We were engaged to audit the accompanying financial statements of Midtronics, Inc. 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Charles Schwab Bank and Metropolitan Life Insurance Company, the custodians of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodians hold the Plan's assets and execute transactions. The Plan Administrator has obtained certifications from the custodians as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the Plan Administrator by the custodians is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental schedule of assets (held at end of year) as of December 31, 2014, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Plan Description

The following description of the Midtronics, Inc. (the Company) 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan's agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of the Company who have completed six months of service and are age 21 or older. Employees who meet the eligibility requirements become participants in the Plan as of January 1, April 1, July 1, or October 1 coinciding with or following the next date on which the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute the maximum amount allowed by law of annual compensation to the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company will make a matching contribution equal to 50 percent of the first 6 percent of an employee's eligible compensation that a participant contributes to the Plan. Additional amounts may be contributed at the option of the Company. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with participant contributions, the Company's matching contribution, and receives an allocation of the Company's discretionary contribution, if any, investment earnings, and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in all participant and rollover accounts plus actual earnings thereon. Participants vest in their respective share of the Company's contributions based on years of continuous service. A participant is 100 percent vested after six years of credited service, with 20 percent vesting credited to the participant per year of service, as defined, commencing in the second year of employment. In the event of death, disability, or retirement at designated ages, participants become fully vested.

Notes receivable from participants: Participants may borrow from their fund account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Notes receivable terms range from 1 - 5 years or longer if used to purchase a principal residence and each participant may not have more than one note receivable outstanding at any time. The notes receivable are collateralized by 50 percent of the participant's account balance and bear interest at a rate of 1 percent above the prime interest rate. Interest rates range from 4.25 percent to 6.00 percent at December 31, 2014. Principal and interest payments are paid not less frequently than quarterly over the term of the notes receivable.

Forfeited accounts: At December 31, 2014 and 2013, forfeited nonvested accounts totaled $29,140 and $28,494, respectively. These accounts will be used to reduce future Company contributions. During 2014, $28,409 of forfeitures were used to offset the Company's profit sharing contribution.

Payment of benefits: On termination of service for any reason, a participant will receive a lump-sum amount equal to the value of his or her account.

Investment options: Upon enrollment in the Plan, a participant may direct contributions among a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment election daily.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits presents the fair value of the investment contracts, consisting of shares of common/collective trust, as well as the fully benefit-responsive adjustment of the investment in the contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis for fully benefit-responsive investment contracts.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are treated as distributions based upon the terms of the plan document.

Payment of benefits: Benefits are recorded when paid.

Accounting estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Recent accounting pronouncements: In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Plan management is currently evaluating the impact this Update will have on the Plans' financial statements.

Note 2. Significant Accounting Policies (Continued)

Recent accounting pronouncements (continued): In July 2015, the FASB issued ASU 2015.12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit – Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. The purpose of this update is to simplify plan accounting.

- The amendments in Part I of this update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly, there will no longer be an adjustment from fair value to contract value on the face of the financial statements.

- The amendments in Part II of this update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan,* as a direct filing entity, disclosure of that investment's strategy will no longer be required.

- The amendments in Part III of this update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The update may be adopted in whole or by part (I, II, and III), as applicable. The amendments in this update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. Plan management is currently evaluating the impact this update will have on the Plan's financial statements.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through October 7, 2015, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Charles Schwab Bank and Metropolitan Life Insurance Company (the Custodians)

The following is a summary of the Plan's asset and income information as of December 31, 2014 and 2013, and for the year ended December 31, 2014, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the custodians and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodians that information provided to the Plan Administrator by the custodians related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income:

The following information was certified by Charles Schwab Bank (Schwab):

	2014	2013
Shares of registered investment companies, at fair value	$ 21,341,069	$ 19,711,812
Common stock, at fair value	26,995	102,986

Notes receivable from participants	378,449	441,957
Net appreciation in fair value of investments	515,221	
Interest and dividends	1,261,480	
Interest income on notes receivable from participants	15,502	

The following information was certified by Metropolitan Life Insurance Company (MetLife):

	2014	2013
Shares of common/collective trust, at fair value	$ 2,862,709	$ 2,816,073
Shares of common/collective trust, at contract value	2,778,123	2,755,584

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common stock, exchange traded funds: Valued at the quoted market price of shares held by the Plan at year-end.

Shares of common/collective trust: Valued based on the NAV of units of the common/collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Corporate obligations: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Government obligations: Valued using pricing models maximizing the use of observable inputs for similar securities.

Note 4. Fair Value Measurements (Continued)

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2014 and 2013:

	Fair Value		Unfunded Commitment		Redemption	Redemption
Investment	2014	2013	2014	2013	Frequency	Notice Period
Shares of common/collective trust (a)	$ 2,862,709	$ 2,816,073	$ -	$ -	Daily	60 days

(a) This category invests in a MetLife Group Annuity Contract. Investments in this category can be redeemed 60 days following advance written notice at the lesser of book value or market value.

The contract value of the MetLife Stable Value Fund is $2,778,123 at December 31, 2014 and $2,755,584 at December 31, 2013.

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2014, there were no transfers in or out of Level 3.

Note 5. Investments

The following table presents the fair value of investments that represent 5 percent or more of the Plan's net assets available for benefits at December 31:

	2014	2013
Shares of registered investment companies:		
Charles Schwab S&P 500 Index Fund	$ 3,959,628	$ 3,307,564
William Blair Growth Fund	2,036,713	1,943,509
JP Morgan Core Bond Fund	1,996,769	1,676,151

American Funds Fundamental Investment	1,428,874	1,260,576
Shares of common/collective trust:		
MetLife Stable Value Fund	2,862,709	2,816,073

Note 5. Investments (Continued)

During 2014, the Plan's investments (including investments bought, sold and held during the year) appreciated/(depreciated) in value as follows:

Shares of registered investment companies	$	420,618
Common stock		5,002
Exchange traded funds		88,700
Government obligations		1,200
Corporate obligations		(299)
Net appreciation in fair value of investments	$	515,221

Note 6. Related-Party Transactions

The Plan's investments are managed by Schwab and MetLife, custodians of the Plan. Therefore, these transactions qualify as party-in-interest. Fees paid by the Plan to the custodians were $4,350 for the year ended December 31, 2014.

Certain other administrative expenses are paid by the Company. Certain employees of the Company provide administrative and trustee services to the Plan. These employees are not compensated by the Plan for their services.

Note 7. Plan Termination

Although it has not expressed any intent to do, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon Plan termination, participants become 100 percent vested in the company matching portion of their accounts.

Note 8. Tax Status

Effective January 1, 2009, the Company adopted a nonstandardized form of a prototype plan sponsored by Alliance Benefit Group of Illinois. The prototype plan has received an opinion letter from the Internal Revenue Service (IRS) as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since its adoption. The Company believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2014 and 2013:

	2014	2013
Net assets available for benefits per the financial statements	$ 26,493,082	$ 24,722,078
Shares of registered investment companies	1,767	3,223
Cash	(83,006)	(32,022)

Notes receivable from participants	(378,449)	(441,957)
Interest-bearing cash	81,239	28,799
Other liabilities	(52,099)	(227)
Corrective distributions	20,880	20,351
Adjustment from contract value to fair value for interest in shares of common/collective trust relating to fully benefit-responsive investment contracts	84,586	60,489
Net assets available for benefits per Form 5500	$ 26,546,449	$ 24,802,614

The following is a reconciliation of the change in net assets available for benefits for the year ended December 31, 2014, per the financial statements to Form 5500:

Change in net assets available for benefits per the financial statements	$ 1,771,004
Investment income	(22,170)
Participant contributions	(4,663)
Company contributions	(336)
Change in net assets available for benefits per Form 5500	$ 1,743,835

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
