Report of Independent Auditors

To Plan Administrator
Total Site Solutions and Affiliates 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Total Site Solutions and Affiliates 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2014 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the 2014 financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2014, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2014 financial statements. Accordingly, we do not express an opinion on these 2014 financial statements.

Other Matter – Supplemental Schedules

The supplemental schedules of assets held at end of year as of December 31, 2014 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Other Matter – 2013 Financial Statements

The financial statements of the plan as of December 31, 2013, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the custodian. Their report, dated September 29, 2014, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements (b) the form and content of the information included in the financial statement other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Total Site Solutions and Affiliates 401(k) Plan

Notes to Financial Statements

December 31, 2014

1. Description of the Plan

Total Site Solutions and Affiliates 401(k) Plan (the "Plan") is a defined contribution plan covering substantially all eligible employees of Vortech, LLC and VTC, LLC (doing business as Total Site Solutions) (the "Company"). The Plan became effective May 31, 2006. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). All Plan assets are held by John Hancock Life Insurance Company ("John Hancock"), custodian of the Plan. Complete information regarding the Plan is included in the Plan Agreement. Significant Plan provisions are summarized below.

During 2013, the Plan Sponsor acquired Arvato Digital Services, LLC. As a result, in May, 2013, the plan was amended to allow the employees of Arvato Digital Services, LLC to participate in the Plan, subject to the Plan's eligibility requirements.

Eligibility

Employees who have attained age 19 and completed three months of service are eligible to participate in the Plan. Eligible new employees are automatically enrolled in the Plan at a deferral rate of two percent and are given the option to opt out. The deferral rate remains at two percent each year unless the participant elects to change his or her deferral rate.

Contributions

Each year, participants may contribute up to 100% of their eligible compensation, as defined in the Plan, on both a pre-tax bases and after-tax ("Roth") basis, not to exceed the annual limit established by the Internal Revenue Code (the "Code"). Participants may also contribute amounts representing distributions from other qualified plans. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions.

The Company may make discretionary employer matching contributions. None were made in 2014.

Participants direct the investment of the contributions into various investment options offered by the Plan.

1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The portion of a participant's account attributed to the Company discretionary matching contribution is 100% vested upon entrance into the Plan.

Payment of Benefits

Vested benefits are paid to participants upon death, disability, retirement or termination of employment by either arranging for a rollover to another plan lump sum payment or installments. Hardship withdrawals are available and will result in a six month suspension during which no contributions may be made to the participant's account. For terminated participants' account balances that are less than $5,000, the plan administrator may distribute the entire amount in a lump sum without the participant's consent. If the participant's vested portion is greater than $5,000, the participant may elect to maintain the vested portion in the Plan.

Notes Receivable From Participants

Participants are permitted to borrow a maximum amount of the lesser of $50,000 or 50% of their vested account balance. The minimum that can be borrowed is $1,000 and only one loan can be outstanding at a time. Notes receivable from participants are secured by the balance in the participant's account and bear interest at a reasonable interest rate as determined by Mass Mutual. Notes receivable from participants terms range from one to five years or a reasonable amount of time for the purchase of a principal residence. Principal and interest is paid through payroll deductions with equal installments made each pay period.

Administrative Expenses

The Company pays certain expenses incurred in the administration and operation of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are reported on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States. Benefits are recorded when paid to participants.

Risks and Uncertainties

Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and the accompanying notes and schedule. Accordingly, actual results could differ from these estimates.

Valuation of Investments and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 5 for further discussion of fair value measurements.

The John Hancock Stable Value Fund is a Collective investment trust (CIT) which invests in fully benefit-responsive investment contracts. The CIT is valued at the net asset value of units held at year-end. These investment contracts are recorded at fair value; however, since these contracts are fully benefit-responsive, an adjustment is reflected in the statements of net assets available for benefits to present these investments at contract value. Contract value is the relevant measurement attributable to fully benefit-benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

2. Summary of Significant Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2015 the date the financial statements were available to be issued.

3. Investment Contract in Collective Investment Trust

The Plan invests in the John Hancock Stable Value Fund which is a collective investment trust fund sponsored by John Hancock. The fund's primary investment objectives are to preserve principal, maintain a competitive interest rate, and provide daily liquidity at contract value for plan-permitted, participant-directed withdrawals. The fund invests primarily in diversified fixed-income mutual funds and separately managed bond accounts run by investment subsidiaries of John Hancock, and in contract value stabilizing agreements offered by high-quality financial institutions. The stabilizing agreements are designed to offset price fluctuations associated with fixed-income investments by smoothing the effect of any gains or losses on the assets and to offer participants daily liquidity at contract value. Contract value is generally equal to the principal amounts invested in the underlying investments, plus interest accrued at a crediting rate established under the contract, less any adjustment for withdrawals.

3. Investment Contract in Collective Investment Trust (continued)

Crediting rates on contracts are net of fees to the provider. The calculation of the crediting rate incorporates the book value, market value, duration, and current market yield rates of assets held. Interest crediting rates are typically reset monthly; however, under certain circumstances (such as during periods of high market volatility, unexpected cash in-flows or unexpected withdrawals), it may be reset more frequently. Under the terms of the contract, the crediting rate will not be less than 0%. Periodic resets of the crediting rate may be affected by, among other things, (i) changes in the market value of assets, (ii) income, gains and losses with respect to assets, (iii) fees and expenses incurred in asset management and the operation of related accounts or contracts, (iv) the timing and amount of cash in-flows and withdrawals, and (v) the terms and conditions of relevant benefit responsive contracts. The crediting interest rate to the Plan was 2.29% and 2.27% for the year ended December 31, 2014 and 2013, respectively, net of asset charges. The market value average yield was 1.81% and 1.91% for the year ended December 31, 2014 and 2013, respectively.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The stable value fund is expected to have a constant contract value of $1.00, although there is no assurance that it will remain constant at $1.00. The fund's trust agreement provides that withdrawals for purposes other than normal benefit payments or plan permitted investment option transfers are subject to either up to a 12-month hold or a market value adjustment, as elected by the Plan Sponsor. These events may include, but are not limited to, the following: mergers, layoffs, plan termination, implementation of early retirement incentive programs or other events within the control of the Plan Sponsor resulting in a material and adverse financial impact on the issuer's obligations under the contract.

At December 31, 2014 the Plan Sponsor believes the occurrence of an event that would limit the ability of the stable value fund to transact at contract value with the participants in the fund is not probable.

4. Investments

All investment information disclosed in the accompanying financial statements, notes and schedule, including investments and notes receivable from participants held at December 31, 2014 and 2013, and net appreciation in fair value of investments, interest and dividend income and interest income from notes receivable from participants for the year ended December 31, 2014, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock.

Individual investments that represent 5% or more of the Plan's net assets at December 31, 2014 and 2013 are separately identified.

	December 31,	
	2014	**2013**

John Hancock Stable Value Fund	*****	405,755

* This investment represented less than 5% of the Plan's net assets at December 31, 2014.

5. Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2—Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liabilities;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

5. Fair Value Measurements (continued)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Pooled separate accounts are valued based on the NAV as determined by the issuer based on the fair value of the underlying securities of the valuation, which is the practical expedient. The NAV is quoted on a private market that is not active; however, the unit price is based on underlying securities that make up the fund, which are predominately traded on an active market. These securities are redeemable at fair value on a daily basis. CITs are valued at fair value of the underlying investments and then adjusted by the issuer to contract value. Participant transactions (purchased and sales) may occur daily.

Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Fair Value Measurements (continued)

The following table represents the Plan's fair value hierarchy for its financial assets measured at fair value on a recurring basis as of December 31, 2014 and 2013:

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will be come 100% vested in their accounts and distributions will be made as soon as administratively practicable after the Plan terminates.

7. Party-in-Interest Transactions

Plan assets include investment in funds managed by John Hancock. Transactions such as these qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules.

8. Income Tax Status

The underlying non-standardized prototype plan has received an opinion letter from the IRS dated March 31, 2008 stating that the form of the plan is qualified under Section 401(a) of the IRC, and therefore, the related trust is tax exempt. The Company has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Subsequent to receiving the IRS opinion letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as reported in the accompanying financial statements to the Plan's Form 5500 as of December 31, 2014 and 2013:

Report of Independent Auditors

To Plan Administrator
Total Site Solutions and Affiliates 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Total Site Solutions and Affiliates 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2014 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the 2014 financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2014, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2014 financial statements. Accordingly, we do not express an opinion on these 2014 financial statements.

Other Matter – Supplemental Schedules

The supplemental schedules of assets held at end of year as of December 31, 2014 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Other Matter – 2013 Financial Statements

The financial statements of the plan as of December 31, 2013, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the custodian. Their report, dated September 29, 2014, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements (b) the form and content of the information included in the financial statement other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Total Site Solutions and Affiliates 401(k) Plan

Notes to Financial Statements

December 31, 2014

1. Description of the Plan

Total Site Solutions and Affiliates 401(k) Plan (the "Plan") is a defined contribution plan covering substantially all eligible employees of Vortech, LLC and VTC, LLC (doing business as Total Site Solutions) (the "Company"). The Plan became effective May 31, 2006. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). All Plan assets are held by John Hancock Life Insurance Company ("John Hancock"), custodian of the Plan. Complete information regarding the Plan is included in the Plan Agreement. Significant Plan provisions are summarized below.

During 2013, the Plan Sponsor acquired Arvato Digital Services, LLC. As a result, in May, 2013, the plan was amended to allow the employees of Arvato Digital Services, LLC to participate in the Plan, subject to the Plan's eligibility requirements.

Eligibility

Employees who have attained age 19 and completed three months of service are eligible to participate in the Plan. Eligible new employees are automatically enrolled in the Plan at a deferral rate of two percent and are given the option to opt out. The deferral rate remains at two percent each year unless the participant elects to change his or her deferral rate.

Contributions

Each year, participants may contribute up to 100% of their eligible compensation, as defined in the Plan, on both a pre-tax bases and after-tax ("Roth") basis, not to exceed the annual limit established by the Internal Revenue Code (the "Code"). Participants may also contribute amounts representing distributions from other qualified plans. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions.

The Company may make discretionary employer matching contributions. None were made in 2014.

Participants direct the investment of the contributions into various investment options offered by the Plan.

1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The portion of a participant's account attributed to the Company discretionary matching contribution is 100% vested upon entrance into the Plan.

Payment of Benefits

Vested benefits are paid to participants upon death, disability, retirement or termination of employment by either arranging for a rollover to another plan lump sum payment or installments. Hardship withdrawals are available and will result in a six month suspension during which no contributions may be made to the participant's account. For terminated participants' account balances that are less than $5,000, the plan administrator may distribute the entire amount in a lump sum without the participant's consent. If the participant's vested portion is greater than $5,000, the participant may elect to maintain the vested portion in the Plan.

Notes Receivable From Participants

Participants are permitted to borrow a maximum amount of the lesser of $50,000 or 50% of their vested account balance. The minimum that can be borrowed is $1,000 and only one loan can be outstanding at a time. Notes receivable from participants are secured by the balance in the participant's account and bear interest at a reasonable interest rate as determined by Mass Mutual. Notes receivable from participants terms range from one to five years or a reasonable amount of time for the purchase of a principal residence. Principal and interest is paid through payroll deductions with equal installments made each pay period.

Administrative Expenses

The Company pays certain expenses incurred in the administration and operation of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are reported on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States. Benefits are recorded when paid to participants.

Risks and Uncertainties

Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and the accompanying notes and schedule. Accordingly, actual results could differ from these estimates.

Valuation of Investments and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 5 for further discussion of fair value measurements.

The John Hancock Stable Value Fund is a Collective investment trust (CIT) which invests in fully benefit-responsive investment contracts. The CIT is valued at the net asset value of units held at year-end. These investment contracts are recorded at fair value; however, since these contracts are fully benefit-responsive, an adjustment is reflected in the statements of net assets available for benefits to present these investments at contract value. Contract value is the relevant measurement attributable to fully benefit-benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

2. Summary of Significant Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2015 the date the financial statements were available to be issued.

3. Investment Contract in Collective Investment Trust

The Plan invests in the John Hancock Stable Value Fund which is a collective investment trust fund sponsored by John Hancock. The fund's primary investment objectives are to preserve principal, maintain a competitive interest rate, and provide daily liquidity at contract value for plan-permitted, participant-directed withdrawals. The fund invests primarily in diversified fixed-income mutual funds and separately managed bond accounts run by investment subsidiaries of John Hancock, and in contract value stabilizing agreements offered by high-quality financial institutions. The stabilizing agreements are designed to offset price fluctuations associated with fixed-income investments by smoothing the effect of any gains or losses on the assets and to offer participants daily liquidity at contract value. Contract value is generally equal to the principal amounts invested in the underlying investments, plus interest accrued at a crediting rate established under the contract, less any adjustment for withdrawals.

3. Investment Contract in Collective Investment Trust (continued)

Crediting rates on contracts are net of fees to the provider. The calculation of the crediting rate incorporates the book value, market value, duration, and current market yield rates of assets held. Interest crediting rates are typically reset monthly; however, under certain circumstances (such as during periods of high market volatility, unexpected cash in-flows or unexpected withdrawals), it may be reset more frequently. Under the terms of the contract, the crediting rate will not be less than 0%. Periodic resets of the crediting rate may be affected by, among other things, (i) changes in the market value of assets, (ii) income, gains and losses with respect to assets, (iii) fees and expenses incurred in asset management and the operation of related accounts or contracts, (iv) the timing and amount of cash in-flows and withdrawals, and (v) the terms and conditions of relevant benefit responsive contracts. The crediting interest rate to the Plan was 2.29% and 2.27% for the year ended December 31, 2014 and 2013, respectively, net of asset charges. The market value average yield was 1.81% and 1.91% for the year ended December 31, 2014 and 2013, respectively.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The stable value fund is expected to have a constant contract value of $1.00, although there is no assurance that it will remain constant at $1.00. The fund's trust agreement provides that withdrawals for purposes other than normal benefit payments or plan permitted investment option transfers are subject to either up to a 12-month hold or a market value adjustment, as elected by the Plan Sponsor. These events may include, but are not limited to, the following: mergers, layoffs, plan termination, implementation of early retirement incentive programs or other events within the control of the Plan Sponsor resulting in a material and adverse financial impact on the issuer's obligations under the contract.

At December 31, 2014 the Plan Sponsor believes the occurrence of an event that would limit the ability of the stable value fund to transact at contract value with the participants in the fund is not probable.

4. Investments

All investment information disclosed in the accompanying financial statements, notes and schedule, including investments and notes receivable from participants held at December 31, 2014 and 2013, and net appreciation in fair value of investments, interest and dividend income and interest income from notes receivable from participants for the year ended December 31, 2014, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock.

Individual investments that represent 5% or more of the Plan's net assets at December 31, 2014 and 2013 are separately identified.

	December 31,	
	2014	**2013**
John Hancock Lifestyle Aggressive	**$ 896,815**	$ 1,014,497
John Hancock Lifestyle Growth	**598,534**	598,555
Washington Mutual Investors	**412,169**	355,923
John Hancock Stable Value Fund	*****	405,755

* This investment represented less than 5% of the Plan's net assets at December 31, 2014.

5. Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2—Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liabilities;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

5. Fair Value Measurements (continued)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Pooled separate accounts are valued based on the NAV as determined by the issuer based on the fair value of the underlying securities of the valuation, which is the practical expedient. The NAV is quoted on a private market that is not active; however, the unit price is based on underlying securities that make up the fund, which are predominately traded on an active market. These securities are redeemable at fair value on a daily basis. CITs are valued at fair value of the underlying investments and then adjusted by the issuer to contract value. Participant transactions (purchased and sales) may occur daily.

Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Fair Value Measurements (continued)

The following table represents the Plan's fair value hierarchy for its financial assets measured at fair value on a recurring basis as of December 31, 2014 and 2013:

	Assets at Fair Value as of December 31, 2014

Total assets at fair value	$ –	$ 6,257,788	$ –	$ 6,257,788

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will be come 100% vested in their accounts and distributions will be made as soon as administratively practicable after the Plan terminates.

7. Party-in-Interest Transactions

Plan assets include investment in funds managed by John Hancock. Transactions such as these qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules.

8. Income Tax Status

The underlying non-standardized prototype plan has received an opinion letter from the IRS dated March 31, 2008 stating that the form of the plan is qualified under Section 401(a) of the IRC, and therefore, the related trust is tax exempt. The Company has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Subsequent to receiving the IRS opinion letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as reported in the accompanying financial statements to the Plan's Form 5500 as of December 31, 2014 and 2013:

	2014	2013
Net assets available for benefits per the financial statements	**$ 5,575,830**	$ 6,258,168
Excess contributions payable	**27,186**	14,322
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	–	3,659
Net assets available for benefits per Form 5500	**$ 5,603,016**	$ 6,276,149

The following is a reconciliation of the change in net assets available for benefits as reported in the financial statements to the Form 5500 for the year ended December 31, 2014:

Net decrease in net assets available for benefits as reported in the financial statements	$ (682,338)
Prior year Adjustment from fair value to contract valued for fully benefit-responsive investment contracts	(3,659)
Prior year excess contributions payable	(14,322)
Current year excess contributions payable	27,186
Net decrease in net assets available for benefits as reported in the Form 5500	$ (673,133)
