Report of Independent Auditors

The Trustees of
Millennium International Management LP Savings Plan

Report on the Financial Statements

We have audited the accompanying financial statements of Millennium International Management LP Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

A member firm of Ernst & Young Global Limited

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Millennium International Management LP Savings Plan at December 31, 2014 and 2013, and the changes in its net assets available for benefits for the year ended December 31, 2014, in conformity with U.S. generally accepted accounting principles.

Supplemental Schedule

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2014, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Millennium International Management LP Savings Plan

Notes to Financial Statements

December 31, 2014

1. Description of Plan

The following description of Millennium International Management LP Savings Plan (the "Plan"), sponsored by Millennium International Management LP (the "Company"), provides only general information. Participants should refer to the Plan agreement for a more complete narrative of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Millennium International Management LP and its subsidiaries, MPG Operations LLC, Millennium Global Estate GP LLC and EFO Management LLC (also refer to Note 9), an affiliate of the Company (together the "Plan Companies"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan committee is responsible for the general administration of the Plan. State Street Bank and Trust Co. served as the trustee of the Plan prior to December 1, 2014. Effective December 1, 2014, Putnam Fiduciary Trust Company was appointed as the trustee of the Plan. ADP Retirement Services served as the administrator of the Plan prior to December 1, 2014. Effective December 1, 2014, Putnam Investments was appointed as the administrator of the Plan. Investments of the Plan are managed by Morgan Stanley Smith Barney, LLC, which serves as the investment advisor for the Plan.

Eligibility

The employees of the Plan Companies become eligible to participate in the Plan on date of hire and upon attaining age 21. The Plan has an auto-enrollment feature whereby new employees who have yet to enroll after 45 days of employment, and are 21 years of age, will be automatically enrolled in the Plan at a contribution rate of 4% of the employee's compensation into the Plan's default fund. If the employee's entry date in the Plan is prior to December 1, 2014, the contribution rate is 3% of the employee's compensation into the Plan's default fund. However, at any time employees may select an alternative amount to contribute or elect not to participate in the Plan.

The Company directs Putnam Investments to invest any contribution or other amount credited under the Plan for which neither the participant nor the Plan has provided Putnam Investments with investment instructions in good order into a predetermined investment set by the Plan committee.

1. Description of Plan (continued)

Contributions

Plan participants may contribute the maximum allowable amount of $17,500 in 2014. A participant who attains age 50 before the end of the Plan year may make additional catch-up contributions of up to $5,500 in 2014. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain limitations under the Internal Revenue Code (the "Code"). Upon enrollment, participants direct the investment of their contributions into various investment options offered by the Plan. The Company, at its discretion, may make matching contributions up to the amount that a participant contributes to the Plan not exceeding the limits under the Code. Subsequent to year end, this amount is allocated to each of the Plan's investment options based upon each participant's investment elections. The Company's contributions for the year ended December 31, 2014 were $2,901,661, before the application of forfeitures, which represented a 100% match on the first $4,000 contributed by each Plan participant.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and allocations of Plan earnings. Allocations of gains or losses are based on participant account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts and earnings thereon is based on years of continuous service. The Company's matching contributions vest as follows:

Years of Service	Vested Percentage
Up to 2 years of service	0%
After 2 years of service	20%
After 3 years of service	40%
After 4 years of service	60%
After 5 years of service	80%
After 6 years of service	100%

1. Description of Plan (continued)

Notes Receivable from Participants

Participants may borrow from their accounts any amount with a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear a rate of interest, which is commensurate with the prevailing rates as determined by the Plan administrator. The interest rate for outstanding loans as of December 31, 2014 ranged from 4.25% to 8.25% and loans mature through February 16, 2044. Repayment of a loan is made at least quarterly, on an after-tax basis.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments not to exceed the participant's or the participant's designated beneficiary's lifetime. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, at the Participant's election.

Participants may also receive hardship withdrawals in other circumstances as defined in the Plan documents. A participant who has attained the age of 59.5 years shall be entitled to receive a distribution of all or a portion of the vested value of his or her account.

Forfeited Accounts

Upon termination of employment, participants forfeit their nonvested balances. If a participant is rehired within five years, the participant's account balance as of the date of termination of employment will be restored. Forfeited balances of terminated participants' nonvested accounts may first be used to pay any administrative expenses, and any remaining forfeitures will be used to reduce the Plan matching contribution. Forfeitures balances as of December 31, 2014 were $230,527, and were used to reduce employer contributions.

1. Description of Plan (continued)

Administrative Expenses

Expenses associated with the administration of the Plan may be paid directly by the Company, pursuant to the terms of the Plan. For the year ended December 31, 2014, the Company paid for the Plan's audit fees. Administrative expenses paid by the Plan in 2014 include recordkeeping and trustee fees.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The following is a summary of the significant accounting and reporting policies used in preparing the financial statements.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Notes Receivable from Participants

Notes receivable from participants on the statement of net assets available for benefits represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded. The deemed distributed loans were $53,096 and $20,901 as of December 31, 2014 and December 31, 2013, respectively.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments include investments in mutual funds and an investment in a separate account guaranteed interest contract ("SAGIC"), and are stated at fair value in the accompanying financial statements. Mutual funds offered for investment within the Plan are valued at quoted market prices on the last business day of the Plan year, which represent the net asset value per unit of units held by the Plan. The investment in SAGIC is stated at fair value which is based on the aggregate fair value of the underlying net assets and has a guaranteed fixed interest rate. The underlying assets are valued utilizing prices furnished by an independent service if quoted market prices are not available. Although the liquidity is dependent on the timing of the liquidation of the underlying investments of the SAGIC, the Plan can redeem on a daily basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

3. Fair Value of Financial Instruments

The fair value of a financial instrument is the amount that would be received upon the sale of an asset or paid upon the transfer of a liability in an orderly transaction between market participants at the measurement date (an exit price). The transaction to sell an asset or transfer a liability is a hypothetical transaction at the measurement date, considered from the perspective of a market participant. A fair value measurement also assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability.

The fair value hierarchy under Accounting Standards Codification ("ASC") 820 *Fair Value Measurements* prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and lowest priority to unobservable inputs (level 3 measurement).

3. Fair Value of Financial Instruments (continued)

The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets and liabilities;
Level 2	Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

In some cases, the inputs used to measure fair value might fall in different levels of the fair value hierarchy. The level in the fair value hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement in its entirety. Assessing the significance of a particular input to the fair value measurement in its entirety requires considerable judgment and involves considering a number of factors specific to the financial instrument.

For financial instruments which are quoted in an active market, fair value is determined directly from those quoted market prices. A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available and those quotes represent actual and regularly occurring market transactions on an arm’s length basis.

For financial instruments which do not have directly available quoted market prices, fair values are estimated using valuation techniques based wherever possible on assumptions supported by observable market prices or rates existing at the measurement date. The investment in a SAGIC is categorized as Level 2.

3. Fair Value of Financial Instruments (continued)

The following tables summarize the Plan's assets carried at fair value within the fair value hierarchy levels as of December 31, 2014 and 2013.

	Assets at Fair Value as of December 31, 2014

* As of December 31, 2013, the Plan did not hold this investment.

** As of December 31, 2014, the Plan no longer holds this investment.

4. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements as of December 31, 2014 and 2013 to the Form 5500:

	December 31	
	2014	2013
Net assets available for benefits per the financial statements	$ 84,438,499	$ 68,032,425
Employee contributions receivable*	(1,455,428)	(1,191,032)
Employer contributions receivable*	(2,671,134)	(2,182,654)
Net assets available for benefits per the Form 5500	$ 80,311,937	$ 64,658,739

The following is a reconciliation of the change in net assets available for benefits per the financial statements for the year ended December 31, 2014 to the Form 5500:

	2014
Net increase in net assets available for benefits per the financial statements	$ 16,406,074
Net increase in contribution receivables*	(752,876)
Net increase in assets available for benefits per the Form 5500	$ 15,653,198

* The contributions per Form 5500 are reported on a cash basis.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their total account balance under the Plan.

6. Income Tax Status

The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service ("IRS") dated March 11, 2011 stating that the form of the plan is qualified under Section 401 of the Code and, therefore, the related trust is tax exempt. In accordance with Revenue Procedures 2014-6 and 2011-49, the Company has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires the Plan to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Company has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes the Plan is no longer subject to income tax examinations for years prior to 2011.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of the risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Related-Party Transactions

In the normal course of business certain officers and employees of the Plan Sponsor (who may also be participants in the Plan) perform oversight functions related to the Plan's operation, recordkeeping and financial reporting. The Plan Sponsor pays these individuals' salaries and also pays for a portion of other administrative expenses on the Plan's behalf. The foregoing transactions are not deemed prohibited party-in-interest transactions, because they are covered by statutory and administrative exemptions from the Code and ERISA's rules on prohibited transactions.

9. Subsequent Events

Management evaluated subsequent events for the Plan through October 9, 2015, the date the financial statements were available to be issued and concluded that there were no events requiring disclosure.

Effective February 8, 2015, EFO Management LLC was removed from the Plan. The transferred assets were liquidated from the Plan as of February 6, 2015, and transferred to ADP TotalSource Retirement Savings Plan with Voya Financial on February 9, 2015.

Effective June 6, 2015, Great West Trust Company, LLC replaced Putnam Fiduciary Trust Company as the trustee of the Plan.
