To the Trustee and Plan Administrator of the
Mesa Group 401(k) Plan

We have conducted a Department of Labor ("DOL") limited-scope audit of the financial statements of the Mesa Group 401(k) Plan (the "Plan") as of and for the year ended December 31, 2014, and have issued our report thereon dated October 8, 2015. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note H to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated July 18, 2015. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note B to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended December 31, 2014. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There was no particularly sensitive or complex accounting estimates included in the Plan's financial statements.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. There were no particularly sensitive disclosures in the financial statements. The disclosures in the financial statements are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. We proposed one adjusting journal entry which resulted in a net decrease to net assets available for benefits of approximately $1,000. Management has corrected this misstatement. In addition, this misstatement detected as a result of audit procedures and corrected by management was not material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representations letter dated October 8, 2015.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note H, which was certified by Transamerica Retirement Solutions Corporation, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2014 and 2013, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

MESA GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2014 and 2013

A. Description of Plan

General

The following description of the Mesa Group 401(k) Plan (the "Plan") provides only general information. The Plan is sponsored by Mesa Well Servicing, L.P. (the "Partnership"). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan was amended and restated effective January 1, 2012, and is a defined contribution plan covering substantially all employees of the Partnership as well as related employers (the "Group"), who have at least three months of service and are age 18 or older. The Group consists of: the Partnership, Mesa Southern CWS Acquisition, LP, ATD, LLC, Slick Rod Systems, LLC, and Pecos Transport, LLC. The Plan defines a month of service as any month in which the employee completes one hour of service. Eligible employees can enter the Plan the first day of the quarter coinciding with or next following the date they satisfy the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The purpose of the Plan is to encourage the Group's employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

Contributions

Participants may contribute up to 90% of their pre-tax and/or post-tax annual compensation, as defined by the Plan. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the "Code") as defined by the Plan document. Eligible participants may make rollover contributions to the Plan.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the Plan year may make catch-up contributions in accordance with, and subject to the limitations imposed by the Code.

The Plan provides that the Group may make matching contributions equal to a discretionary percentage to be determined by the Group, of the Participant's elective deferrals, as defined by the Plan. For the years ended December 31, 2014 and 2013, the Group made matching contributions of approximately $137,000 and $135,000, respectively. The Group may also make discretionary non-elective contributions to the Plan. Participants must complete one year of service to be eligible to receive the employer discretionary non-elective contributions. For the years ended December 31, 2014 and 2013, the Group made no discretionary non-elective contributions to the Plan.

A. Description of Plan – continued

Participant Accounts

Each participant's account is credited with participant contributions and an allocation of the Group's contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Group's matching and non-elective contributions portion of accounts, plus actual earnings thereon is as follows:

Years of Service	Vesting Percentage
Less than 2 years	0%
At least 2 years but not more than 3	20%
At least 3 years but not more than 4	40%
At least 4 years but not more than 5	60%
At least 5 years but not more than 6	80%
More than 6 years	100%

In the event of disability or death, a participant will become fully vested.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Notes receivable are collateralized by the participant's remaining vested account balance in the Plan. Notes receivable must be fully repaid through payroll deductions within five years unless the loan is used for the purchase of a primary residence, which may be repaid within a period of no more than twenty years. Notes receivable bear interest at a rate established by the plan administrator in a nondiscriminatory manner. As of December 31, 2014, interest rates on all loans were 5.25%. As of December 31, 2013 interest rates ranged from 5.25% to 9.75%. Principal and interest are paid ratably through payroll deductions.

Benefit Payments

Upon retirement, death, disability, or termination of employment, the vested benefits, as defined, are paid to the participant or their beneficiaries either in a lump sum or partial withdrawal in accordance with minimum distribution requirements of the Code. For termination of service for any other reason, a participant will receive the value of the vested interest in his or her account in a lump-sum distribution. Participants may also elect to receive an in-service distribution from their account after reaching the age of 59 ½ even though their employment may not have been terminated.

A. Description of Plan – continued

A participant may receive a hardship distribution from salary reduction contributions if the distribution meets one of the following conditions: (1) on account of uninsured medical expenses incurred by the participant, their spouse or dependents; (2) to purchase (excluding mortgage payments) a principal residence for the participant; (3) for the payment of post-secondary tuition expenses; (4) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) for funeral expenses for the participant, their spouse or dependents; or, (6) for payments to repair the participant's principal residence that would qualify for a casualty loss deduction.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts shall be used to restore the account balances of former Plan participants who are rehired within five years, to pay Plan administrative expenses, or to reduce Group contributions.

For the years ended December 31, 2014 and 2013, approximately $20,000 and $40,000 of forfeitures were used to offset Group contributions, respectively. Net assets available for benefits included approximately $4,000 and $8,000 of unallocated forfeitures as of December 31, 2014 and 2013, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct their salary deferrals in 1% increments into any of the Plan's available investment options. Each participant directs the investment of his or her individual account. Participants may choose from a number of pooled separate accounts and a stable value fund. Participants should refer to the Plan document for a more complete description of the investment options available.

Each participant has the right to convert all or any portion of their account from one investment fund to any other investment fund at any time.

Plan Expenses

Employees of the Group perform certain administrative functions with no compensation from the Plan. Substantially all administrative expenses are paid by the Group and are not reflected in the accompanying financial statements.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

B. Summary of Significant Accounting Policies – continued

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income

The investments are stated at fair value as of the end of the Plan year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and requires certain disclosures about assets and liabilities measured at fair value. See Note D for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains (losses) on investments include realized gains and (losses) on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Fully Benefit-Responsive Investment Contracts

The Transamerica Stable Value Core Option Fund (the "Fund") is a fully benefit-responsive investment contract held by the Plan. The repayment of principal and interest credited to participants holding the Fund is a financial obligation of Transamerica Financial Life Insurance Company ("Transamerica"). However, if an event should occur such that realization of full contract value is no longer probable, the Fund may no longer be considered fully benefit-responsive. As the Fund is an obligation of Transamerica, the occurrence of an event that limits the ability of the investment to transact at contract value between Transamerica and a participant holding the Fund is not probable.

The Fund is invested in the general account of the insurance company issuing the contract and has no stated maturity. Interest rates are reset monthly as of the beginning of the month, during which a new interest rate is applied daily to the total outstanding balance of the investment. During both 2014 and 2013 the average interest rate of the Fund was 0.80%, and the minimum guaranteed rate was 0.80%. The Fund's fair value approximates its contract value by Transamerica and is reported as a stable value fund in the accompanying statements of net assets available for benefits.

B. Summary of Significant Accounting Policies – continued

Contributions

Contributions from the Group and participants are accrued as they become obligations of the Group, as determined by the plan administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance and are collateralized by the participant's remaining account balance.

Payment of Benefits

Benefits are recorded when paid.

C. Investments

During 2014 and 2013, the Plan's net realized and unrealized gains on investments were comprised of the following:

	2014	2013
Pooled separate accounts	$ 65,028	$ 148,161

Net realized/unrealized gains on investments	$ 70,724	$ 153,871

D. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined are as follows:

- Level 1 – observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets. There were no Level 1 investments at December 31, 2014 or 2013.

- Level 2 – observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 – inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability. There were no Level 3 investments at December 31, 2014 or 2013.

GAAP requires the methodologies used to measure the fair value of assets and liabilities be described. The methodologies used to measure each major category of investments are described below. These methodologies were consistently applied to all investments and there have been no changes in the methodologies used at December 31, 2014 and 2013.

- Pooled separate accounts are valued using the accumulation of numerous mutual funds and other investments whose values are determined by quoted markets, which approximates fair value and are classified within Level 2 of the valuation hierarchy.

- The stable value fund is measured using the value of the underlying investments and is classified within Level 2 of the valuation hierarchy.

D. Fair Value Measurements – continued

All of the Plan's investments are categorized as Level 2 investments within the fair value hierarchy. The following table details the Plan's investments at fair value as of December 31:

	2014	2013
Pooled separate accounts:		
Conservative allocation	$ 806,442	$ 650,376
Moderate allocation	242,791	108,849
Aggressive allocation	190,237	105,010
Mid-cap value	155,339	85,505
Small blend	132,486	135,946
Large growth	88,369	81,226
Intermediate-term bond	88,252	53,097
Large value	72,790	64,183
Foreign large blend	37,811	32,964
Short-term bond	34,939	12,367
World bond	22,105	20,964
Real estate	14,922	5,744
World allocation	11,994	9,863
Stable value fund	645,560	697,532
Total investments at fair value	$ 2,544,037	$ 2,063,626

These investments are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement within the levels of the fair value hierarchy.

E. Tax Status

The Plan adopted the Nova 401(k) Associates Volume Submitter Profit Sharing Plan, which has a favorable opinion letter from the Internal Revenue Service dated July 1, 2009. This opinion letter states that the form of the prototype plan, as then designed, is acceptable under Section 401(a) of the Code. The basic plan document has been amended since receiving the opinion letter; however, the Group believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the Group may continue to rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations. During 2014 and 2013, the Group identified certain operational failures with respect to the Plan and is correcting these failures under the Employee Plans Compliance Resolution System correction program.

E. Tax Status – continued

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examination for years prior to 2011.

F. Party-In-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of the Stable Value Fund managed by Transamerica Retirement Solutions Corporation, the Custodian. Transactions with such investment qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Notes receivable from participants to the Plan qualify as party-in-interest transactions, and are also exempt from the prohibited transaction rules.

G. Plan Termination

Although it has not expressed any intention to do so, the Group has the right to terminate the Plan at any time, subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

H. Information Certified by the Custodian

The plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator limited auditing procedures with respect to investments certified by the Custodian, which included total investments as of December 31, 2014 and 2013, and total investment income for the years ended December 31, 2014 and 2013, and all information included in the supplemental schedule H, Line 4i - schedule of assets (held at end of year), except for the notes receivable from participants.

I. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	2014	2013
Net assets available for benefits per the financial statements	$ 2,588,639	$ 2,096,287
Excess contributions payable per the financial statements	66,571	72,545
Deferred contribution liability per the financial statements	6,956	-
Contributions receivable per the financial statements	-	(17,416)
Net assets available for benefits per the Form 5500	$ 2,662,166	$ 2,151,416

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31:

	2014	2013
Net increase in net assets available for benefits per the financial statements	$ 492,352	$ 472,896
Change in contributions receivable	17,416	28,893
Change in excess contribution payables	(5,974)	29,511
Change in deferred employer contributions	6,956	-
Net increase in net assets available for benefits per the Form 5500	$ 510,750	$ 531,300

The reconciling items are due to the difference in the method of accounting used in preparing the Form 5500 as compared to the Plan's financial statements. The cash basis of accounting was used in preparing the Form 5500, whereas the Plan's financial statements have been prepared on the accrual basis of accounting as required by GAAP.

J. Subsequent Events

Effective January 17, 2015, plan management discontinued the employer match indefinitely.

In preparing the accompanying financial statements, management has evaluated all subsequent events and transactions for potential recognition or disclosure through October 8, 2015, the date the financial statements were available for issuance.
