NOTES TO FINANCIAL STATEMENTS

NOTE A - PLAN DESCRIPTION

The following description of the Louisiana Valve Source, Inc. ("Company" or "Employer") 401(k) Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. During 2014, the trustee of the Plan approved the merger of this Plan into the PON North America, Inc. Defined Contribution Plan ("PON DC Plan") (Note J). As a result, all investments, with the exception of the insurance general account, were transferred from the Plan into the PON DC Plan at December 31, 2014 (Note D).

General
The Plan is a defined contribution plan covering all eligible employees of the Company, as defined by the Plan, who have completed three months of service and are eighteen years of age or older. The Plan is subject to the provisions of ERISA. The Administrative Committee oversees governance of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Participant Contributions
All eligible employees are entitled to make elective deferrals of up to one hundred percent (100%) of his or her compensation, not to exceed the maximum annual contribution limit. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified retirement plans. Additional voluntary contributions are not allowed. The plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in the Guaranteed Portfolio Fund account until changed by the participant. All employer and employee contributions to the participant accounts are directed by the participants into various investment options offered by the Plan.

Employer Contributions
The Employer is not obligated to make matching contributions. However, the Employer can elect to make a discretionary matching contribution in an amount determined annually by the Employer. For 2014, the Employer provided, on a per paycheck basis, a discretionary matching contribution on behalf of each contributing participant equal to 30% of the participant's deferrals. Total employer matching contributions, net of forfeitures for 2014 and 2013 were $122,082 and $114,802, respectively. Contributions are subject to certain IRS limitations.

Vesting
Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Employer's matching contributions plus accrued earnings is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

NOTE A - PLAN DESCRIPTION, continued

Notes receivable from participants and Hardship Distributions
Under the terms of the Plan, participants may not borrow from their accounts. However, certain hardship withdrawals are allowed, as defined by the Plan.

Participant Accounts
Each participant's account is credited with the participant's voluntary contribution and an allocation of (a) the Employer's discretionary matching contribution, if any, and (b) Plan earnings (losses). Participant accounts are charged with an allocation of certain administrative expenses, where applicable. Allocations are based on participants' voluntary contribution, participant earnings, account balances, or specific participant transactions, as defined. With respect to these participant-directed assets, the earnings, losses, and transactional expenses of such assets are allocated to the account of the participant having the authority to direct the investment. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits
Upon termination of service, a participant may elect to receive either an eligible rollover distribution, a single lump-sum payment of the participant's entire vested account balance, or installments equal to the value of the participant's vested account. If the participant's vested balance does not exceed $1,000 and the participant has terminated employment, the Plan provides for a mandatory distribution of the full amount without the participant's consent. However, if the total balance exceeds $5,000, the participant must consent in writing to the benefit payments.

Forfeited Accounts
At December 31, 2014 and 2013 forfeited non-vested accounts totaled $0 and $1,455, respectively. These accounts, if available may be used to offset Plan administrative expenses or used to reduce Employer matching contributions. Forfeitures utilized to reduce employer matching contributions in 2014 and 2013 were $6,766 and $5,069, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting, except for the recording of benefits paid.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments in pooled separate accounts and the insurance general account (Note D) are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note F for discussion of fair value measurements. All pooled separate accounts were transferred to the PON DC Plan before the close of business day on December 31, 2014 (Note J).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in investments includes the Plan's gains and losses on investments bought and sold as well as held at the end of year.

Excess Contributions Payable
Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. At December 31, 2014 and 2013, excess contributions payable recorded in the financial statements amounted to $14,670 and $9,649, respectively. The Plan did not distribute the 2014 excess contributions to the applicable participants prior to March 15, 2015; therefore the Plan will be assessed excise tax of 10% of the outstanding payable.

Payments of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain administrative expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements, as further described in Note H. Participants who elect to enter into certain transactions not covered by the Company are charged directly to the participant's account, and are included in administrative expenses. Other administrative expenses paid by the Plan are allocated to participant accounts, as defined by the Plan. Investment related expenses are included in net appreciation of fair value of investments.

NOTES TO FINANCIAL STATEMENTS

NOTE C - INFORMATION CERTIFIED BY THE CUSTODIAN

Other than the fair value of the insurance general account and the related adjustment, if any, from contract value to fair value for this non-fully benefit-responsive insurance contract, certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2014 and 2013, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2014, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great West Life & Annuity Insurance Co. ("Great West") (the custodian of the Plan). The contract value of the insurance general account was also certified by the custodian.

NOTE D - INVESTMENT OPTIONS

The trustee of the Plan entered into a contract with Great West. All funds sent to Great West were invested, at the direction of each participant with respect to their account balances, into various mutual funds held in pooled separate accounts provided by Great West or a non-benefit responsive investment contract held in the insurance general account.

The Plan entered into a non-benefit responsive investment contract with Great West. Great West maintains the contributions in a general account. The contributions and transfers allocated to the account are credited with earnings on the underlying investments and charged for participant withdrawals and certain administrative expenses. The contract is included in the financial statements at fair value based on a discounted cash flow valuation methodology as reported to the Plan by Great West. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at the participant's account value. The guaranteed investment contract issuer is contractually obligated to repay a specified interest rate guaranteed to the Plan. Such interest rates are reset quarterly.

The insurance general account has a 12-month put which imposes a twelve month waiting period to protect remaining investors of the fund and allow Plan participants to continue to transact at fair value/contract value. Consequently, the insurance general account will be liquidated and funds transferred to the PON DC Plan in 2015 (Note L).

NOTES TO FINANCIAL STATEMENTS

NOTE E - INVESTMENTS

Investments that represent 5% or more of the Plan's net assets are separately identified as follows:

	December 31, 2014	December 31, 2013
Pooled Accounts		
Great West Aggressive Profile II Fund I	$ -	$ 269,009

Other pooled accounts	-	1,270,929
Insurance General Account	119,855	269,431
Total Investments	$ 119,855	$ 3,039,366

During 2014, the Plan's investments in the pooled accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $141,356.

NOTE F - FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs to the valuation methodology are based on unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access. Level 2 inputs are based primarily on quoted prices for similar assets in active or inactive markets and/or based on inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 inputs are unobservable and are based on assumptions market participants would utilize in pricing the asset.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. When available, valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2014 and 2013. There were no changes in the methodologies used at December 31, 2014 and 2013.

NOTE F - FAIR VALUE MEASUREMENTS, continued

Level 2 - the fair value of the pooled separate accounts is based on the daily unit value of the underlying mutual funds times the number of units held by the Plan. Daily unit values are calculated based on the net asset value (NAV) of the underlying mutual funds. The fair value of the insurance general account is valued by discounting the related cash flows based on current yields of similar instruments that can be corroborated with market observable data. The contract value for the insurance general account equals the fair value at December 31, 2014 and 2013.

Mutual funds included in the pooled separate accounts are open-end mutual funds that are registered with the Securities and Exchange Commission which are required to publish their daily NAV.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair values as of December 31, 2014 and 2013:

December 31, 2014

Asset Category	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ -	$ -	$ -
Insurance general account	-	119,855	-	119,855
Totals	$ -	$ 119,855	$ -	$ 119,855

December 31, 2013

Asset Category	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 2,769,935	$ -	$ 2,769,935
Insurance general account	-	269,431	-	269,431
Totals	$ -	$ 3,039,366	$ -	$ 3,039,366

NOTES TO FINANCIAL STATEMENTS

NOTE G - TAX STATUS

The Plan has not received a separate determination letter from the Internal Revenue Service stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code. However, the Company adopted a prototype standardized plan which received a favorable opinion letter from the Internal Revenue Service which stated that the Plan and related trust were designed in accordance with applicable sections of the Internal Revenue Code. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the administrator believes that the Plan is qualified and therefore, the related trust is exempt from taxation as of December 31, 2014.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE H - RELATED PARTY TRANSACTIONS

The Plan does not consider Employer contributions to the Plan to be a party-in-interest transaction. The Employer provides certain accounting and administration services to the Plan for which no fees are charged. Also, the Employer directly pays certain administrative expenses of the Plan.

Certain plan investments are shares of pooled funds managed by Great West. Great West is the custodian and record keeper for the Plan, and, therefore, these transactions qualify as party-in-interest transactions. There were no participant transaction fees or administrative fees paid directly to Great West for 2014.

Advised Asset Group, LLC ("Advised") provides investment advisory services to the Plan, and therefore, these transactions qualify as party-in-interest transactions. Participant fees paid directly to Advised for 2014 amounted to $6,513.

Fees incurred indirectly by the Plan for management services to Great West and investment advisory services to Advised are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than direct payment.

NOTES TO FINANCIAL STATEMENTS

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J - PLAN MERGER

During 2014, the Company was sold to PON Holdings B.V. At that time, the trustee of the Plan approved the merger of this plan into the PON DC Plan. Before the close of business day on December 31, 2014, all investments, with the exception of the insurance general account, were transferred from the Plan into the PON DC Plan (Note L).

NOTE K - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

NOTES TO FINANCIAL STATEMENTS

NOTE L - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 15, 2015, which is the date the financial statements were available to be issued.

As indicated in Note A, in 2014 the trustee approved the merger of the Plan assets into PON DC Plan. However, due to a 12-month put or waiting period imposed on the insurance general account, this account will be transferred in 2015. Upon the completion of the transfer of the insurance general account funds, the Plan will be terminated.
