Independent Auditor's Report

To the Plan Administrator of the
Santa Catalina Island Savings Plan
Avalon, California

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Santa Catalina Island Savings Plan (the "Plan"), which comprise the statements of net assets available for plan benefits as of December 31, 2014 and 2013, the related statement of changes in net assets available for plan benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Massachusetts Mutual Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental schedule of assets (held at end of year) as of December 31, 2014, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Plan Description

The following description of the Santa Catalina Island Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document, as amended, for more complete information.

General

Santa Catalina Island Resort Services Inc. (formerly known as the Santa Catalina Island Company Inc.) (the "Company" or "Sponsor") established the Plan, a defined contribution plan, effective January 1, 1985, to provide savings benefits for all eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Plan Amendment

Effective August 1, 2014, the Plan Sponsor amended the Plan to allow coverage for employees covered by a Collective Bargaining Agreement ("CBA") by removing the eligibility exclusion of Collectively Bargained Employees for Salary Deferral contributions.

Plan Administration

The Plan is administered by the Company. The plan administrator has been given all powers necessary to carry out its duties, including, but not limited to, the power to administer and interpret the Plan, to answer all questions affecting eligibility of participants in the Plan and to authorize disbursements for the payment of the Plan's benefits. The Plan's trustee is Reliance Trust Company and the Plan's custodian is Massachusetts Mutual Life Insurance Company (the "Custodian").

Eligibility

Employees who are at least twenty-one years old and have completed at least 1,000 hours of service defined as employment with the Company in a 12-month period are eligible to participate in the Plan following the completion of one calendar year of service. An employee is in the eligible class if he/she is currently providing service; is not a non-resident alien with no U.S. earned income sources; or a leased employee. An eligible employee who has satisfied the eligibility requirements can enter the Plan the first day of the Plan year month (effective January 1, 2013) coinciding with or next following the date on which such requirements are satisfied.

The Plan offers an auto enrollment feature with a look back feature to all participants. For employees that do not affirmatively opt out or otherwise elect a specified deferral rate, 3% of their compensation is deferred when they have met the eligibility requirements of the Plan. The Plan allows for permissible distributions to automatically enrolled participants within 90 days from the first payroll deduction.

Contributions

Eligible participants can contribute up to 50 percent of compensation, up to the Internal Revenue Service (the "IRS") maximum amount ($17,500 for Plan year 2014). In addition, participants that are age 50 years or older may contribute catch-up contributions up to the IRS maximum ($5,500

for Plan year 2014). Participants may also contribute amounts representing distributions (rollovers) from other qualified defined benefit or defined contribution plans. For the year ended December 31, 2014, the Company is required to make contributions equal to 100 percent of each participant's contribution, not to exceed six percent of each participant's total compensation.

Participant Accounts

Each participant's account is credited with participant's contributions and rollovers, the Company's contributions, allocations of Plan net earnings, and charged with certain administrative expenses (investment transaction fees) as defined in the Plan document. Allocations are based on participant earnings and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in the amount of their contributions and employer matching safe harbor contributions and earnings thereon.

The portion of a participant's account pertaining to employer contributions prior to safe harbor status (prior to January 1, 2011) and related earnings vest according to the following schedule:

Years of Service	*Vesting Percentage*
Less than 1	0%
1 year	25%
2 years	50%
3 years	75%
4 years	100%

Those reaching normal retirement date at age 65 become 100% vested on that date in their accrued benefits regardless of the vesting schedule which would otherwise apply. Any participant who terminates employment prior to the completion of the minimum number of applicable years forfeits the unvested accrued benefit under the Plan.

Break in Service

A break in service occurs if an employee has five hundred hours or less of service during any year of service.

Investment Options

Upon enrollment in the Plan, a participant may direct Company and his/her contributions in one percent increments in any of the investment options. Participants should refer to their enrollment package for a complete summary of the investment options. Participants may change their investment allocations in the Plan's investment options at any time throughout the year.

Notes Receivable from Participants

Participants may borrow a portion of their 401(k) balance subject to IRC regulations. Notes receivable from participants are secured by the balance in the participant's account. Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of

$50,000 or 50% of their vested account balance reduced by the highest outstanding loan balance during the previous 12 months. Loans, for purposes other than to acquire a principal residence, are not to exceed a term of five years. Loans to acquire a principal residence are not to exceed a term of 20 years. The loans bear interest at the prime rate, as published in the Wall Street Journal, plus 2% on the date of origination. Principal and interest are paid ratably through biweekly payroll deductions. Participants are limited to only one loan outstanding at any one time. At December 31, 2014, outstanding loans bear interest at 5.25% and mature on various dates through 2019.

Termination of the Plan

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions or amend the Plan at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts.

Payment of Benefits

Upon termination of employment, attainment of early retirement age at 55 years (with the consent of the Company), normal retirement at age 65 years, financial hardship, permanent disability, or death, 100% of the vested interest of the participant's account is distributable to the participant or the participant's beneficiary in a lump sum payment or, at the election of the participant, in annual installments over a specified period of time.

Upon termination of service, participants with account balances not in excess of $1,000 will receive an automatic lump-sum payout. For participants with account balances in excess of $1,000, but not in excess of $5,000, participants may elect to (1) receive a lump-sum payout, or (2) rollover the account to another qualified plan or an Individual Retirement Account ("IRA"). If the participant does not make an election, the amount will be rolled over into an IRA selected by the Plan Sponsor on behalf of the participant. For participants with account balances in excess of $5,000, no distribution will occur until a withdrawal request form is completed. A participant may elect to leave his or her account balance in the Plan, receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or rollover the account to another qualified plan or an IRA.

Administrative Expenses

Certain administrative expenses (investment transaction and processing fees) are paid from the assets of the Plan. However, the Company has paid certain administrative costs of the Plan for the year ended December 31, 2014. The Company is not obligated to pay Plan expenses. There is no guarantee the Company will continue to pay the Plan's administrative expenses and thus such costs would be payable from the assets of the Plan, as provided for in the Plan document.

Effective September 1, 2013, the Plan Sponsor amended the Plan to add an annual asset charge at an effective annual rate of 0.15% is applied to all assets of the Plan, provided that no charge will be applied to assets, if any, invested in a Self-Directed Brokerage Account, a Company Stock Account or a third-party component of a blended stable value investment option. These charges are to be paid by the Participant and are determined and deducted on a monthly basis.

Related Party Transactions

Pursuant to the terms of the Plan, the Sponsor entered into a service agreement with the Custodian. Among other duties, the Custodian is to receive contributions and disburse funds from the Plan as directed by the plan administrator. Certain of the Plan's investments as of December 31, 2014 and 2013, and for the year ended December 31, 2014, were managed by the Custodian. There were certain transaction fees paid by the Plan participants to the Custodian for the year ended December 31, 2014. Therefore, these transactions qualify as party-in-interest transactions as defined by ERISA. Additionally, notes receivable from participants also qualify as exempt party-in-interest transactions.

Forfeitures

As of December 31, 2014 and 2013, forfeitures outstanding were $7,272 and $1,093, respectively. These accounts will be used first, to reduce future Company payments for Plan expenses and second, to reduce employer matching contributions and are held in a holding account of the Guaranteed Fund. During the Plan year ended December 31, 2014, $17 in forfeitures were used to pay Plan expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Plan Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Plan Benefits is prepared on a contract value basis.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is accrued when earned.

Net Appreciation (Depreciation) in Fair Value of Investments

Net appreciation (depreciation) in fair value of investments is based on the difference between the fair value of the investments at the beginning of the year, or at the time of purchase for investments purchased during the year, and the related fair values on the day investments are sold with respect to realized appreciation (depreciation), and on the last day of the year with respect to unrealized appreciation (depreciation). Net realized and unrealized appreciation (depreciation) is recorded in the accompanying Statement of Changes in Net Assets Available for Plan Benefits as net appreciation in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Management determines the collectability of notes receivable from participants on a periodic basis. This determination is made based on the terms of the Plan document and the related Plan policies and procedures. If notes receivable from participants are deemed to be uncollectible, they are written off and included as benefits paid to participants in the financial statements and deemed distributions in the Form 5500 for financial reporting purposes in the year the determination is made.

Risks and Uncertainties

The Plan provides for investments in various instruments that, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Plan Benefits and the Statement of Changes in Net Assets Available for Plan Benefits. The Pension Benefit Guarantee Corporation does not insure participant's account balances.

The Plan invests in various instruments that invest in securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than securities of comparable U.S. companies.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could materially differ from those estimates.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement: Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its equivalent)*. The ASU removes the requirement to categorize certain investments within the fair value hierarchy and also removed the requirement to make certain disclosures. For the Plan, this ASU is effective for fiscal years beginning after December 15, 2016. The Plan Sponsor is evaluating the impact of the adoption of this ASU on the Plan's financial statements.

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, III. Measurement Date Practical Expedient* ("ASU No. 2015-12"). ASU No. 2015-12 covers three distinct items. Item I removes the requirement to disclose fully benefit-responsive investment contracts at their fair value with reconciliation to their contract value. A fully benefit-responsive investment contract's relevant measure is the contract amount as that is the amount a participant would receive upon disbursement. Item II eliminates the current requirement to disclose (1) individual investments that represent 5% or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for investments that are participant-directed or non-participant directed investments. Plans are still required to disclose the net appreciation or depreciation in investments for the period, but are no longer required to present the information disaggregated by general type. Item III amends each of the above topics to allow a practical expedient for measurement of plan assents on a month-end date that is nearest to the Plan's fiscal year-end. ASU No. 2015-12 is effective for fiscal years, and interim periods within those years, beginning after December 15, 2015. Retrospective application is required for items I and II, however, only prospective application is allowed for item III. Early application of ASU No. 2015-12 is permitted. The Plan's Sponsor will early adopt ASU No. 2015-12 beginning with the Plan's fiscal year-end 2015. The Plan's Sponsor does not believe this standard will have a material impact on the Plan's financial statements.

Subsequent Events

Management has evaluated subsequent events through October 9, 2015, the date the financial statements were available to be issued and has determined that there were no material events requiring recognition or disclosure.

3. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2014 and 2013. Following is a description of the valuation methodologies used for investments measured at fair value.

Pooled Separate Accounts: Valued at the net asset value of the underlying investments.

Guaranteed Fund: Valued at the liquidation value based on actuarial formula as defined under the terms of the contract considering factors such as: (i) the observable interest rate being earned by investments underlying the contract (ii) the unobservable "assumed interest rate" obtainable by MassMutual on new investments where a proxy is the Barclays Capital U.S. Aggregate Index (excluding Treasuries) with an adjustment made to duration; and (iii) the unobservable comparison between investments supporting the contract and current market rates here historic investments are either at a premium or discount to current market rates, i.e. the "experience rate."

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The categorization of investments is classified on the basis of the nature and risk of the respective investment.

(1) These funds invest in a combination of securities with an asset allocation strategy designed for investors planning on a certain retirement date.

(2) These funds invest in bonds.

(3) These funds invest in the securities of corporations operating in foreign markets.

(4) These domestic funds generally invest in companies that are over $5 billion in market capitalization.

(5) These domestic funds generally invest in companies that are over $5 billion in market capitalization and whose earnings are expected to grow at a faster rate than an average company.

(6) These domestic funds generally invest in companies that are between $250 million and $5 billion in market capitalization and whose earnings are expected to grow at a faster rate than an average company.
(7) These domestic funds generally invest in companies that are less than $250 million in market capitalization.
(8) These investments seek to provide a guaranteed fixed rate of return.

The following table sets forth a summary of changes in the fair value of the plan's level 3 investments for the year ended December 31, 2014:

For the year ended December 31,	2014
Guaranteed Fund:	
Balance, beginning of year	$ 5,379,493
Change in unrealized appreciation in fair value adjustment	124,688
Net cashflow activity at contract value	20,168
Balance, end of year	$ 5,524,349

Unrealized gains from the guaranteed fund are not included in the statement of changes in net assets available for plan benefits as the contract is recorded at contract value for the purposes of the net assets available for plan benefits.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's level 3 financial instruments as of December 31, 2014 and 2013, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the values for those inputs.

Type	Year	Fair Value	Principal Valuation Technique	Significant Unobservable Inputs*	Contract Specific Rates**
Guaranteed Fund	2014	$5,524,349	Market Value Formula	Assumed Interest Rate	0.69 - 2.78%
				Experience Rate	1.26 - 4.38%
Guaranteed Fund	2013	$5,379,493	Market Value Formula	Assumed Interest Rate	0.69 - 4.13%
				Experience Rate	1.15 - 6.76%

**The assumed interest rate obtainable by MassMutual on new investments where a proxy is the Barclays Capital U.S. Aggregate Index (excluding Treasuries) with an adjustment made to duration and the experience rate for the Contract, which is the weighted average of the investment year interest rates for pension account funds. The weighting reflects the distribution of Contract funds to the various investment years.*

***Duration adjusted Barclay's index for Assumed Interest Rate for past 5 years. The value the plan would receive upon liquidation of the GIC is determined based on the liquidation value formula included in the contract.*

A description of the sensitivity of the estimated fair value to changes in significant unobservable inputs for assets measured at fair value on a recurring basis within Level 3 of the fair value hierarchy is as follows:

GICs - Significant increases (decreases) in the assumed interest rate will result in (decreases) increases to valuations and significant increases (decreases) in the experience rate will result in increases (decreases) to valuations.

4. Investments

Investments held by the Plan are summarized in the following schedule. Investments that represent 5% or more of the Plan's net assets at December 31, 2014 and 2013 (including comparative amounts as necessary) are separately identified. All remaining investments are included in other or identified as less than 5% of Plan net assets.

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Year ended December 31,	2014
Pooled Separate Accounts	$ 544,760
Net appreciation in fair value of investments	$ 544,760

5. Information on Certified by Custodian

The Custodian of the Plan as of December 31, 2014 and 2013 and for the year ended December 31, 2014, certified certain information as complete and accurate, which was not audited, in accordance with the plan administrator's instructions and as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Information certified by the Custodian consists of the following:

- Investments, notes receivable from participants, and adjustment from fair value to contract value for fully benefit-responsive investment contracts as reflected in the Statements of Net Assets Available for Plan Benefits as of December 31, 2014 and 2013;

- Net investment income and interest income on notes receivable from participants, as reflected in the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2014, as follows:

For the year ended December 31,		2014
Interest and dividend income	$	140,279
Interest income on notes receivable from participants	$	5,404
Net appreciation in fair value of investments	$	544,760

- Investment income and values disclosed in Notes 3 and 4;

- Form 5500 - Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2014; and

The plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. Tax Status

The Plan is based on the Prototype Standardized Profit Sharing Plan with CODA, which received an opinion letter dated May 8, 2009 stating that the Plan was designed in accordance with the applicable regulations of the Code. At that time, the Plan was deemed to be designed to satisfy the qualification requirements of the IRC. The Plan has been amended since that date, however, the Company believes that the Plan is currently designed and being operated in compliance with the qualification requirements of the IRC. Therefore, no provision for federal or state income taxes has been included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to the Plan year ended December 31, 2011.

7. Guaranteed Investment Contract

Contributions made to the Guaranteed Fund are invested in the Custodian's general investment account. The principal is guaranteed as long as the contract is in force and it provides for a fixed rate of return. All contributions, distributions for Plan benefits, and participant directed transfers from the Guaranteed Fund are made at contract value. The contract is fully benefit responsive and is presented on the face of the Statement of Net Assets Available for Plan Benefits at fair value with an adjustment to contract value in arriving at net assets available for Plan benefits as of December 31, 2014 and 2013. Fair value of the contract as of December 31, 2014 and 2013, was $5,524,349 and $5,379,493, respectively, or 114.37% and 111.84% of contract value, respectively. The contract matured December 31, 2014, and is renewed on an annual basis. Plan management is not aware of any event that has occurred which would affect the value of the contract.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan's Sponsor's business; (5) removal from the Plan of one or more groups or classifications of participants; (6) partial or complete Plan termination; or (7) Plan disqualification. Plan management does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The contract is cancelable by the Plan upon written notice to the Custodian.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fixed interest rate was 2.57% and 2.60% for 2014 and 2013, respectively. Such interest rate is reviewed on a semi-annual basis for resetting.
