interest and dividend income	$ 344,078	
Interest income from notes receivable from participants	$ 6,833	

The certification mentioned above includes all investment information discussed in Notes 3 and 4 and in the Supplemental Schedule of Assets (Held at End of Year).

NOTE 6 – EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by John Hancock. John Hancock is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid to the trustee by the Plan for administrative services were $24,442 for the year ended December 31, 2014.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTES TO FINANCIAL STATEMENTS

NOTE 8 – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 17, 2005, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe the Plan is qualified and the related trust is tax-exempt.

Accounting in conformity with accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 9 – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.
