Profit Sharing/401(k) Plan

Notes to Financial Statements

Note 1 – Description of the Plan

The following description of the J.W. Harris Co., Inc. Profit Sharing/401(k) Plan (“the Plan”) is provided for general information purposes only. Participants should refer to the Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan consisting of both profit sharing and 401(k) components. The Plan covers substantially all employees of the Mason division of J.W. Harris Co., Inc. and certain employees of related entities (“the Company”), who are at least 18 years of age and have completed six months of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Contributions made to the Plan are comprised of employee and employer contributions. Employee contributions are limited to 90% of annual compensation as defined by the Plan and a maximum of \$17,500 in 2014 and 2013 as established by the Internal Revenue Service (“IRS”). Catch up contributions up to \$5,500 for 2014 and 2013 may also be made by employees who are at least 50 years of age. Employees may also contribute amounts representing rollovers from other qualified plans. Employees direct their contributions into various mutual fund investment options offered by the Plan.

The Company may make two types of contributions to the Plan. The first is a discretionary matching contribution in which the Company contributes 50% of the first 3% of compensation contributed by the participant. The discretionary Company matching contribution is invested in the same manner as employee contributions. The second is a discretionary profit sharing contribution made by the Company equal to 3% of eligible compensation in accordance with the Plan provisions. These contributions are also invested in the same manner as employee contributions. The profit sharing contribution made to eligible participants for the years ended December 31, 2014 and 2013 was \$448,223 and \$417,659, respectively.

The Plan is subject to certain non-discrimination standards under Section 401(k) of the Internal Revenue Code (“IRC”). In order to comply with these standards, tests are performed to provide a limit on the amount of benefits provided to highly compensated employees. As a result, certain participants who are determined to be highly compensated employees may have a portion of their contributions refunded to them after the end of the Plan year.

Notes to Financial Statements (continued)

Participant Notes Receivable

Active participants may borrow from their accounts a maximum of the lesser of: (1) \$50,000 (less the highest outstanding notes receivable balance during the 12-month period preceding the date of the loan), or (2) 50% of their vested account balance. The notes receivable term may not exceed five years unless the note is for the purchase of a principal residence, in which case the term may be longer. Interest and principal are paid ratably through payroll deductions. Interest is based on the prime interest rate on the date of the loan plus 1%. The participant notes receivable are secured by the participant's vested account balance.

Administrative Expenses

Trust and administration fees were paid by the Company in 2014. All other costs and expenses incurred in connection with administration of the Plan were paid by the Plan in 2014.

Vesting

Participants are immediately and fully vested in their contributions plus actual earnings thereon. Employer contributions plus the actual earnings on the employer contributions become vested after a participant has attained three years of service.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, (b) plan earnings, (c) forfeited amounts of terminated participants' nonvested account balances, if any, and (d) charged with an allocation of administrative expenses. Allocations are based on participant compensation, account balances, or fixed amounts as defined by the Plan document.

Payment of Benefits

Participants may receive the value of their account in a single lump sum payment or in installment payments over a period of not more than the participant's or beneficiary's assumed life expectancy following separation from the Company, whether by retirement, disability or otherwise, except that if the full value of a participant's account is \$1,000 or less, or if the participant dies and his/her account is payable to his/her beneficiary, such account balance will be paid in a single lump sum payment. Participants who leave the Company may withdraw their money at any time. Withdrawal must begin no later than April 1st of the calendar year following the calendar year in which age 70½ is attained.

Notes to Financial Statements (continued)

Plan Termination

The Company has the right to amend, modify, suspend or terminate the Plan subject to the provisions of ERISA at any time. Upon termination of the Plan, the rights to benefits accrued by participants or their beneficiaries, to the extent that such benefits are funded or credited to participants' accounts, shall be nonforfeitable. No amendment, modification, suspension or termination of the Plan shall have the effect of providing that any amounts then held under the Plan may be used or diverted to any purpose other than for the exclusive benefit of the participants or their beneficiaries.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared under the accrual basis of accounting in accordance with U.S. generally accepted accounting principles ("GAAP").

Investment Valuation and Income Recognition

The Plan's investments in registered investment companies ("Mutual funds") are stated at fair value which equals the quoted market price on the last business day of the plan year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held throughout the year.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded when it is earned. If a participant ceases to make notes receivable repayments and the note is deemed to be a distribution, the participant notes receivable balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

New Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standard Update ("ASU") No. 2015-12, "*Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures; and III. Measurement Date Practical Expedient.*" These amendments are a consensus of the FASB Emerging Issues Task Force. Part II of the ASU is applicable to the Plan. Part II will modify the investments disclosures under ASC 820 and 962. The ASU is effective for fiscal years beginning after December 15, 2015 and is required to be applied retrospectively for all comparative periods presented. Early application is permitted. Management is currently evaluating the impact of the adoption of ASU 2015-12 on the Plan's financial statements.

In May 2015, the FASB issued ASU No. 2015-07, "Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its equivalent)." ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient and removes the requirement to make certain disclosures for these investments. The amendment should be applied retrospectively and is effective for financial statements issued for fiscal years beginning after December 15, 2016, and interim periods within those fiscal years. Early adoption is permitted. Management is currently evaluating the impact of the adoption of ASU 2015-07 on the Plan's financial statement disclosures.

Note 3 – Investments

All 2014 and 2013 investment information disclosed in the accompanying financial statements and schedule, including investments held and notes receivable from participants at December 31, 2014 and 2013, and the net appreciation (depreciation) in fair value of investments, interest, dividends, investment expenses and interest income on notes receivable from participants for the year ended December 31, 2014, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company (“the Trustee”).

Investments that represent 5% or more of the fair value of the Plan’s net assets available for benefits at December 31, 2014 and 2013 are as follows:

	2014	2013
American Funds Target Date Retirement 2025 Fund Class R-4	\$ 1,238,960	*
Wintergreen Fund Institutional Class	1,082,047	*

J.W. Harris Co., Inc.
Profit Sharing/401(k) Plan

Notes to Financial Statements (continued)

Note 4 – Income Tax Status

The underlying volume submitter plan received an advisory letter from the IRS dated March 31, 2014, stating that the form of the Plan is qualified under section 401(a) of the Internal Revenue Code (“IRC”), and, therefore, the related trust is exempt from taxation. In accordance with Revenue Procedure 2013-6 and 2011-49, the Plan administrator has determined that it is eligible to and has chosen to rely on the current IRS volume submitter advisory letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

Note 5 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 6 – Transactions with Parties-in-Interest

Party-in-interest transactions include the investment in the proprietary funds of the Trustee and the payment of administrative expenses by the Company. Such transactions are exempt from being prohibited transactions.

Note 7 – Difference Between Financial Statements and Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31,	
	2014	2013
Net assets available for benefits per financial statements	\$ 16,137,656	\$ 17,745,859
Less: Deemed distribution of loans with no post-default payments	(4,879)	(4,677)
Net assets available for benefits per Form 5500	<u>\$ 16,132,777</u>	<u>\$ 17,741,182</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500:

	Year Ended December 31, 2014
Net decrease per the financial statements	(1,608,203)
Less: Change in deemed distribution of loans with no post-default payments	(202)
Net decrease per Form 5500	<u>\$ (1,608,405)</u>

The deemed distributions of participant loans with no post-default payments are loans that are in default by participants of the Plan. While the U.S. Department of Labor does not recognize these loans as assets for regulatory reporting, they are included as assets (i.e., loans) in the financial statements of the Plan.

J.W. Harris Co., Inc.
Profit Sharing/401(k) Plan

Notes to Financial Statements (continued)

Note 8 – Fair Value

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation methods used may produce a fair value calculation that may not be indicative of net realized value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 9 – Subsequent Events

Effective July 1, 2015, changes were made to the investment options offered under the Plan. Many of the current investment options will be replaced with an international fund and a blended fund. A new large cap fund will be added to the investment lineup and an international fund will also be unfrozen and thus open to new investments.

Subsequent events were evaluated through the issuance date of the Plan's financial statements, October 2, 2015.
