Note 1 - Description of the Plan

The following description of Solo Printing 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan commenced on July 1, 2007 and is a defined contribution Plan covering all employees of Solo Printing, Inc. (the "Employer") who have one year of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Employees eligible to participate may contribute up to 100% of their pretax annual compensation as defined by the Plan, up to the maximum amount allowed by the Internal Revenue Code. The Employer may make a discretionary matching contribution equal to a uniform percentage or dollar amount of the employees' elective deferrals each year up to 4% of Plan compensation. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offered eight mutual funds as investment options for participants as of December 31, 2014. Contributions are subject to certain limitations set by law.

Participants' Accounts

Each participant's account is credited with the participant's contribution, Employer's matching contribution (if any), and an allocation of (1) Employer's discretionary contribution (if any) and (2) the Plan's earnings or losses. There was no Employer matching contribution, nor any Employer discretionary contribution, made for the year ended December 31, 2014.

Participants' Notes Receivable

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000, both reduced by any outstanding loan balance on the date the new loan is made. Loan terms range from 1 to 5 years. The loans are secured by the balance in the participants' accounts and bear interest at a fixed interest rate to be determined by the Plan administrator which is based on the rates available for similar loans from commercial lending institutions at the time of the issuance of the loans. At December 31, 2014, the interest rate on these loans was 4.25%. principal and interest are paid ratably through payroll deductions.

Vesting

Participants are immediately vested in their own contributions, including rollover contributions from a qualified retirement Plan, plus accumulate earnings thereon. Vesting of Employer contributions is based on years of service and follows a 5-year graded vesting schedule. Prior to normal retirement age, a participant's interest in the Employer's contribution is 20% vested after one year of service and vests an additional 20% per annum until fully vested after five years of service.

Note 1 – Description of the Plan - continued

Payment of Benefits

Payments of benefits by reason of death, termination, disability or retirement are made in accordance with the Plan's provisions. Upon termination, a Plan participant will receive the amounts allocated to his or her account in which he or she is vested. A participant may elect to receive a lump-sum payment or partial payments, as defined.

The Plan allows for in-service and hardship withdrawals of participant's vested amounts and shall be limited to the amount of the participant's elective deferral contributions, as defined by the Plan.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Participants' Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participants account and are included in administrative expenses when incurred. As of December 31, 2014, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid. There were no participants who had elected to withdraw from the Plan but had not yet been paid as of December 31, 2014.

Note 2 - Summary of Significant Accounting Policies - continued

Forfeited Accounts

If so directed by the Employer, forfeitures may first be used to pay Plan administrative expenses and then they shall be applied to reduce the Employer contribution. For the year ended December 31, 2014 and 2013, there were no forfeited non-vested accounts in the Plan.

Administrative Expenses

Fees related to the administration of the Plan may be paid by the Plan or by the Employer. If the Employer does not pay Plan-related expenses, such fees or expenses will generally be allocated to the accounts of the participants either proportionately based on the value of account balances or as an equal dollar amount based on the number of participants in the Plan. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in the administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments.

Recently Adopted Accounting Pronouncements

The Plan adopted the Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Contribution Pension Plans Part II (Topic 962) Plan Investment Disclosures.* The amendments in Part II of ASU 2015-12 requires that all investments (that is, both participant-directed and nonparticipant-directed investments) should be disaggregated based only on general type, eliminating the need to further disaggregate the investment in accordance with FASB ASC 820, *Fair Value Measurement*. In addition, the amendments in Part II of ASU 2015-12 eliminate the requirement for both participant-directed investments and nonparticipant-directed investments to disclose: a) Individual investments that represent 5% or more of net assets available for benefits, and b) the net appreciation or depreciation on general type.

Subsequent Events

Plan's management has evaluated subsequent events through October 9, 2015, the date which the financial statements were available to be issued.

Note 3 - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 - Fair Value Measurements – continued

ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs (other than quoted prices within Level 1) are observable for the asset, either directly or indirectly, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There were no Level 2 or Level 3 inputs used as of December 31, 2014.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014:

		Fair Value Measurements At Reporting Date Using:
	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)
Mutual funds:		
Balanced/Asset allocation	$ 932,457	$ 932,457
Total investments	$ 932,457	$ 932,457

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2014 are reported in net appreciation in fair value of investments.

Note 4 - Information Prepared and Certified by the Plan's Custodians

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that was prepared and certified to as complete and accurate by the custodians as of and for the year ended December 31, 2014:

Investments, at fair value:	
Mutual funds	$ 932,457
Investment income:	
Net appreciation in fair value of investments	43,460
Interest and dividends	33,345

Note 5 – Excess Contributions Payable

Contributions received from participants for 2014 are recorded in the statement of changes in net assets available for benefits, and are net of payments to be made totaling $72,823, to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provision of the Plan. Those amounts are also included in the Plan's statements of net assets available for benefits as excess contributions payable at December 31, 2014. The Plan distributed the 2014 excess contribution prior March 15, 2015.

Note 6 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to Schedule H of Form 5500, as of December 31, 2014:

Net assets available for benefits per financial statements	$	878,958
Excess contributions payable		72,823
Net assets available for benefits per Form 5500	$	951,781

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Schedule H of Form 5500, as of December 31, 2014:

Changes in net assets available for benefits per financial statements	$	237,422
Current year excess contributions payable		72,823
Prior year excess contributions payable		(60,349)
Changes in net assets available for benefits per Form 5500	$	249,896

Note 7 - Tax Status

The Plan has adopted a prototype 401(K) profit sharing plan for which the plan custodians have received a favorable determination letter from the District Director of the Internal Revenue Service dated March 31, 2008. The letter states that the form of the Plan qualifies for tax-exempt status. The Plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

Note 8 - Plan Termination

Although the Employer has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, account balances will be distributed to participants in accordance with the terms of the Plan.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
