Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Pacific Manufacturing Ohio, Inc. 401(k), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2014 and 2013 and for the year ended December 31, 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we did not audit, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Notes to Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of Pacific Manufacturing Ohio, Inc. 401(k) Plan (the "Plan") are prepared under the accrual basis of accounting using accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles requires Pacific Industries USA (the "Company") to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investments Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. All dividends, interest, gains, and distributions of any nature shall be reinvested in additional shares of the permissible investment fund.

The Plan utilizes various investment instruments, including mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Related Party Transactions / Plan Expenses

Certain Plan investments are shares of investment funds managed by Fidelity Management Trust (the "Trustee") who acts as trustee, as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

Certain employees of the Company provide services to the Plan such as Plan administration, oversight and day-to-day operations. The Plan is not charged by the Company for these services.

PACIFIC MANUFACTURING OHIO, INC. 401(K) PLAN

Notes to Financial Statements (Continued)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Benefit Payments

Benefit payments are recorded upon distribution.

Subsequent Event Evaluation

In preparing its financial statements, the Plan Administrator has evaluated events subsequent to the Statement of Net Assets Available for Benefits date through September 30, 2015, which is the date the financial statements were available to be issued.

NOTE 2 DESCRIPTION OF THE PLAN

The following description of the Plan provides only general information. Participants should refer to the Pacific Manufacturing Ohio, Inc. 401(k) Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan. All employees of the Company who are 18 years of age and have completed six months of service become eligible to participate in the Plan on the first day of the first, fourth, seventh, and tenth month of the Plan year. The Company controls and manages the operation and administration for the Plan. Fidelity Management Trust Company serves as trustee and custodian of the Plan. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 90% of their pretax annual compensation, as defined by the Plan. However, contributions may not exceed limitations established under Section 402(g) of the Internal Revenue Code of 1986 as amended (\$17,500 at December 31, 2014). The Plan permits catch-up elective deferrals for participants over 50 years of age subject to Internal Revenue Code limitations. Participants designate the percentage of their total contributions invested in each account and may make transfers between accounts anytime during the year.

The Company contributes 50% of the first 6% of base compensation that a participant contributes to the Plan. Additional amounts may be contributed at the discretion of the Company's board of directors. No such additional discretionary contributions were made for the year ended December 31, 2014.

Rollover Contributions

Participants may roll over their taxable portion of funds previously held for their account in another employee benefit plan to the Plan on a tax-free basis.

PACIFIC MANUFACTURING OHIO, INC. 401(K) PLAN

Notes to Financial Statements (Continued)

NOTE 2 DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's and Company's contributions and a pro-rata allocation of the Plan's earnings. The pro-rata allocation is based on the proportion of individual account balances to total participants' account balances in the respective investment funds. Each participant's account is reduced by participant withdrawals, as applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, including rollovers, plus actual earnings thereon. Vesting in the Company's matching or discretionary profit sharing contribution is based on years of continuous service as noted in the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2 years	✓ 0%
2 but less than 3	✓ 40%
3 but less than 4	✓ 60%
4 but less than 5	✓ 80%
5 years and over	✓ 100%

The non-vested portion of the employer contribution account of a participant whose employment with the employer is terminated other than on account of total and permanent disability, and prior to the earlier of their death or normal retirement date, is forfeited as of the date of such termination.

Forfeitures

Forfeitures are retained in the Plan and used to reduce future employer contributions or Plan expenses. At December 31, 2014 and 2013, the balance of unallocated forfeitures was \$1,179 and \$3,994, respectively. During 2014, the Company used \$2,685 to offset Plan expenses.

Payment of Benefits

Upon a participant's retirement after age 59 ½, death, total and permanent disability, other termination of employment with the Company, or termination of the Plan, the participant's account is distributed under two options. Participants may elect to receive their distribution in the form of a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in the form of a series of installment payments over a period not extending beyond the participant's life expectancy. Participants attaining the age of 59 ½ may request a distribution of all or part of their vested portion of their account, even though they are not terminated.

In conditions of "financial hardship" a participant may apply to the Plan administrator for approval to withdraw that portion of his or her 401(k) retirement account balance necessary to meet the financial hardship, subject to the limitations of the Plan and the Internal Revenue Code. Hardship withdrawals are limited to the amount of employee contributions excluding investment earnings thereon.

PACIFIC MANUFACTURING OHIO, INC. 401(K) PLAN

Notes to Financial Statements (Continued)

NOTE 2 DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits (Continued)

Upon termination of the Plan, the assets will be distributed to participants in accordance with the Plan's provisions and existing laws and regulations.

NOTE 3 INVESTMENTS

The following investments represent five percent or more of the Plan's net assets available for benefits as of December 31, 2014 and 2013:

	2014	2013
Fidelity Freedom 2020 Account	\$ 342,667	\$ 310,241
Fidelity Value Account	360,469	304,295
Fidelity Freedom 2045 Account	298,128	288,649
Fidelity Capital & Income Account	**	273,841
Fidelity Freedom 2025 Account	310,046	266,235
Fidelity Small Cap Value Account	283,139	255,085
Fidelity Large Cap Value Account	279,417	237,769

** Investment was less than 5% of the Plan's net assets.

During 2014, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$62,112.

NOTE 4 TAX STATUS

The Plan has adopted a prototype plan. The IRS has determined and informed the prototype plan by a letter dated on March 31, 2008, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since the prototype provider received the advisory opinion, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

The Plan's income tax returns are subject to review and examination by taxing jurisdictions; however, there are currently no audits in progress. The Plan Administrator believes it is no longer subject to income tax examinations for the years prior to 2011.

NOTE 5 FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs.

The hierarchy is broken down into three levels based on the ability to observe inputs as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation approaches used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan at year end.

Money market account: Valued at the daily closing price as reported by the fund. The money market account held by the Plan is an open-ended mutual fund that is registered with the Securities and Exchange Commission. This fund is required to publish its daily NAV and to transact at that price. The money market account held by the Plan is deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different approaches or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

To the Plan Administrator of
Pacific Manufacturing Ohio, Inc. 401(k) Plan

We have conducted a DOL limited-scope audit of the financial statements of Pacific Manufacturing Ohio, Inc. 401(k) for the year ended December 31, 2014, and have issued our report thereon dated September 30, 2015. As permitted by 29 CR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and schedules taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated December 8, 2014. Professional standards also require that we communicate to you the following information related to the audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Pacific Manufacturing Ohio, Inc. 401(k) Plan are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended December 31, 2014. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Management's estimate of the fair value of the money market fund. We evaluated the key factors and assumptions used to develop the fair value of the money market fund in determining that its fair value is reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no misstatements identified during the audit.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 30, 2015.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Company's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Company's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Information in Documents Containing Audited Financial Statements

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

SAS 115 Communication

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Pacific Manufacturing Ohio, Inc. 401(k) as of and for the year ended December 31, 2014, in accordance with auditing standards generally accepted in the United States of America, we considered Pacific Manufacturing Ohio, Inc. 401(k)'s internal control over financial reporting (internal control) as a

basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control relating to the information summarized in Note 6 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the plan's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified

Other Comments and Recommendations:

We believe that part of our responsibility as your independent certified public accountants is to bring to your attention our observations and suggestions which assist you in the development and continued growth of your Company. The comments (though not determined to be significant deficiencies) identified below cover matters that came to our attention during our recent audit, and warrant your considerations.

Automatic Cash-out Distributions

During the audit, we noted terminated participants with an account balance less than \$1,000. Per the Plan document, following severance of employment the Plan should make an automatic distribution of vested account balances less than or equal to \$1,000. Distributing these small balances will help reduce administrative time and fees on an annual basis.

401(k) Meeting Minutes

We noted that the Company does not maintain formal minutes regarding matters relating to the 401(k) Plan. We recommend the company consider maintaining minutes for all 401(k) discussions and decisions made by management should the Company need to provide this information to regulators.

This communication is intended solely for the information and use of the Plan Administrator and management of Pacific Manufacturing Ohio, Inc. 401(k) Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Certified Public Accountants
