The Plan is a defined contribution plan under Section 401(k) covering substantially all employees of ML Holdings Co. and affiliated participating employers (collectively, the Employer). Employees who have six months of service with the Employer and are at least eighteen years old, with the exception of certain employees, most notably those covered by a collective bargaining agreement, are eligible to participant in the Plan. Affiliated participating employers include: Power Equipment Company, Inc.; Power Screening, LLC; McClung-Logan Equipment Company, Inc.; CSI Acquisition Company, LLC; and UCR Acquisition, LLC. Effective October 13, 2014, Harbert Machine & Welding, LLC was added as an affiliated participating employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

PNC Bank, N.A. (PNC) is the recordkeeper that processes and maintains the records of participant data and is engaged to serve as the trustee of the Plan. Plan investment advice is provided by an outside certified financial professional. ML Holdings Co. serves as the Plan administrator and is responsible for the day-to-day operations and oversight of the Plan.

Vesting

Participants are immediately vested in their salary deferrals, rollover contributions and related earnings. Vesting in the Employer's matching and non-elective contributions is based on years of continuous service as follows:

Years Of Service	Percentage Vested
1	25%
2	50%
3	75%
4 or more	100%

A participant's account becomes 100% vested in their matching and non-elective contributions, regardless of years of service, at age 65 or in the event of permanent disability, death, or by reason of, and as part of, a partial Plan termination.

1. Plan Description (Continued)

Participant Contributions

Participants may elect to have the Employer contribute a percentage of their eligible pre-tax compensation up to the amount allowable under current income tax regulations. Participants who elect to have the Employer contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation.

Contributions withheld are invested in accordance with the participant's election and may be redirected online at any time. The maximum allowable contribution totaled $17,500 for the year ended December 31, 2014. Participants who have attained age 50 before the end of the Plan year may make additional catch-up contributions, subject to limitations imposed by the Internal Revenue Code (the Code).

Participants are permitted to make rollover contributions of amounts received from other tax-qualified retirement plans. Such rollover contributions are deposited in the appropriate investment funds in accordance with the participant's election and the Plan's provisions.

Employer Contributions

As defined in the Plan document, the Employer may match a portion of the participant contributions on a discretionary basis. During 2014, the Employer match totaled $266,338.

The Employer may also make a discretionary non-elective contribution on behalf of eligible participants. Such contributions shall be allocated to participants based on the ratio that each participant's compensation bears to the total compensation paid to all eligible participants.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer matching contributions and allocations of Employer non-elective contributions and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

Terminating participants of the Plan are paid the current value of the vested balance in their Plan accounts as soon as administratively feasible. Unvested amounts are forfeited, including earnings, and are used to offset Plan expenses and reduce the Employer contribution(s). As of December 31, 2014 and 2013, unallocated forfeitures totaled $23,959 and $137, respectively. During 2014, the total unvested amount forfeited including earnings, was $23,822.

1. Plan Description (Continued)

Payment Of Benefits

Benefit payments are available to participants upon normal retirement (age 65), early retirement (age 55), termination of employment, death, attainment of age 59 ½ or disability. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, amounts contributed by the participant may be withdrawn for a hardship purpose. Participants are entitled to a benefit equal to the vested portion of their account which will be distributed in the form of a lump sum payment. Distributions are subject to the applicable provisions of the Plan agreement. Certain income taxes and penalties may apply to withdrawals or distributions prior to age 59 ½.

Notes Receivable From Participants

The Plan allows participants to borrow not less than $1,000 and up to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the participant's vested balance and no more than one outstanding loan is permitted at any time. Such notes must be repaid to the Plan within a five year period, unless the note is used to purchase a principal residence.

Interest rates on these notes range from 4.25% to 5.50%, and mature on various dates through December 2019. The specific terms and conditions of such notes are established by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

2. Summary Of Accounting Policies

Basis Of Presentation

The accompanying financial statements of the Plan have been presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use Of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation And Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

2. Summary Of Accounting (Continued)

Investment Valuation And Income Recognition (Continued)

The Plan holds shares of a common collective trust (CCT), PNC Stable Value, which has investments in fully benefit-responsive investment contracts. Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The fair value of the CCT approximates the contract value as of December 31, 2014. The statements of net assets available for benefits presents the fair value of the investment in the CCT as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value as of December 31, 2013. The statement of changes in net assets available for benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment Of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. If a participant ceases to make note repayments and the Plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded based on the terms of the Plan document.

Administrative Expenses

A portion of the plan administration and recordkeeping fees are paid directly by the Employer and are excluded from these financial statements. Fees related to specific participant transactions are charged directly to the participant's account. Investment related expenses are included in net appreciation in fair value of investments.

3. Information Certified By Trustee

The Plan administrator has elected the alternative method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. Accordingly, as permitted under such election, information certified by PNC, the trustee as of December 31, 2014 and 2013 and the year ended December 31, 2014, was not audited, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedules.

A summary of the Plan's financial information, which has been certified by PNC, is presented as follows:

December 31,	2014	2013
Investments, At Fair Value	$ 11,354,653	$ 10,961,906

4. Investments

American Century One Choice 2020 A	$ 971,896	$ 858,545
American Funds EuroPacific Growth R3	*	$ 599,063

Dreyfus Small Cap Stock Index	$ 747,658	$ 965,861
JPMorgan Disciplined Equity A	$ 944,157	$ 811,341
PNC Investment Contract Fund	$ 596,721	*

* Represents less than 5% of net assets available for benefits in the respective year.

4. Investments (Continued)

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $183,095 as follows:

Mutual Funds	$ 180,120
Common Collective Trust	2,975
	$ 183,095

5. Fair Value Measurements

The Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2
Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

5. Fair Value Measurements (Continued)

Descriptions of the valuation methodologies used for assets measured at fair value are noted below. There have been no changes in the methodology used at December 31, 2014 and 2013.

Mutual Funds
Mutual Funds are valued at quoted market prices in an exchange and active market and are classified as Level 1 investments.

Common Collective Trust
Valued at the NAV of units of a bank common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the fund, the investment advisor reserves the right to temporarily delay withdrawal from the fund in order to ensure that the securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014:

	Level 1	Level 2	Level 3	Total
Mutual Funds:				
Balanced	$ 187,515	$ -	$ -	$ 187,515

Total Assets At Fair Value	$ 10,757,932	$ 596,721	$ -	$ 11,354,653

5. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

	Level 1	Level 2	Level 3	Total
Mutual Funds:				
Balanced	$ 147,307	$ -	$ -	$ 147,307

Total Assets At Fair Value	$ 10,417,238	$ 544,668	$ -	$ 10,961,906

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participant accounts will become fully vested.

7. Tax Status

The Plan is using a prototype plan approved by the Internal Revenue Service (IRS) and accordingly, has neither applied for nor received a determination letter from the IRS. The Employer believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

In accordance with FASB ASC 740, *Income Taxes*, accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions and, as of December 31, 2014, the Plan was under audit by the DOL for the years ended 2009 through 2012 (see Note 9).

8. Party-In-Interest

Certain Plan investments are managed by PNC. PNC is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Some fees incurred by the Plan for third party services, such as investment management, are included in net appreciation in fair value of investments as they are paid through revenue sharing rather than a direct payment. During the year ended December 31, 2014, the Plan made direct payments to PNC of $2,550 which was not covered by revenue sharing. All of these party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

9. Non-Exempt Transactions

For the years ended December 31, 2014 and 2013, Plan management identified untimely remittances of participant contributions and loan repayments to the Plan in the amount of $28,910 and $56,623, respectively. As of the date of this report, the untimely remittances for the years ended December 31, 2014 and 2013 were corrected.

As a result of the DOL audit (see Note 7), untimely remittances of $298,445 were identified, among other matters. Management corrected the deficiencies identified by the DOL during 2014. Effective January 29, 2015, the DOL concluded its investigation of the Plan.

10. Risks And Uncertainties

The Plan invests in various financial instruments that, in general, are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

11. Subsequent Events

Effective January 2015, the Plan was amended to include Komptech Americas, LLC as an affiliated participating employer of the Plan. Effective August 2015, the Plan was amended to include MCR Acquisition Company, LLC as an affiliated participating employer of the Plan.

Management has evaluated events and transactions for potential recognition or disclosure through the independent auditor's report date, the date the financial statements were available to be issued. Except as noted above and in Note 9, there were no material events that required recognition or disclosure in the financial statements.
