WENTE FAMILY ESTATES
401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2014 AND 2013

NOTE 1 – Description of Plan

The following description of the WENTE FAMILY ESTATES 401(K) PROFIT SHARING PLAN (the Plan), is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing plan which provides benefits to all employees of Wente Bros. and its affiliates (the Companies) who are age twenty-one or older and have completed 150 hours of service within one consecutive month from the eligible employee's employment commencement date, or who have otherwise completed one year of service. An administrative committee appointed by the Boards of Directors of the Companies administers the Plan. Certain officers of the Companies act as trustees of the Plan, which is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration

The Plan is administered by an administrative committee (the Plan Administrator), which maintains separate accounting records for the Plan. The Companies pay certain administrative expenses of the Plan and other administrative expenses are paid by the Plan.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation (limited to $17,500 for the year ended December 31, 2014), as defined in the Plan. Certain eligible participants may defer an additional amount of annual compensation based on catch-up provisions as defined in the Plan (limited to $5,500 for the year ended December 31, 2014). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Companies may make discretionary profit sharing contributions as determined annually by the Boards of Directors of the Companies, and the Companies have also made non-elective contributions in prior years.

Participant Accounts

Each participant's account is credited with the participant's contribution, if any, and an allocation of (1) contributions by the Companies (reduced by forfeitures of the Companies' contributions) and (2) Plan earnings or losses, and charged with an allocation of administrative expenses paid by the Plan. Allocations are principally based on participant earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – Description of Plan (Continued)

Vesting

Participants are immediately vested in their contributions, actual earnings thereon and the Companies' non-elective contributions. Vesting of matching and discretionary contributions by the Companies, earnings thereon and forfeitures begins after two full years of service at the rate of 20% per year until fully vested after six years.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested interest in the Plan. Loan terms are up to a maximum of five years unless the loan is for the purchase of a primary residence, in which case a longer term may be permitted. The loans are collateralized by the participants' vested interest in the Plan and bear interest at 1.00% above the prime rate (not to exceed 10.25%). Interest rates on outstanding loans ranged from 4.25% to 10.25% at December 31, 2014. Principal and interest are paid ratably through bi-weekly payroll deductions through 2028.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reasons, the Plan provides for a single lump sum distribution. Participants may elect to postpone payment to a later date.

Forfeitures

At December 31, 2014 and 2013, forfeited nonvested accounts amounted to $25,582 and $25,716. These forfeitures will be used to reduce future employer contributions or to pay Plan expenses.

NOTE 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could vary from those estimates.

Subsequent Events

Management has evaluated subsequent events for potential recognition and/or disclosure through October 9, 2015, the date the financial statements were available to be issued. See Note 12.

NOTE 2 – Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. Interest income is recorded as earned.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. At December 31, 2014 and 2013, delinquent participant loans of $37,190 and $22,545 were reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 – Investments

A participant may direct the investment of their account through investment options offered by John Hancock Life Insurance Company (U.S.A.). Plan investments include units of pooled separate accounts which invest in shares of mutual funds and the John Hancock Stable Value Fund (non fully benefit-responsive), and guaranteed investment contracts (non fully benefit-responsive). The following presents participant directed investments that represent 5.0% or more of the Plan's net assets at December 31:

	2014	2013
Lifestyle Balanced	$ 4,088,315	$ 3,931,657
Lifestyle Growth	3,064,581	2,689,877
Lifestyle Aggressive	2,211,490	1,942,017
John Hancock Stable Value	1,472,289	1,345,794
Lifestyle Moderate	1,378,270	1,254,791
Lifestyle Conservative	1,106,776	1,503,506
Subtotal	13,321,721	12,667,642
Other investments (individually less than 5.0% of the Plan's net assets)	7,007,155	6,178,630
Total participant directed investments	$ 20,328,876	$ 18,846,272

During the year ended December 31, 2014, the Plan's investments (including investments bought, sold, and held during the year) appreciated in value by $853,112, all of which was attributable to the pooled separate accounts.

NOTE 4 – Fair Value Measurements

The Fair Value Measurements and Disclosures topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the FASB ASC are described as follows:

Level 1

Quoted market prices in active markets for identical assets or liabilities.

Level 2

Observable market-based inputs or unobservable inputs that are corroborated by market data.

Level 3

Unobservable inputs reflecting the reporting entity's own assumptions.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Pooled Separate Accounts

Pooled separate accounts are sub accounts of mutual funds. The unit values of these sub accounts are determined daily by quoted market prices, and the investment and redemption of these units constitutes an active market.

John Hancock Stable Value Fund

The John Hancock Stable Value Fund sub account invests into the John Hancock Stable Value Fund Collective Investment Trust. The unit value of the sub account is reported at fair value and is generally the value that would be paid out for participant-initiated or benefit withdrawals. John Hancock Life Insurance Company (U.S.A.) values the unit value of the sub account daily.

NOTE 4 – Fair Value Measurements (Continued)

Guaranteed Investment Contracts

Guaranteed Investment Contracts are comprised of investments in guaranteed interest accounts and are held in John Hancock Life Insurance Company's (U.S.A.) general account. A new account is established for each participant for each year new contributions are deposited. The interest rates are published at the beginning of each month, and each deposit earns compounded interest at the rate published at the beginning of the month the funds are deposited. To determine the fair value at the reporting date a comparison is made between the rates in effect on the reporting date to the rates on which the actual interest is determined and an adjustment is made to the book value. John Hancock Life Insurance Company (U.S.A.) publishes the applicable rates on a daily basis and applies them both to new deposits and to the calculation of fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total

NOTE 4 – Fair Value Measurements (Continued)

Guaranteed investment contracts		67,469		67,469
Total assets at fair value	$ 18,778,803	$ 67,469	$	$ 18,846,272

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2014 there were no transfers into or out of Level 3.

NOTE 5 – Stable Value Fund

The Plan's investments are managed by John Hancock Life Insurance Company (U.S.A.) under the terms of an unallocated retirement account group annuity contract. Under the terms of this agreement participants may choose to allocate funds to the John Hancock Stable Value sub account which invests into the John Hancock Stable Value Fund Collective Investment Trust (Trust).

Withdrawals from the John Hancock Stable Value sub account are subject to the same restrictions that apply to the underlying Trust. The contract has certain restrictions such as the Trustees of the underlying Trust have the right to delay any participant-initiated withdrawal if it determines that immediate withdrawals may have an adverse impact on the Trust. Certain withdrawal transactions may be subject to market valuation adjustments.

NOTE 6 – Excess Participant Contributions

The Plan failed to pass the Average Deferral Percentage (ADP) and Average Contribution Percentage (ACP) tests for the years ended December 31, 2014 and 2013. In order to correct the December 31, 2014 and 2013 failures, excess contributions to highly-compensated participants amounting to $95,167 and $85,479 as of December 31, 2014 and 2013 were reimbursed by the Plan to participants in the year following the failures. In addition, during the Plan year ending December 31, 2015 a disbursement payment to a separated highly-compensated participant included a corrective distribution of $9 in order to correct the December 31, 2013 failure.

NOTE 7 – Related Party Transactions

Certain Plan investments are units of pooled separate accounts which invest in shares of mutual funds and the John Hancock Stable Value Fund, and guaranteed investment contracts managed by John Hancock Life Insurance Company (U.S.A.). John Hancock Life Insurance Company (U.S.A.) is the custodian, as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions.

NOTE 8 – Tax Status

The Plan is operated under a defined contribution volume submitter plan and trust administered by Hayashi and Wayland Retirement Plan Services. The Plan obtained its latest opinion letter in March 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt for the year ended December 31, 2014, and, accordingly, no provision for income taxes has been recorded.

As required by the Income Taxes topic of the FASB ASC, an entity must determine the level of uncertainty associated with tax positions taken and must calculate the amount of exposure to additional income taxes for uncertain tax positions. The Plan Administrator does not believe the Plan had any material uncertain tax positions as of December 31, 2014 and 2013.

As of December 31, 2014, the Plan is no longer subject to federal income tax examinations by tax authorities for years before 2012.

NOTE 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 – Information Certified by the Plan Custodian

The statement of net assets available for benefits at December 31, 2014 and 2013, the investment activities included on the statement of changes in net assets available for benefits for the year ended December 31, 2014, the accompanying notes to the financial statements and the supplemental schedule were prepared in part or entirely from information certified by the custodian in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The information certified includes: Total participant directed investments, notes receivable from participants, noninterest bearing cash of $20,328,876, $164,600 and $2,363, respectively, as of December 31, 2014; Total participant directed investments, notes receivable from participants, noninterest bearing cash of $18,846,272, $195,180 and $1,343, respectively, as of December 31, 2013; And the related net appreciation in fair value of participant directed investments of $853,112, interest income on the Guaranteed Investment Contracts of $1,910 and interest income on Notes Receivable from Participants of $11,946 for the year ended December 31, 2014.

NOTE 11 – Plan Termination

Although they have not expressed any intent to do so, the Companies have the right to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all amounts credited to their accounts.

NOTE 12 – Subsequent Event

Effective May 1, 2015, a new Plan custodian was appointed and the Plan transferred all assets with John Hancock Life Insurance Company (U.S.A.) to Massachusetts Mutual Life Insurance Company (MassMutual Financial Group). The conversion initiated a "Black Out" period from April 29, 2015 through May 12, 2015. During this period, employees were unable to direct or diversify their investments, obtain loans, and funds could not be withdrawn from the Plan until the custodian had time to accurately complete the conversion, while employee contributions continued to be made through payroll deductions and were deposited in accordance with the investment options made available through MassMutual Financial Group. Participant accounts transferred to MassMutual Financial Group were temporarily invested in the Premier Money Market Fund and then allocated to the appropriate age-based BlackRock Lifepath Index fund option, unless the participant notified MassMutual Financial Group prior to the "Black Out" period to allocate their account to another investment option offered by MassMutual Financial Group.

In connection with the change in custodian, the Plan changed its third party administrator from Hayashi &Wayland Retirement Services to MassMutual Financial Group. Hayashi & Wayland Retirement Plan Services completed their services as of December 31, 2014; however, they continued to process loans and distributions until the change in custodian was effective.

NOTE 12 – Subsequent Event (Continued)

As a result of these changes, certain revisions were made to the Plan's provisions, including eligibility requirements and the implementation of automatic deferral election to encourage increased Plan participation. Under the terms of the automatic deferral election, eligible participants hired on or after the effective date of the new Plan provisions will automatically have salary deferrals into the Plan. The Plan sponsor will withhold 3% of a participant's eligible Plan compensation from each paycheck and deposit such amounts into the Plan as a salary deferral and will be invested in accordance with the Plan's investment policy. An eligible participant that does not want to have salary deferrals must make a salary deferral election indicating a zero deferral rate.
